

53.105 Computer generation.

(a) The forms prescribed by this part may be computer generated without exception approval (see [53.103](#)), provided-

(1) There is no change to the name, content, or sequence of the data elements, and the form carries the Standard or Optional Form number and edition date (see [53.111](#)); or

(2) The form is in an electronic format covered by the American National Standards Institute (ANSI) X12 Standards published by the Accredited Standards Committee X12 on Electronic Data Interchange or a format that can be translated into one of those standards.

(b) The standards listed in paragraph (a)(2) of this section may also be used for submission of data set forth in other parts for which specific forms have not been prescribed.
