

GSA ORDER

Subject: General Services Administration Acquisition Manual; GSAM
Case 2023-G510, Contracting Executive

1. Purpose. This order transmits a revision to the General Services Administration Acquisition Manual (GSAM) to update approval thresholds and identify the new Contracting Executive role.
2. Background. The approval thresholds within scope of this GSAM case were last updated in 2009 and therefore needed to be adjusted for inflation. In addition, the Federal Acquisition Service has centralized several operational contracting activities which would drastically increase the number of actions requiring approval by certain heads of contracting activities. Therefore, approval thresholds for various acquisition documents were updated to account for these changes while ensuring adequate oversight can still be maintained for high risk acquisitions.

In addition, this GSAM case establishes the role of a Contracting Executive - an individual, above the GS-15 level, that may be designated by the HCA to carry out various contracting functions. If the HCA determines that they can benefit from a Contracting Executive, the HCA may designate an individual in the role. Such appointments must be made in writing by the HCA and a copy must be sent to the SPE. Contracting Executives will not exist in every contracting activity.

This GSAM change does not make any changes to the GSA Order ADM 5000.4B Office of General Counsel for Legal Review.

3. Effective date. October 6, 2023
4. Explanation of changes. This amendment includes non-regulatory changes. For full text changes of the amendment see Attachment A, GSAM Text Line-In/Line-Out.

This amendment revises the language in the following GSAM subparts as summarized below:

501.4 Deviations from the FAR and GSAR

- Revised 501.403(a)
 - Provided guidance to allow HCAs to designate approval authority for individual deviations to the FAR to a level no lower than the Contracting Executive

- Removed the second sentence in section (a) to allow the authority to be designated.
- Revised 501.403(b):
 - Replaced “Contracting Director” with “Contracting Executive”.
 - Updated guidance to allow HCAs to designate approval authority for individual deviations to the GSAM to a level no lower than the Contracting Executive.

501.6 Career Development, Contracting Authority, and Responsibilities

- Revised 501.601(b)(1):
 - Added Contracting Executive as another contracting official to support the HCA.
 - Added the term “Contracting Activity” before “Advocate for Competition” in order to provide consistency in how the word is used throughout the GSAM.
- Revised 501.601(b)(2):
 - Added new paragraph (ii)(C) for reviewing and approving “interagency acquisitions” as a HCA responsibility.
 - Re-alphabetized section (v) re-delegations by removing (A) and the existing number sequence.
- Added 501.601(b)(3) to describe the role and appointment of the Contracting Executive.
- Revised 501.601(b)(4):
 - Updated paragraph (i) to add “Contracting Executive” as an additional official that the Contracting Director may coordinate with on contracting matters.
 - Updated paragraph (ii) to add guidance that Contracting Directors may be appointed or rescinded by the HCA.
- Revised 501.601(b)(5) to add guidance that Contracting Activity Advocate for Competition may be appointed or rescinded by the HCA.
- Revised 501.601(b)(6):
 - Updated paragraph (i) to add “Contracting Executive” as an additional official that the Acquisition Career Navigator may support by managing the workforce career management responsibilities.
 - Updated paragraph (ii) to add guidance that Acquisition Career Navigator may be appointed or rescinded by the HCA.

501.7 Determinations and Findings

- Added 501.707 to provide guidance on approvals for Determinations and Findings (D&Fs). Any justifications approved by the SPE shall be first routed as required by the Service.

502.1 Definitions

- Revised the definition of Contracting Director by removing the words “or contract administration” and replacing “defined” with “described”.
- Added the definition for “Contracting Executive” and how the role is designated by the HCA.
- Added the definition for “Head of the agency” to replace language that used to be in GSAM 501.707 prior to Change 161.

506.3 Other than Full and Open Competition

- Removed 506.303 Justifications and 506.303-1 Requirements from Subpart 506.3.
- Added 506.304 “Approval of the justification” to better align the section title at FAR 6.304.
- Revised paragraph (a) to replace “Senior Procurement Executive” with the acronym “SPE”.
- Revised paragraph (b) to replace “Senior Procurement Executive” with the acronym “SPE”.
- Revised paragraph (c) to include the SPE email address and replaced “Senior Procurement Executive” with the acronym “SPE”.
- Added paragraph (d):
 - Provided guidance on the approval and routing process for justifications for other than full and open competition.
 - Clarified that the Contracting Activity Advocate for Competition must approve all justifications for other than full and open competition over \$750K. This is in addition to other approval requirements (e.g. approval by the contracting executive or HCA)
 - Clarifies that FAS and PBS may have additional routing/approval requirements for justifications approved by the SPE.
- Added paragraph (e):
 - Provided the updated dollar value thresholds and the level of approving official for justifications for other than full and open competition.
 - Emphasized that the thresholds are minimum approval requirements and that HCAs may further limit approval authority or lower thresholds. This recognizes the difference between GSA’s many contracting activities and that the dollar value of the acquisition is not the sole determinant of risk.

507.1 Acquisition Plans

- Updated 501.703 “Agency-head responsibilities”.
- Revised paragraph (b)(1):
 - Provided guidance to allow HCA’s to further limit approval authority for approving officials.

- Updated the chart to provide new dollar value thresholds and the level of approving officials to account for time and inflation.
- Revised the Contracting Officer Approval threshold for Acquisition Plans to \$5M to align with the legal review thresholds in GSA Order ADM 5000.4B. This figure represents minimum requirements and HCA's may further limit approval authority for the various approving officials.
- Removed paragraph (i) and (ii) and incorporated the guidance in paragraph (b)(1).
- Revised paragraph (b)(2):
 - Provided guidance that contracting activities shall provide notification to the Service-Level Acquisition Policy Office and to the SPE during the market research phase for acquisitions anticipated to be valued over \$500 million.
- Added paragraph (b)(3):
 - Replaced the existing paragraph (2) with (3) and re-numbered the remaining sections.
 - Revised the guidance to clarify that if an acquisition meets certain criteria identified in paragraph (i), (ii) or (iii), and (iv), the planner must obtain HCA approval of the acquisition plan.
 - Provided guidance that this HCA authority cannot be re-delegated lower than the Contracting Director.
 - Revised paragraph (3)(ii) to replace "GSA" with "the contracting activity" in order to provide clarification on an acquisition that the service level has little or no experience.
 - Incorporated guidance on "consolidation or bundling over \$2 million" into section (v).
 - Removed paragraphs (A) and (B) and re-numbered the remaining section.

508.4 Federal Supply Schedules

- Added 508.405(a) for approval requirements for single award BPA D&Fs.
- Re-alphabetized the paragraphs to add (b) before the INFORM procedures.
