42.1106 Reporting requirements.

- (a) When information on contract performance status is needed, contracting officers may require contractors to submit production progress reports (see $\underline{42.1107}$ (a)). Reporting requirements shall be limited to that information essential to Government needs and shall take maximum advantage of data output generated by contractor management systems.
- (b) *Contract administration offices shall* review and verify the accuracy of contractor reports and advise the *contracting officer* of any required action. The accuracy of contractor-prepared reports *shall* be verified either by a program of continuous surveillance of the contractor's report-preparation system or by individual review of each report.
- (c) The *contract administration office may* at any time initiate a report to advise the *contracting officer* (and the inventory manager, if one is designated in the contract) of any potential or actual delay in performance. This advice *shall-*
- (1) Be in writing;
- (2) Be provided in sufficient time for the contracting officer to take necessary action; and
- (3) Provide a definite recommendation, if action is appropriate.
