FAC 2001-24 SUMMARY of ITEMS

Federal Acquisition Circular (FAC) 2001-24 amends the Federal Acquisition Regulation (FAR) as specified below:

Item I—Incentives for Use of Performance-Based Contracting for Services (Interim) (FAR Case 2004-004)

This interim rule amends the FAR to implement Sections 1431 and 1433 of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108-136). Section 1431 enacts Governmentwide authority to treat performance-based contracts or task orders for services as commercial items if certain conditions are met, and requires agencies to report on performance-based contracts or task orders awarded using this authority. Section 1433 amends the definition of commercial item to add specific performance-based terminology and to conform to the language added by section 1431. Contracting officers will be able to use FAR Part 12, Acquisition of Commercial Items, and Subpart 37.6, Performance-Based Contracting, for non-commercial services and treat these services as commercial services when specific conditions are met. Agencies will be required to report on performance-based contracts or task orders awarded using this authority.

Replacement pages: 2.1-3 and 2.1-4; 4.6-1 and 4.6-2; 12.1-1 and 12.1-2; 37.6-1 and 37.6-2; 52.2-1 and 52.2-2.

Item II—Definitions Clause (FAR Case 2002-013)

This final rule revises FAR 2.201 and the clause at 52.202-1 to clarify the applicability of FAR definitions to solicitation provisions and contract clauses. The list of definitions in 52.202-1 is removed and replaced with policy stating that when a solicitation provision or contract clause uses a word or term that is defined in the FAR, the word or term has the meaning given in FAR 2.101 at the time the solicitation was issued. Certain exceptions to this policy are listed in FAR 52.202-1.

Replacement pages: 2.2-1 and 2.2-2; 52.2-1 and 52.2-2; 52.2-37 and 52.2-38; 52.2-259 and 52.2-260; Matrix 1 and Matrix 2.

Item III—Procurement Lists (FAR Case 2003-013)

This final rule amends the FAR to clarify that the Javits-Wagner O'Day (JWOD) program becomes a mandatory source of supplies and services when the supplies or services have been added to the Procurement List maintained by the Committee for Purchase from People Who Are Blind or Severely Disabled.

Replacement pages: 8.1-1 and 8.1-2; 8.7-1 thru 8.7-4; and 52.2-13 and 52.2-14.

**Item IV—Determining Official for Employment Provision
Compliance—Immigration and Nationality Act (INA)
(FAR Case 2004-009)**

This final rule amends FAR 9.406-2(b)(2) by revising the responsibility for determining when a contractor is not in compliance with the Immigration and Nationality Act (INA) to include both the Attorney General of the United States and the Secretary of Homeland Security.

This rule implements Executive Order 13286 published March 5, 2003, which amended Section 4 of Executive Order 12989 published February 15, 1996.

Debarring officials may now debar a contractor based on a determination by the Secretary of Homeland Security or the Attorney General of the United States.

Replacement pages: 9.4-5 and 9.4-6.

Item V—Federal Supply Schedules Services and Blanket Purchase Agreements (BPAs) (FAR Case 1999-603)

This final rule amends the FAR in order to incorporate policies and procedures for services under Federal Supply Schedules. The rule—

- Adds a definitions section;
- Adds information regarding the Department of Veterans Affairs delegated authority to establish medical supply schedules;
- Adds language to clarify the differences between an Authorized Federal Supply Schedules (FSS) Pricelist and a FSS publication;
- Adds additional information regarding e-buy, GSA's electronic quote system for the schedules program;
- Clarifies that competition shall not be sought outside the Federal Supply Schedules;
- Adds language to make it clear that the contracting officer placing an order on another agency's behalf is responsible for applying that agency's regulatory and statutory requirements; and that the requiring activity is required to provide information on the applicable regulatory and statutory requirements to the contracting officer;
- Adds new coverage on use of statements of work when acquiring services from the schedules;

- Requires that when an agency awards a task order requiring a statement of work, that if the award is based on other than price (best value), the contracting officer shall provide a brief explanation of the basis for the award decision to any unsuccessful contractor that requests such information.

- Adds language stating that the performance period of Blanket Purchase Agreement (BPA) established under the schedules program may cross option periods on the base contracts;

- Refines guidance regarding the use of Governmentwide BPAs;

- Adds language to require the ordering activity to document the results of its BPA review;

- Adds language that encourages or reminds agencies that they can seek a price reduction at any time, not just when an order exceeds the maximum order threshold;

- Adds additional language to allow for consideration of socio-economic status when identifying the potential competitors for an order;

- Reinforces documentation requirements generally and adds new guidance addressing the documentation of orders for services and sole source orders;

- Adds new coverage to allow agencies to make payment for oral or written orders by any authorized means, including the Governmentwide commercial purchase card;

- Reserves the ordering procedures for Mandatory Use Schedules section;

- Clarifies the procedures for termination for cause and convenience; and

- Reorganizes and revises the subpart text for ease of use.

Replacement pages: Part 8 TOC 8-1 and 8-2; 8.4-1 thru 8.4-4 (8.4-5 thru 8.4-8 added); 38.1-1 and 38.1-2; and 53.2-1 and 53.2-2.

Item VI—Designated Countries—New European Communities Member States (FAR Case 2004-008)

This final rule amends the FAR to implement a determination by the United States Trade Representative (USTR) under the Trade Agreements Act that suppliers from the 10 new member states of the European Communities (EC) (i.e., the European Union) are eligible to participate in U.S. Government procurement under the terms and conditions of the World Trade Organization Government Procurement Agreement (WTO GPA). This means that in acquisitions subject to the WTO GPA, the contracting officer can accept offers of eligible products from Cyprus, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, the Slovak Republic, and Slovenia without application of the Buy American Act evaluation factor.

Replacement pages: 22.15-1 and 22.15-2; 25.1-3 and 25.1-4; 52.2-33 thru 52.2-38; 52.2-107 and 52.2-108; 52.2-133 and 52.2-134; and 52.2-139 and 52.2-140.

Item VII—Buy American Act—Nonavailable Articles (FAR Case 2003-007)

This final rule amends FAR 25.104(a) to add certain food and textile items to the list of articles not available from domestic sources in sufficient and reasonably available commercial quantities of a satisfactory quality. This case is based on extensive market research by the Defense Logistics Agency. Unless the contracting officer learns before the time designated for receipt of bids in sealed bidding or final offers in negotiation that an article on the list is available domestically in sufficient and reasonably available quantities of a satisfactory quality, the Buy American Act does not apply to acquisition of these items as end products, and the contracting officer may treat foreign components of the same class or kind as domestic components.

Replacement pages: 25.1-5 and 25.1-6.

Item VIII—Application of Cost Principles and Procedures and Accounting for Unallowable Costs (FAR Case 2002-006)

This final rule amends the FAR by revising FAR 31.204, Application of principles and procedures, to improve clarity and structure. The case was initiated as a result of comments and recommendations received from industry and Government representatives during a series of public meetings. This rule is of particular interest to contractors and contracting officers who use cost analysis to price contracts and modifications, and

who determine or negotiate reasonable costs in accordance with a clause of a contract, e.g., price revision of fixed-price incentive contracts, terminated contracts, or indirect cost rates.

Replacement pages: 31.2-3 and 31.2-4.

Item IX—Gains and Losses, Maintenance and Repair Costs, and Material costs (FAR Case 2002-008)

This final rule amends the FAR by deleting the cost principle at FAR 31.205-24, Maintenance and repair costs, because either Cost Accounting Standards (CAS) or Generally Accepted Accounting Practices (GAAP) adequately address these costs. The rule also revises the cost principles at FAR 31.205-7, Contingencies; FAR 31.205-26, Material costs; and FAR 31.205-44, Training and education costs, by improving clarity and structure, and removing unnecessary and duplicative language.

The case was initiated as a result of comments and recommendations received from industry and Government representatives during a series of public meetings. This rule is of particular interest to contractors and contracting officers who use cost analysis to price contracts and modifications, and who determine or negotiate reasonable costs in accordance with a clause of a contract, e.g., price revision of fixed-price incentive contracts, terminated contracts, or indirect cost rates.

Replacement pages: Part 31 TOC 31-1 and 31-2; 31.2-11 and 31.2-12; 31.2-17 and 31.2-18; and 31.2-25 and 31.2-26.

Item X—Technical Amendments

This amendment makes editorial changes at 8.003(d), 11.102, and 11.202(b), and removes sections 53.301-254 and 53.301-255.

Replacement pages: 8.1-1 and 8.1-2; 11.1-1 and 11.1-2; 11.2-1 and 11.2-2; and Part 53 TOC 53-1 and 53-2.

LOOSELEAF ONLY CORRECTION

Looseleaf pages 52.2-137 and 52.2-138 are republished to remove extraneous material at the end of 52.225-10(b).

Replacement pages: 52.2-137 and 52.2-138.

“Classified acquisition” means an acquisition in which offerors must have access to classified information to properly submit an offer or quotation, to understand the performance requirements, or to perform the contract.

“Classified contract” means any contract in which the contractor or its employees must have access to classified information during contract performance. A contract may be a classified contract even though the contract document itself is unclassified.

“Classified information” means any knowledge that can be communicated or any documentary material, regardless of its physical form or characteristics, that—

(1)(i) Is owned by, is produced by or for, or is under the control of the United States Government; or

(ii) Has been classified by the Department of Energy as privately generated restricted data following the procedures in 10 CFR 1045.21; and

(2) Must be protected against unauthorized disclosure according to Executive Order 12958, Classified National Security Information, April 17, 1995, or classified in accordance with the Atomic Energy Act of 1954.

“Cognizant Federal agency” means the Federal agency that, on behalf of all Federal agencies, is responsible for establishing final indirect cost rates and forward pricing rates, if applicable, and administering cost accounting standards for all contracts in a business unit.

“Commercial component” means any component that is a commercial item.

“Commercial item” means—

(1) Any item, other than real property, that is of a type customarily used by the general public or by non-governmental entities for purposes other than governmental purposes, and—

(i) Has been sold, leased, or licensed to the general public; or

(ii) Has been offered for sale, lease, or license to the general public;

(2) Any item that evolved from an item described in paragraph (1) of this definition through advances in technology or performance and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a Government solicitation;

(3) Any item that would satisfy a criterion expressed in paragraphs (1) or (2) of this definition, but for—

(i) Modifications of a type customarily available in the commercial marketplace; or

(ii) Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. Minor modifications means modifications that do not significantly alter the nongovernmental function or essential physical characteristics of an item or component, or change the purpose of a process. Factors to be considered in determining whether a modification is minor include the value and size of the modification and the compar-

ative value and size of the final product. Dollar values and percentages may be used as guideposts, but are not conclusive evidence that a modification is minor;

(4) Any combination of items meeting the requirements of paragraphs (1), (2), (3), or (5) of this definition that are of a type customarily combined and sold in combination to the general public;

(5) Installation services, maintenance services, repair services, training services, and other services if—

(i) Such services are procured for support of an item referred to in paragraph (1), (2), (3), or (4) of this definition, regardless of whether such services are provided by the same source or at the same time as the item; and

(ii) The source of such services provides similar services contemporaneously to the general public under terms and conditions similar to those offered to the Federal Government;

(6) Services of a type offered and sold competitively in substantial quantities in the commercial marketplace based on established catalog or market prices for specific tasks performed or specific outcomes to be achieved and under standard commercial terms and conditions. This does not include services that are sold based on hourly rates without an established catalog or market price for a specific service performed or a specific outcome to be achieved. For purposes of these services—

(i) “Catalog price” means a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public; and

(ii) “Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

(7) Any item, combination of items, or service referred to in paragraphs (1) through (6) of this definition, notwithstanding the fact that the item, combination of items, or service is transferred between or among separate divisions, subsidiaries, or affiliates of a contractor; or

(8) A nondevelopmental item, if the procuring agency determines the item was developed exclusively at private expense and sold in substantial quantities, on a competitive basis, to multiple State and local governments.

“Component” means any item supplied to the Government as part of an end item or of another component, except that for use in—

(1) Part 25, see the definition in 25.003;

(2) 52.225-1 and 52.225-3, see the definition in 52.225-1(a) and 52.225-3(a); and

(3) 52.225-9 and 52.225-11, see the definition in 52.225-9(a) and 52.225-11(a).

“Computer software” means computer programs, computer databases, and related documentation.

“Consent to subcontract” means the contracting officer’s written consent for the prime contractor to enter into a particular subcontract.

“Construction” means construction, alteration, or repair (including dredging, excavating, and painting) of buildings, structures, or other real property. For purposes of this definition, the terms “buildings, structures, or other real property” include, but are not limited to, improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, cemeteries, pumping stations, railways, airport facilities, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, and channels. Construction does not include the manufacture, production, furnishing, construction, alteration, repair, processing, or assembling of vessels, aircraft, or other kinds of personal property.

“Contiguous United States (CONUS)” means the 48 contiguous States and the District of Columbia.

“Contingency operation” (10 U.S.C. 101(a)(13)) means a military operation that—

(1) Is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or

(2) Results in the call or order to, or retention on, active duty of members of the uniformed services under section 688, 12301(a), 12302, 12304, 12305, or 12406 of 10 U.S.C., chapter 15 of 10 U.S.C, or any other provision of law during a war or during a national emergency declared by the President or Congress.

“Continued portion of the contract” means the portion of a contract that the contractor must continue to perform following a partial termination.

“Contract” means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and notices of awards; job orders or task letters issued under basic ordering agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements covered by 31 U.S.C. 6301, *et seq.* For discussion of various types of contracts, see Part 16.

“Contract administration office” means an office that performs—

(1) Assigned postaward functions related to the administration of contracts; and

(2) Assigned preaward functions.

“Contract clause” or “clause” means a term or condition used in contracts or in both solicitations and contracts, and applying after contract award or both before and after award.

“Contract modification” means any written change in the terms of a contract (see 43.103).

“Contracting” means purchasing, renting, leasing, or otherwise obtaining supplies or services from nonfederal sources. Contracting includes description (but not determination) of supplies and services required, selection and solicitation of sources, preparation and award of contracts, and all phases of contract administration. It does not include making grants or cooperative agreements.

“Contracting activity” means an element of an agency designated by the agency head and delegated broad authority regarding acquisition functions.

“Contracting office” means an office that awards or executes a contract for supplies or services and performs post-award functions not assigned to a contract administration office (except for use in Part 48, see also 48.001).

“Contracting officer” means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings. The term includes certain authorized representatives of the contracting officer acting within the limits of their authority as delegated by the contracting officer. “Administrative contracting officer (ACO)” refers to a contracting officer who is administering contracts. “Termination contracting officer (TCO)” refers to a contracting officer who is settling terminated contracts. A single contracting officer may be responsible for duties in any or all of these areas. Reference in this regulation (48 CFR Chapter 1) to administrative contracting officer or termination contracting officer does not—

(1) Require that a duty be performed at a particular office or activity; or

(2) Restrict in any way a contracting officer in the performance of any duty properly assigned.

“Conviction” means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of *nolo contendere*. For use in Subpart 23.5, see the definition at 23.503.

“Cost or pricing data” (10 U.S.C. 2306a(h)(1) and 41 U.S.C. 254b) means all facts that, as of the date of price agreement or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price, prudent buyers and sellers would reasonably expect to affect price negotiations significantly. Cost or pricing data are data requiring certification in accordance with 15.406-2. Cost or pricing data are factual, not judgmental; and are verifiable. While they do not indicate the accuracy of the prospective contractor’s judgment about estimated future costs or projections, they do include the data forming the basis for that judgment. Cost or pricing data are more than historical accounting data; they are all the

Subpart 4.6—Contract Reporting

4.600 Scope of subpart.

This subpart prescribes uniform reporting requirements for the Federal Procurement Data System (FPDS).

4.601 Record requirements.

(a) Each executive agency shall establish and maintain for a period of 5 years a computer file, by fiscal year, containing unclassified records of all procurements exceeding \$25,000. This file shall be accessible to the public using FPDS-NG.

(b) With respect to each procurement carried out using competitive procedures, agencies shall be able to access from the computer file, as a minimum, the following information:

- (1) The date of contract award.
- (2) Information identifying the source to whom the contract was awarded.
- (3) The property or services obtained by the Government under the procurement.
- (4) The total cost of the procurement.
- (5) Those procurements which result in the submission of a single bid or proposal so that they can be separately categorized and designated noncompetitive procurements using competitive procedures.

(c) In addition to paragraph (b) of this section with respect to each procurement carried out using procedures other than competitive procedures, agencies shall be able to access—

- (1) The reason under Subpart 6.3 for the use of such procedures; and
- (2) The identity of the organization or activity which conducted the procurement.

(d) In addition to the information described in paragraphs (b) and (c) of this section, for procurements in excess of \$25,000, agencies shall be able to access information on the following:

- (1) Awards to small disadvantaged businesses using either set-asides or full and open competition.
- (2) Awards to business concerns owned and controlled by women.
- (3) The number of offers received in response to a solicitation.
- (4) Task or delivery order contracts.
- (5) Contracts for the acquisition of commercial items.
- (6) Contracts or task orders treated as commercial items pursuant to 12.102(g).

(e) In addition to the information described in paragraphs (b), (c), and (d) of this section, agencies must be able to access information from the computer file to identify bundled contracts with a total contract value, including all options, exceeding \$5,000,000.

(f) Agencies must transmit this information to the Federal Procurement Data System in accordance with its procedures.

4.602 Federal Procurement Data System.

(a) The FPDS provides a comprehensive mechanism for assembling, organizing, and presenting contract placement data for the Federal Government. Federal agencies will now report data directly to the Federal Procurement Data System—Next Generation (FPDS-NG), which collects, processes, and disseminates official statistical data on Federal contracting. The data provide—

- (1) A basis for recurring and special reports to the President, the Congress, the General Accounting Office, Federal executive agencies, and the general public;
- (2) A means of measuring and assessing the impact of Federal contracting on the Nation's economy and the extent to which small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business concerns are sharing in Federal contracts; and
- (3) Information for other policy and management control purposes, and for public access.

(b) The FPDS website, <https://www.fpds.gov>, provides instructions for submitting data. It also provides a complete list of departments, agencies, and other entities that submit data to the FPDS, as well as technical and end-user guidance, and a computer-based tutorial.

(c)(1) Data collection points in each agency shall submit FPDS-required data on contract actions directly to FPDS-NG. Agencies must report all transactions over \$2,500 and modifications to those transactions regardless of dollar value.

(2) Agencies participating under the Small Business Competitiveness Demonstration Program (see Subpart 19.10) shall report as an individual contract action all awards, regardless of dollar value, in the designated industry groups.

(3) Agencies may choose to report transactions at or below \$2,500, including those made using the Government-wide commercial purchase card, except as provided in paragraph (c)(2) of this section.

(4) Until September 30, 2004, agencies shall report contract actions between \$2,500 and \$25,000 either in individual or summary form. After September 30, 2004, agencies shall submit only individual contract action reports.

(d) The contracting officer must identify and report (if it is not pre-populated by the Central Contractor Registration (CCR) database), a Contractor Identification Number for each successful offeror. A Data Universal Numbering System (DUNS) number, which is a nine-digit number assigned by Dun and Bradstreet Information Services to an establishment, is the Contractor Identification Number for Federal contractors. The DUNS number reported must

identify the successful offeror's name and address exactly as stated in the offer and resultant contract. The contracting officer must ask the offeror to provide its DUNS number by using either the provision prescribed in paragraph (a) of 4.603 or the FAR clause prescribed at 4.1104. If the successful offeror does not provide its number, the contracting officer must contact the offeror and assist them in obtaining the DUNS number.

(e) *Unique Procurement Instrument Identifier (PIID)*.

(1) The FPDS requires that each reporting agency assign a unique identifier for every contract, purchase order, BOA, Basic Agreement, and BPA reported to FPDS. Such identifiers shall comply with the contract numbering guidelines established by the Joint Financial Management Improvement Project. The PIID shall consist of alpha characters in the first positions to indicate the agency, followed by alphanumeric characters identifying bureau, offices, or other administrative subdivisions. The last portion of the PIID shall be numbered sequentially. The PIID may include other elements, as appropriate, such as fiscal year. Delivery orders, task orders, and call numbers must be unique in combination with the basic reference contract vehicle identifier. When the basic reference contract is available for multi-agency use (GWAC, Federal Supply Schedule contract, etc.), an ordering agency shall use the same agency identification prefix for its delivery orders, task orders, and call numbers as it uses for its contractual instruments.

(2) Agencies are required to have in place, no later than October 1, 2003, a process that will ensure that each PIID reported to FPDS is unique, Governmentwide, and will remain so for at least 20 years from the date of contract award. To eliminate the possibility of duplication between agencies, agencies must submit their proposed identifier to the Federal Procurement Data Center, which will maintain a registry of the identifiers on the FPDC website and validate their use in all transactions.

4.603 Solicitation provisions.

(a) Insert the provision at 52.204-6, Data Universal Numbering System (DUNS) Number, in solicitations that—

(1) Are expected to result in a requirement for the generation of an individual contract action report (see 4.602(c)); and

(2) Do not contain the clause at 52.204-7, Central Contractor Registration.

(b) Insert the provision at 52.204-5, Women-Owned Business (Other Than Small Business), in solicitations that—

(1) Are not set aside for small business concerns;

(2) Exceed the simplified acquisition threshold; and

(3) Are for contracts that will be performed in the United States or its outlying areas.

8.000 Scope of part.

This part deals with the acquisition of supplies and services from or through Government supply sources.

8.001 General.

Regardless of the source of supplies or services to be acquired, information technology acquisitions shall comply with capital planning and investment control requirements in 40 U.S.C. 1422 and OMB Circular A-130.

8.002 Priorities for use of Government supply sources.

(a) Except as required by 8.003, or as otherwise provided by law, agencies shall satisfy requirements for supplies and services from or through the sources and publications listed below in descending order of priority—

- (1) *Supplies.* (i) Agency inventories;
- (ii) Excess from other agencies (see Subpart 8.1);
- (iii) Federal Prison Industries, Inc. (see Subpart 8.6);
- (iv) Products available from the Committee for Purchase From People Who Are Blind or Severely Disabled (see Subpart 8.7);
- (v) Wholesale supply sources, such as stock programs of the General Services Administration (GSA) (see 41 CFR 101-26.3), the Defense Logistics Agency (see 41 CFR 101-26.6), the Department of Veterans Affairs (see 41 CFR 101-26.704), and military inventory control points;

- (iv) Federal Prison Industries, Inc. (see Subpart 8.6), or commercial sources (including educational and nonprofit institutions).
- (b) Sources other than those listed in paragraph (a) of this section may be used as prescribed in 41 CFR 101-26.301 and in an unusual and compelling urgency as prescribed in 6.302-2 and in 41 CFR 101-25.101-5.
- (c) The statutory obligation for Government agencies to satisfy their requirements for supplies or services available from the Committee for Purchase From People Who Are

Blind or Severely Disabled also applies when contractors purchase the supplies or services for Government use.

8.003 Use of other Government supply sources.

Agencies shall satisfy requirements for the following supplies or services from or through specified sources, as applicable:

- (a) Public utility services (see Part 41);
- (b) Printing and related supplies (see Subpart 8.8);
- (c) Leased motor vehicles (see Subpart 8.11);
- (d) Strategic and critical materials (*e.g.*, metals and ores) from inventories exceeding Defense National Stockpile requirements (detailed information is available from the—

Defense National Stockpile Center
8725 John J. Kingman Rd., Suite 3229
Fort Belvoir, VA 22060-6223; and
- (e) Helium (see Subpart 8.5—Acquisition of Helium).

8.004 Contract clause.

Insert the clause at 52.208-9, Contractor Use of Mandatory Sources of Supply and Services, in solicitations and contracts that require a contractor to provide supplies or services for Government use that are available from the Committee for Purchase From People Who Are Blind or Severely Disabled. The contracting officer shall identify in the contract schedule the supplies or services that shall be purchased from a mandatory source and the specific source.

Subpart 8.1—Excess Personal Property

8.101 [Reserved]

8.102 Policy.

When practicable, agencies must use excess personal property as the first source of supply for agency and cost-reimbursement contractor requirements. Agency personnel must make positive efforts to satisfy agency requirements by obtaining and using excess personal property (including that suitable for adaptation or substitution) before initiating a contract action.

8.103 Information on available excess personal property.

Information regarding the availability of excess personal property can be obtained through—

- (a) Review of excess personal property catalogs and bulletins issued by the General Services Administration (GSA);
- (b) Personal contact with GSA or the activity holding the property;

(c) Submission of supply requirements to the regional offices of GSA (GSA Form 1539, Request for Excess Personal Property, is available for this purpose); and

(d) Examination and inspection of reports and samples of excess personal property in GSA regional offices.

8.104 Obtaining nonreportable property.

GSA will assist agencies in meeting their requirements for supplies of the types excepted from reporting as excess by the Federal Management Regulations (41 CFR 102-36.90). Federal agencies requiring such supplies should contact the appropriate GSA regional office.

(A) Willful failure to perform in accordance with the terms of one or more contracts; or

(B) A history of failure to perform, or of unsatisfactory performance of, one or more contracts.

(ii) Violations of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690), as indicated by—

(A) Failure to comply with the requirements of the clause at 52.223-6, Drug-Free Workplace; or

(B) Such a number of contractor employees convicted of violations of criminal drug statutes occurring in the workplace as to indicate that the contractor has failed to make a good faith effort to provide a drug-free workplace (see 23.504).

(iii) Intentionally affixing a label bearing a “Made in America” inscription (or any inscription having the same meaning) to a product sold in or shipped to the United States or its outlying areas, when the product was not made in the United States or its outlying areas (see Section 202 of the Defense Production Act (Public Law 102-558)).

(iv) Commission of an unfair trade practice as defined in 9.403 (see Section 201 of the Defense Production Act (Pub. L. 102-558)).

(2) A contractor, based on a determination by the Secretary of Homeland Security or the Attorney General of the United States, that the contractor is not in compliance with Immigration and Nationality Act employment provisions (see Executive Order 12989, as amended by Executive Order 13286). Such determination is not reviewable in the debarment proceedings.

(c) A contractor or subcontractor based on any other cause of so serious or compelling a nature that it affects the present responsibility of the contractor or subcontractor.

9.406-3 Procedures.

(a) *Investigation and referral.* Agencies shall establish procedures for the prompt reporting, investigation, and referral to the debarring official of matters appropriate for that official’s consideration.

(b) *Decisionmaking process.* (1) Agencies shall establish procedures governing the debarment decisionmaking process that are as informal as is practicable, consistent with principles of fundamental fairness. These procedures shall afford the contractor (and any specifically named affiliates) an opportunity to submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment.

(2) In actions not based upon a conviction or civil judgment, if it is found that the contractor’s submission in opposition raises a genuine dispute over facts material to the proposed debarment, agencies shall also—

(i) Afford the contractor an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the agency presents; and

(ii) Make a transcribed record of the proceedings and make it available at cost to the contractor upon request, unless the contractor and the agency, by mutual agreement, waive the requirement for a transcript.

(c) *Notice of proposal to debar.* A notice of proposed debarment shall be issued by the debarring official advising the contractor and any specifically named affiliates, by certified mail, return receipt requested—

(1) That debarment is being considered;

(2) Of the reasons for the proposed debarment in terms sufficient to put the contractor on notice of the conduct or transaction(s) upon which it is based;

(3) Of the cause(s) relied upon under 9.406-2 for proposing debarment;

(4) That, within 30 days after receipt of the notice, the contractor may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment, including any additional specific information that raises a genuine dispute over the material facts;

(5) Of the agency’s procedures governing debarment decisionmaking;

(6) Of the effect of the issuance of the notice of proposed debarment; and

(7) Of the potential effect of an actual debarment.

(d) *Debarring official’s decision.* (1) In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the contractor. If no suspension is in effect, the decision shall be made within 30 working days after receipt of any information and argument submitted by the contractor, unless the debarring official extends this period for good cause.

(2)(i) In actions in which additional proceedings are necessary as to disputed material facts, written findings of fact shall be prepared. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the contractor and any other information in the administrative record.

(ii) The debarring official may refer matters involving disputed material facts to another official for findings of fact. The debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(iii) The debarring official’s decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(3) In any action in which the proposed debarment is not based upon a conviction or civil judgment, the cause for debarment must be established by a preponderance of the evidence.

(e) *Notice of debarring official's decision.* (1) If the debarring official decides to impose debarment, the contractor and any affiliates involved shall be given prompt notice by certified mail, return receipt requested—

- (i) Referring to the notice of proposed debarment;
- (ii) Specifying the reasons for debarment;
- (iii) Stating the period of debarment, including effective dates; and
- (iv) Advising that the debarment is effective throughout the executive branch of the Government unless the head of an agency or a designee makes the statement called for by 9.406-1(c).

(2) If debarment is not imposed, the debarring official shall promptly notify the contractor and any affiliates involved, by certified mail, return receipt requested.

9.406-4 Period of debarment.

(a)(1) Debarment shall be for a period commensurate with the seriousness of the cause(s). Generally, debarment should not exceed 3 years, except that—

- (i) Debarment for violation of the provisions of the Drug-Free Workplace Act of 1988 (see 23.506) may be for a period not to exceed 5 years; and
- (ii) Debarments under 9.406-2(b)(2) shall be for one year unless extended pursuant to paragraph (b) of this subsection.

(2) If suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(b) The debarring official may extend the debarment for an additional period, if that official determines that an extension is necessary to protect the Government's interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. Debarments under 9.406-2(b)(2) may be extended for additional periods of one year if the Secretary of Homeland Security or the Attorney General determines that the contractor continues to be in violation of the employment provisions of the Immigration and Nationality Act. If debarment for an additional period is determined to be necessary, the procedures of 9.406-3 shall be followed to extend the debarment.

(c) The debarring official may reduce the period or extent of debarment, upon the contractor's request, supported by documentation, for reasons such as—

- (1) Newly discovered material evidence;
- (2) Reversal of the conviction or civil judgment upon which the debarment was based;
- (3) Bona fide change in ownership or management;
- (4) Elimination of other causes for which the debarment was imposed; or
- (5) Other reasons the debarring official deems appropriate.

9.406-5 Scope of debarment.

(a) The fraudulent, criminal, or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a contractor may be imputed to the contractor when the conduct occurred in connection with the individual's performance of duties for or on behalf of the contractor, or with the contractor's knowledge, approval, or acquiescence. The contractor's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(b) The fraudulent, criminal, or other seriously improper conduct of a contractor may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the contractor who participated in, knew of, or had reason to know of the contractor's conduct.

(c) The fraudulent, criminal, or other seriously improper conduct of one contractor participating in a joint venture or similar arrangement may be imputed to other participating contractors if the conduct occurred for or on behalf of the joint venture or similar arrangement, or with the knowledge, approval, or acquiescence of these contractors. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

9.407 Suspension.

9.407-1 General.

(a) The suspending official may, in the public interest, suspend a contractor for any of the causes in 9.407-2, using the procedures in 9.407-3.

(b)(1) Suspension is a serious action to be imposed on the basis of adequate evidence, pending the completion of investigation or legal proceedings, when it has been determined that immediate action is necessary to protect the Government's interest. In assessing the adequacy of the evidence, agencies should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as contracts, inspection reports, and correspondence.

(2) The existence of a cause for suspension does not necessarily require that the contractor be suspended. The suspending official should consider the seriousness of the contractor's acts or omissions and may, but is not required to, consider remedial measures or mitigating factors, such as those set forth in 9.406-1(a). A contractor has the burden of promptly presenting to the suspending official evidence of remedial measures or mitigating factors when it has reason to know that a cause for suspension exists. The existence or nonexistence of any remedial measures or mitigating factors is not necessarily determinative of a contractor's present responsibility.

11.000 Scope of part.

This part prescribes policies and procedures for describing agency needs.

11.001 Definitions.

As used in this part—

“Reconditioned” means restored to the original normal operating condition by readjustments and material replacement.

“Remanufactured” means factory rebuilt to original specifications.

11.002 Policy.

(a) In fulfilling requirements of 10 U.S.C. 2305(a)(1), 10 U.S.C. 2377, 41 U.S.C. 253a(a), and 41 U.S.C. 264b, agencies shall—

(1) Specify needs using market research in a manner designed to—

(i) Promote full and open competition (see Part 6), or maximum practicable competition when using simplified acquisition procedures, with due regard to the nature of the supplies or services to be acquired; and

(ii) Only include restrictive provisions or conditions to the extent necessary to satisfy the needs of the agency or as authorized by law.

(2) To the maximum extent practicable, ensure that acquisition officials—

(i) State requirements with respect to an acquisition of supplies or services in terms of—

- (A) Functions to be performed;
- (B) Performance required; or
- (C) Essential physical characteristics;

(ii) Define requirements in terms that enable and encourage offerors to supply commercial items, or, to the extent that commercial items suitable to meet the agency's needs are not available, nondevelopmental items, in response to the agency solicitations;

(iii) Provide offerors of commercial items and nondevelopmental items an opportunity to compete in any acquisition to fill such requirements;

(iv) Require prime contractors and subcontractors at all tiers under the agency contracts to incorporate commercial items or nondevelopmental items as components of items supplied to the agency; and

(v) Modify requirements in appropriate cases to ensure that the requirements can be met by commercial items or, to the extent that commercial items suitable to meet the agency's needs are not available, nondevelopmental items.

(b) The Metric Conversion Act of 1975, as amended by the Omnibus Trade and Competitiveness Act of 1988 (15 U.S.C. 205a, *et seq.*), designates the metric system of measurement as the preferred system of weights and measures for United States trade and commerce, and it requires that each agency use the metric system of measurement in its

acquisitions, except to the extent that such use is impracticable or is likely to cause significant inefficiencies or loss of markets to United States firms. Requiring activities are responsible for establishing guidance implementing this policy in formulating their requirements for acquisitions.

(c) To the extent practicable and consistent with Subpart 9.5, potential offerors should be given an opportunity to comment on agency requirements or to recommend application and tailoring of requirements documents and alternative approaches. Requiring agencies should apply specifications, standards, and related documents initially for guidance only, making final decisions on the application and tailoring of these documents as a product of the design and development process. Requiring agencies should not dictate detailed design solutions prematurely (see 7.101 and 7.105(a)(8)).

(d)(1) The Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6901, *et seq.*), Executive Order 13101 of September 14, 1998, Greening the Government through Waste Prevention, Recycling, and Federal Acquisition, Executive Order 13123 of June 3, 1999, Greening the Government through Efficient Energy Management, and Executive Order 13221 of July 31, 2001, Energy-Efficient Standby Power Devices, establish requirements for acquiring—

- (i) Products containing recovered materials;
- (ii) Environmentally preferable products and services;
- (iii) Energy-efficient products and services;
- (iv) Products and services that utilize renewable energy technologies; and
- (v) Products containing energy-efficient standby power devices.

(2) Executive agencies shall consider use of recovered materials, energy- and water-efficient products and services, products containing energy-efficient standby power devices, environmentally preferable purchasing criteria developed by the EPA, and environmental objectives (see Subparts 23.2 and 23.4, and 23.703(b)) when—

- (i) Developing, reviewing, or revising Federal and military specifications, product descriptions (including commercial item descriptions) and standards;
- (ii) Describing Government requirements for supplies and services; and
- (iii) Developing source-selection factors.

(e) Some or all of the performance levels or performance specifications in a solicitation may be identified as targets rather than as fixed or minimum requirements.

(f) In accordance with Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), requiring activities must prepare requirements documents for electronic and information technology that comply with the applicable accessibility standards issued by the Architectural and Transportation Barriers Compliance Board at 36 CFR part 1194 (see Subpart 39.2)

Subpart 11.1—Selecting and Developing Requirements Documents

11.101 Order of precedence for requirements documents.

(a) Agencies may select from existing requirements documents, modify or combine existing requirements documents, or create new requirements documents to meet agency needs, consistent with the following order of precedence:

- (1) Documents mandated for use by law.
- (2) Performance-oriented documents.
- (3) Detailed design-oriented documents.
- (4) Standards, specifications and related publications issued by the Government outside the Defense or Federal series for the non-repetitive acquisition of items.

(b) Agencies shall prepare requirements documents to achieve maximum practicable—

- (1) Energy efficiency, including using products containing energy-efficient standby power devices and renewable energy technologies; and
- (2) Use of recovered material, other materials that are environmentally preferable, energy- and water-efficient products, and renewable energy technologies (see Subparts 23.2, 23.4, and 23.7).

(c) In accordance with OMB Circular A-119, “Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities,” agencies must use voluntary consensus standards, when they exist, in lieu of Government-unique standards, except where inconsistent with law or otherwise impractical. The private sector manages and administers voluntary consensus standards. Such standards are not mandated by law (*e.g.*, industry standards such as ISO 9000).

11.102 Standardization program.

Agencies shall select existing requirements documents or develop new requirements documents that meet the needs of the agency in accordance with the guidance contained in the Federal Standardization Manual, FSPM-0001, and, for DoD components, DoD 4120.24-M, Defense Standardization Program Policies and Procedures. The Federal Standardization Manual may be obtained from the General Services Administration (see address in 11.201(d)(1)). DoD 4120.24-M may be obtained from DoD (see address in 11.201(d)(2)).

11.103 Market acceptance.

(a) Section 8002(c) of Pub. L. 103-355 provides that, in accordance with agency procedures, the head of an agency may, under appropriate circumstances, require offerors to demonstrate that the items offered—

- (1) Have either—
 - (i) Achieved commercial market acceptance; or

(ii) Been satisfactorily supplied to an agency under current or recent contracts for the same or similar requirements; and

(2) Otherwise meet the item description, specifications, or other criteria prescribed in the public notice and solicitation.

(b) Appropriate circumstances may, for example, include situations where the agency’s minimum need is for an item that has a demonstrated reliability, performance or product support record in a specified environment. Use of market acceptance is inappropriate when new or evolving items may meet the agency’s needs.

(c) In developing criteria for demonstrating that an item has achieved commercial market acceptance, the contracting officer shall ensure the criteria in the solicitation—

- (1) Reflect the minimum need of the agency and are reasonably related to the demonstration of an item’s acceptability to meet the agency’s minimum need;
- (2) Relate to an item’s performance and intended use, not an offeror’s capability;
- (3) Are supported by market research;
- (4) Include consideration of items supplied satisfactorily under recent or current Government contracts, for the same or similar items; and
- (5) Consider the entire relevant commercial market, including small business concerns.

(d) Commercial market acceptance shall not be used as a sole criterion to evaluate whether an item meets the Government’s requirements.

(e) When commercial market acceptance is used, the contracting officer shall document the file to—

- (1) Describe the circumstances justifying the use of commercial market acceptance criteria; and
- (2) Support the specific criteria being used.

11.104 Use of brand name or equal purchase descriptions.

(a) While the use of performance specifications is preferred to encourage offerors to propose innovative solutions, the use of brand name or equal purchase descriptions may be advantageous under certain circumstances.

(b) Brand name or equal purchase descriptions must include, in addition to the brand name, a general description of those salient physical, functional, or performance characteristics of the brand name item that an “equal” item must meet to be acceptable for award. Use brand name or equal descriptions when the salient characteristics are firm requirements.

11.105 Items peculiar to one manufacturer.

Agency requirements shall not be written so as to require a particular brand name, product, or a feature of a product, peculiar to one manufacturer, thereby precluding consider-

Subpart 11.2—Using and Maintaining Requirements Documents

11.201 Identification and availability of specifications.

(a) Solicitations citing requirements documents listed in the General Services Administration (GSA) Index of Federal Specifications, Standards and Commercial Item Descriptions, the DoD Index of Specifications and Standards (DoDISS), or other agency index shall identify each document's approval date and the dates of any applicable amendments and revisions. Do not use general identification references, such as “the issue in effect on the date of the solicitation.” Contracting offices will not normally furnish these cited documents with the solicitation, except when—

(1) The requirements document must be furnished with the solicitation to enable prospective contractors to make a competent evaluation of the solicitation;

(2) In the judgment of the contracting officer, it would be impracticable for prospective contractors to obtain the documents in reasonable time to respond to the solicitation; or

(3) A prospective contractor requests a copy of a Government promulgated requirements document.

(b) Contracting offices shall clearly identify in the solicitation any pertinent documents not listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions or DoDISS. Such documents shall be furnished with the solicitation or specific instructions shall be furnished for obtaining or examining such documents.

(c) When documents refer to other documents, such references shall—

(1) Be restricted to documents, or appropriate portions of documents, that apply in the acquisition;

(2) Cite the extent of their applicability;

(3) Not conflict with other documents and provisions of the solicitation; and

(4) Identify all applicable first tier references.

(d)(1) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, may be purchased from the—

Telephone (202) 619-8925.

(2) The DoDISS may be obtained from the—

(i) ASSIST database via the Internet at <http://assist.daps.mil>; or

(e) Agencies may purchase some nongovernment standards, including voluntary consensus standards, from the National Technical Information Service's Fedworld Information Network. Agencies may also obtain nongovernment standards from the standards developing organization responsible for the preparation, publication, or maintenance of the standard, or from an authorized document reseller. The National Institute of Standards and Technology can assist agencies in identifying sources for, and content of, nongovernment standards. DoD activities may obtain from the DoDSSP those nongovernment standards, including voluntary consensus standards, adopted for use by defense activities.

11.202 Maintenance of standardization documents.

(a) Recommendations for changes to standardization documents listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions should be submitted to the—

General Services Administration
Federal Supply Service
Office of Acquisition
Washington, DC 20406.

Agencies shall submit recommendations for changes to standardization documents listed in the DoDISS to the cognizant preparing activity.

(b) When an agency cites an existing standardization document but modifies it to meet its needs, the agency shall follow the guidance in Federal Standardization Manual and, for Defense components, DoD 4120.24-M, Defense Standardization Program Policies and Procedures.

11.203 Customer satisfaction.

Acquisition organizations shall communicate with customers to determine how well the requirements document reflects the customer's needs and to obtain suggestions for corrective actions. Whenever practicable, the agency may provide affected industry an opportunity to comment on the requirements documents.

11.204 Solicitation provisions and contract clauses.

(a) The contracting officer shall insert the provision at 52.211-1, Availability of Specifications Listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, in solicitations that

cite specifications listed in the Index that are not furnished with the solicitation.

(b) The contracting officer shall insert the provision at 52.211-2, Availability of Specifications Listed in the DoD Index of Specifications and Standards (DoDISS) and Descriptions Listed in the Acquisition Management Systems and Data Requirements Control List, DoD 5010.12-L, in solicitations that cite specifications listed in the DoDISS or DoD 5010.12-L that are not furnished with the solicitation.

(c) The contracting officer shall insert a provision substantially the same as the provision at 52.211-3, Availability of Specifications Not Listed in the GSA Index of Federal

Specifications, Standards and Commercial Item Descriptions, in solicitations that cite specifications that are not listed in the Index and are not furnished with the solicitation, but may be obtained from a designated source.

(d) The contracting officer shall insert a provision substantially the same as the provision at 52.211-4, Availability for Examination of Specifications Not Listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, in solicitations that cite specifications that are not listed in the Index and are available for examination at a specified location.

12.000 Scope of part.

This part prescribes policies and procedures unique to the acquisition of commercial items. It implements the Federal Government's preference for the acquisition of commercial items contained in Title VIII of the Federal Acquisition Streamlining Act of 1994 (Public Law 103-355) by establishing acquisition policies more closely resembling those of the commercial marketplace and encouraging the acquisition of commercial items and components.

12.001 Definition.

“Subcontract,” as used in this part, includes, but is not limited to, a transfer of commercial items between divisions, subsidiaries, or affiliates of a contractor or subcontractor.

Subpart 12.1—Acquisition of Commercial Items—General

12.101 Policy.

Agencies shall—

- (a) Conduct market research to determine whether commercial items or nondevelopmental items are available that could meet the agency's requirements;
- (b) Acquire commercial items or nondevelopmental items when they are available to meet the needs of the agency; and
- (c) Require prime contractors and subcontractors at all tiers to incorporate, to the maximum extent practicable, commercial items or nondevelopmental items as components of items supplied to the agency.

12.102 Applicability.

- (a) This part shall be used for the acquisition of supplies or services that meet the definition of commercial items at 2.101.
- (b) Contracting officers shall use the policies in this part in conjunction with the policies and procedures for solicitation, evaluation and award prescribed in Part 13, Simplified Acquisition Procedures; Part 14, Sealed Bidding; or Part 15, Contracting by Negotiation, as appropriate for the particular acquisition.
- (c) Contracts for the acquisition of commercial items are subject to the policies in other parts of this chapter. When a policy in another part of this chapter is inconsistent with a policy in this part, this Part 12 shall take precedence for the acquisition of commercial items.
- (d) The definition of commercial item in section 2.101 uses the phrase “purposes other than governmental pur-

poses.” These purposes are those that are not unique to a government.

(e) This part shall not apply to the acquisition of commercial items—

- (1) At or below the micro-purchase threshold;
- (2) Using the Standard Form 44 (see 13.306);
- (3) Using the imprest fund (see 13.305);
- (4) Using the Governmentwide commercial purchase card; or
- (5) Directly from another Federal agency.

(f)(1) Contracting officers may treat any acquisition of supplies or services that, as determined by the head of the agency, are to be used to facilitate defense against or recovery from nuclear, biological, chemical, or radiological attack, as an acquisition of commercial items.

(2) A contract in an amount greater than \$15,000,000 that is awarded on a sole source basis for an item or service treated as a commercial item under paragraph (f)(1) of this section but does not meet the definition of a commercial item as defined at FAR 2.101 shall not be exempt from—

- (i) Cost accounting standards (see Subpart 30.2); or
- (ii) Cost or pricing data requirements (see 15.403).

(g)(1) In accordance with section 1431 of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108-136) (41 U.S.C. 437), the contracting officer also may use Part 12 for any acquisition for services that does not meet the definition of commercial item in FAR 2.101, if the contract or task order—

- (i) Is entered into on or before November 24, 2013;
- (ii) Has a value of \$25 million or less;
- (iii) Meets the definition of performance-based contracting at FAR 2.101;
- (iv) Includes a quality assurance surveillance plan;
- (v) Includes performance incentives where appropriate;
- (vi) Specifies a firm-fixed price for specific tasks to be performed or outcomes to be achieved; and
- (vii) Is awarded to an entity that provides similar services to the general public under terms and conditions similar to those in the contract or task order.

(2) In exercising the authority specified in paragraph (g)(1) of this section, the contracting officer should tailor paragraph (a) of the clause at FAR 52.212-4 as may be necessary to ensure the contract's remedies adequately protect the Government's interests.

Subpart 22.15—Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor

22.1500 Scope.

This subpart applies to acquisitions of supplies that exceed the micro-purchase threshold.

22.1501 Definitions.

As used in this subpart—

“Forced or indentured child labor” means all work or service—

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

“List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor” means the list published by the Department of Labor in accordance with E.O. 13126 of June 12, 1999, Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor. The list identifies products, by their country of origin, that the Departments of Labor, Treasury, and State have a reasonable basis to believe might have been mined, produced, or manufactured by forced or indentured child labor.

22.1502 Policy.

Agencies must take appropriate action to enforce the laws prohibiting the manufacture or importation of products that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor (19 U.S.C. 1307, 29 U.S.C. 201, *et seq.*, and 41 U.S.C. 35, *et seq.*). Agencies should make every effort to avoid acquiring such products.

22.1503 Procedures for acquiring end products on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor.

(a) When issuing a solicitation for supplies expected to exceed the micro-purchase threshold, the contracting officer must check the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor (the List) (www.dol.gov/ilab/) (see 22.1505(a)). Appearance of a product on the List is not a bar to purchase of any such product mined, produced, or manufactured in the identified country, but rather is an alert that there is a reasonable basis to believe that such product may have been mined, produced, or manufactured by forced or indentured child labor.

(b) The requirements of this subpart that result from the appearance of any end product on the List do not apply to a solicitation or contract if the identified country of origin on the List is—

(1) Canada, and the anticipated value of the acquisition is \$25,000 or more (Subpart 25.4);

(2) Israel, and the anticipated value of the acquisition is \$50,000 or more (see 25.406);

(3) Mexico, and the anticipated value of the acquisition is \$58,550 or more (see Subpart 25.4); or

(4) Aruba, Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, or the United Kingdom and the anticipated value of the acquisition is \$175,000 or more (see 25.403(b)).

(c) Except as provided in paragraph (b) of this section, before the contracting officer may make an award for an end product (regardless of country of origin) of a type identified by country of origin on the List the offeror must certify that—

(1) It will not supply any end product on the List that was mined, produced, or manufactured in a country identified on the List for that product, as specified in the solicitation by the contracting officer in the Certification Regarding Knowledge of Child Labor for Listed End Products; or

(2)(i) It has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any end product to be furnished under the contract that is on the List and was mined, produced, or manufactured in a country identified on the List for that product; and

(ii) On the basis of those efforts, the offeror is unaware of any such use of child labor.

(d) Absent any actual knowledge that the certification is false, the contracting officer must rely on the offerors' certifications in making award decisions.

(e) Whenever a contracting officer has reason to believe that forced or indentured child labor was used to mine, produce, or manufacture an end product furnished pursuant to a contract awarded subject to the certification required in paragraph (c) of this section, the contracting officer must refer the matter for investigation by the agency's Inspector General, the Attorney General, or the Secretary of the Treasury, whichever is determined appropriate in accordance with agency procedures, except to the extent that the end product is from the country listed in paragraph (b) of this section, under a contract exceeding the applicable threshold.

(f) Proper certification will not prevent the head of an agency from imposing remedies in accordance with section 22.1504(a)(4) if it is later discovered that the contractor has furnished an end product or component that has in fact been mined, produced, or manufactured, wholly or in part, using forced or indentured child labor.

22.1504 Violations and remedies.

(a) “Violations.” The Government may impose remedies set forth in paragraph (b) of this section for the following violations (note that the violations in paragraphs (a)(3) and (a)(4) of this section go beyond violations of the requirements relating to certification of end products) (see 22.1503):

(1) The contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor.

(2) The contractor has failed to cooperate as required in accordance with the clause at 52.222-19, Child Labor Cooperation with Authorities and Remedies, with an investigation of the use of forced or indentured child labor by an Inspector General, the Attorney General, or the Secretary of the Treasury.

(3) The contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The contractor has furnished an end product or component mined, produced, or manufactured, wholly or in part, by forced or indentured child labor. Remedies in paragraphs (b)(2) and (b)(3) of this section are inappropriate unless the contractor knew of the violation.

(b) “Remedies.” (1) The contracting officer may terminate the contract.

(2) The suspending official may suspend the contractor in accordance with the procedures in Subpart 9.4.

(3) The debarring official may debar the contractor for a period not to exceed 3 years in accordance with the procedures in Subpart 9.4.

22.1505 Solicitation provision and contract clause.

(a) Except as provided in paragraph (b) of 22.1503, insert the provision at 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, in all solicitations that are expected to exceed the micro-purchase threshold and are for the acquisition of end products (regardless of country of origin) of a type identified by country of origin on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, except solicitations for commercial items that include the provision at 52.212-3, Offeror Representations and Certifications—Commercial Items. The contracting officer must identify in paragraph (b) of the provision at 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, or paragraph (i)(1) of the provision at 52.212-3, any applicable end products and countries of origin from the List. For solicitations estimated to equal or exceed \$25,000, the contracting officer must exclude from the List in the solicitation end products from any countries identified at 22.1503(b), in accordance with the specified thresholds.

(b) Insert the clause at 52.222-19, Child Labor—Cooperation with Authorities and Remedies, in all solicitations and contracts for the acquisition of supplies that are expected to exceed the micro-purchase thresholds.

Subpart 25.1—Buy American Act—Supplies

25.100 Scope of subpart.

This subpart implements the Buy American Act (41 U.S.C. 10a - 10d) and Executive Order 10582, December 17, 1954. It applies to supplies acquired for use in the United States, including supplies acquired under contracts set aside for small business concerns, if—

(a) The supply contract exceeds the micro-purchase threshold; or

(b) The supply portion of a contract for services that involves the furnishing of supplies (*e.g.*, lease) exceeds the micro-purchase threshold.

25.101 General.

(a) The Buy American Act restricts the purchase of supplies that are not domestic end products. For manufactured end products, the Buy American Act uses a two-part test to define a domestic end product.

(1) The article must be manufactured in the United States; and

(2) The cost of domestic components must exceed 50 percent of the cost of all the components.

(b) The Buy American Act applies to small business set-asides. A manufactured product of a small business concern is a U.S.-made end product, but is not a domestic end product unless it meets the component test in paragraph (a)(2) of this section.

(c) Exceptions that allow the purchase of a foreign end product are listed at 25.103. The unreasonable cost exception is implemented through the use of an evaluation factor applied to low foreign offers that are not eligible offers. The evaluation factor is not used to provide a preference for one foreign offer over another. Evaluation procedures and examples are provided in Subpart 25.5.

Subpart 37.6—Performance-Based Contracting

37.600 Scope of subpart.

This subpart prescribes policies and procedures for use of performance-based contracting methods.

37.601 General.

(a) Performance-based contracting methods are intended to ensure that required performance quality levels are achieved and that total payment is related to the degree that services performed or outcomes achieved meet contract standards. Performance-based contracts or task orders—

- (1) Describe the requirements in terms of results required rather than the methods of performance of the work;
 - (2) Use measurable performance standards (*i.e.*, in terms of quality, timeliness, quantity, etc.) and quality assurance surveillance plans (see 46.103(a) and 46.401(a));
 - (3) Specify procedures for reductions of fee or for reductions to the price of a fixed-price contract when services are not performed or do not meet contract requirements (see 46.407); and
 - (4) Include performance incentives where appropriate.
- (b) See 12.102(g) for the use of Part 12 procedures for performance-based contracting.

37.602 Elements of performance-based contracting.

37.602-1 Statements of work.

(a) Generally, statements of work shall define requirements in clear, concise language identifying specific work to be accomplished. Statements of work must be individually tailored to consider the period of performance, deliverable items, if any, and the desired degree of performance flexibility (see 11.106). In the case of task order contracts, the statement of work for the basic contract need only define the scope of the overall contract (see 16.504(a)(4)(iii)). The statement of work for each task issued under a task order contract shall comply with paragraph (b) of this subsection. To achieve the maximum benefits of performance-based contracting, task order contracts should be awarded on a multiple award basis (see 16.504(c) and 16.505(b)).

(b) When preparing statements of work, agencies shall, to the maximum extent practicable—

- (1) Describe the work in terms of “what” is to be the required output rather than either “how” the work is to be accomplished or the number of hours to be provided (see 11.002(a)(2) and 11.101);
- (2) Enable assessment of work performance against measurable performance standards;

(3) Rely on the use of measurable performance standards and financial incentives in a competitive environment to encourage competitors to develop and institute innovative and cost-effective methods of performing the work; and

(4) Avoid combining requirements into a single acquisition that is too broad for the agency or a prospective contractor to manage effectively.

37.602-2 Quality assurance.

Agencies shall develop quality assurance surveillance plans when acquiring services (see 46.103 and 46.401(a)). These plans shall recognize the responsibility of the contractor (see 46.105) to carry out its quality control obligations and shall contain measurable inspection and acceptance criteria corresponding to the performance standards contained in the statement of work. The quality assurance surveillance plans shall focus on the level of performance required by the statement of work, rather than the methodology used by the contractor to achieve that level of performance.

37.602-3 Selection procedures.

Agencies shall use competitive negotiations when appropriate to ensure selection of services that offer the best value to the Government, cost and other factors considered (see 15.304).

37.602-4 Contract type.

Contract types most likely to motivate contractors to perform at optimal levels shall be chosen (see Subpart 16.1 and, for research and development contracts, see 35.006). To the maximum extent practicable, performance incentives, either positive or negative or both, shall be incorporated into the contract to encourage contractors to increase efficiency and maximize performance (see Subpart 16.4). These incentives shall correspond to the specific performance standards in the quality assurance surveillance plan and shall be capable of being measured objectively. Fixed-price contracts are generally appropriate for services that can be defined objectively and for which the risk of performance is manageable (see Subpart 16.1).

37.602-5 Follow-on and repetitive requirements.

When acquiring services that previously have been provided by contract, agencies shall rely on the experience gained from the prior contract to incorporate performance-based contracting methods to the maximum extent practicable. This will facilitate the use of fixed-price contracts for such requirements for services. (See 7.105 for requirement to address performance-based contracting strategies in acquisition plans. See also 16.104(k).)

Subpart 52.2—Text of Provisions and Clauses

52.200 Scope of subpart.

This subpart sets forth the text of all FAR provisions and clauses (see 52.101(b)(1)) and gives a cross-reference to the location in the FAR that prescribes the provision or clause.

52.201 [Reserved]

As prescribed in section 2.201, insert the following clause:

DEFINITIONS (JUNE 2004)

(c) “Commercial item” means—

(1) Any item, other than real property, that is of a type customarily used by the general public or by non-governmental entities for purposes other than governmental purposes, and that—

(i) Modifications of a type customarily available in the commercial marketplace; or

(ii) Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. “Minor” modifications means modifications that do not significantly alter the non-governmental function or essential physical characteristics of an item or component, or change the purpose of a process. Factors to be considered in determining whether a modification is minor include the value and size of the modification and the comparative value and size of the final product. Dollar values and percentages may be used as guideposts, but are not conclusive evidence that a modification is minor;

(4) Any combination of items meeting the requirements of paragraphs (c)(1), (2), (3), or (5) of this clause that are of a type customarily combined and sold in combination to the general public;

(5) Installation services, maintenance services, repair services, training services, and other services if—

(6) Services of a type offered and sold competitively in substantial quantities in the commercial marketplace based on established catalog or market prices for specific tasks performed or specific outcomes to be achieved and under standard commercial terms and conditions. This does not include services that are sold based on hourly rates without an established catalog or market price for a specific service performed or a specific outcome to be achieved. For purposes of these services—

(i) “Catalog price” means a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public; and

(ii) “Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

(7) Any item, combination of items, or service referred to in paragraphs (c)(1) through (c)(6), notwithstanding the fact that the item, combination of items, or service is transferred between or among separate divisions, subsidiaries, or affiliates of a Contractor; or

(8) A nondevelopmental item, if the procuring agency determines the item was developed exclusively at private expense and sold in substantial quantities, on a competitive basis, to multiple State and local Governments.

(d) “Component” means any item supplied to the Government as part of an end item or of another component, except that for use in 52.225-9, and 52.225-11 see the definitions in 52.225-9(a) and 52.225-11(a).

The term includes certain authorized representatives of the Contracting Officer acting within the limits of their authority as delegated by the Contracting Officer.

(f) “Nondevelopmental item” means—

(1) Any previously developed item of supply used exclusively for governmental purposes by a Federal agency, a State or local government, or a foreign government with which the United States has a mutual defense cooperation agreement;

(2) Any item described in paragraph (f)(1) of this definition that requires only minor modification or modifications of a type customarily available in the commercial marketplace in order to meet the requirements of the procuring department or agency; or

(3) Any item of supply being produced that does not meet the requirements of paragraph (f)(1) or (f)(2) solely because the item is not yet in use.

(g) Except as otherwise provided in this contract, the term “subcontracts” includes, but is not limited to, purchase orders and changes and modifications to purchase orders under this contract.

(End of clause)

Alternate I (May 2001). If the contract is for personal services; construction; architect-engineer services; or dismantling, demolition, or removal of improvements, delete paragraph (g) of the basic clause.

52.203-1 [Reserved]

52.203-2 Certificate of Independent Price Determination.

As prescribed in 3.103-1, insert the following provision. If the solicitation is a Request for Quotations, the terms “Quotation” and “Quoter” may be substituted for “Offer” and “Offeror.”

(a) The offeror certifies that—

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to—

(iii) The methods or factors used to calculate the prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory—

(1) Is the person in the offeror’s organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; or

have not participated, and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision _____ [insert full name of person(s) in the offeror’s organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror’s organization];

(2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.

(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.

For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) *Overpayments.* If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other compliances.* The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 327, *et seq.*, Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) *Order of precedence.* Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (1) The schedule of supplies/services.
- (2) The Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause.
- (3) The clause at 52.212-5.
- (4) Addenda to this solicitation or contract, including any license agreements for computer software.
- (5) Solicitation provisions if this is a solicitation.
- (6) Other paragraphs of this clause.
- (7) The Standard Form 1449.
- (8) Other documents, exhibits, and attachments.
- (9) The specification.

(t) *Central Contractor Registration (CCR).* (1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

If the solicitation includes the provision 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, or the equivalent at 52.212-3(i), the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to records, documents, persons, or premises upon reasonable request by the authorized officials.

52.225-9 Buy American Act—Construction Materials.

As prescribed in 25.1102(a), insert the following clause:

BUY AMERICAN ACT—CONSTRUCTION MATERIALS
(JUNE 2003)

(a) *Definitions.* As used in this clause—

“Component” means an article, material, or supply incorporated directly into a construction material.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the end product.

“Domestic construction material” means—

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.

“Foreign construction material” means a construction material other than a domestic construction material.

“United States” means the 50 States, the District of Columbia, and outlying areas.

(b) *Domestic preference.* (1) This clause implements the Buy American Act (41 U.S.C. 10a - 10d) by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to the construction material or components listed by the Government as follows:

[*Contracting Officer to list applicable excepted materials or indicate “none”*]

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) *Request for determination of inapplicability of the Buy American Act.* (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier;

and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the con-

tract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act.

(d) *Data.* To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC CONSTRUCTION MATERIALS PRICE COMPARISON			
<u>Construction Material Description</u>	<u>Unit of Measure</u>	<u>Quantity</u>	<u>Price (Dollars)*</u>
<i>Item 1:</i>			
Foreign construction material	_____	_____	_____
Domestic construction material	_____	_____	_____
<i>Item 2:</i>			
Foreign construction material	_____	_____	_____
Domestic construction material	_____	_____	_____

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]
 [Include other applicable supporting information.]

[* Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).]

52.225-10 Notice of Buy American Act Requirement—Construction Materials.

As prescribed in 25.1102(b)(1), insert the following provision:

NOTICE OF BUY AMERICAN ACT REQUIREMENT—
 CONSTRUCTION MATERIALS (MAY 2002)

(a) *Definitions.* “Construction material,” “domestic construction material,” and “foreign construction material,” as used in this provision, are defined in the clause of this solicitation entitled “Buy American Act—Construction Materials” (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of the Buy American Act should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American Act before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) *Evaluation of offers.* (1) The Government will evaluate an offer requesting exception to the requirements of the Buy American Act, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at FAR 52.225-9.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) *Alternate offers.* (1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR 52.225-9 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent

domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

- (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or
- (ii) May be accepted if revised during negotiations.

(End of provision)

Alternate I (May 2002). As prescribed in 25.1102(b)(2), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of the Buy American Act shall submit the request with its offer, including the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9.

(b) *Construction materials.* (1) This clause implements the Buy American Act (41 U.S.C. 10a - 10d) by providing a preference for domestic construction material. (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act.

Agency personnel must make positive efforts to satisfy agency requirements by obtaining and using excess personal property (including that suitable for adaptation or substitution) before initiating a contract action.

8.103 Information on available excess personal property.

Information regarding the availability of excess personal property can be obtained through—

- (a) Review of excess personal property catalogs and bulletins issued by the General Services Administration (GSA);
- (b) Personal contact with GSA or the activity holding the property;

(d) Examination and inspection of reports and samples of excess personal property in GSA regional offices.

8.104 Obtaining nonreportable property.

GSA will assist agencies in meeting their requirements for supplies of the types excepted from reporting as excess by the Federal Management Regulations (41 CFR 102-36.90). Federal agencies requiring such supplies should contact the appropriate GSA regional office.

Subpart 8.4—Federal Supply Schedules

8.401 Definitions.

As used in this subpart—

“Ordering activity” means an activity that is authorized to place orders, or establish blanket purchase agreements (BPA), against the General Services Administration’s (GSA) Multiple Award Schedule contracts. A list of eligible ordering activities is available at <http://www.gsa.gov/schedules> (click “For Customers Ordering from Schedules” and then “Eligibility to Use GSA Sources”).

“Multiple Award Schedule (MAS)” means contracts awarded by GSA or the Department of Veterans Affairs (VA) for similar or comparable supplies, or services, established with more than one supplier, at varying prices. The primary statutory authority for the MAS program is derived from both Title III of the Administrative Services Act of 1949 (41 U.S.C. 251, et seq.) and Title 40 U.S.C., Public Buildings, Property and Works.

“Requiring agency” means the agency needing the supplies or services.

“Schedules e-Library” means the on-line source for GSA and VA Federal Supply Schedule contract award information. Schedules e-Library may be accessed at <http://www.gsa.gov/elibrary>.

“Special Item Number (SIN)” means a group of generically similar (but not identical) supplies or services that are intended to serve the same general purpose or function.

8.402 General.

(a) The Federal Supply Schedule program is also known as the GSA Schedules Program or the Multiple Award Schedule Program. The Federal Supply Schedule program is directed and managed by GSA and provides Federal agencies (see 8.002) with a simplified process for obtaining commercial supplies and services at prices associated with volume buying. Indefinite delivery contracts are awarded to provide supplies and services at stated prices for given periods of time. GSA may delegate certain responsibilities to other agencies (*e.g.*, GSA has delegated authority to the VA to procure medical supplies under the VA Federal Supply Schedules program). Orders issued under the VA Federal Supply Schedule program are covered by this subpart. Additionally, the Department of Defense (DoD) manages similar systems of schedule-type contracting for military items; however, DoD systems are not covered by this subpart.

(b) GSA schedule contracts require all schedule contractors to publish an “Authorized Federal Supply Schedule Pricelist” (pricelist). The pricelist contains all supplies and services offered by a schedule contractor. In addition, each pricelist contains the pricing and the terms and conditions pertaining to each Special Item Number that is on schedule. The schedule contractor is required to provide one copy of its pricelist to any ordering activity upon request. Also, a

copy of the pricelist may be obtained from the Federal Supply Service by submitting a written e-mail request to schedules.infocenter@gsa.gov or by telephone at 1-800-488-3111. This subpart, together with the pricelists, contain necessary information for placing delivery or task orders with schedule contractors. In addition, the GSA schedule contracting office issues Federal Supply Schedules publications that contain a general overview of the Federal Supply Schedule (FSS) program and address pertinent topics. Ordering activities may request copies of schedules publications by contacting the Centralized Mailing List Service through the Internet at <http://www.gsa.gov/cmls>, submitting written e-mail requests to CMLS@gsa.gov; or by completing GSA Form 457, FSS Publications Mailing List Application, and mailing it to the GSA Centralized Mailing List Service (7SM), P.O. Box 6477, Fort Worth, TX 76115. Copies of GSA Form 457 may also be obtained from the above-referenced points of contact.

(c)(1) GSA offers an on-line shopping service called “GSA Advantage!” through which ordering activities may place orders against Schedules. (Ordering activities may also use GSA Advantage! to place orders through GSA’s Global Supply System, a GSA wholesale supply source, formerly known as “GSA Stock” or the “Customer Supply Center.” FAR Subpart 8.4 is not applicable to orders placed through the GSA Global Supply System.) Ordering activities may access GSA Advantage! through the GSA Federal Supply Service Home Page (<http://www.gsa.gov/fss>) or the GSA Federal Supply Schedule Home Page at <http://www.gsa.gov/schedules>.

(2) GSA Advantage! enables ordering activities to search specific information (*i.e.*, national stock number, part number, common name), review delivery options, place orders directly with Schedule contractors and pay for orders using the Governmentwide commercial purchase card.

(d) “e-Buy”, GSA’s electronic Request for Quotation (RFQ) system, is a part of a suite of on-line tools which complement GSA Advantage!. E-Buy allows ordering activities to post requirements, obtain quotes, and issue orders electronically. Ordering activities may access e-Buy at <http://www.ebuy.gsa.gov>. For more information or assistance on either GSA Advantage! or e-Buy, contact GSA at Internet e-mail address gsa.advantage@gsa.gov.

(e) For more information or assistance regarding the Federal Supply Schedule Program, review the following website: <http://www.gsa.gov/schedules>. Additionally, for on-line training courses regarding the Schedules Program, review the following website: <http://fsstraining.gsa.gov>.

(f) For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Schedule (also referred to as open market items) to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order only if—

(1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (*e.g.*, publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));

(2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;

(3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and

(4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

8.403 Applicability.

(a) Procedures in this subpart apply to—

(1) Individual orders for supplies or services placed against Federal Supply Schedules contracts; and

(2) BPAs established against Federal Supply Schedule contracts.

(b) GSA may establish special ordering procedures for a particular schedule. In this case, that schedule will specify those special ordering procedures. Unless otherwise noted, special ordering procedures established for a Federal Supply Schedule take precedence over the procedures in 8.405.

8.404 Use of Federal Supply Schedules.

(a) *General.* Parts 13 (except 13.303-2(c)(3)), 14, 15, and 19 (except for the requirement at 19.202-1(e)(1)(iii)) do not apply to BPAs or orders placed against Federal Supply Schedules contracts (but see 8.405-5). BPAs and orders placed against a MAS, using the procedures in this subpart, are considered to be issued using full and open competition (see 6.102(d)(3)). Therefore, when establishing a BPA (as authorized by 13.303-2(c)(3)), or placing orders under Federal Supply Schedule contracts using the procedures of 8.405, ordering activities shall not seek competition outside of the Federal Supply Schedules or synopsise the requirement.

(b) The contracting officer, when placing an order or establishing a BPA, is responsible for applying the regulatory and statutory requirements applicable to the agency for which the order is placed or the BPA is established. The requiring agency shall provide the information on the applicable regulatory and statutory requirements to the contracting officer responsible for placing the order.

(c) *Acquisition planning.* Orders placed under a Federal Supply Schedule contract—

(1) Are not exempt from the development of acquisition plans (see Subpart 7.1), and an information technology acquisition strategy (see Part 39);

(2) Must comply with all FAR requirements for a bundled contract when the order meets the definition of “bundled contract” (see 2.101(b)); and

(3) Must, whether placed by the requiring agency, or on behalf of the requiring agency, be consistent with the requiring agency's statutory and regulatory requirements applicable to the acquisition of the supply or service.

(d) *Pricing.* Supplies offered on the schedule are listed at fixed prices. Services offered on the schedule are priced either at hourly rates, or at a fixed price for performance of a specific task (*e.g.*, installation, maintenance, and repair). GSA has already determined the prices of supplies and fixed-price services, and rates for services offered at hourly rates, under schedule contracts to be fair and reasonable. Therefore, ordering activities are not required to make a separate determination of fair and reasonable pricing, except for a price evaluation as required by 8.405-2(d). By placing an order against a schedule contract using the procedures in 8.405, the ordering activity has concluded that the order represents the best value (as defined in FAR 2.101) and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs. Although GSA has already negotiated fair and reasonable pricing, ordering activities may seek additional discounts before placing an order (see 8.405-4).

8.405 Ordering procedures for Federal Supply Schedules.

Ordering activities shall use the ordering procedures of this section when placing an order or establishing a BPA for supplies or services. The procedures in this section apply to all schedules.

8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.

(a) Ordering activities shall use the procedures of this subsection when ordering supplies and services that are listed in the schedules contracts at a fixed price for the performance of a specific task, where a statement of work is not required (*e.g.*, installation, maintenance, and repair).

(b) *Orders at or below the micro-purchase threshold.* Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency's needs. Although not required to solicit from a specific number of schedule contractors, ordering activities should attempt to distribute orders among contractors.

(c) *Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold.* Ordering activities shall place orders with the schedule contractor that can provide the supply or service that represents the best value. Before placing an order, an ordering activity shall consider reasonably available information about the supply or service

offered under MAS contracts by surveying the GSA Advantage! on-line shopping service, or by reviewing the catalogs or pricelists of at least three schedule contractors (see 8.405-5). In addition to price, when determining best value, the ordering activity may consider, among other factors, the following:

- (1) Past performance.
- (2) Special features of the supply or service required for effective program performance.
- (3) Trade-in considerations.
- (4) Probable life of the item selected as compared with that of a comparable item.
- (5) Warranty considerations.
- (6) Maintenance availability.
- (7) Environmental and energy efficiency considerations.
- (8) Delivery terms.

(d) *Orders exceeding the maximum order threshold.* Each schedule contract has a maximum order threshold established on a SIN-by-SIN basis. Although a price reduction may be sought at any time, this threshold represents the point where, given the dollar value of the potential order, the ordering activity shall seek a price reduction. In addition to following the procedures in paragraph (c) of this section and before placing an order that exceeds the maximum order threshold or establishing a BPA (see 8.405-3), ordering activities shall—

- (1) Review the pricelists of additional schedule contractors (the GSA Advantage! on-line shopping service can be used to facilitate this review);
- (2) Based upon the initial evaluation, seek price reductions from the schedule contractor(s) considered to offer the best value (see 8.404(d)); and
- (3) After seeking price reductions (see 8.405-4), place the order with the schedule contractor that provides the best value. If further price reductions are not offered, an order may still be placed.

8.405-2 Ordering procedures for services requiring a statement of work.

(a) *General.* Ordering activities shall use the procedures in this subsection when ordering services priced at hourly rates as established by the schedule contracts. The applicable services will be identified in the Federal Supply Schedule publications and the contractor’s pricelists.

(b) *Statements of Work (SOWs).* All Statements of Work shall include the work to be performed; location of work; period of performance; deliverable schedule; applicable performance standards; and any special requirements (e.g., security clearances, travel, special knowledge). To the maximum extent practicable, agency requirements shall be performance-based statements (see Subpart 37.6).

(c) *Request for Quotation procedures.* The ordering activity must provide the Request for Quotation (RFQ), which includes the statement of work and evaluation criteria (e.g., experience and past performance), to schedule contractors that offer services that will meet the agency’s needs. The RFQ may be posted to GSA’s electronic RFQ system, e-Buy (see 8.402(d)).

(1) *Orders at, or below, the micro-purchase threshold.* Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency’s needs. The ordering activity should attempt to distribute orders among contractors.

(2) *For orders exceeding the micro-purchase threshold, but not exceeding the maximum order threshold.* (i) The ordering activity shall develop a statement of work, in accordance with 8.405-2(b).

(ii) The ordering activity shall provide the RFQ (including the statement of work and evaluation criteria) to at least three schedule contractors that offer services that will meet the agency’s needs.

(iii) The ordering activity should request that contractors submit firm-fixed prices to perform the services identified in the statement of work.

(3) *For proposed orders exceeding the maximum order threshold or when establishing a BPA.* In addition to meeting the requirements of 8.405-2(c)(2), the ordering activity shall—

(i) Provide the RFQ (including the statement of work and evaluation criteria) to additional schedule contractors that offer services that will meet the needs of the ordering activity. When determining the appropriate number of additional schedule contractors, the ordering activity may consider, among other factors, the following:

(A) The complexity, scope and estimated value of the requirement.

(B) The market search results.

(ii) Seek price reductions.

(4) The ordering activity shall provide the RFQ (including the statement of work and the evaluation criteria) to any schedule contractor who requests a copy of it.

(d) *Evaluation.* The ordering activity shall evaluate all responses received using the evaluation criteria provided to the schedule contractors. The ordering activity is responsible for considering the level of effort and the mix of labor proposed to perform a specific task being ordered, and for determining that the total price is reasonable. Place the order, or establish the BPA, with the schedule contractor that represents the best value (see 8.404(d)). After award, ordering activities should provide timely notification to unsuccessful offerors. If an unsuccessful offeror requests information on an award that was based on factors other than

price alone, a brief explanation of the basis for the award decision shall be provided.

8.405-3 Blanket purchase agreements (BPAs).

(a)(1) *Establishment.* Ordering activities may establish BPAs under any schedule contract to fill repetitive needs for supplies or services. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPAs and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). In determining how many BPAs to establish, consider—

- (i) The scope and complexity of the requirement(s);
- (ii) The need to periodically compare multiple technical approaches or prices;
- (iii) The administrative costs of BPAs; and
- (iv) The technical qualifications of the schedule contractor(s).

(2) Establishment of a single BPA, or multiple BPAs, shall be made using the same procedures outlined in 8.405-1 or 8.405-2. BPAs shall address the frequency of ordering, invoicing, discounts, requirements (*e.g.* estimated quantities, work to be performed), delivery locations, and time.

(3) When establishing multiple BPAs, the ordering activity shall specify the procedures for placing orders under the BPAs.

(4) Establishment of a multi-agency BPA against a Federal Supply Schedule contract is permitted if the multi-agency BPA identifies the participating agencies and their estimated requirements at the time the BPA is established.

(b) *Ordering from BPAs—(1) Single BPA.* If the ordering activity establishes one BPA, authorized users may place the order directly under the established BPA when the need for the supply or service arises.

(2) *Multiple BPAs.* If the ordering activity establishes multiple BPAs, before placing an order exceeding the micro-purchase threshold, the ordering activity shall—

(i) Forward the requirement, or statement of work and the evaluation criteria, to an appropriate additional number of BPA holders, as established in the BPA ordering procedures; and

(ii) Evaluate the responses received, make a best value determination (see 8.404(d)), and place the order with the BPA holder that represents the best value.

(3) *BPAs for hourly rate services.* If the BPA is for hourly rate services, the ordering activity shall develop a statement of work for requirements covered by the BPA. All orders under the BPA shall specify a price for the performance of the tasks identified in the statement of work.

(c) *Duration of BPAs.* BPAs generally should not exceed five years in length, but may do so to meet program requirements. Contractors may be awarded BPAs that extend beyond the current term of their GSA Schedule contract, so

long as there are option periods in their GSA Schedule contract that, if exercised, will cover the BPA's period of performance.

(d) *Review of BPAs.* (1) The ordering activity that established the BPA shall review it at least once a year to determine whether—

(i) The schedule contract, upon which the BPA was established, is still in effect;

(ii) The BPA still represents the best value (see 8.404(d)); and

(iii) Estimated quantities/amounts have been exceeded and additional price reductions can be obtained.

(2) The ordering activity shall document the results of its review.

8.405-4 Price reductions.

In addition to seeking price reductions before placing an order exceeding the maximum order threshold (see 8.405-1(d)), or in conjunction with the annual BPA review, there may be other reasons to request a price reduction. For example, ordering activities should seek a price reduction when the supply or service is available elsewhere at a lower price, or when establishing a BPA to fill recurring requirements. The potential volume of orders under BPAs, regardless of the size of individual orders, offers the opportunity to secure greater discounts. Schedule contractors are not required to pass on to all schedule users a price reduction extended only to an individual ordering activity for a specific order.

8.405-5 Small business.

(a) Although the mandatory preference programs of Part 19 do not apply, orders placed against schedule contracts may be credited toward the ordering activity's small business goals. For purposes of reporting an order placed with a small business schedule contractor, an ordering agency may only take credit if the awardee meets a size standard that corresponds to the work performed. Ordering activities should rely on the small business representations made by schedule contractors at the contract level.

(b) Ordering activities may consider socio-economic status when identifying contractor(s) for consideration or competition for award of an order or BPA. At a minimum, ordering activities should consider, if available, at least one small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, women-owned small business, or small disadvantaged business schedule contractor(s). GSA Advantage! and Schedules e-Library at <http://www.gsa.gov/fss> contain information on the small business representations of Schedule contractors.

(c) For orders exceeding the micro-purchase threshold, ordering activities should give preference to the items of

small business concerns when two or more items at the same delivered price will satisfy the requirement.

8.405-6 Sole source justification and approval.

Orders placed under Federal Supply Schedules are exempt from the requirements in Part 6. However, ordering activities shall—

(a) Procure sole source requirements under this subpart only if the need to do so is justified in writing and approved at the levels specified in paragraph (b) of this section; and

(b) Prepare sole source justifications using the information at 6.303-2, modified to cite that the acquisition is conducted under the authority of Section 201 of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 501).

(1) For proposed orders exceeding the micro-purchase threshold, but not exceeding the simplified acquisition threshold, the ordering activity contracting officer may solicit from one source, if the ordering activity contracting officer determines that the circumstances deem only one source is reasonably available (*e.g.*, urgency, exclusive licensing agreement, industrial mobilization). The contracting officer shall approve the justification unless a higher approval level is established in accordance with agency procedures.

(2) For proposed orders exceeding the simplified acquisition threshold, but not exceeding \$500,000, the ordering activity contracting officer’s certification that the justification is accurate and complete to the best of the ordering activity contracting officer’s knowledge and belief will serve as approval, unless a higher approval level is established in accordance with agency procedures.

(3) For a proposed order exceeding \$500,000, but not exceeding \$10 million, the competition advocate for the procuring activity, designated pursuant to 6.501, or an official described in 6.304(a)(3) or (a)(4) must approve the justification. This authority is not delegable.

(4) For a proposed order exceeding \$10 million but not exceeding \$50 million, the head of the procuring activity or an official described in 6.304(a)(3)(i) or (ii) shall approve the justification. This authority is not delegable.

(5) For a proposed order exceeding \$50 million, the official described in 6.304(a)(4) shall approve the justification. This authority is not delegable, except as provided in 6.304(a)(4).

8.405-7 Documentation.

(a) *Minimum documentation.* The ordering activity shall document—

- (1) The contracts considered, noting the contractor from which the supply or service was purchased;
- (2) A description of the supply or service purchased;
- (3) The amount paid; and

(4) If applicable, the circumstances and rationale for restricting consideration of schedule contractors to fewer than that required in 8.405-1 or 8.405-2 (see 8.405-6). Justifications for such restrictions may include—

(i) Only one source is capable of responding due to the unique or specialized nature of the work;

(ii) The new work is a logical follow-on to an existing order provided that the original order was placed in accordance with 8.405-1 or 8.405-2 (excluding orders placed previously under sole source requirements);

(iii) The item is peculiar to one manufacturer. A brand name item, available on various schedule contracts, is an item peculiar to one manufacturer; or

(iv) An urgent and compelling need exists and following the ordering procedures would result in unacceptable delays.

(b) *Additional documentation for services.* In addition to the documentation requirements of paragraph (a) of this section, when acquiring services using the procedures at 8.405-2, the ordering office shall also document—

(1) The evaluation methodology used in selecting the contractor to receive the order;

(2) The rationale for any tradeoffs in making the selection;

(3) The price reasonableness determination required by 8.405-2(d); and

(4) The rationale for using other than—

(i) A firm-fixed price order; or

(ii) A performance-based order.

8.405-8 Payment.

Agencies may make payments for oral or written orders by any authorized means, including the Governmentwide commercial purchase card.

8.406 Ordering activity responsibilities.

8.406-1 Order placement.

Ordering activities may place orders orally (except for services requiring a statement of work (SOW)) or use Optional Form 347, an agency-prescribed form, or an established electronic communications format to order supplies or services from schedule contracts. The ordering activity shall place an order directly with the contractor in accordance with the terms and conditions of the pricelists (see 8.402(b)). Prior to placement of the order, the ordering activity shall ensure that the regulatory and statutory requirements of the requiring agency have been applied. Orders shall include the following information in addition to any information required by the schedule contract:

(a) Complete shipping and billing addresses.

(b) Contract number and date.

(c) Agency order number.

- (d) F.o.b. delivery point; *i.e.*, origin or destination.
- (e) Discount terms.
- (f) Delivery time or period of performance.
- (g) Special item number or national stock number.
- (h) A statement of work for services, when required, or a brief, complete description of each item (when ordering by model number, features and options such as color, finish, and electrical characteristics, if available, must be specified).
- (i) Quantity and any variation in quantity.
- (j) Number of units.
- (k) Unit price.
- (l) Total price of order.
- (m) Points of inspection and acceptance.
- (n) Other pertinent data; *e.g.*, delivery instructions or receiving hours and size-of-truck limitation.
- (o) Marking requirements.
- (p) Level of preservation, packaging, and packing.

8.406-2 Inspection and acceptance.

(a) *Supplies.* (1) Consignees shall inspect supplies at destination except when—

- (i) The schedule contract indicates that mandatory source inspection is required by the schedule contracting agency; or
- (ii) A schedule item is covered by a product description, and the ordering activity determines that the schedule contracting agency's inspection assistance is needed (based on the ordering volume, the complexity of the supplies, or the past performance of the supplier).

(2) When the schedule contracting agency performs the inspection, the ordering activity will provide two copies of the order specifying source inspection to the schedule contracting agency. The schedule contracting agency will notify the ordering activity of acceptance or rejection of the supplies.

(3) Material inspected at source by the schedule contracting agency, and determined to conform with the product description of the schedule, shall not be reinspected for the same purpose. The consignee shall limit inspection to kind, count, and condition on receipt.

(4) Unless otherwise provided in the schedule contract, acceptance is conclusive, except as regards latent defects, fraud, or such gross mistakes as amount to fraud.

(b) *Services.* The ordering activity has the right to inspect all services in accordance with the contract requirements and as called for by the order. The ordering activity shall perform inspections and tests as specified in the order's quality assurance surveillance plan in a manner that will not unduly delay the work.

8.406-3 Remedies for nonconformance.

(a) If a contractor delivers a supply or service, but it does not conform to the order requirements, the ordering activity

shall take appropriate action in accordance with the inspection and acceptance clause of the contract, as supplemented by the order.

(b) If the contractor fails to perform an order, or take appropriate corrective action, the ordering activity may terminate the order for cause or modify the order to establish a new delivery date (after obtaining consideration, as appropriate). Ordering activities shall follow the procedures at 8.406-4 when terminating an order for cause.

8.406-4 Termination for cause.

(a)(1) An ordering activity contracting officer may terminate individual orders for cause. Termination for cause shall comply with FAR 12.403, and may include charging the contractor with excess costs resulting from repurchase.

(2) The schedule contracting office shall be notified of all instances where an ordering activity contracting officer has terminated for cause an individual order to a Federal Supply Schedule contractor, or if fraud is suspected.

(b) If the contractor asserts that the failure was excusable, the ordering activity contracting officer shall follow the procedures at 8.406-6, as appropriate.

(c) If the contractor is charged excess costs, the following apply:

(1) Any repurchase shall be made at as low a price as reasonable, considering the quality required by the Government, delivery requirement, and administrative expenses. Copies of all repurchase orders, except the copy furnished to the contractor or any other commercial concern, shall include the notation:

Repurchase against the account of _____ [*insert contractor's name*] under Order _____ [*insert number*] under Contract _____ [*insert number*].

(2) When excess costs are anticipated, the ordering activity may withhold funds due the contractor as offset security. Ordering activities shall minimize excess costs to be charged against the contractor and collect or set-off any excess costs owed.

(3) If an ordering activity is unable to collect excess repurchase costs, it shall notify the schedule contracting office after final payment to the contractor.

(i) The notice shall include the following information about the terminated order:

- (A) Name and address of the contractor.
- (B) Schedule, contract, and order number.
- (C) National stock or special item number(s), and a brief description of the item(s).
- (D) Cost of schedule items involved.
- (E) Excess costs to be collected.
- (F) Other pertinent data.

(ii) The notice shall also include the following information about the purchase contract:

- (A) Name and address of the contractor.

(B) Item repurchase cost.
 (C) Repurchase order number and date of payment.

(D) Contract number, if any.
 (E) Other pertinent data.

(d) Only the schedule contracting officer may modify the contract to terminate for cause any, or all, supplies or services covered by the schedule contract. If the schedule contracting officer has terminated any supplies or services covered by the schedule contract, no further orders may be placed for those items. Orders placed prior to termination for cause shall be fulfilled by the contractor, unless terminated for the convenience of the Government by the ordering activity contracting officer.

8.406-5 Termination for the Government’s convenience.

(a) An ordering activity contracting officer may terminate individual orders for the Government’s convenience. Terminations for the Government’s convenience shall comply with FAR 12.403.

(b) Before terminating orders for the Government’s convenience, the ordering activity contracting officer shall endeavor to enter into a “no cost” settlement agreement with the contractor.

(c) Only the schedule contracting officer may modify the schedule contract to terminate any, or all, supplies or services covered by the schedule contract for the Government’s convenience.

8.406-6 Disputes.

(a) *Disputes pertaining to the performance of orders under a schedule contract.* (1) Under the Disputes clause of the schedule contract, the ordering activity contracting officer may—

(i) Issue final decisions on disputes arising from performance of the order (but see paragraph (b) of this section); or

(ii) Refer the dispute to the schedule contracting officer.

(2) The ordering activity contracting officer shall notify the schedule contracting officer promptly of any final decision.

(b) *Disputes pertaining to the terms and conditions of schedule contracts.* The ordering activity contracting officer shall refer all disputes that relate to the contract terms and conditions to the schedule contracting officer for resolution under the Disputes clause of the contract and notify the schedule contractor of the referral.

(c) *Appeals.* Contractors may appeal final decisions to either the Board of Contract Appeals servicing the agency that issued the final decision or the U.S. Court of Federal Claims.

(d) *Alternative dispute resolution.* The contracting officer should use the alternative dispute resolution (ADR) procedures, to the maximum extent practicable (see 33.204 and 33.214).

Subpart 8.7—Acquisition from Nonprofit Agencies Employing People Who Are Blind or Severely Disabled

8.700 Scope of subpart.

This subpart prescribes the policies and procedures for implementing the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c), referred to in this subpart as “the JWOD Act,” and the rules of the Committee for Purchase from People Who Are Blind or Severely Disabled (41 CFR Chapter 51).

8.701 Definitions.

As used in this subpart—

“Allocation” means an action taken by a central nonprofit agency to designate the JWOD participating nonprofit agencies that will furnish definite quantities of supplies or perform specific services upon receipt of orders from ordering offices.

“Central nonprofit agency” means National Industries for the Blind (NIB), which has been designated to represent people who are blind; or NISH, which has been designated to represent JWOD participating nonprofit agencies serving people with severe disabilities other than blindness.

“Committee” means the Committee for Purchase from People Who Are Blind or Severely Disabled.

“Government” or “entity of the Government” means any entity of the legislative or judicial branch, any executive agency, military department, Government corporation, or independent establishment, the U.S. Postal Service, or any nonappropriated-fund instrumentality of the Armed Forces.

“Ordering office” means any activity in an entity of the Government that places orders for the purchase of supplies or services under the JWOD Program.

“Procurement List” means a list of supplies (including military resale commodities) and services that the Committee has determined are suitable for purchase by the Government under the Javits-Wagner-O'Day Act.

“Nonprofit agency serving people who are blind” or “nonprofit agency serving people with other severe disabilities” (referred to jointly as JWOD participating nonprofit agencies) means a qualified nonprofit agency employing people who are blind or have other severe disabilities approved by the Committee to furnish a commodity or a service to the Government under the Act.

8.702 General.

The Committee is an independent Government activity with members appointed by the President of the United States. It is responsible for—

- (a) Determining those supplies and services to be purchased by all entities of the Government from JWOD participating nonprofit agencies;
- (b) Establishing prices for the supplies and services; and

- (c) Establishing rules and regulations to implement the JWOD Act.

8.703 Procurement List.

The Committee maintains a Procurement List of all supplies and services required to be purchased from JWOD participating nonprofit agencies. The Procurement List may be accessed at: <http://www.jwod.gov/procurementlist>. Questions concerning whether a supply item or service is on the Procurement List may be submitted at Internet e-mail address info@jwod.gov or referred to the Committee offices at the following address and telephone number:

Committee for Purchase From People Who Are Blind or Severely Disabled,
Jefferson Plaza 2, Suite 10800,
1421 Jefferson Davis Highway,
Arlington, VA 22202-3259,
(703) 603-7740.

Many items on the Procurement List are identified in the General Services Administration (GSA) Supply Catalog and GSA's Customer Service Center Catalogs with a black square and the words “NIB/NISH Mandatory Source,” and in similar catalogs issued by the Defense Logistics Agency (DLA) and the Department of Veterans Affairs (VA). GSA, DLA, and VA are central supply agencies from which other Federal agencies are required to purchase certain supply items on the Procurement List.

8.704 Purchase priorities.

(a) The JWOD Act requires the Government to purchase supplies or services on the Procurement List, at prices established by the Committee, from JWOD participating nonprofit agencies if they are available within the period required. When identical supplies or services are on the Procurement List and the Schedule of Products issued by Federal Prison Industries, Inc., ordering offices shall purchase supplies and services in the following priorities:

- (1) Supplies:
 - (i) Federal Prison Industries, Inc. (41 U.S.C. 48).
 - (ii) JWOD participating nonprofit agencies.
 - (iii) Commercial sources.
- (2) Services:
 - (i) JWOD participating nonprofit agencies.
 - (ii) Federal Prison Industries, Inc., or commercial sources.

(b) No other provision of the FAR shall be construed as permitting an exception to the mandatory purchase of items on the Procurement List.

(c) The Procurement List identifies those supplies for which the ordering office must obtain a formal waiver (8.604) from Federal Prison Industries, Inc., before making any purchases from JWOD participating nonprofit agencies.

8.705 Procedures.**8.705-1 General.**

(a) Ordering offices shall obtain supplies and services on the Procurement List from the central nonprofit agency or its designated JWOD participating nonprofit agencies, except that supplies identified on the Procurement List as available from DLA, GSA, or VA supply distribution facilities shall be obtained through DLA, GSA, or VA procedures. If a distribution facility cannot provide the supplies, it shall inform the ordering office, which shall then order from the JWOD participating nonprofit agency designated by the Committee.

(b) Supply distribution facilities in DLA and GSA shall obtain supplies on the Procurement List from the central nonprofit agency identified or its designated JWOD participating nonprofit agency.

8.705-2 Direct-order process.

Central nonprofit agencies may authorize ordering offices to transmit orders for specific supplies or services directly to a JWOD participating nonprofit agency. The written authorization remains valid until it is revoked by the central nonprofit agency or the Committee. The central nonprofit agency shall specify the normal delivery or performance lead time required by the nonprofit agency. The ordering office shall reflect this lead time in its orders.

8.705-3 Allocation process.

(a) When the direct order process has not been authorized, the ordering office shall submit a letter request for allocation (requesting the designation of the JWOD participating nonprofit agency to produce the supplies or perform the service) to the central nonprofit agency designated in the Procurement List. Ordering offices shall request allocations in sufficient time for a reply, for orders to be placed, and for the nonprofit agency to produce the supplies or provide the service within the required delivery or performance schedule.

(b) The ordering office's request to the central nonprofit agency for allocation shall include the following information:

(1) For supplies—Item name, stock number, latest specification, quantity, unit price, date delivery is required, and destination to which delivery is to be made.

(2) For services—Type and location of service required, latest specification, work to be performed, estimated volume, and required date or dates for completion.

(3) Other requirements; *e.g.*, packing, marking, as necessary.

(c) When an allocation is received, the ordering office shall promptly issue an order to the specified JWOD participating nonprofit agency or to the central nonprofit agency, as instructed by the allocation. If the issuance of an order is to be delayed for more than 15 days beyond receipt of the allo-

cation, or canceled, the ordering office shall advise the central nonprofit agency immediately.

(d) Ordering offices may issue orders without limitation as to dollar amount and shall record them upon issuance as obligations. Each order shall include, as a minimum, the information contained in the request for allocation. Ordering offices shall also include additional instructions necessary for performance under the order; *e.g.*, on the handling of Government-furnished property, reports required, and notification of shipment.

8.705-4 Compliance with orders.

(a) The central nonprofit agency shall inform the ordering office of changes in lead time experienced by its JWOD participating nonprofit agencies to minimize requests for extension once the ordering office places an order.

(b) The ordering office shall grant a request by a central nonprofit agency or JWOD participating nonprofit agency for revision in the delivery or completion schedule, if feasible. If extension of the delivery or completion date is not feasible, the ordering office shall notify the appropriate central nonprofit agency and request that it reallocate the order, or grant a purchase exception authorizing acquisition from commercial sources.

(c) When a JWOD participating nonprofit agency fails to perform under the terms of an order, the ordering office shall make every effort to resolve the noncompliance with the nonprofit agency involved and to negotiate an adjustment before taking action to cancel the order. If the problem cannot be resolved with the nonprofit agency, the ordering office shall refer the matter for resolution first to the central nonprofit agency and then, if necessary, to the Committee.

(d) When, after complying with 8.705-4(c), the ordering office determines that it must cancel an order, it shall notify the central nonprofit agency and, if practical, request a reallocation of the order. When the central nonprofit agency cannot reallocate the order, it shall grant a purchase exception permitting use of commercial sources, subject to approval by the Committee when the value of the purchase exception is \$25,000 or more.

8.706 Purchase exceptions.

(a) Ordering offices may acquire supplies or services on the Procurement List from commercial sources only if the acquisition is specifically authorized in a purchase exception granted by the designated central nonprofit agency.

(b) The central nonprofit agency shall promptly grant purchase exceptions when—

(1) The JWOD participating nonprofit agencies cannot provide the supplies or services within the time required, and commercial sources can provide them significantly sooner in the quantities required; or

(2) The quantity required cannot be produced or provided economically by the JWOD participating nonprofit agencies.

(c) The central nonprofit agency granting the exception shall specify the quantity and delivery or performance period covered by the exception.

(d) When a purchase exception is granted, the contracting officer shall—

(1) Initiate purchase action within 15 days following the date of the exception or any extension granted by the central nonprofit agency; and

(2) Provide a copy of the solicitation to the central nonprofit agency when it is issued.

(e) The Committee may also grant a purchase exception, under any circumstances it considers appropriate.

8.707 Prices.

(a) The prices of items on the Procurement List are fair market prices established by the Committee. All prices for supplies ordered under this subpart are f.o.b. origin.

(b) Prices for supplies are normally adjusted semiannually. Prices for services are normally adjusted annually.

(c) The Committee may request the agency responsible for acquiring the supplies or service to assist it in establishing or revising the fair market price. The Committee has the authority to establish prices without prior coordination with the responsible contracting office.

(d) Price changes shall normally apply to all orders received by the JWOD participating nonprofit agency on or after the effective date of the change. In special cases, after considering the views of the ordering office, the Committee may make price changes applicable to orders received by the JWOD participating nonprofit agency prior to the effective date of the change.

(e) If an ordering office desires packing, packaging, or marking of supplies other than the standard pack as provided on the Procurement List, any difference in costs shall be included as a separate item on the nonprofit agency's invoice. The ordering office shall reimburse the nonprofit agency for these costs.

(f) Ordering offices may make recommendations to the Committee at any time for price revisions for supplies and services on the Procurement List.

8.708 Shipping.

(a) Delivery is accomplished when a shipment is placed aboard the vehicle of the initial carrier. The time of delivery is the date shipment is released to and accepted by the initial carrier.

(b) Shipment is normally under Government bills of lading. However, for small orders, ordering offices may specify other shipment methods.

(c) When shipments are under Government bills of lading, the bills of lading may accompany orders or be otherwise furnished promptly. Failure of an ordering office to furnish bills of lading or to designate a method of transportation may result in an excusable delay in delivery.

(d) JWOD participating nonprofit agencies shall include transportation costs for small shipments paid by the nonprofit agencies as an item on the invoice. The ordering office shall reimburse the nonprofit agencies for these costs.

8.709 Payments.

The ordering office shall make payments for supplies or services on the Procurement List within 30 days after shipment or after receipt of a proper invoice or voucher.

8.710 Quality of merchandise.

Supplies and services provided by JWOD participating nonprofit agencies shall comply with the applicable Government specifications and standards cited in the order. When no specifications or standards exist—

(a) Supplies shall be of the highest quality and equal to similar items available on the commercial market; and

(b) Services shall conform to good commercial practices.

8.711 Quality complaints.

(a) When the quality of supplies or services received is unsatisfactory, the using activity shall take the following actions:

(1) For supplies received from DLA supply centers, GSA supply distribution facilities, or Department of Veterans Affairs distribution division, notify the supplying agency.

(2) For supplies or services received from JWOD participating nonprofit agencies, address complaints to the individual nonprofit agency involved, with a copy to the appropriate central nonprofit agency.

(b) When quality problems cannot be resolved by the JWOD participating nonprofit agency and the ordering office, the ordering office shall first contact the central nonprofit agency and then, if necessary, the Committee for resolution.

8.712 Specification changes.

(a) The contracting activity shall notify the JWOD participating nonprofit agency and appropriate central nonprofit agency of any change in specifications or descriptions. In the absence of such written notification, the JWOD participating nonprofit agency shall furnish the supplies or services under the specification or description cited in the order.

(b) The contracting activity shall provide 90-days advance notification to the Committee and the central nonprofit agency on actions that affect supplies on the Procure-

ment List and shall permit them to comment before action is taken, particularly when it involves—

- (1) Changes that require new national stock numbers or item designations;
- (2) Deleting items from the supply system;
- (3) Standardization; or
- (4) Developing new items to replace items on the Procurement List.

(c) For services, the contracting activity shall notify the JWOD participating nonprofit agency and central nonprofit agency concerned at least 90 days prior to the date that any changes in the scope of work or other conditions will be required.

(d) When, in order to meet its emergency needs, a contracting activity is unable to give the 90-day notification required in paragraphs (b) and (c) of this section, the contracting activity shall, at the time it places the order or change notice, inform the JWOD participating nonprofit agency and the central nonprofit agency in writing of the reasons that it cannot meet the 90-day notification requirement.

8.713 Optional acquisition of supplies and services.

(a) Ordering offices may acquire supplies and services not included on the Procurement List from a JWOD participating nonprofit agency that is the low responsive, responsible offeror under a solicitation issued by other authorized acquisition methods.

(b) Ordering offices should forward solicitations to JWOD participating nonprofit agencies that may be qualified to provide the supplies or services required.

8.714 Communications with the central nonprofit agencies and the Committee.

(a) The addresses of the central nonprofit agencies are:

- (1) National Industries for the Blind
1901 N. Beauregard St., Suite 200
Alexandria, VA 22311-1727
(703) 998-0770; and

- (2) NIMSH
2235 Cedar Lane
Vienna, VA 22182-5200
(703) 560-6800.

(b) Any matter requiring referral to the Committee shall be addressed to the—

- Executive Director of the Committee,
Jefferson Plaza 2, Suite 10800,
1421 Jefferson Davis Highway,
Arlington, VA 22202-3259.

8.715 Replacement commodities.

When a commodity on the Procurement List is replaced by another commodity which has not been previously acquired, and a qualified JWOD participating nonprofit agency can furnish the replacement commodity in accordance with the Government's quality standards and delivery schedules and at a fair market price, the replacement commodity is automatically on the Procurement List and shall be acquired from the JWOD participating nonprofit agency designated by the Committee. The commodity being replaced shall continue to be included on the Procurement List until there is no longer a requirement for that commodity.

8.716 Change-of-name and successor in interest procedures.

When the Committee recognizes a name change or a successor in interest for a JWOD participating nonprofit agency providing supplies or services on the Procurement List—

(a) The Committee will provide a notice of a change to the Procurement List to the cognizant contracting officers; and

(b) Upon receipt of a notice of a change to the Procurement List from the Committee, the contracting officer must—

- (1) Prepare a Standard Form (SF) 30, Amendment of Solicitation/Modification of Contract, incorporating a summary of the notice and attaching a list of contracts affected; and
- (2) Distribute the SF 30, including a copy to the Committee.

Except as provided in 25.103, acquire only domestic end products for public use inside the United States.

25.103 Exceptions.

When one of the following exceptions applies, the contracting officer may acquire a foreign end product without regard to the restrictions of the Buy American Act:

(a) *Public interest.* The head of the agency may make a determination that domestic preference would be inconsistent with the public interest. This exception applies when an agency has an agreement with a foreign government that provides a blanket exception to the Buy American Act.

(b) *Nonavailability.* (1) A nonavailability determination has been made for the articles listed in 25.104.

(2)(i) The head of the contracting activity may make a determination that an article, material, or supply is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(ii) If the contracting officer considers that the non-availability of an article is likely to affect future acquisitions, the contracting officer may submit a copy of the determination and supporting documentation to the appropriate council identified in 1.201-1 in accordance with agency procedures, for possible addition to the list in 25.104.

(3) A written determination is not required if all of the following conditions are present:

(i) The acquisition was conducted through use of full and open competition.

(ii) The acquisition was synopsisized in accordance with 5.201.

(iii) No offer for a domestic end product was received.

(c) *Unreasonable cost.* The contracting officer may determine that the cost of a domestic end product would be unreasonable, in accordance with 25.105 and Subpart 25.5.

(d) *Resale.* The contracting officer may purchase foreign end products specifically for commissary resale.

 (b) The determination in paragraph (a) of this section does not apply if the contracting officer learns before the time designated for receipt of bids in sealed bidding or final offers in negotiation that an article on the list is available domestically in sufficient and reasonably available quantities of a satisfactory quality. The contracting officer must amend the solicitation if purchasing the article, or if purchasing an end product that could contain such an article as a component, and must specify in all new solicitations that the article is available domestically and that offerors and contractors may not treat foreign components of the same class or kind as domestic components. In addition, the contracting officer must submit a copy of supporting documentation to the appropriate council identified in 1.201-1 in accordance with agency procedures, for possible removal of the article from the list.

25.105 Determining reasonableness of cost.

(a) The contracting officer—
 (1) Must use the evaluation factors in paragraph (b) of this section unless the head of the agency makes a written determination that the use of higher factors is more appropriate. If the determination applies to all agency acquisitions, the agency evaluation factors must be published in agency regulations; and
 (2) Must not apply evaluation factors to offers of eligible products if the acquisition is subject to a trade agreement under Subpart 25.4.
 (b) If there is a domestic offer that is not the low offer, and the restrictions of the Buy American Act apply to the low offer, the contracting officer must determine the reasonableness of the cost of the domestic offer by adding to the price of the low offer, inclusive of duty—
 (1) 6 percent, if the lowest domestic offer is from a large business concern; or
 (2) 12 percent, if the lowest domestic offer is from a small business concern. The contracting officer must use this factor, or another factor established in agency regulations, in small business set-asides if the low offer is from a small business concern offering the product of a small business concern that is not a domestic end product (see Subpart 19.5).
 (c) The price of the domestic offer is reasonable if it does not exceed the evaluated price of the low offer after addition of the appropriate evaluation factor in accordance with paragraph (a) or (b) of this section. (See evaluation procedures at Subpart 25.5.)

(c) The contractor shall accumulate indirect costs by logical cost groupings with due consideration of the reasons for incurring such costs. The contractor shall determine each grouping so as to permit use of an allocation base that is common to all cost objectives to which the grouping is to be allocated. The base selected shall allocate the grouping on the basis of the benefits accruing to intermediate and final cost objectives. When substantially the same results can be achieved through less precise methods, the number and composition of cost groupings should be governed by practical considerations and should not unduly complicate the allocation.

(d) Once an appropriate base for allocating indirect costs has been accepted, the contractor shall not fragment the base by removing individual elements. All items properly includable in an indirect cost base shall bear a pro rata share of indirect costs irrespective of their acceptance as Government contract costs. For example, when a cost input base is used for the allocation of G&A costs, the contractor shall include in the base all items that would properly be part of the cost input base, whether allowable or unallowable, and these items shall bear their pro rata share of G&A costs.

(e) The method of allocating indirect costs may require revision when there is a significant change in the nature of the business, the extent of subcontracting, fixed-asset improvement programs, inventories, the volume of sales and production, manufacturing processes, the contractor's products, or other relevant circumstances.

(f) Separate cost groupings for costs allocable to offsite locations may be necessary to permit equitable distribution of costs on the basis of the benefits accruing to the several cost objectives.

(g) A base period for allocating indirect costs is the cost accounting period during which such costs are incurred and accumulated for allocation to work performed in that period.

(1) For contracts subject to full or modified CAS coverage, the contractor shall follow the criteria and guidance in 48 CFR 9904.406 for selecting the cost accounting periods to be used in allocating indirect costs.

(2) For contracts other than those subject to paragraph (g)(1) of this section, the base period for allocating indirect costs shall be the contractor's fiscal year used for financial reporting purposes in accordance with generally accepted accounting principles. The fiscal year will normally be 12 months, but a different period may be appropriate (*e.g.*, when a change in fiscal year occurs due to a business combination or other circumstances).

(h) Special care should be exercised in applying the principles of paragraphs (c), (d), and (e) of this section when Government-owned contractor-operated (GOCO) plants are involved. The distribution of corporate, division or branch office G&A expenses to such plants operating with little or

no dependence on corporate administrative activities may require more precise cost groupings, detailed accounts screening, and carefully developed distribution bases.

31.204 Application of principles and procedures.

(a) Costs are allowable to the extent they are reasonable, allocable, and determined to be allowable under 31.201, 31.202, 31.203, and 31.205. These criteria apply to all of the selected items that follow, even if particular guidance is provided for certain items for emphasis or clarity.

(b)(1) For the following subcontract types, costs incurred as reimbursements or payments to a subcontractor are allowable to the extent the reimbursements or payments are for costs incurred by the subcontractor that are consistent with this part:

- (i) Cost-reimbursement.
- (ii) Fixed-price incentive.
- (iii) Price redeterminable (*i.e.*, fixed-price contracts with prospective price redetermination and fixed-ceiling-price contracts with retroactive price redetermination).

(2) The requirements of paragraph (b)(1) of this section apply to any tier above the first firm-fixed-price subcontract or fixed-price subcontract with economic price adjustment provisions.

(c) Costs incurred as payments under firm-fixed-price subcontracts or fixed-price subcontracts with economic price adjustment provisions or modifications thereto, for which subcontract cost analysis was performed are allowable if the price was negotiated in accordance with 31.102.

(d) Section 31.205 does not cover every element of cost. Failure to include any item of cost does not imply that it is either allowable or unallowable. The determination of allowability shall be based on the principles and standards in this subpart and the treatment of similar or related selected items. When more than one subsection in 31.205 is relevant to a contractor cost, the cost shall be apportioned among the applicable subsections, and the determination of allowability of each portion shall be based on the guidance contained in the applicable subsection. When a cost, to which more than one subsection in 31.205 is relevant, cannot be apportioned, the determination of allowability shall be based on the guidance contained in the subsection that most specifically deals with, or best captures the essential nature of, the cost at issue.

31.205 Selected costs.

31.205-1 Public relations and advertising costs.

(a) "Public relations" means all functions and activities dedicated to—

- (1) Maintaining, protecting, and enhancing the image of a concern or its products; or

(2) Maintaining or promoting reciprocal understanding and favorable relations with the public at large, or any segment of the public. The term public relations includes activities associated with areas such as advertising, customer relations, etc.

(b) "Advertising" means the use of media to promote the sale of products or services and to accomplish the activities referred to in paragraph (d) of this subsection, regardless of the medium employed, when the advertiser has control over the form and content of what will appear, the media in which it will appear, and when it will appear. Advertising media include but are not limited to conventions, exhibits, free goods, samples, magazines, newspapers, trade papers, direct mail, dealer cards, window displays, outdoor advertising, radio, and television.

(c) Public relations and advertising costs include the costs of media time and space, purchased services performed by outside organizations, as well as the applicable portion of salaries, travel, and fringe benefits of employees engaged in the functions and activities identified in paragraphs (a) and (b) of this subsection.

(d) The only allowable advertising costs are those that are—

(1) Specifically required by contract, or that arise from requirements of Government contracts, and that are exclusively for—

(i) Acquiring scarce items for contract performance; or

(ii) Disposing of scrap or surplus materials acquired for contract performance;

(2) Costs of activities to promote sales of products normally sold to the U.S. Government, including trade shows, which contain a significant effort to promote exports from the United States. Such costs are allowable, notwithstanding paragraphs (f)(1), (f)(3), (f)(4)(ii), and (f)(5) of this subsection. However, such costs do not include the costs of memorabilia (*e.g.*, models, gifts, and souvenirs), alcoholic beverages, entertainment, and physical facilities that are used primarily for entertainment rather than product promotion; or

(3) Allowable in accordance with 31.205-34.

(e) Allowable public relations costs include the following:

(1) Costs specifically required by contract.

(2) Costs of—

(i) Responding to inquiries on company policies and activities;

(ii) Communicating with the public, press, stockholders, creditors, and customers; and

(iii) Conducting general liaison with news media and Government public relations officers, to the extent that such activities are limited to communication and liaison necessary to keep the public informed on matters of public concern such as notice of contract awards, plant closings or openings, employee layoffs or rehires, financial information, etc.

(3) Costs of participation in community service activities (*e.g.*, blood bank drives, charity drives, savings bond drives, disaster assistance, etc.).

(4) Costs of plant tours and open houses (but see paragraph (f)(5) of this subsection).

(5) Costs of keel laying, ship launching, commissioning, and roll-out ceremonies, to the extent specifically provided for by contract.

(f) Unallowable public relations and advertising costs include the following:

(1) All public relations and advertising costs, other than those specified in paragraphs (d) and (e) of this subsection, whose primary purpose is to promote the sale of products or services by stimulating interest in a product or product line (except for those costs made allowable under 31.205-38(b)(5)), or by disseminating messages calling favorable attention to the contractor for purposes of enhancing the company image to sell the company's products or services.

(2) All costs of trade shows and other special events which do not contain a significant effort to promote the export sales of products normally sold to the U.S. Government.

(3) Costs of sponsoring meetings, conventions, symposia, seminars, and other special events when the principal purpose of the event is other than dissemination of technical information or stimulation of production.

(4) Costs of ceremonies such as—

(i) Corporate celebrations and

(ii) New product announcements.

(5) Costs of promotional material, motion pictures, videotapes, brochures, handouts, magazines, and other media that are designed to call favorable attention to the contractor and its activities.

(6) Costs of souvenirs, models, imprinted clothing, buttons, and other mementos provided to customers or the public.

(7) Costs of memberships in civic and community organizations.

31.205-7 Contingencies.

(a) “Contingency,” as used in this subpart, means a possible future event or condition arising from presently known or unknown causes, the outcome of which is indeterminable at the present time.

(b) Costs for contingencies are generally unallowable for historical costing purposes because such costing deals with costs incurred and recorded on the contractor’s books. However, in some cases, as for example, terminations, a contingency factor may be recognized when it is applicable to a past period to give recognition to minor unsettled factors in the interest of expediting settlement.

(c) In connection with estimates of future costs, contingencies fall into two categories:

(1) Those that may arise from presently known and existing conditions, the effects of which are foreseeable within reasonable limits of accuracy; *e.g.*, anticipated costs of rejects and defective work. Contingencies of this category are to be included in the estimates of future costs so as to provide the best estimate of performance cost.

(2) Those that may arise from presently known or unknown conditions, the effect of which cannot be measured so precisely as to provide equitable results to the contractor and to the Government; *e.g.*, results of pending litigation. Contingencies of this category are to be excluded from cost estimates under the several items of cost, but should be disclosed separately (including the basis upon which the contingency is computed) to facilitate the negotiation of appropriate contractual coverage. (See, for example, 31.205-6(g) and 31.205-19.)

31.205-8 Contributions or donations.

Contributions or donations, including cash, property and services, regardless of recipient, are unallowable, except as provided in 31.205-1(e)(3).

31.205-9 [Reserved]

31.205-10 Cost of money.

(a) *General.* Cost of money—

(1) Is an imputed cost that is not a form of interest on borrowings (see 31.205-20);

(2) Is an “incurred cost” for cost-reimbursement purposes under applicable cost-reimbursement contracts and for progress payment purposes under fixed-price contracts; and

(3) Refers to—

(i) Facilities capital cost of money (48 CFR 9904.414); and

(ii) Cost of money as an element of the cost of capital assets under construction (48 CFR 9904.417).

(b) Cost of money is allowable, provided—

(1) It is measured, assigned, and allocated to contracts in accordance with 48 CFR 9904.414 or measured and added to the cost of capital assets under construction in accordance with 48 CFR 9904.417, as applicable;

(2) The requirements of 31.205-52, which limit the allowability of cost of money, are followed; and

(3) The estimated facilities capital cost of money is specifically identified and proposed in cost proposals relating to the contract under which the cost is to be claimed.

(c) Actual interest cost in lieu of the calculated imputed cost of money is unallowable.

31.205-11 Depreciation.

(a) Depreciation on a contractor’s plant, equipment, and other capital facilities is an allowable contract cost, subject to the limitations contained in this cost principle. For tangible personal property, only estimated residual values that exceed 10 percent of the capitalized cost of the asset need be used in establishing depreciable costs. Where either the declining balance method of depreciation or the class life asset depreciation range system is used, the residual value need not be deducted from capitalized cost to determine depreciable costs. Depreciation cost that would significantly reduce the book value of a tangible capital asset below its residual value is unallowable.

(b) Contractors having contracts subject to 48 CFR 9904.409, Depreciation of Tangible Capital Assets, shall adhere to the requirement of that standard for all fully CAS-covered contracts and may elect to adopt the standard for all other contracts. All requirements of 48 CFR 9904.409 are applicable if the election is made, and contractors must continue to follow it until notification of final acceptance of all deliverable items on all open negotiated Government contracts.

(c) For contracts to which 48 CFR 9904.409 is not applied, except as indicated in paragraphs (g) and (h) of this subsection, allowable depreciation shall not exceed the amount used for financial accounting purposes, and shall be determined in a manner consistent with the depreciation policies and procedures followed in the same segment on non-Government business.

(d) Depreciation, rental, or use charges are unallowable on property acquired from the Government at no cost by the contractor or by any division, subsidiary, or affiliate of the contractor under common control.

(e) The depreciation on any item which meets the criteria for allowance at price under 31.205-26(e) may be based on that price, provided the same policies and procedures are used for costing all business of the using division, subsidiary, or organization under common control.

(f) No depreciation or rental is allowed on property fully depreciated by the contractor or by any division, subsidiary, or affiliate of the contractor under common control. How-

ever, a reasonable charge for using fully depreciated property may be agreed upon and allowed (but, see 31.109(h)(2)). In determining the charge, consideration shall be given to cost, total estimated useful life at the time of negotiations, effect of any increased maintenance charges or decreased efficiency due to age, and the amount of depreciation previously charged to Government contracts or subcontracts.

(g) Whether or not the contract is otherwise subject to CAS, the requirements of 31.205-52 shall be observed.

(h) In the event of a write-down from carrying value to fair value as a result of impairments caused by events or changes in circumstances, allowable depreciation of the impaired assets is limited to the amounts that would have been allowed had the assets not been written down (see 31.205-16(g)). However, this does not preclude a change in depreciation resulting from other causes such as permissible changes in estimates of service life, consumption of services, or residual value.

(i) A "capital lease," as defined in Statement of Financial Accounting Standard No. 13 (FAS-13), Accounting for Leases, is subject to the requirements of this cost principle. (See 31.205-36 for Operating Leases.) FAS-13 requires that capital leases be treated as purchased assets, *i.e.*, be capitalized, and the capitalized value of such assets be distributed over their useful lives as depreciation charges or over the leased life as amortization charges, as appropriate, except that—

(1) Lease costs under a sale and leaseback arrangement are allowable up to the amount that would have been allowed had the contractor retained title to the asset; and

(2) If it is determined that the terms of the capital lease have been significantly affected by the fact that the lessee and lessor are related, depreciation charges are not allowable in excess of those that would have occurred if the lease contained terms consistent with those found in a lease between unrelated parties.

31.205-12 Economic planning costs.

Economic planning costs are the costs of general long-range management planning that is concerned with the future overall development of the contractor's business and that may take into account the eventual possibility of economic dislocations or fundamental alterations in those markets in which the contractor currently does business. Economic planning costs are allowable. Economic planning costs do not include organization or reorganization costs covered by 31.205-27. See 31.205-38 for market planning costs other than economic planning costs.

31.205-13 Employee morale, health, welfare, food service, and dormitory costs and credits.

(a) Aggregate costs incurred on activities designed to improve working conditions, employer-employee relations,

employee morale, and employee performance (less income generated by these activities) are allowable, subject to the limitations contained in this subsection. Some examples of allowable activities are—

- (1) House publications;
- (2) Health clinics;
- (3) Wellness/fitness centers;
- (4) Employee counseling services; and
- (5) Food and dormitory services for the contractor's

employees at or near the contractor's facilities. These services include—

(i) Operating or furnishing facilities for cafeterias, dining rooms, canteens, lunch wagons, vending machines, living accommodations; and

(ii) Similar types of services.

(b) Costs of gifts are unallowable. (Gifts do not include awards for performance made pursuant to 31.205-6(f) or awards made in recognition of employee achievements pursuant to an established contractor plan or policy.)

(c) Costs of recreation are unallowable, except for the costs of employees' participation in company sponsored sports teams or employee organizations designed to improve company loyalty, team work, or physical fitness.

(d)(1) The allowability of food and dormitory losses are determined by the following factors:

(i) Losses from operating food and dormitory services are allowable only if the contractor's objective is to operate such services on a break-even basis.

(ii) Losses sustained because food services or lodging accommodations are furnished without charge or at prices or rates which obviously would not be conducive to the accomplishment of the objective in paragraph (d)(1)(i) of this subsection are not allowable, except as described in paragraph (d)(1)(iii) of this subsection.

(iii) A loss may be allowed to the extent that the contractor can demonstrate that unusual circumstances exist such that even with efficient management, operating the services on a break-even basis would require charging inordinately high prices, or prices or rates higher than those charged by commercial establishments offering the same services in the same geographical areas. The following are examples of unusual circumstances:

(A) The contractor must provide food or dormitory services at remote locations where adequate commercial facilities are not reasonably available.

(B) The contractor's charged (but unproductive) labor costs would be excessive if the services were not available.

(C) If cessation or reduction of food or dormitory operations will not otherwise yield net cost savings.

(2) Costs of food and dormitory services shall include an allocable share of indirect expenses pertaining to these activities.

(2) Establishing, administering, contributing to, or paying the expenses of a political party, campaign, political action committee, or other organization established for the purpose of influencing the outcomes of elections;

(3) Any attempt to influence—

(i) The introduction of Federal, state, or local legislation, or

(ii) The enactment or modification of any pending Federal, state, or local legislation through communication with any member or employee of the Congress or state legislature (including efforts to influence state or local officials to engage in similar lobbying activity), or with any government official or employee in connection with a decision to sign or veto enrolled legislation;

(4) Any attempt to influence—

(i) The introduction of Federal, state, or local legislation, or

(ii) The enactment or modification of any pending Federal, state, or local legislation by preparing, distributing or using publicity or propaganda, or by urging members of the general public or any segment thereof to contribute to or participate in any mass demonstration, march, rally, fund raising drive, lobbying campaign or letter writing or telephone campaign;

(5) Legislative liaison activities, including attendance at legislative sessions or committee hearings, gathering information regarding legislation, and analyzing the effect of legislation, when such activities are carried on in support of or in knowing preparation for an effort to engage in unallowable activities; or

(6) Costs incurred in attempting to improperly influence (see 3.401), either directly or indirectly, an employee or officer of the Executive branch of the Federal Government to give consideration to or act regarding a regulatory or contract matter.

(b) The following activities are excepted from the coverage of (a) of this section:

(1) Providing a technical and factual presentation of information on a topic directly related to the performance of a contract through hearing testimony, statements or letters to the Congress or a state legislature, or subdivision, member, or cognizant staff member thereof, in response to a documented request (including a Congressional Record notice requesting testimony or statements for the record at a regularly scheduled hearing) made by the recipient member, legislative body or subdivision, or a cognizant staff member thereof; provided such information is readily obtainable and can be readily put in deliverable form; and further provided that costs under this section for transportation, lodging or meals are unallowable unless incurred for the purpose of

offering testimony at a regularly scheduled Congressional hearing pursuant to a written request for such presentation made by the Chairman or Ranking Minority Member of the Committee or Subcommittee conducting such hearing.

(2) Any lobbying made unallowable by paragraph (a)(3) of this subsection to influence state or local legislation in order to directly reduce contract cost, or to avoid material impairment of the contractor's authority to perform the contract.

(3) Any activity specifically authorized by statute to be undertaken with funds from the contract.

(c) When a contractor seeks reimbursement for indirect costs, total lobbying costs shall be separately identified in the indirect cost rate proposal, and thereafter treated as other unallowable activity costs.

(d) Contractors shall maintain adequate records to demonstrate that the certification of costs as being allowable or unallowable (see 42.703-2) pursuant to this subsection complies with the requirements of this subsection.

(e) Existing procedures should be utilized to resolve in advance any significant questions or disagreements concerning the interpretation or application of this subsection.

31.205-23 Losses on other contracts.

An excess of costs over income under any other contract (including the contractor's contributed portion under cost-sharing contracts) is unallowable.

31.205-24 [Reserved]

31.205-25 Manufacturing and production engineering costs.

(a) The costs of manufacturing and production engineering effort as described in (1) through (4) of this paragraph are all allowable:

(1) Developing and deploying new or improved materials, systems, processes, methods, equipment, tools and techniques that are or are expected to be used in producing products or services;

(2) Developing and deploying pilot production lines;

(3) Improving current production functions, such as plant layout, production scheduling and control, methods and job analysis, equipment capabilities and capacities, inspection techniques, and tooling analysis (including tooling design and application improvements); and

(4) Material and manufacturing producibility analysis for production suitability and to optimize manufacturing processes, methods, and techniques.

(b) This cost principle does not cover—

(1) Basic and applied research effort (as defined in 31.205-18(a)) related to new technology, materials, systems, processes, methods, equipment, tools and techniques. Such technical effort is governed by 31.205-18, Independent research and development and bid and proposal costs; and

(2) Development effort for manufacturing or production materials, systems, processes, methods, equipment, tools, and techniques that are intended for sale is also governed by 31.205-18.

(c) Where manufacturing or production development costs are capitalized or required to be capitalized under the contractor's capitalization policies, allowable cost will be determined in accordance with the requirements of 31.205-11, Depreciation.

31.205-26 Material costs.

(a) Material costs include the costs of such items as raw materials, parts, subassemblies, components, and manufacturing supplies, whether purchased or manufactured by the contractor, and may include such collateral items as inbound transportation and in-transit insurance. In computing material costs, the contractor shall consider reasonable overruns, spoilage, or defective work (unless otherwise provided in any contract provision relating to inspecting and correcting defective work).

(b) The contractor shall—

(1) Adjust the costs of material for income and other credits, including available trade discounts, refunds, rebates, allowances, and cash discounts, and credits for scrap, salvage, and material returned to vendors; and

(2) Credit such income and other credits either directly to the cost of the material or allocate such income and other credits as a credit to indirect costs. When the contractor can demonstrate that failure to take cash discounts was reasonable, the contractor does not need to credit lost discounts.

(c) Reasonable adjustments arising from differences between periodic physical inventories and book inventories may be included in arriving at costs; provided such adjustments relate to the period of contract performance.

(d) When materials are purchased specifically for and are identifiable solely with performance under a contract, the actual purchase cost of those materials should be charged to the contract. If material is issued from stores, any generally recognized method of pricing such material is acceptable if that method is consistently applied and the results are equitable.

(e) Allowance for all materials, supplies and services that are sold or transferred between any divisions, subdivisions,

subsidiaries, or affiliates of the contractor under a common control shall be on the basis of cost incurred in accordance with this subpart. However, allowance may be at price when—

(1) It is the established practice of the transferring organization to price interorganizational transfers at other than cost for commercial work of the contractor or any division, subsidiary or affiliate of the contractor under a common control; and

(2) The item being transferred qualifies for an exception under 15.403-1(b) and the contracting officer has not determined the price to be unreasonable.

(f) When a commercial item under paragraph (e) of this subsection is transferred at a price based on a catalog or market price, the contractor—

(1) Should adjust the price to reflect the quantities being acquired; and

(2) May adjust the price to reflect the actual cost of any modifications necessary because of contract requirements.

31.205-27 Organization costs.

(a) Except as provided in paragraph (b) of this subsection, expenditures in connection with (1) planning or executing the organization or reorganization of the corporate structure of a business, including mergers and acquisitions, (2) resisting or planning to resist the reorganization of the corporate structure of a business or a change in the controlling interest in the ownership of a business, and (3) raising capital (net worth plus long-term liabilities), are unallowable. Such expenditures include but are not limited to incorporation fees and costs of attorneys, accountants, brokers, promoters and organizers, management consultants and investment counselors, whether or not employees of the contractor. Unallowable "reorganization" costs include the cost of any change in the contractor's financial structure, excluding administrative costs of short-term borrowings for working capital, resulting in alterations in the rights and interests of security holders, whether or not additional capital is raised.

(b) The cost of activities primarily intended to provide compensation will not be considered organizational costs subject to this subsection, but will be governed by 31.205-6. These activities include acquiring stock for—

(1) Executive bonuses,

(2) Employee savings plans, and

(3) Employee stock ownership plans.

(e) *Rental under unexpired leases.* Rental costs under unexpired leases, less the residual value of such leases, are generally allowable when shown to have been reasonably necessary for the performance of the terminated contract, if—

(1) The amount of rental claimed does not exceed the reasonable use value of the property leased for the period of the contract and such further period as may be reasonable; and

(2) The contractor makes all reasonable efforts to terminate, assign, settle, or otherwise reduce the cost of such lease.

(f) *Alterations of leased property.* The cost of alterations and reasonable restorations required by the lease may be allowed when the alterations were necessary for performing the contract.

(g) *Settlement expenses.* (1) Settlement expenses, including the following, are generally allowable:

(i) Accounting, legal, clerical, and similar costs reasonably necessary for—

(A) The preparation and presentation, including supporting data, of settlement claims to the contracting officer; and

(B) The termination and settlement of subcontracts.

(ii) Reasonable costs for the storage, transportation, protection, and disposition of property acquired or produced for the contract.

(iii) Indirect costs related to salary and wages incurred as settlement expenses in (i) and (ii); normally, such indirect costs shall be limited to payroll taxes, fringe benefits, occupancy costs, and immediate supervision costs.

(2) If settlement expenses are significant, a cost account or work order shall be established to separately identify and accumulate them.

(h) *Subcontractor claims.* Subcontractor claims, including the allocable portion of the claims common to the contract and to other work of the contractor, are generally allowable. An appropriate share of the contractor's indirect expense may be allocated to the amount of settlements with subcontractors; provided, that the amount allocated is reasonably proportionate to the relative benefits received and is otherwise consistent with 31.201-4 and 31.203(d). The indirect expense so allocated shall exclude the same and similar costs claimed directly or indirectly as settlement expenses.

31.205-43 Trade, business, technical and professional activity costs.

The following types of costs are allowable:

(a) Memberships in trade, business, technical, and professional organizations.

(b) Subscriptions to trade, business, professional, or other technical periodicals.

(c) When the principal purpose of a meeting, convention, conference, symposium, or seminar is the dissemination of trade, business, technical or professional information or the stimulation of production or improved productivity—

(1) Costs of organizing, setting up, and sponsoring the meetings, conventions, symposia, etc., including rental of meeting facilities, transportation, subsistence, and incidental costs;

(2) Costs of attendance by contractor employees, including travel costs (see 31.205-46); and

(3) Costs of attendance by individuals who are not employees of the contractor, provided—

(i) Such costs are not also reimbursed to the individual by the employing company or organization, and

(ii) The individuals attendance is essential to achieve the purpose of the conference, meeting, convention, symposium, etc.

31.205-44 Training and education costs.

(a) *Allowable costs.* Training and education costs are allowable to the extent indicated below.

(b) *Vocational training.* Costs of preparing and maintaining a noncollege level program of instruction, including but not limited to on-the-job, classroom, and apprenticeship training, designed to increase the vocational effectiveness of employees, are allowable. These costs include—

(1) Salaries or wages of trainees (excluding overtime compensation),

(2) Salaries of the director of training and staff when the training program is conducted by the contractor,

(3) Tuition and fees when the training is in an institution not operated by the contractor, and/or

(4) Training materials and textbooks.

(c) *Part-time college level education.* Allowable costs of part-time college education at an undergraduate or postgraduate level, including that provided at the contractor's own facilities, are limited to—

(1) Fees and tuition charged by the educational institution, or, instead of tuition, instructors' salaries and the related share of indirect cost of the educational institution, to the extent that the sum thereof is not in excess of the tuition that would have been paid to the participating educational institution;

(2) Salaries and related costs of instructors who are employees of the contractor;

(3) Training materials and textbooks; and

(4) Straight-time compensation of each employee for time spent attending classes during working hours not in excess of 156 hours per year where circumstances do not permit the operation of classes or attendance at classes after regular working hours. In unusual cases, the period may be extended (see paragraph (h) of this subsection).

(d) *Full-time education.* Costs of tuition, fees, training materials and textbooks (but not subsistence, salary, or any other emoluments) in connection with full-time education, including that provided at the contractor's own facilities, at a postgraduate but not undergraduate college level, are allowable only when the course or degree pursued is related to the field in which the employee is working or may reasonably be expected to work and are limited to a total period not to exceed 2 school years or the length of the degree program, whichever is less, for each employee so trained.

(e) *Specialized programs.* Costs of attendance of up to 16 weeks per employee per year at specialized programs specifically designed to enhance the effectiveness of managers or to prepare employees for such positions are allowable. Such costs include enrollment fees and related charges and employees' salaries, subsistence, training materials, textbooks, and travel. Costs allowable under this paragraph do not include costs for courses that are part of a degree-oriented curriculum, which are only allowable pursuant to paragraphs (c) and (d) of this subsection.

(f) *Other expenses.* Maintenance expense and normal depreciation or fair rental on facilities owned or leased by the contractor for training purposes are allowable in accordance with 31.205-11, 31.205-17, and 31.205-36.

(g) *Grants.* Grants to educational or training institutions, including the donation of facilities or other properties, scholarships, and fellowships are considered contributions and are unallowable.

(h) *Advance agreements.* (1) Training and education costs in excess of those otherwise allowable under paragraphs (c) and (d) of this subsection, including subsistence, salaries or any other emoluments, may be allowed to the extent set forth in an advance agreement negotiated under 31.109. To be considered for an advance agreement, the contractor must demonstrate that the costs are consistently incurred under an established managerial, engineering, or scientific training and education program, and that the course or degree pursued is related to the field in which the employees are now working or may reasonably be expected to work. Before entering into the advance agreement, the contracting officer shall give consideration to such factors as—

- (i) The length of employees' service with the contractor;
- (ii) Employees' past performance and potential;
- (iii) Whether employees are in formal development programs; and
- (iv) The total number of participating employees.

(2) Any advance agreement must include a provision requiring the contractor to refund to the Government training and education costs for employees who resign within 12 months of completion of such training or education for reasons within an employee's control.

(i) *Training or education costs for other than bona fide employees.* Costs of tuition, fees, textbooks, and similar or related benefits provided for other than bona fide employees are unallowable, except that the costs incurred for educating employee dependents (primary and secondary level studies) when the employee is working in a foreign country where public education is not available and where suitable private education is inordinately expensive may be included in overseas differential.

(j) *Employee dependent education plans.* Costs of college plans for employee dependents are unallowable.

31.205-45 [Reserved]

31.205-46 Travel costs.

(a) *Costs for transportation, lodging, meals, and incidental expenses.* (1) Costs incurred by contractor personnel on official company business are allowable, subject to the limitations contained in this subsection. Costs for transportation may be based on mileage rates, actual costs incurred, or on a combination thereof, provided the method used results in a reasonable charge. Costs for lodging, meals, and incidental expenses may be based on per diem, actual expenses, or a combination thereof, provided the method used results in a reasonable charge.

(2) Except as provided in paragraph (a)(3) of this subsection, costs incurred for lodging, meals, and incidental expenses (as defined in the regulations cited in (a)(2)(i) through (iii) of this paragraph) shall be considered to be reasonable and allowable only to the extent that they do not exceed on a daily basis the maximum per diem rates in effect at the time of travel as set forth in the—

38.000 Scope of part.

This part prescribes policies and procedures for contracting for supplies and services under the Federal Supply Schedule program, which is directed and managed by the General Services Administration (see Subpart 8.4, Federal Supply Schedules, for additional information). GSA may delegate certain responsibilities to other agencies (*e.g.*, GSA has delegated authority to the Department of Veterans Affairs (VA) to procure medical supplies under the VA Federal Supply Schedules Program). The VA Federal Supply Schedules Program is covered by this subpart. Additionally, the Department of Defense manages a similar system of schedule contracting for military items; however, the Department of Defense systems are not a part of the Federal Supply Schedule program.

Subpart 38.1—Federal Supply Schedule Program

38.101 General.

(a) The Federal Supply Schedule program, pursuant to 41 U.S.C. 259(b)(3)(A), provides Federal agencies with a simplified process of acquiring commercial supplies and services in varying quantities while obtaining volume discounts. Indefinite-delivery contracts are awarded using competitive

procedures to firms. The firms provide supplies and services at stated prices for given periods of time, for delivery within a stated geographic area such as the 48 contiguous states, the District of Columbia, Alaska, Hawaii, and overseas. The schedule contracting office issues Federal Supply Schedule publications that contain a general overview of the Federal Supply Schedule (FSS) program and address pertinent topics.

(b) Each schedule identifies agencies that are required to use the contracts as primary sources of supply.

(c) Federal agencies not identified in the schedules as mandatory users may issue orders under the schedules. Contractors are encouraged to accept the orders.

(d) Although GSA awards most Federal Supply Schedule contracts, it may authorize other agencies to award schedule contracts and publish schedules. For example, the Department of Veterans Affairs awards schedule contracts for certain medical and nonperishable subsistence items.

(e) When establishing Federal Supply Schedules, GSA, or an agency delegated that authority, is responsible for complying with all applicable statutory and regulatory requirements (*e.g.*, Parts 5, 6, and 19). The requirements of Parts 5, 6, and 19 apply at the acquisition planning stage prior to issuing the schedule solicitation and do not apply to orders and BPAs placed under resulting schedule contracts (see 8.404).

Subpart 52.2—Text of Provisions and Clauses

52.200 Scope of subpart.

This subpart sets forth the text of all FAR provisions and clauses (see 52.101(b)(1)) and gives a cross-reference to the location in the FAR that prescribes the provision or clause.

- (1) The solicitation, or amended solicitation, provides a different definition;
- (2) The contracting parties agree to a different definition;
- (3) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning; or
- (4) The word or term is defined in FAR Part 31, for use in the cost principles and procedures.

 - (iii) The methods or factors used to calculate the prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory—

- (2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.

(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.

(c) If this contract is terminated under paragraph (a) of this clause, the Government is entitled—

- (1) To pursue the same remedies as in a breach of the contract; and

(2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a designee. (a) Upon the submission of proper invoices or vouchers, the Government shall pay rent for each vehicle at the rate(s) specified in this contract.

(b) Rent shall accrue from the beginning of this contract, or from the date each vehicle is delivered to the Government, whichever is later, and shall continue until the expiration of the contract term or the termination of this contract. However, rent shall accrue only for the period that each vehicle is in the possession of the Government.

(c) Rent shall not accrue for any vehicle that the Contracting Officer determines does not comply with the Condition of Leased Vehicles clause of this contract or otherwise does not comply with the requirements of this contract, until the vehicle is replaced or the defects are corrected.

(d) Rent shall not accrue for any vehicle during any period when the vehicle is unavailable or unusable as a result of the Contractor’s failure to render services for the operation and maintenance of the vehicle as prescribed by this contract.

(e) Rent stated in monthly terms shall be prorated on the basis of 1/30th of the monthly rate for each day the vehicle is in the Government’s possession. If this contract contains a mileage provision, the Government shall pay rent as provided in the Schedule.

(End of clause)

52.208-5 Condition of Leased Vehicles.
