FAC 97-10 SUMMARY

Federal Acquisition Circular (FAC) 97-10 amends the Federal Acquisition Regulation (FAR) as specified below:

Item I—Historically Underutilized Business Zone (HUBZone) Empowerment Contracting Program (FAR Case 97-307)

This interim rule amends FAR Parts 5, 6, 7, 8, 12, 13, 14, 15, 19, 26, 52, and 53 to implement the Small Business Administration Historically Underutilized Business Zone (HUBZone) Empowerment Contracting Program. The purpose of the program is to provide Federal contracting assistance for qualified small business concerns located in historically underutilized business zones in an effort to increase employment opportunities, investment, and economic development in these areas. The program provides for set-asides, sole source awards, and price evaluation preferences for HUBZone small business concerns and establishes goals for awards to such concerns.

Item II—Limits for Indefinite-Quantity Contracts (FAR Case 98-016)

This final rule amends FAR 16.504(a) to clarify that maximum and minimum limits for indefinite-quantity contracts may be expressed as a number of units or dollar value.

Replacement pages: 16-13 and 16-14.

Item III—Office of Federal Contract Compliance Programs National Pre-Award Registry (FAR Case 98-607)

This final rule amends FAR part 22 and related clauses to (1) inform the procurement community of the availability of the Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) National Pre-Award Registry (Registry), accessible through the Internet, that contains contractor establishments that have received a preaward clearance within the preceding 24 months, and the option to use the information in the Registry in lieu of submitting a written request for a preaward clearance; and (2) implement revised Department of Labor (DoL) regulations pertaining

to equal employment opportunity and affirmative action requirements for Federal contractors and subcontractors.

Replacement pages: 22-21 thru 22-28; 52-111 thru 52-118; and Matrix 21 thru 24.

Item IV—Limitation on Allowability of Compensation for Certain Contractor Personnel (FAR Case 97-303)

The interim rule published as Item XIII of FAC 97-04 is converted to a final rule with minor clarifying amendments at FAR 31.205-6(p)(2). The rule implements Section 808 of the National Defense Authorization Act for Fiscal Year 1998 (Pub. L. 105-85). Section 808 limits allowable compensation costs for senior executives of contractors to the benchmark year by the Administrator, Office of Federal Procurement Policy (OFPP). The benchmark compensation amount is \$340,650 for contractor fiscal year 1998, and subsequent contractor fiscal years, unless and until revised by OFPP.

Replacement pages: 31-19 thru 31-20.1.

Item V—Contractor Purchasing System Review (CPSR) Exclusions (FAR Case 97-016)

This final rule amends FAR 44.302 and 44.303 to exclude competitively awarded firm-fixed-price and competitively awarded fixed-price contracts with economic price adjustment, and sales of commercial items pursuant to FAR part 12, from the dollar amount used to determine if a contractor's level of sales to the Government warrants the conduct of a CPSR; and to exclude subcontracts awarded by a contractor exclusively in support of Government contracts that are competitively awarded firm-fixed-price, competitively awarded fixed-price with economic price adjustment, or awarded for commercial items pursuant to FAR part 12, from evaluation during a CPSR.

Replacement pages: 44-3 and 44-4.

Item VI—Contract Quality Requirements (FAR Case 96-009)

This final rule amends FAR 46.202-4, 46.311, and 52.246-11 to replace references to Government specifications with references to commercial quality standards as examples of higher-level contract quality requirements; to require the contracting officer to indicate in the solicitation which higher-level quality standards will satisfy the Government's requirement; and, if more than one standard is listed in the solicitation, to require the offeror to indicate its selection by checking a block.

Replacement pages: 46-3 thru 46-6; 52-5 and 52-6; 52-303 and 52-304; and Matrix 47 and 48.

**Item VII—Mandatory Government Source Inspection
(FAR Case 97-027)**

This final rule amends FAR 46.402 to facilitate the elimination of unnecessary requirements for Government contract quality assurance at source. This rule deletes the mandatory requirements for Government contract quality assurance at source on all contracts that include a higher-level contract quality requirement, and for supplies requiring inspection that are destined for overseas shipment.

Replacement pages: 46-7 and 46-8.

**Item VIII—No-Cost Value Engineering Change Proposals
(FAR Case 96-011)**

The interim rule published as Item X of FAC 97-05 is converted to a final rule without change. The rule revises FAR 48.104-3 to clarify that no-cost value engineering change proposals (VECPs) may be used when, in the contracting officer's judgment, reliance on other VECP approaches likely would not be more cost-effective, and the no-cost settlement would provide adequate consideration to the Government.

Replacement pages: None.

**Item IX—Evidence of Shipment in Electronic Data
Interchange (EDI) Transactions (FAR Case 97-011)**

This final rule revises the clause at FAR 52.247-48 to facilitate the use of electronic data interchange (EDI) transactions and to streamline the payment process when supplies are purchased on a free on board (f.o.b.) destination basis with inspection and acceptance at origin.

Replacement pages: 52-329 and 52-330.

(2) To achieve efficient operations, the System must shift its focus from “risk avoidance” to one of “risk management.” The cost to the taxpayer of attempting to eliminate all risk is prohibitive. The Executive Branch will accept and manage the risk associated with empowering local procurement officials to take independent action based on their professional judgment.

(3) The Government shall exercise discretion, use sound business judgment, and comply with applicable laws and regulations in dealing with contractors and prospective contractors. All contractors and prospective contractors shall be treated fairly and impartially but need not be treated the same.

(d) *Fulfill public policy objectives.* The System must support the attainment of public policy goals adopted by the Congress and the President. In attaining these goals, and in its overall operations, the process shall ensure the efficient use of public resources.

1.102-3 Acquisition Team.

The purpose of defining the Federal Acquisition Team (Team) in the Guiding Principles is to ensure that participants in the System are identified beginning with the customer and ending with the contractor of the product or service. By identifying the team members in this manner, teamwork, unity of purpose, and open communication among the members of the Team in sharing the vision and achieving the goal of the System are encouraged. Individual team members will participate in the acquisition process at the appropriate time.

1.102-4 Role of the Acquisition Team.

(a) Government members of the Team must be empowered to make acquisition decisions within their areas of responsibility, including selection, negotiation, and administration of contracts consistent with the Guiding Principles. In particular, the contracting officer must have the authority to the maximum extent practicable and consistent with law, to determine the application of rules, regulations, and policies, on a specific contract.

(b) The authority to make decisions and the accountability for the decisions made will be delegated to the lowest level within the System, consistent with law.

(c) The Team must be prepared to perform the functions and duties assigned. The Government is committed to provide training, professional development, and other resources necessary for maintaining and improving the knowledge, skills, and abilities for all Government participants on the Team, both with regard to their particular area of responsibility within the System, and their respective role as a team member. The contractor community is encouraged to do likewise.

(d) The System will foster cooperative relationships between the Government and its contractors consistent with its overriding responsibility to the taxpayers.

(e) The FAR outlines procurement policies and procedures that are used by members of the Acquisition Team. If a policy or procedure, or a particular strategy or practice, is in the best interest of the Government and is not specifically addressed in the FAR, nor prohibited by law (statute or case law), Executive order or other regulation, Government members of the Team should not assume it is prohibited. Rather, absence of direction should be interpreted as permitting the Team to innovate and use sound business judgment that is otherwise consistent with law and within the limits of their authority. Contracting officers should take the lead in encouraging business process innovations and ensuring that business decisions are sound.

1.103 Authority.

(a) The development of the FAR System is in accordance with the requirements of the Office of Federal Procurement Policy Act of 1974 (Pub. L. 93-400), as amended by Pub. L. 96-83, and OFPP Policy Letter 85-1, Federal Acquisition Regulations System, dated August 19, 1985.

(b) The FAR is prepared, issued, and maintained, and the FAR System is prescribed jointly by the Secretary of Defense, the Administrator of General Services, and the Administrator, National Aeronautics and Space Administration, under their several statutory authorities.

1.104 Applicability.

The FAR applies to all acquisitions as defined in Part 2 of the FAR, except where expressly excluded.

1.105 Issuance.

1.105-1 Publication and code arrangement.

(a) The FAR is published in—

- (1) The daily issue of the *Federal Register*;
- (2) Cumulated form in the *Code of Federal Regulations* (CFR); and
- (3) A separate loose-leaf edition.

(b) The FAR is issued as Chapter 1 of Title 48, CFR. Subsequent chapters are reserved for agency acquisition regulations that implement or supplement the FAR (see Subpart 1.3). The CFR Staff will assign chapter numbers to requesting agencies.

(c) Each numbered unit or segment (*e.g.*, part, subpart, section, etc.) of an agency acquisition regulation that is codified in the CFR shall begin with the chapter number. However, the chapter number assigned to the FAR will not be included in the numbered units or segments of the FAR.

1.105-2 Arrangement of regulations.

(a) *General.* The FAR is divided into subchapters, parts (each of which deals with a separate aspect of acquisition), subparts, sections, and subsections.

1.105-3

(b) *Numbering.* (1) The numbering system permits the discrete identification of every FAR paragraph. The digits to the left of the decimal point represent the part number. The numbers to the right of the decimal point and to the left of the dash represent, in order, the subpart (one or two digits), and the section (two digits). The number to the right of the dash represents the subsection. Subdivisions may be used at the section and subsection level to identify individual paragraphs. The following example illustrates the make-up of a FAR number citation (note that subchapters are not used with citations):

(2) Subdivisions below the section or subsection level shall consist of parenthetical alpha numerics reading from highest to lowest indenture as follows: lower case alphabet, Arabic numbers, lower case Roman numerals, and upper case alphabet. The following example is illustrative:

(a)(1)(i)(A)

Subdivisions, below the 4th level, shall repeat the sequence.

(c) *References and citations.* (1) Unless otherwise stated, cross-references indicate parts, subparts, sections, subsections, paragraphs, subparagraphs, or subdivisions of this regulation.

(2) This regulation may be referred to as the Federal Acquisition Regulation or the FAR.

(3) Using the FAR coverage at 9.106-4(d) as a typical illustration, reference to the—

(i) Part would be “FAR Part 9” outside the FAR and “Part 9” within the FAR.

(ii) Subpart would be “FAR Subpart 9.1” outside the FAR and “Subpart 9.1” within the FAR.

(iii) Section would be “FAR 9.106” outside the FAR and “9.106” within the FAR.

(iv) Subsection would be “FAR 9.106-4” outside the FAR and “9.106-4” within the FAR.

(v) Paragraph would be “FAR 9.106-4(d)” outside the FAR and “9.106-4(d)” within the FAR.

(4) Citations of authority (*e.g.*, statutes or Executive orders) in the FAR shall follow the *Federal Register* form guides.

1.105-3 Copies.

Copies of the FAR in *Federal Register*, loose-leaf, CD-ROM, and CFR form may be purchased from the—

Superintendent of Documents
Government Printing Office (GPO)
Washington, DC 20402.

1.107 Certifications.

In accordance with Section 29 of the Office of Federal Procurement Policy Act (41 U.S.C. 425), as amended by Section 4301 of the Clinger-Cohen Act of 1996 (Public Law 104-106), a new requirement for a certification by a contractor or offeror may not be included in this chapter unless—

- (a) The certification requirement is specifically imposed by statute; or
- (b) Written justification for such certification is provided to the Administrator for Federal Procurement Policy by the Federal Acquisition Regulatory Council, and the Administrator approves in writing the inclusion of such certification requirement.

Subpart 1.2—Administration

1.201 Maintenance of the FAR.

1.201-1 The two councils.

(a) Subject to the authorities discussed in 1.102, revisions to the FAR will be prepared and issued through the coordinated action of two councils, the Defense Acquisition Regulations Council (DAR Council) and the Civilian Agency Acquisition Council (CAA Council). Members of these councils shall—

- (1) Represent their agencies on a full-time basis;
- (2) Be selected for their superior qualifications in terms of acquisition experience and demonstrated professional expertise; and
- (3) Be funded by their respective agencies.

(b) The chairperson of the CAA Council shall be the representative of the Administrator of General Services. The other members of this council shall be one each representative from the—

- (1) Departments of Agriculture, Commerce, Energy, Health and Human Services, Interior, Labor, State, Transportation, and Treasury; and
- (2) Environmental Protection Agency, Social Security Administration, Small Business Administration, and Department of Veterans Affairs.

(c) The Director of the DAR Council shall be the representative of the Secretary of Defense. The operation of the DAR Council will be as prescribed by the Secretary of Defense. Membership shall include representatives of the military Departments, the Defense Logistics Agency, and the National Aeronautics and Space Administration.

(d) Responsibility for processing revisions to the FAR is apportioned by the two councils so that each council has cognizance over specified parts or subparts.

(e) Each council shall be responsible for—

- (1) Agreeing on all revisions with the other council;
- (2) Submitting to the FAR Secretariat (see 1.201-2) the information required under paragraphs 1.501-2(b) and (e) for publication in the *Federal Register* of a notice soliciting comments on a proposed revision to the FAR;
- (3) Considering all comments received in response to notice of proposed revisions;
- (4) Arranging for public meetings;
- (5) Preparing any final revision in the appropriate FAR format and language; and
- (6) Submitting any final revision to the FAR Secretariat for publication in the *Federal Register* and printing for distribution.

1.201-2 FAR Secretariat.

(a) The General Services Administration is responsible for establishing and operating the FAR Secretariat to print, publish, and distribute the FAR through the *Code of Federal Regulations* system (including a loose-leaf edition with periodic updates).

(b) Additionally, the FAR Secretariat shall provide the two councils with centralized services for—

- (1) Keeping a synopsis of current FAR cases and their status;
- (2) Maintaining official files;
- (3) Assisting parties interested in reviewing the files on completed cases; and
- (4) Performing miscellaneous administrative tasks pertaining to the maintenance of the FAR.

1.202 Agency compliance with the FAR.

Agency compliance with the FAR (see 1.304) is the responsibility of the Secretary of Defense (for the military departments and defense agencies), the Administrator of General Services (for civilian agencies other than NASA), and the Administrator of NASA (for NASA activities).

Subpart 1.3—Agency Acquisition Regulations

1.301 Policy.

(a)(1) Subject to the authorities in paragraph (c) of this section and other statutory authority, an agency head may

issue or authorize the issuance of agency acquisition regulations that implement or supplement the FAR and incorporate, together with the FAR, agency policies, procedures, contract clauses, solicitation provisions, and forms that govern the contracting process or otherwise control the relationship between the agency, including any of its suborganizations, and contractors or prospective contractors.

(2) Subject to the authorities in paragraph (c) of this section and other statutory authority, an agency head may issue or authorize the issuance of internal agency guidance at any organizational level (*e.g.*, designations and delegations of authority, assignments of responsibilities, work-flow procedures, and internal reporting requirements).

(b) Agency heads shall establish procedures to ensure that agency acquisition regulations are published for comment in the *Federal Register* in conformance with the procedures in Subpart 1.5 and as required by section 22 of the Office of Federal Procurement Policy Act, as amended (41 U.S.C. 418b), and other applicable statutes, when they have a significant effect beyond the internal operating procedures of the agency or have a significant cost or administrative impact on contractors or offerors. However, publication is not required for issuances that merely implement or supplement higher level issuances that have previously undergone the public comment process, unless such implementation or supplementation results in an additional significant cost or administrative impact on contractors or offerors or effect beyond the internal operating procedures of the issuing organization. Issuances under 1.301(a)(2) need not be publicized for public comment.

(c) When adopting acquisition regulations, agencies shall ensure that they comply with the Paperwork Reduction Act (44 U.S.C. 3501, *et seq.*) as implemented in 5 CFR 1320 (see 1.106) and the Regulatory Flexibility Act (5 U.S.C. 601, *et seq.*). Normally, when a law requires publication of a proposed regulation, the Regulatory Flexibility Act applies and agencies must prepare written analyses, or certifications as provided in the law.

(d) Agency acquisition regulations implementing or supplementing the FAR are, for—

- (1) The military departments and defense agencies, issued subject to the authority of the Secretary of Defense;
- (2) NASA activities, issued subject to the authorities of the Administrator of NASA; and
- (3) The civilian agencies other than NASA, issued by the heads of those agencies subject to the overall authority of the Administrator of General Services or independent authority the agency may have.

1.302 Limitations.

Agency acquisition regulations shall be limited to—

(c) *General format for Item 17, “Description.”* (1) Prepare a clear and concise description of the supplies or services that is not unnecessarily restrictive of competition and will allow a prospective offeror to make an informed business judgment as to whether a copy of the solicitation should be requested.

(2) Do not include in Item 17 the CBD supply or service classification code from Item 6.

- (i) National Stock Number (NSN) if assigned.
- (ii) Specification and whether an offeror, its product, or service must meet a qualification requirement in order to be eligible for award, and identification of the office from which additional information about the qualification requirement may be obtained (see Subpart 9.2).
- (iii) Manufacturer, including part number, drawing number, etc.

(x) Duration of the contract period.

(xi) For a proposed contract action in an amount estimated to be greater than \$25,000 but not greater than the simplified acquisition threshold, enter (A) a description of the procedures to be used in awarding the contract (e.g., request for oral or written quotation or solicitation), and (B) the anticipated award date.

(xii) For Architect-Engineer projects and other projects for which the supply or service codes are insufficient, provide brief details with respect to: location, scope of services required, cost range and limitations, type of contract, estimated starting and completion dates, and any significant evaluation factors.

(xiii) Numbered notes (see 5.207(e)), including instructions for set-asides for small businesses.

(xiv) In the case of noncompetitive contract actions (including those that do not exceed the simplified acquisition threshold), identify the intended source (see 5.207(e)(3)) and insert a statement of the reason justifying the lack of competition.

(xv) Insert a statement that all responsible sources may submit a bid, proposal, or quotation which shall be considered by the agency.

(xvi) If the contracting office will accept requests for solicitations through alternate means (e.g., facsimile machine, Telex), provide the machine number and routing instructions.

(xvii) If the solicitation will be made available to interested parties through electronic data interchange, provide any information necessary to obtain and respond to the solicitation electronically.

(d) *Set-asides.* When the proposed acquisition provides for a total or partial small business set aside or a HUBZone small business set-aside, the appropriate CBD Numbered Note will be cited.

(e) *Numbered Notes.* (1) Numbered Notes are footnotes. The purpose of the Numbered Notes is to conserve space and simplify the identification of repetitive notices. An explanation of the Numbered Notes appears each week in the Monday edition of the CBD. If the Monday edition of the CBD is not printed because of a holiday, an explanation of the Numbered Notes will appear in the next day's issue. When one or more of the Notes applies to a synopsis, contracting officers should reference the note at the end of Item 17 of the synopsis; e.g., “See Note(s) _____.” Requests to add or change Notes will be submitted through channels for approval by the DAR Council and the CAA Council. The Councils will review the Numbered Notes periodically and, as appropriate, after consultation with the initiating agency, advise the Department of Commerce to delete or modify outdated or unused notes from the CBD. Contracting officers shall also include the substance of Numbered Notes whenever a proposed contract is publicized by means other than the CBD (see 5.101).

(2) If the acquisition is subject to the requirements of the Trade Agreements Act of 1979 (see Part 25), Numbered Note 12 shall be referenced in the synopsis.

(3) Except for proposed contract actions equal to or less than the simplified acquisition threshold or acquisitions of commercial items, the synopsis shall refer to Numbered Note 22 for noncompetitive proposed contract actions. If it is anticipated that award will be made via a delivery order to an existing basic ordering agreement, the synopsis shall so state.

(4) If, under the proposed acquisition, the Government does not intend to acquire a commercial item using Part 12, the synopsis shall refer to Numbered Note 26.

(f) *Information not covered by Numbered Notes.* To alert prospective contractors to information not covered by Numbered Notes, contracting officers should identify the following unusual circumstances in the synopsis:

(1) "Availability of specifications, plans, drawings, or other technical data. It is impracticable to distribute the applicable _____ [*insert 'specifications,' 'plans,' 'drawings,' or other appropriate words*] with the solicitation. These contract documents may be examined or obtained at _____."

Subpart 6.4—Sealed Bidding and Competitive Proposals

- 6.401 Sealed bidding and competitive proposals.

Subpart 6.5—Competition Advocates

- 6.501 Requirement.
6.502 Duties and responsibilities.

6.000 Scope of part.

This part prescribes policies and procedures to promote full and open competition in the acquisition process and to provide for full and open competition, full and open competition after exclusion of sources, other than full and open competition, and competition advocates. As used in this part, full and open competition is the process by which all responsible offerors

are allowed to compete. This part does not deal with the results of competition (*e.g.*, adequate price competition), which are addressed in other parts (*e.g.*, Part 15).

6.001 Applicability.

This part applies to all acquisitions except—

(a) Contracts awarded using the simplified acquisition procedures of Part 13 (but see 13.501 for requirements pertaining to sole source acquisitions of commercial items under Subpart 13.5);

(b) Contracts awarded using contracting procedures (other than those addressed in this part) that are expressly authorized by statute;

(c) Contract modifications, including the exercise of priced options that were evaluated as part of the initial competition (see 17.207(f)), that are within the scope and under the terms of an existing contract;

(d) Orders placed under requirements contracts or definite-quantity contracts;

(e) Orders placed under indefinite-quantity contracts that were entered into pursuant to this part when—

(1) The contract was awarded under Subpart 6.1 or 6.2 and all responsible sources were realistically permitted to compete for the requirements contained in the order; or

(2) The contract was awarded under Subpart 6.3 and the required justification and approval adequately covers the requirements contained in the order; or

(f) Orders placed against task order and delivery order contracts entered into pursuant to Subpart 16.5.

6.002 Limitations.

No agency shall contract for supplies or services from another agency for the purpose of avoiding the requirements of this part.

6.003 Definitions.

“Full and open competition,” when used with respect to a contract action, means that all responsible sources are permitted to compete.

“Procuring activity,” as used in this part, means a component of an executive agency having a significant acquisition function and designated as such by the head of the agency. Unless agency regulations specify otherwise, the term “procuring activity” shall be synonymous with “contracting activity” as defined in Subpart 2.1.

“Sole source acquisition” means a contract for the purchase of supplies or services that is entered into or proposed to be entered into by an agency after soliciting and negotiating with only one source.

“Unique and innovative concept,” when used relative to an unsolicited research proposal, means that, in the opinion

and to the knowledge of the Government evaluator, the meritorious proposal is the product of original thinking submitted in confidence by one source; contains new novel or changed concepts, approaches, or methods; was not submitted previously by another; and, is not otherwise available within the Federal Government. In this context, the term does not mean that the source has the sole capability of performing the research.

Subpart 6.1—Full and Open Competition

6.100 Scope of subpart.

This subpart prescribes the policy and procedures that are to be used to promote and provide for full and open competition.

6.101 Policy.

(a) 10 U.S.C. 2304 and 41 U.S.C. 253 require, with certain limited exceptions (see Subparts 6.2 and 6.3), that contracting officers shall promote and provide for full and open competition in soliciting offers and awarding Government contracts.

(b) Contracting officers shall provide for full and open competition through use of the competitive procedure(s) contained in this subpart that are best suited to the circumstances of the contract action and consistent with the need to fulfill the Government's requirements efficiently (10 U.S.C. 2304 and 41 U.S.C. 253).

6.102 Use of competitive procedures.

The competitive procedures available for use in fulfilling the requirement for full and open competition are as follows:

(a) *Sealed bids.* (See 6.401(a).)

(b) *Competitive proposals.* (See 6.401(b).) If sealed bids are not appropriate under paragraph (a) of this section, contracting officers shall request competitive proposals or use the other competitive procedures under paragraph (c) or (d) of this section.

(c) *Combination of competitive procedures.* If sealed bids are not appropriate, contracting officers may use any combination of competitive procedures (*e.g.*, two-step sealed bidding).

(d) *Other competitive procedures.* (1) Selection of sources for architect-engineer contracts in accordance with the provisions of Pub. L. 92-582 (40 U.S.C. 541, *et seq.*) is a competitive procedure (see Subpart 36.6 for procedures).

(2) Competitive selection of basic and applied research and that part of development not related to the development of a specific system or hardware procurement is a competitive procedure if award results from—

(i) A broad agency announcement that is general in nature identifying areas of research interest, including criteria

for selecting proposals, and soliciting the participation of all offerors capable of satisfying the Government's needs; and

(ii) A peer or scientific review.

(3) Use of multiple award schedules issued under the procedures established by the Administrator of General Services consistent with the requirement of 41 U.S.C. 259(b)(3)(A) for the multiple award schedule program of the General Services Administration is a competitive procedure.

Subpart 6.2—Full and Open Competition After Exclusion of Sources

6.200 Scope of subpart.

This subpart prescribes policy and procedures for providing for full and open competition after excluding one or more sources.

6.201 Policy.

Acquisitions made under this subpart require use of the competitive procedures prescribed in 6.102 after agencies have excluded a source or sources from participation in a contract action under the circumstances described in 6.202 or 6.203 below.

6.202 Establishing or maintaining alternative sources.

(a) Agencies may exclude a particular source from a contract action in order to establish or maintain an alternative source or sources for the supplies or services being acquired if the agency head determines that to do so would—

(1) Increase or maintain competition and likely result in reduced overall costs for the acquisition, or for any anticipated acquisition;

(2) Be in the interest of national defense in having a facility (or a producer, manufacturer, or other supplier) available for furnishing the supplies or services in case of a national emergency or industrial mobilization;

(3) Be in the interest of national defense in establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center;

(4) Ensure the continuous availability of a reliable source of supplies or services;

(5) Satisfy projected needs based on a history of high demand; or

(6) Satisfy a critical need for medical, safety, or emergency supplies.

(b)(1) Every proposed contract action under the authority of paragraph (a) of this section shall be supported by a determination and findings (D&F) (see Subpart 1.7) signed by the head of the agency or designee. This D&F shall not be made on a class basis.

(2) Technical and requirements personnel are responsible for providing all necessary data to support their recommendation to exclude a particular source.

(3) When the authority in subparagraph (a)(1) of this section is cited, the findings shall include a description of the estimated reduction in overall costs and how the estimate was derived.

6.203 Set-asides for small business concerns.

(a) To fulfill the statutory requirements relating to small business concerns, contracting officers may set aside solicitations to allow only such business concerns to compete. This includes contract actions conducted under the Small Business Innovation Research Program established under Pub. L. 97-219.

(b) No separate justification or determination and findings is required under this part to set aside a contract action for small business concerns.

(c) Subpart 19.5 prescribes policies and procedures that shall be followed with respect to set-asides.

6.204 Section 8(a) competition.

(a) To fulfill statutory requirements relating to section 8(a) of the Small Business Act, as amended by Pub. L. 100-656, contracting officers may limit competition to eligible 8(a) contractors (see Subpart 19.8).

(b) No separate justification or determination and findings is required under this part to limit competition to eligible 8(a) contractors.

6.205 Set-asides for HUBZone small business concerns.

(a) To fulfill the statutory requirements relating to the HUBZone Act of 1997 (15 U.S.C. 631 note), contracting officers in participating agencies (see 19.1302) may set aside solicitations to allow only qualified HUBZone small business concerns to compete (see 19.1305).

(b) No separate justification or determination and findings is required under this part to set aside a contract action for qualified HUBZone small business concerns.

Subpart 6.3—Other Than Full and Open Competition

6.300 Scope of subpart.

This subpart prescribes policies and procedures, and identifies the statutory authorities, for contracting without providing for full and open competition.

6.301 Policy.

(a) 41 U.S.C. 253(c) and 10 U.S.C. 2304(c) each authorize, under certain conditions, contracting without providing for full and open competition. The Department of Defense, Coast Guard, and National Aeronautics and Space

Administration are subject to 10 U.S.C. 2304(c). Other executive agencies are subject to 41 U.S.C. 253(c). Contracting without providing for full and open competition or full and open competition after exclusion of sources is a violation of statute, unless permitted by one of the exceptions in 6.302.

(b) Each contract awarded without providing for full and open competition shall contain a reference to the specific authority under which it was so awarded. Contracting officers shall use the U.S. Code citation applicable to their agency (see 6.302).

(c) Contracting without providing for full and open competition shall not be justified on the basis of—

(1) A lack of advance planning by the requiring activity; or

(2) Concerns related to the amount of funds available (e.g., funds will expire) to the agency or activity for the acquisition of supplies or services.

(d) When not providing for full and open competition, the contracting officer shall solicit offers from as many potential sources as is practicable under the circumstances.

(e) For contracts under this subpart, the contracting officer shall use the contracting procedures prescribed in 6.102(a) or (b), if appropriate, or any other procedures authorized by this regulation.

6.302 Circumstances permitting other than full and open competition.

The following statutory authorities (including applications and limitations) permit contracting without providing for full and open competition. Requirements for justifications to support the use of these authorities are in 6.303.

6.302-1 Only one responsible source and no other supplies or services will satisfy agency requirements.

(a) *Authority.* (1) Citations: 10 U.S.C. 2304(c)(1) or 41 U.S.C. 253(c)(1).

(2) When the supplies or services required by the agency are available from only one responsible source, or, for DOD, NASA, and the Coast Guard, from only one or a limited number of responsible sources, and no other type of supplies or services will satisfy agency requirements, full and open competition need not be provided for.

(i) Supplies or services may be considered to be available from only one source if the source has submitted an unsolicited research proposal that—

(A) Demonstrates a unique and innovative concept, or, demonstrates a unique capability of the source to provide the particular research services proposed;

(B) Offers a concept or services not otherwise available to the Government; and

(C) Does not resemble the substance of a pending competitive acquisition. (See 10 U.S.C. 2304(d)(1)(A) and 41 U.S.C. 253(d)(1)(A).)

(ii) Supplies may be deemed to be available only from the original source in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment, including major components thereof, when it is likely that award to any other source would result in—

(A) Substantial duplication of cost to the Government that is not expected to be recovered through competition; or

(B) Unacceptable delays in fulfilling the agency's requirements. (See 10 U.S.C. 2304(d)(1)(B) or 41 U.S.C. 253(d)(1)(B).)

(iii) For DOD, NASA, and the Coast Guard, services may be deemed to be available only from the original source in the case of follow-on contracts for the continued provision of highly specialized services when it is likely that award to any other source would result in—

(A) Substantial duplication of cost to the Government that is not expected to be recovered through competition; or

(B) Unacceptable delays in fulfilling the agency's requirements. (See 10 U.S.C. 2304(d)(1)(B).)

(b) *Application.* This authority shall be used, if appropriate, in preference to the authority in 6.302-7; it shall not be used when any of the other circumstances is applicable. Use of this authority may be appropriate in situations such as the following (these examples are not intended to be all inclusive and do not constitute authority in and of themselves):

(1) When there is a reasonable basis to conclude that the agency's minimum needs can only be satisfied by—

(i) Unique supplies or services available from only one source or only one supplier with unique capabilities; or

(ii) For DOD, NASA, and the Coast Guard, unique supplies or services available from only one or a limited number of sources or from only one or a limited number of suppliers with unique capabilities.

(2) The existence of limited rights in data, patent rights, copyrights, or secret processes; the control of basic raw material; or similar circumstances, make the supplies and services available from only one source (however, the mere existence of such rights or circumstances does not in and of itself justify the use of these authorities) (see Part 27).

(3) When acquiring utility services (see 41.101), circumstances may dictate that only one supplier can furnish the service (see 41.202); or when the contemplated contract is for construction of a part of a utility system and the utility company itself is the only source available to work on the system.

(4) When the agency head has determined in accordance with the agency's standardization program that only specified makes and models of technical equipment and parts will satisfy the agency's needs for additional units or replacement items, and only one source is available.

(c) *Application for brand name descriptions.* An acquisition that uses a brand name description or other purchase description to specify a particular brand name, product, or feature of a product, peculiar to one manufacturer does not provide for full and open competition regardless of the number of sources solicited. It shall be justified and approved in accordance with FAR 6.303 and 6.304. The justification should indicate that the use of such descriptions in the acquisition is essential to the Government's requirements, thereby precluding consideration of a product manufactured by another company. (Brand-name or equal descriptions, and other purchase descriptions that permit prospective contractors to offer products other than those specifically referenced by brand name, provide for full and open competition and do not require justifications and approvals to support their use.)

(d) *Limitations.* (1) Contracts awarded using this authority shall be supported by the written justifications and approvals described in 6.303 and 6.304.

(2) For contracts awarded using this authority, the notices required by 5.201 shall have been published and any bids and proposals must have been considered.

6.302-2 Unusual and compelling urgency.

(a) *Authority.* (1) Citations: 10 U.S.C. 2304(c)(2) or 41 U.S.C. 253(c)(2).

(2) When the agency's need for the supplies or services is of such an unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits bids or proposals, full and open competition need not be provided for.

(b) *Application.* This authority applies in those situations where—

(1) An unusual and compelling urgency precludes full and open competition; and

(2) Delay in award of a contract would result in serious injury, financial or other, to the Government.

(c) *Limitations.* (1) Contracts awarded using this authority shall be supported by the written justifications and approvals described in 6.303 and 6.304. These justifications may be made and approved after contract award when preparation and approval prior to award would unreasonably delay the acquisition.

(2) This statutory authority requires that agencies shall request offers from as many potential sources as is practicable under the circumstances.

6.302-3 Industrial mobilization; engineering, developmental, or research capability; or expert services.

(a) *Authority.* (1) Citations: 10 U.S.C. 2304(c)(3) or 41 U.S.C. 253(c)(3).

(2) Full and open competition need not be provided for when it is necessary to award the contract to a particular source or sources in order—

(i) To maintain a facility, producer, manufacturer, or other supplier available for furnishing supplies or services in case of a national emergency or to achieve industrial mobilization;

(ii) To establish or maintain an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center; or

(iii) To acquire the services of an expert or neutral person (see 33.201) for any current or anticipated litigation or dispute.

(b) *Application.* (1) Use of the authority in paragraph (a)(2)(i) of this subsection may be appropriate when it is necessary to—

(i) Keep vital facilities or suppliers in business or make them available in the event of a national emergency;

(ii) Train a selected supplier in the furnishing of critical supplies or services; prevent the loss of a supplier's ability and employees' skills; or maintain active engineering, research, or development work;

(iii) Maintain properly balanced sources of supply for meeting the requirements of acquisition programs in the interest of industrial mobilization (when the quantity required is substantially larger than the quantity that must be awarded in order to meet the objectives of this authority, that portion not required to meet such objectives will be acquired by providing for full and open competition, as appropriate, under this part);

(iv) Limit competition for current acquisition of selected supplies or services approved for production planning under the Department of Defense Industrial Preparedness Program to planned producers with whom industrial preparedness agreements for those items exist, or limit award to offerors who agree to enter into industrial preparedness agreements;

(v) Create or maintain the required domestic capability for production of critical supplies by limiting competition to items manufactured in the United States or the United States and Canada;

(vi) Continue in production, contractors that are manufacturing critical items, when there would otherwise be a break in production; or

(vii) Divide current production requirements among two or more contractors to provide for an adequate industrial mobilization base.

(2) Use of the authority in paragraph (a)(2)(ii) of this subsection may be appropriate when it is necessary to—

(i) Establish or maintain an essential capability for theoretical analyses, exploratory studies, or experiments in any field of science or technology;

(ii) Establish or maintain an essential capability for engineering or developmental work calling for the practical application of investigative findings and theories of a scientific or technical nature; or

(iii) Contract for supplies or services as are necessary incident to paragraphs (b)(2)(i) or (ii) of this subsection.

(3) Use of the authority in paragraph (a)(2)(iii) of this subsection may be appropriate when it is necessary to acquire the services of either—

(i) An expert to use, in any litigation or dispute (including any reasonably foreseeable litigation or dispute) involving the Government in any trial, hearing, or proceeding before any court, administrative tribunal, or agency, whether or not the expert is expected to testify. Examples of such services include, but are not limited to:

(A) Assisting the Government in the analysis, presentation, or defense of any claim or request for adjustment to contract terms and conditions, whether asserted by a contractor or the Government, which is in litigation or dispute, or is anticipated to result in dispute or litigation before any court, administrative tribunal, or agency; or

(B) Participating in any part of an alternative dispute resolution process, including but not limited to evaluators, fact finders, or witnesses, regardless of whether the expert is expected to testify; or

(ii) A neutral person, *e.g.*, mediators or arbitrators, to facilitate the resolution of issues in an alternative dispute resolution process.

(c) *Limitations.* Contracts awarded using this authority shall be supported by the written justifications and approvals described in 6.303 and 6.304.

6.302-4 International agreement.

(a) *Authority.* (1) Citations: 10 U.S.C. 2304(c)(4) or 41 U.S.C. 253(c)(4).

(2) Full and open competition need not be provided for when precluded by the terms of an international agreement or a treaty between the United States and a foreign government or international organization, or the written directions of a foreign government reimbursing the agency for the cost of the acquisition of the supplies or services for such government.

(b) *Application.* This authority may be used in circumstances such as—

(1) When a contemplated acquisition is to be reimbursed by a foreign country that requires that the product be

6.302-5

obtained from a particular firm as specified in official written direction such as a Letter of Offer and Acceptance; or

(2) When a contemplated acquisition is for services to be performed, or supplies to be used, in the sovereign territory of another country and the terms of a treaty or agreement specify or limit the sources to be solicited.

(c) *Limitations.* Except for DoD, NASA, and the Coast Guard, contracts awarded using this authority shall be supported by written justifications and approvals described in 6.303 and 6.304.

6.302-5 Authorized or required by statute.

(a) *Authority.* (1) Citations: 10 U.S.C. 2304(c)(5) or 41 U.S.C. 253(c)(5).

(2) Full and open competition need not be provided for when—

(i) A statute expressly authorizes or requires that the acquisition be made through another agency or from a specified source; or

(ii) The agency's need is for a brand name commercial item for authorized resale.

(b) *Application.* This authority may be used when statutes, such as the following, expressly authorize or require that acquisition be made from a specified source or through another agency:

(1) Federal Prison Industries (UNICOR)—18 U.S.C. 4124 (see Subpart 8.6).

(2) Qualified Nonprofit Agencies for the Blind or other Severely Handicapped—41 U.S.C. 46-48c (see Subpart 8.7).

(3) Government Printing and Binding—44 U.S.C. 501-504, 1121 (see Subpart 8.8).

(4) Sole source awards under the 8(a) Program 15 U.S.C. 637 (see Subpart 19.8).

(5) The Robert T. Stafford Disaster Relief and Emergency Assistance Act—42 U.S.C. 5150 (see Subpart 26.2).

(6) Sole source awards under the HUBZone Act of 1997—15 U.S.C. 657a (see 19.1306).

(c) *Limitations.* (1) This authority shall not be used when a provision of law requires an agency to award a new contract to a specified non-Federal Government entity unless the provision of law specifically—

(i) Identifies the entity involved;

(ii) Refers to 10 U.S.C. 2304(j) for armed services acquisitions or section 303(h) of the Federal Property and Administrative Services Act of 1949 for civilian agency acquisitions; and

(iii) States that award to that entity shall be made in contravention of the merit-based selection procedures in 10 U.S.C. 2304(j) or section 303(h) of the Federal Property and Administrative Services Act, as appropriate. However, this limitation does not apply—

(A) When the work provided for in the contract is a continuation of the work performed by the specified entity under a preceding contract; or

(B) To any contract requiring the National Academy of Sciences to investigate, examine, or experiment upon any subject of science or art of significance to an executive agency and to report on those matters to the Congress or any agency of the Federal Government.

(2) Contracts awarded using this authority shall be supported by the written justifications and approvals described in 6.303 and 6.304, except for—

(i) Contracts awarded under (a)(2)(ii), (b)(2), or (b)(4) of this subsection; or

(ii) Contracts awarded under (a)(2)(i) of this subsection when the statute expressly requires that the procurement be made from a specified source. (Justification and approval requirements apply when the statute authorizes, but does not require, that the procurement be made from a specified source.)

(3) The authority in (a)(2)(ii) of this subsection may be used only for purchases of brand-name commercial items for resale through commissaries or other similar facilities. Ordinarily, these purchases will involve articles desired or preferred by customers of the selling activities (but see 6.301(d)).

6.302-6 National security.

(a) *Authority.* (1) Citations: 10 U.S.C. 2304(c)(6) or 41 U.S.C. 253(c)(6).

(2) Full and open competition need not be provided for when the disclosure of the agency's needs would compromise the national security unless the agency is permitted to limit the number of sources from which it solicits bids or proposals.

(b) *Application.* This authority may be used for any acquisition when disclosure of the Government's needs would compromise the national security (e.g., would violate security requirements); it shall not be used merely because the acquisition is classified, or merely because access to classified matter will be necessary to submit a proposal or to perform the contract.

(c) *Limitations.* (1) Contracts awarded using this authority shall be supported by the written justifications and approvals described in 6.303 and 6.304.

(2) See 5.202(a)(1) for synopsis requirements.

(3) This statutory authority requires that agencies shall request offers from as many potential sources as is practicable under the circumstances.

6.302-7 Public interest.

(a) *Authority.* (1) Citations: 10 U.S.C. 2304(c)(7) or 41 U.S.C. 253(c)(7).

(2) Full and open competition need not be provided for when the agency head determines that it is not in the public interest in the particular acquisition concerned.

(b) *Application.* This authority may be used when none of the other authorities in 6.302 apply.

(c) *Limitations.* (1) A written determination to use this authority shall be made in accordance with Subpart 1.7, by—

(i) The Secretary of Defense, the Secretary of the Army, the Secretary of the Navy, the Secretary of the Air Force, the Secretary of Transportation for the Coast Guard, or the Administrator of the National Aeronautics and Space Administration; or

(ii) The head of any other executive agency. This authority may not be delegated.

(2) The Congress shall be notified in writing of such determination not less than 30 days before award of the contract.

(3) If required by the head of the agency, the contracting officer shall prepare a justification to support the determination under paragraph (c)(1) of this subsection.

(4) This Determination and Finding (D&F) shall not be made on a class basis.

6.303 Justifications.

6.303-1 Requirements.

(a) A contracting officer shall not commence negotiations for a sole source contract, commence negotiations for a contract resulting from an unsolicited proposal, or award any other contract without providing for full and open competition unless the contracting officer—

(1) Justifies, if required in 6.302, the use of such actions in writing;

(2) Certifies the accuracy and completeness of the justification; and

(3) Obtains the approval required by 6.304.

(b) Technical and requirements personnel are responsible for providing and certifying as accurate and complete necessary data to support their recommendation for other than full and open competition.

(c) Justifications required by paragraph (a) above may be made on an individual or class basis. Any justification for contracts awarded under the authority of 6.302-7 shall only be made on an individual basis. Whenever a justification is made and approved on a class basis, the contracting officer must ensure that each contract action taken pursuant to the authority of the class justification and approval is within the scope of the class justification and approval and shall document the contract file for each contract action accordingly.

(d) Contract actions subject to the Agreement on Government Procurement (see Subpart 25.4, Foreign Acquisition) may be made without providing for full and open competition only when permitted and justified pur-

suant to this subpart. If, in such a contract action, the authority of 6.302-3(a)(2)(i) or 6.302-7 is being cited as a basis for not providing for full and open competition, a copy of the justification shall also be forwarded, in accordance with agency procedures, to the agency's point of contact with the Office of the United States Trade Representative.

(e) The justifications for contracts awarded under the authority cited in 6.302-2 may be prepared and approved within a reasonable time after contract award when preparation and approval prior to award would unreasonably delay the acquisitions.

6.303-2 Content.

(a) Each justification shall contain sufficient facts and rationale to justify the use of the specific authority cited. As a minimum, each justification shall include the following information:

(1) Identification of the agency and the contracting activity, and specific identification of the document as a "Justification for other than full and open competition."

(2) Nature and/or description of the action being approved.

(3) A description of the supplies or services required to meet the agency's needs (including the estimated value).

(4) An identification of the statutory authority permitting other than full and open competition.

(5) A demonstration that the proposed contractor's unique qualifications or the nature of the acquisition requires use of the authority cited.

(6) A description of efforts made to ensure that offers are solicited from as many potential sources as is practicable, including whether a CBD notice was or will be publicized as required by Subpart 5.2 and, if not, which exception under 5.202 applies.

(7) A determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

(8) A description of the market research conducted (see Part 10) and the results or a statement of the reason market research was not conducted.

(9) Any other facts supporting the use of other than full and open competition, such as:

(i) Explanation of why technical data packages, specifications, engineering descriptions, statements of work, or purchase descriptions suitable for full and open competition have not been developed or are not available.

(ii) When 6.302-1 is cited for follow-on acquisitions as described in 6.302-1(a)(2)(ii), an estimate of the cost to the Government that would be duplicated and how the estimate was derived.

(iii) When 6.302-2 is cited, data, estimated cost, or other rationale as to the extent and nature of the harm to the Government.

(10) A listing of the sources, if any, that expressed, in writing, an interest in the acquisition.

(11) A statement of the actions, if any, the agency may take to remove or overcome any barriers to competition before any subsequent acquisition for the supplies or services required.

(12) Contracting officer certification that the justification is accurate and complete to the best of the contracting officer's knowledge and belief.

(b) Each justification shall include evidence that any supporting data that is the responsibility of technical or requirements personnel (*e.g.*, verifying the Government's minimum needs or schedule requirements or other rationale for other than full and open competition) and which form a basis for the justification have been certified as complete and accurate by the technical or requirements personnel.

6.304 Approval of the justification.

(a) Except for paragraph (b) of this section, the justification for other than full and open competition shall be approved in writing—

(1) For a proposed contract not exceeding \$500,000, the contracting officer's certification required by 6.303-2(a)(12) will serve as approval unless a higher approving level is established in agency procedures.

(2) For a proposed contract over \$500,000 but not exceeding \$10,000,000, by the competition advocate for the procuring activity designated pursuant to 6.501 or an official described in paragraph (a)(3) or (a)(4) of this section. This authority is not delegable.

(3) For a proposed contract over \$10,000,000 but not exceeding \$50,000,000, by the head of the procuring activity, or a designee who—

(i) If a member of the armed forces, is a general or flag officer; or

(ii) If a civilian, is serving in a position in grade GS 16 or above under the General Schedule (or in a comparable or higher position under another schedule).

(4) For a proposed contract over \$50,000,000, by the senior procurement executive of the agency designated pursuant to the OFPP Act (41 U.S.C. 414(3)) in accordance with agency procedures. This authority is not delegable except in the case of the Under Secretary of Defense (Acquisition and Technology), acting as the senior procurement executive for the Department of Defense.

(b) Any justification for a contract awarded under the authority of 6.302-7, regardless of dollar amount, shall be considered approved when the determination required by 6.302-7(c)(1) is made.

(c) A class justification for other than full and open competition shall be approved in writing in accordance with agency procedures. The approval level shall be determined by the estimated total value of the class.

(d) The estimated dollar value of all options shall be included in determining the approval level of a justification.

6.305 Availability of the justification.

(1) The justifications required by 6.303-1 and any related information shall be made available for public inspection as required by 10 U.S.C. 2304(f)(4) and 41 U.S.C. 303(f)(4). Contracting officers shall carefully screen all justifications for contractor proprietary data and remove all such data, and such references and citations as are necessary to protect the proprietary data, before making the justifications available for public inspection. Contracting officers shall also be guided by the exemptions to disclosure of information contained in the Freedom of Information Act (5 U.S.C. 552) and the prohibitions against disclosure in 24.202 in determining whether other data should be removed.

(2) If a Freedom of Information request is received, contracting officers shall comply with Subpart 24.2.

Subpart 6.4—Sealed Bidding and Competitive Proposals

6.401 Sealed bidding and competitive proposals.

Sealed bidding and competitive proposals, as described in Parts 14 and 15, are both acceptable procedures for use under Subparts 6.1, 6.2 and, when appropriate, under Subpart 6.3. Contracting officers shall exercise good judgment in selecting the method of contracting that best meets the needs of the Government. If the choice is to use competitive proposals rather than sealed bidding, the contracting officer shall briefly explain in writing, which of the four conditions in paragraph (a) of this section has not been met. No additional documentation or justification is required.

(a) *Sealed bids.* (See Part 14 for procedures.) Contracting officers shall solicit sealed bids if—

(1) Time permits the solicitation, submission, and evaluation of sealed bids;

(2) The award will be made on the basis of price and other price-related factors;

(3) It is not necessary to conduct discussions with the responding offerors about their bids; and

(4) There is a reasonable expectation of receiving more than one sealed bid.

(b) *Competitive proposals.* (See Part 15 for procedures.)

(1) Contracting officers may request competitive proposals if sealed bids are not appropriate under paragraph (a) above.

(2) Because of differences in areas such as law, regulations, and business practices, it is generally necessary to conduct discussions with offerors relative to proposed contracts to be made and performed outside the United States, its possessions, or Puerto Rico. Competitive proposals will

therefore be used for these contracts unless discussions are not required and the use of sealed bids is otherwise appropriate.

Subpart 6.5—Competition Advocates

6.501 Requirement.

As required by Section 20 of the Office of Federal Procurement Policy Act, the head of each executive agency shall designate a competition advocate for the agency and for each procuring activity of the agency. The competition advocates shall—

- (a) Be in positions other than that of the agency senior procurement executive;
- (b) Not be assigned any duties or responsibilities that are inconsistent with 6.502 below; and
- (c) Be provided with staff or assistance (*e.g.*, specialists in engineering, technical operations, contract administration, financial management, supply management, and utilization of small business concerns), as may be necessary to carry out the advocate's duties and responsibilities.

6.502 Duties and responsibilities.

(a) Agency and procuring activity competition advocates are responsible for promoting the acquisition of commercial items, promoting full and open competition, challenging requirements that are not stated in terms of functions to be performed, performance required or essential physical characteristics, and challenging barriers to the acquisition of commercial items and full and open competition such as unnecessarily restrictive statements of work, unnecessarily detailed specifications, and unnecessarily burdensome contract clauses.

(b) Agency competition advocates shall—

- (1) Review the contracting operations of the agency and identify and report to the agency senior procurement executive—

- (i) Opportunities and actions taken to acquire commercial items to meet the needs of the agency;

- (ii) Opportunities and actions taken to achieve full and open competition in the contracting operations of the agency;

- (iii) Actions taken to challenge requirements that are not stated in terms of functions to be performed, performance required or essential physical characteristics;

- (iv) Any condition or action that has the effect of unnecessarily restricting the acquisition of commercial items or competition in the contracting actions of the agency;

- (2) Prepare and submit an annual report to the agency senior procurement executive, in accordance with agency procedures, describing—

- (i) Such advocate's activities under this subpart;

- (ii) New initiatives required to increase the acquisition of commercial items;

- (iii) New initiatives required to increase competition;

- (iv) New initiatives to ensure requirements are stated in terms of functions to be performed, performance required or essential physical characteristics;

- (v) Any barriers to the acquisition of commercial items or competition that remain; and

- (vi) Other ways in which the agency has emphasized the acquisition of commercial items and competition in areas such as acquisition training and research;

- (3) Recommend to the senior procurement executive of the agency goals and plans for increasing competition on a fiscal year basis; and

- (4) Recommend to the senior procurement executive of the agency a system of personal and organizational accountability for competition, which may include the use of recognition and awards to motivate program managers, contracting officers, and others in authority to promote competition in acquisition.

* * * * *

ning process, the planner should consult requirements and logistics personnel who determine type, quality, quantity, and delivery requirements.

(c) The planner shall coordinate with and secure the concurrence of the contracting officer in all acquisition planning. If the plan proposes using other than full and open competition, the plan shall also be coordinated with the cognizant competition advocate.

7.105 Contents of written acquisition plans.

In order to facilitate attainment of the acquisition objectives, the plan must identify those milestones at which decisions should be made (see subparagraph (b)(18) of this section). The plan shall address all the technical, business, management, and other significant considerations that will control the acquisition. The specific content of plans will vary, depending on the nature, circumstances, and stage of the acquisition. In preparing the plan, the planner shall follow the applicable instructions in paragraphs (a) and (b) of this section, together with the agency's implementing procedures. Acquisition plans for service contracts shall describe the strategies for implementing performance-based contracting methods or shall provide rationale for not using those methods (see Subpart 37.6).

(a) *Acquisition background and objectives—(1) Statement of need.* Introduce the plan by a brief statement of need. Summarize the technical and contractual history of the acquisition. Discuss feasible acquisition alternatives, the impact of prior acquisitions on those alternatives, and any related in-house effort.

(2) *Applicable conditions.* State all significant conditions affecting the acquisition, such as—

(i) Requirements for compatibility with existing or future systems or programs; and

(ii) Any known cost, schedule, and capability or performance constraints.

(3) *Cost.* Set forth the established cost goals for the acquisition and the rationale supporting them, and discuss related cost concepts to be employed, including, as appropriate, the following items:

(i) *Life-cycle cost.* Discuss how life-cycle cost will be considered. If it is not used, explain why. If appropriate, discuss the cost model used to develop life-cycle-cost estimates.

(ii) *Design-to-cost.* Describe the design-to-cost objective(s) and underlying assumptions, including the rationale for quantity, learning-curve, and economic adjustment factors. Describe how objectives are to be applied, tracked, and enforced. Indicate specific related solicitation and contractual requirements to be imposed.

(iii) *Application of should-cost.* Describe the application of should-cost analysis to the acquisition (see 15.407-4).

(4) *Capability or performance.* Specify the required capabilities or performance characteristics of the supplies or the performance standards of the services being acquired and state how they are related to the need.

(5) *Delivery or performance-period requirements.* Describe the basis for establishing delivery or performance-period requirements (see Subpart 11.4). Explain and provide reasons for any urgency if it results in concurrency of development and production or constitutes justification for not providing for full and open competition.

(6) *Trade-offs.* Discuss the expected consequences of trade-offs among the various cost, capability or performance, and schedule goals.

(7) *Risks.* Discuss technical, cost, and schedule risks and describe what efforts are planned or underway to reduce risk and the consequences of failure to achieve goals. If concurrency of development and production is planned, discuss its effects on cost and schedule risks.

(8) *Acquisition streamlining.* If specifically designated by the requiring agency as a program subject to acquisition streamlining, discuss plans and procedures to—

(i) Encourage industry participation by using draft solicitations, presolicitation conferences, and other means of stimulating industry involvement during design and development in recommending the most appropriate application and tailoring of contract requirements;

(ii) Select and tailor only the necessary and cost-effective requirements; and

(iii) State the timeframe for identifying which of those specifications and standards, originally provided for guidance only, shall become mandatory.

(b) *Plan of action—(1) Sources.* Indicate the prospective sources of supplies and/or services that can meet the need. Consider required sources of supplies or services (see Part 8). Include consideration of small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns (see Part 19). Address the extent and results of the market research and indicate their impact on the various elements of the plan (see Part 10).

(2) *Competition.* (i) Describe how competition will be sought, promoted, and sustained throughout the course of the acquisition. If full and open competition is not contemplated, cite the authority in 6.302, discuss the basis for the application of that authority, identify the source(s), and discuss why full and open competition cannot be obtained.

(ii) Identify the major components or subsystems. Discuss component breakout plans relative to these major components or subsystems. Describe how competition will be sought, promoted, and sustained for these components or subsystems.

(iii) Describe how competition will be sought, promoted, and sustained for spares and repair parts. Identify the key logistic milestones, such as technical data delivery

7.105

schedules and acquisition method coding conferences, that affect competition.

(iv) When effective subcontract competition is both feasible and desirable, describe how such subcontract competition will be sought, promoted, and sustained throughout the course of the acquisition. Identify any known barriers to increasing subcontract competition and address how to overcome them.

(3) *Source-selection procedures.* Discuss the source-selection procedures for the acquisition, including the timing for submission and evaluation of proposals, and the relationship of evaluation factors to the attainment of the acquisition objectives (see Subpart 15.3).

(4) *Contracting considerations.* For each contract contemplated, discuss contract type selection (see Part 16); use of multiyear contracting, options, or other special contracting methods (see Part 17); any special clauses, special solicitation provisions, or FAR deviations required (see Subpart 1.4); whether sealed bidding or negotiation will be used and why; whether equipment will be acquired by lease or purchase (see Subpart 7.4) and why; and any other contracting considerations.

(5) *Budgeting and funding.* Include budget estimates, explain how they were derived, and discuss the schedule for obtaining adequate funds at the time they are required (see Subpart 32.7).

(6) *Product or service descriptions.* Explain the choice of product or service description types (including performance-based contracting descriptions) to be used in the acquisition.

(7) *Priorities, allocations, and allotments.* When urgency of the requirement dictates a particularly short delivery or performance schedule, certain priorities may apply. If so, specify the method for obtaining and using priorities, allocations, and allotments, and the reasons for them (see Subpart 11.6).

(8) *Contractor versus Government performance.* Address the consideration given to OMB Circular No. A-76 (see Subpart 7.3).

(9) *Inherently governmental functions.* Address the consideration given to OFPP Policy Letter 92-1 (see Subpart 7.5).

(10) *Management information requirements.* Discuss, as appropriate, what management system will be used by the Government to monitor the contractor's effort.

(11) *Make or buy.* Discuss any consideration given to make-or-buy programs (see 15.407-2).

(12) *Test and evaluation.* To the extent applicable, describe the test program of the contractor and the Government. Describe the test program for each major phase of a major system acquisition. If concurrency is planned, discuss the extent of testing to be accomplished before production release.

(13) *Logistics considerations.* Describe—

(i) The assumptions determining contractor or agency support, both initially and over the life of the acquisition, including consideration of contractor or agency maintenance and servicing (see Subpart 7.3) and distribution of commercial items;

(ii) The reliability, maintainability, and quality assurance requirements, including any planned use of warranties (see Part 46);

(iii) The requirements for contractor data (including repurchase data) and data rights, their estimated cost, and the use to be made of the data (see Part 27); and

(iv) Standardization concepts, including the necessity to designate, in accordance with agency procedures, technical equipment as "standard" so that future purchases of the equipment can be made from the same manufacturing source.

(14) *Government-furnished property.* Indicate any property to be furnished to contractors, including material and facilities, and discuss any associated considerations, such as its availability or the schedule for its acquisition (see Part 45).

(15) *Government-furnished information.* Discuss any Government information, such as manuals, drawings, and test data, to be provided to prospective offerors and contractors.

(16) *Environmental and energy conservation objectives.* Discuss all applicable environmental and energy conservation objectives associated with the acquisition (see Part 23), the applicability of an environmental assessment or environmental impact statement (see 40 CFR 1502), the proposed resolution of environmental issues, and any environmentally-related requirements to be included in solicitations and contracts.

(17) *Security considerations.* For acquisitions dealing with classified matters, discuss how adequate security will

Indefinite delivery contracts (including requirements contracts) are established with commercial firms to provide supplies and services at stated prices for given periods of time. Similar systems of schedule-type contracting are used for military items managed by the Department of Defense. These systems are not included in the Federal Supply Schedule program covered by this subpart.

(b) The GSA schedule contracting office issues publications, entitled Federal Supply Schedules, containing the information necessary for placing delivery orders with schedule contractors. Ordering offices issue delivery orders directly to the schedule contractors for the required supplies and services. Ordering offices may request copies of schedules by completing GSA Form 457, FSS Publications Mailing List Application, and mailing it to the—

GSA Centralized Mailing List Service (7CAFL)
P.O. Box 6477
Fort Worth, TX 76115.

Copies of GSA Form 457 also may be obtained from this address.

(c) GSA offers an on-line shopping service called “GSA Advantage!” that enables ordering offices to search product specific information (*i.e.*, national stock number, part number, common name), review delivery options, place orders directly with contractors (or ask GSA to place orders on the agency’s behalf), and pay contractors for orders using the Governmentwide commercial purchase card (or pay GSA). Ordering offices may access the “GSA Advantage!” shopping service by connecting to the Internet and using a web browser to connect to the Acquisition Reform Network (<http://www.arnet.gov>) or the GSA, Federal Supply Service (FSS) Home Page (<http://www.fss.gsa.gov>). For more information or assistance, contact GSA at Internet e-mail address: gsa.advantage@gsa.gov.

8.402 Applicability.

Procedures in this subpart apply to Federal Supply Schedule contracts. Occasionally, special ordering procedures may be established. In such cases the procedures will be outlined in the “Federal Supply Schedules.”

8.403 [Reserved]

8.404 Using schedules.

(a) *General.* When agency requirements are to be satisfied through the use of Federal Supply Schedules as set forth in this subpart, the simplified acquisition procedures of Part 13, the small business set-aside provisions of Subpart 19.5, and the HUBZone program of Subpart 19.13 do not apply, except for the provision at 13.303-2(c)(3). Orders placed pursuant to a Multiple Award Schedule (MAS), using the procedures in this subpart, are considered

to be issued pursuant to full and open competition (see 6.102(d)(3)). Therefore, when placing orders under Federal Supply Schedules, ordering offices need not seek further competition, synopses the requirement, make a separate determination of fair and reasonable pricing, or consider small business set-asides in accordance with Subpart 19.5. GSA has already determined the prices of items under schedule contracts to be fair and reasonable. By placing an order against a schedule using the procedures in this section, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government’s needs.

(b) *Ordering procedures for optional use schedules—(1) Orders at or below the micro-purchase threshold.* Ordering offices can place orders at or below the micro-purchase threshold with any Federal Supply Schedule contractor.

(2) *Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold.* Orders should be placed with the schedule contractor that can provide the supply or service that represents the best value. Before placing an order, ordering offices should consider reasonably available information about the supply or service offered under MAS contracts by using the “GSA Advantage!” on-line shopping service, or by reviewing the catalogs/pricelists of at least three schedule contractors and select the delivery and other options available under the schedule that meet the agency’s needs. In selecting the supply or service representing the best value, the ordering office may consider—

- (i) Special features of the supply or service that are required in effective program performance and that are not provided by a comparable supply or service;
- (ii) Trade-in considerations;
- (iii) Probable life of the item selected as compared with that of a comparable item;
- (iv) Warranty considerations;
- (v) Maintenance availability;
- (vi) Past performance; and
- (vii) Environmental and energy efficiency considerations.

(3) *Orders exceeding the maximum order threshold.* Each schedule contract has an established maximum order threshold. This threshold represents the point where it is advantageous for the ordering office to seek a price reduction. In addition to following the procedures in paragraph (b)(2) of this section and before placing an order that exceeds the maximum order threshold, ordering offices shall—

- (i) Review additional schedule contractors’ catalogs/pricelists or use the “GSA Advantage!” on-line shopping service;
- (ii) Based upon the initial evaluation, generally seek price reductions from the schedule contractor(s)

8.404-3

appearing to provide the best value (considering price and other factors); and

(iii) After price reductions have been sought, place the order with the schedule contractor that provides the best value and results in the lowest overall cost alternative (see 8.404(a)). If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

(4) *Blanket purchase agreements (BPAs)*. The establishment of Federal Supply Schedule BPAs is permitted (see 13.303-2(c)(3)) when following the ordering procedures in this subpart. All schedule contracts contain BPA provisions. Ordering offices may use BPAs to establish accounts with contractors to fill recurring requirements. BPAs should address the frequency of ordering and invoicing, discounts, and delivery locations and times.

(5) *Price reductions*. In addition to the circumstances outlined in paragraph (b)(3) of this section, there may be instances when ordering offices will find it advantageous to request a price reduction. For example, when the ordering office finds a schedule supply or service elsewhere at a lower price or when a BPA is being established to fill recurring requirements, requesting a price reduction could be advantageous. The potential volume of orders under these agreements, regardless of the size of the individual order, may offer the ordering office the opportunity to secure greater discounts. Schedule contractors are not required to pass on to all schedule users a price reduction extended only to an individual agency for a specific order.

(6) *Small business*. For orders exceeding the micro-purchase threshold, ordering offices should give preference to the items of small business concerns when two or more items at the same delivered price will satisfy the requirement.

(7) *Documentation*. Orders should be documented, at a minimum, by identifying the contractor the item was purchased from, the item purchased, and the amount paid. If an agency requirement in excess of the micro-purchase threshold is defined so as to require a particular brand name, product, or a feature of a product peculiar to one manufacturer, thereby precluding consideration of a product manufactured by another company, the ordering office shall include an explanation in the file as to why the particular brand name, product, or feature is essential to satisfy the agency's needs.

(c) *Ordering procedures for mandatory use schedules*. (1) This paragraph (c) applies only to orders against schedule contracts with mandatory users. When ordering from multiple-award schedules, mandatory users shall also follow the procedures in paragraphs (a) and (b) of this section.

(2) In the case of mandatory schedules, ordering offices shall not solicit bids, proposals, quotations, or other-

wise test the market solely for the purpose of seeking alternative sources to Federal Supply Schedules.

(3) Schedules identify executive agencies required to use them as mandatory sources of supply. The single-award schedule shall be used as a primary source and the multiple-award schedule as a secondary source. Mandatory use of schedules is not a requirement if—

(i) The schedule contractor is unable to satisfy the ordering office's urgent delivery requirement;

(ii) The order is below the minimum order thresholds;

(iii) The order is above the maximum order limitation;

(iv) The consignee is located outside the area of geographical coverage stated in the schedule; and

(v) A lower price for an identical item (*i.e.*, same make and model) is available from another source.

(4) *Absence of follow-on award*. Ordering offices, after any consultation required by the schedule, are not required to forego or postpone their legitimate needs pending the award or renewal of any schedule contract.

8.404-1—8.404-2 [Reserved]

8.404-3 Requests for waivers.

(a) When an ordering office that is a mandatory user under a schedule determines that items available from the schedule will not meet its specific needs, but similar items from another source will, it shall submit a request for waiver to the—

Commissioner
Federal Supply Service (F)
GSA
Washington, DC 20406

except as provided in paragraph (b) of this subsection. Requests shall contain the following information:

(1) A complete description of the required items, whenever possible; *e.g.*, descriptive literature such as cuts, illustrations, drawings, and brochures that explain the characteristics and/or construction.

(2) A comparison of prices and the technical differences between the requested item and the schedule item, identifying as a minimum the—

(i) Inadequacies of the schedule item to perform required functions; and

(ii) Technical, economic, or other advantages of the item requested.

(3) Quantity required.

(4) Estimated annual usage or a statement that the requirement is nonrecurrent or unpredictable.

(b) Ordering offices shall not initiate action to acquire similar items from nonschedule sources until a request for

be set forth in the solicitation (and so identified) and shall apply to all offerors.

(b) Contracting officers shall award contracts for subsistence only to those prospective contractors that meet the general standards in 9.104-1 and are approved in accordance with agency sanitation standards and procedures.

9.104-3 Application of standards.

(a) *Ability to obtain resources.* Except to the extent that a prospective contractor has sufficient resources or proposes to perform the contract by subcontracting, the contracting officer shall require acceptable evidence of the prospective contractor's ability to obtain required resources (see 9.104-1(a), (e), and (f)). Acceptable evidence normally consists of a commitment or explicit arrangement, that will be in existence at the time of contract award, to rent, purchase, or otherwise acquire the needed facilities, equipment, other resources, or personnel. Consideration of a prime contractor's compliance with limitations on subcontracting shall take into account the time period covered by the contract base period or quantities plus option periods or quantities, if such options are considered when evaluating offers for award.

(b) *Satisfactory performance record.* A prospective contractor that is or recently has been seriously deficient in contract performance shall be presumed to be nonresponsible, unless the contracting officer determines that the circumstances were properly beyond the contractor's control, or that the contractor has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably is strong evidence of nonresponsibility. Failure to meet the quality requirements of the contract is a significant factor to consider in determining satisfactory performance. The contracting officer shall consider the number of contracts involved and the extent of deficient performance in each contract when making this determination. If the pending contract requires a subcontracting plan pursuant to Subpart 19.7, The Small Business Subcontracting Program, the contracting officer shall also consider the prospective contractor's compliance with subcontracting plans under recent contracts.

(c) *Affiliated concerns.* Affiliated concerns (see "Affiliates" and "Concerns" in 19.101) are normally considered separate entities in determining whether the concern that is to perform the contract meets the applicable standards for responsibility. However, the contracting officer shall consider the affiliate's past performance and integrity when they may adversely affect the prospective contractor's responsibility.

(d) *Small business concerns.* (1) If a small business concern's offer that would otherwise be accepted is to be rejected because of a determination of nonresponsibility, the contracting officer shall refer the matter to the Small Business Administration, which will decide whether or not to issue a Certificate of Competency (see Subpart 19.6).

(2) A small business that is unable to comply with the limitations on subcontracting at 52.219-14 may be considered nonresponsible.

9.104-4 Subcontractor responsibility.

(a) Generally, prospective prime contractors are responsible for determining the responsibility of their prospective subcontractors (but see 9.405 and 9.405-2 regarding debarred, ineligible, or suspended firms). Determinations of prospective subcontractor responsibility may affect the Government's determination of the prospective prime contractor's responsibility. A prospective contractor may be required to provide written evidence of a proposed subcontractor's responsibility.

(b) When it is in the Government's interest to do so, the contracting officer may directly determine a prospective subcontractor's responsibility (e.g., when the prospective contract involves medical supplies, urgent requirements, or substantial subcontracting). In this case, the same standards used to determine a prime contractor's responsibility shall be used by the Government to determine subcontractor responsibility.

9.105 Procedures

9.105-1 Obtaining information.

(a) Before making a determination of responsibility, the contracting officer shall possess or obtain information sufficient to be satisfied that a prospective contractor currently meets the applicable standards in 9.104.

(b)(1) Generally, the contracting officer shall obtain information regarding the responsibility of prospective contractors, including requesting preaward surveys when necessary (see 9.106), promptly after a bid opening or receipt of offers. However, in negotiated contracting, especially when research and development is involved, the contracting officer may obtain this information before issuing the request for proposals. Requests for information shall ordinarily be limited to information concerning—

- (i) The low bidder; or
- (ii) Those offerors in range for award.

(2) Preaward surveys shall be managed and conducted by the surveying activity.

(i) If the surveying activity is a contract administration office—

(A) That office shall advise the contracting officer on prospective contractors' financial competence and credit needs; and

(B) The administrative contracting officer shall obtain from the auditor any information required concerning the adequacy of prospective contractors' accounting systems and these systems' suitability for use in administering the proposed type of contract.

(ii) If the surveying activity is not a contract administration office, the contracting officer shall obtain from the auditor any information required concerning

prospective contractors' financial competence and credit needs, the adequacy of their accounting systems, and these systems' suitability for use in administering the proposed type of contract.

(3) Information on financial resources and performance capability shall be obtained or updated on as current a basis as is feasible up to the date of award.

(c) In making the determination of responsibility (see 9.104-1(c)), the contracting officer shall consider relevant past performance information (see Subpart 42.15). In addition, the contracting officer should use the following sources of information to support such determinations:

(1) The List of Parties Excluded from Federal Procurement and Nonprocurement Programs maintained in accordance with Subpart 9.4.

(2) Records and experience data, including verifiable knowledge of personnel within the contracting office, audit offices, contract administration offices, and other contracting offices.

(3) The prospective contractor—including bid or proposal information, questionnaire replies, financial data, information on production equipment, and personnel information.

(4) Commercial sources of supplier information of a type offered to buyers in the private sector.

(5) Preaward survey reports (see 9.106).

(6) Other sources such as publications; suppliers, subcontractors, and customers of the prospective contractor; financial institutions; Government agencies; and business and trade associations.

(7) If the contract is for construction, the contracting officer may consider performance evaluation reports (see 36.201(c)(2)).

(d) Contracting offices and cognizant contract administration offices that become aware of circumstances casting doubt on a contractor's ability to perform contracts successfully shall promptly exchange relevant information.

9.105-2 Determinations and documentation.

(a) *Determinations.* (1) The contracting officer's signing of a contract constitutes a determination that the prospective contractor is responsible with respect to that contract. When an offer on which an award would otherwise be made is rejected because the prospective contractor is found to be nonresponsible, the contracting officer shall make, sign, and place in the contract file a determination of nonresponsibility, which shall state the basis for the determination.

(2) If the contracting officer determines and documents that a responsive small business lacks certain elements of responsibility, the contracting officer shall comply with the procedures in Subpart 19.6. When a certificate of competency is issued for a small business concern (see Subpart 19.6), the contracting officer may accept the factors covered by the certificate without further inquiry.

(b) *Support documentation.* Documents and reports supporting a determination of responsibility or nonresponsibility, including any preaward survey reports and any applicable Certificate of Competency, must be included in the contract file.

9.105-3 Disclosure of preaward information.

(a) Except as provided in Subpart 24.2, Freedom of Information Act, information (including the preaward survey report) accumulated for purposes of determining the responsibility of a prospective contractor shall not be released or disclosed outside the Government.

(b) The contracting officer may discuss preaward survey information with the prospective contractor before determining responsibility. After award, the contracting officer or, if it is appropriate, the head of the surveying activity or a designee may discuss the findings of the preaward survey with the company surveyed.

(c) Preaward survey information may contain proprietary and/or source selection information and should be marked with the appropriate legend and protected accordingly (see 3.104-3).

9.106 Preaward surveys.

9.106-1 Conditions for preaward surveys.

(a) A preaward survey is normally required only when the information on hand or readily available to the contracting officer, including information from commercial sources, is not sufficient to make a determination regarding responsibility. In addition, if the contemplated contract will have a fixed price at or below the simplified acquisition threshold or will involve the acquisition of commercial items (see Part 12), the contracting officer should not request a preaward survey unless circumstances justify its cost.

(b) When a cognizant contract administration office becomes aware of a prospective award to a contractor about which unfavorable information exists and no preaward survey has been requested, it shall promptly obtain and transmit details to the contracting officer.

(c) Before beginning a preaward survey, the surveying activity shall ascertain whether the prospective contractor is debarred, suspended, or ineligible (see Subpart 9.4). If the prospective contractor is debarred, suspended, or ineligible, the surveying activity shall advise the contracting officer promptly and not proceed with the preaward survey unless specifically requested to do so by the contracting officer.

9.106-2 Requests for preaward surveys.

The contracting officer's request to the surveying activity (Preaward Survey of Prospective Contractor (General), SF 1403) shall—

economic price adjustment. Use of any other contract type to acquire commercial items is prohibited.

12.208 Contract quality assurance.

Contracts for commercial items shall rely on contractors' existing quality assurance systems as a substitute for Government inspection and testing before tender for acceptance unless customary market practices for the commercial item being acquired include in-process inspection. Any in-process inspection by the Government shall be conducted in a manner consistent with commercial practice.

12.209 Determination of price reasonableness when contracting by negotiation.

When contracting by negotiation for commercial items, the policies and procedures in Subpart 15.4 shall be used to establish the reasonableness of prices.

12.210 Contract financing.

Customary market practice for some commercial items may include buyer contract financing. The contracting officer may offer Government financing in accordance with the policies and procedures in Part 32.

12.211 Technical data.

Except as provided by agency-specific statutes, the Government shall acquire only the technical data and the rights in that data customarily provided to the public with a commercial item or process. The contracting officer shall presume that data delivered under a contract for commercial items was developed exclusively at private expense. When a contract for commercial items requires the delivery of technical data, the contracting officer shall include appropriate provisions and clauses delineating the rights in the technical data in addenda to the solicitation and contract (see Part 27 or agency FAR supplements).

12.212 Computer software.

(a) Commercial computer software or commercial computer software documentation shall be acquired under licenses customarily provided to the public to the extent such licenses are consistent with Federal law and otherwise satisfy the Government's needs. Generally, offerors and contractors shall not be required to—

(1) Furnish technical information related to commercial computer software or commercial computer software documentation that is not customarily provided to the public; or

(2) Relinquish to, or otherwise provide, the Government rights to use, modify, reproduce, release, perform, display, or disclose commercial computer software or commercial computer software documentation except as mutually agreed to by the parties.

(b) With regard to commercial computer software and commercial computer software documentation, the Government shall have only those rights specified in the license contained in any addendum to the contract.

12.213 Other commercial practices.

It is a common practice in the commercial marketplace for both the buyer and seller to propose terms and conditions written from their particular perspectives. The terms and conditions prescribed in this part seek to balance the interests of both the buyer and seller. These terms and conditions are generally appropriate for use in a wide range of acquisitions. However, market research may indicate other commercial practices that are appropriate for the acquisition of the particular item. These practices should be considered for incorporation into the solicitation and contract if the contracting officer determines them appropriate in concluding a business arrangement satisfactory to both parties and not otherwise precluded by law or Executive order.

12.214 Cost Accounting Standards.

Cost Accounting Standards (CAS) do not apply to contracts and subcontracts for the acquisition of commercial items when these contracts and subcontracts are firm-fixed-price or fixed-price with economic price adjustment (provided that the price adjustment is not based on actual costs incurred). See 30.201-1 for CAS applicability to fixed-price with economic price adjustment contracts and subcontracts for commercial items when the price adjustment is based on actual costs incurred. When CAS applies, the contracting officer shall insert the appropriate provisions and clauses as prescribed in 30.201.

Subpart 12.3—Solicitation Provisions and Contract Clauses for the Acquisition of Commercial Items

12.300 Scope of subpart.

This subpart establishes provisions and clauses to be used when acquiring commercial items.

12.301 Solicitation provisions and contract clauses for the acquisition of commercial items.

(a) In accordance with Section 8002 of Public Law 103-355 (41 U.S.C. 264, note), contracts for the acquisition of commercial items shall, to the maximum extent practicable, include only those clauses—

(1) Required to implement provisions of law or executive orders applicable to the acquisition of commercial items; or

(2) Determined to be consistent with customary commercial practice.

(b) To implement this Act, the contracting officer shall insert the following provisions in solicitations for the acquisition of commercial items—

12.302

sition of commercial items, and clauses in solicitations and contracts for the acquisition of commercial items:

(1) *The provision at 52.212-1, Instructions to Offerors—Commercial Items.* This provision provides a single, streamlined set of instructions to be used when soliciting offers for commercial items and is incorporated in the solicitation by reference (see Block 27a, SF 1449). The contracting officer may tailor these instructions or provide additional instructions tailored to the specific acquisition in accordance with 12.302;

(2) *The provision at 52.212-3, Offeror Representations and Certifications—Commercial Items.* This provision provides a single, consolidated list of certifications and representations for the acquisition of commercial items and is attached to the solicitation for offerors to complete and return with their offer. This provision may not be tailored except in accordance with Subpart 1.4. Use the provision with its Alternate I in solicitations issued by DoD, NASA, or the Coast Guard that are expected to exceed the threshold at 4.601(a). Use the provision with its Alternate II in solicitations for acquisitions for which small disadvantaged business procurement mechanisms are authorized on a regional basis. Use the provision with its Alternate III in solicitations issued by Federal agencies subject to the requirements of the HUBZone Act of 1997 (see 19.1302);

(3) *The clause at 52.212-4, Contract Terms and Conditions—Commercial Items.* This clause includes terms and conditions which are, to the maximum extent practicable, consistent with customary commercial practices and is incorporated in the solicitation and contract by reference (see Block 27a, SF 1449). The contracting officer may tailor this clause in accordance with 12.302; and

(4) *The clause at 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items.* This clause incorporates by reference only those clauses required to implement provisions of law or executive orders applicable to the acquisition of commercial items. The contracting officer shall attach this clause to the solicitation and contract and, using the appropriate clause prescriptions, indicate which, if any, of the additional clauses cited in 52.212-5(b) or (c) are applicable to the specific acquisition. When cost information is obtained pursuant to Part 15 to establish the reasonableness of prices for commercial items, the contracting officer shall insert the clauses prescribed for this purpose in an addendum to the solicitation and contract. This clause may not be tailored.

(c) When the use of evaluation factors is appropriate, the contracting officer may—

(1) Insert the provision at 52.212-2, Evaluation—Commercial Items, in solicitations for commercial items (see 12.602); or

(2) Include a similar provision containing all evaluation factors required by 13.106, Subpart 14.2 or Subpart 15.3, as an addendum (see 12.302(d)).

(d) *Use of required provisions and clauses.* Notwithstanding prescriptions contained elsewhere in the FAR, when acquiring commercial items, contracting officers shall be required to use only those provisions and clauses prescribed in this part. The provisions and clauses prescribed in this part shall be revised, as necessary, to reflect the applicability of statutes and executive orders to the acquisition of commercial items.

(e) *Discretionary use of FAR provisions and clauses.* The contracting officer may include in solicitations and contracts by addendum other FAR provisions and clauses when their use is consistent with the limitations contained in 12.302. For example:

(1) The contracting officer may include appropriate clauses when an indefinite-delivery type of contract will be used. The clauses prescribed at 16.505 may be used for this purpose.

(2) The contracting officer may include appropriate provisions and clauses when the use of options is in the Government's interest. The provisions and clauses prescribed in 17.208 may be used for this purpose. If the provision at 52.212-2 is used, paragraph (b) provides for the evaluation of options.

(3) The contracting officer may use the provisions and clauses contained in Part 23 regarding the use of recovered material when appropriate for the item being acquired.

(f) Agencies may supplement the provisions and clauses prescribed in this part (to require use of additional provisions and clauses) only as necessary to reflect agency unique statutes applicable to the acquisition of commercial items or as may be approved by the agency senior procurement executive, or the individual responsible for representing the agency on the FAR Council, without power of delegation.

12.302 Tailoring of provisions and clauses for the acquisition of commercial items.

(a) *General.* The provisions and clauses established in this subpart are intended to address, to the maximum extent practicable, commercial market practices for a wide range of potential Government acquisitions of commercial items. However, because of the broad range of commercial items acquired by the Government, variations in commercial practices, and the relative volume of the Government's acquisitions in the specific market, contracting officers may, within the limitations of this subpart, and after conducting appropriate market research, tailor the provision at 52.212-1, Instructions to Offerors—Commercial Items, and the clause at 52.212-4, Contract Terms and Conditions—Commercial Items, to adapt to the market conditions for each acquisition.

(b) *Tailoring 52.212-4, Contract Terms and Conditions—Commercial Items.* The following paragraphs of the clause at 52.212-4, Contract Terms and Conditions—Commercial Items, implement statutory requirements and shall not be tailored—

- (1) Assignments;
- (2) Disputes;
- (3) Payment (except as provided in Subpart 32.11);
- (4) Invoice;
- (5) Other compliances; and
- (6) Compliance with laws unique to Government contracts.

(c) Tailoring inconsistent with customary commercial practice. The contracting officer shall not tailor any clause or otherwise include any additional terms or conditions in a solicitation or contract for commercial items in a manner that is inconsistent with customary commercial practice for the item being acquired unless a waiver is approved in accordance with agency procedures. The request for waiver must describe the customary commercial practice found in the marketplace, support the need to include a term or condition that is inconsistent with that practice and include a determination that use of the customary commercial practice is inconsistent with the needs of the Government. A waiver may be requested for an individual or class of contracts for that specific item.

(d) Tailoring shall be by addenda to the solicitation and contract. The contracting officer shall indicate in Block 27a of the SF 1449 if addenda are attached. These addenda may include, for example, a continuation of the schedule of supplies/services to be acquired from blocks 18 through 21 of the SF 1449; a continuation of the description of the supplies/services being acquired; further elaboration of any other item(s) on the SF 1449; any other terms or conditions necessary for the performance of the proposed contract (such as options, ordering procedures for indefinite-delivery type contracts, warranties, contract financing arrangements, etc.).

12.303 Contract format.

Solicitations and contracts for the acquisition of commercial items prepared using this Part 12 shall be assembled, to the maximum extent practicable, using the following format:

- (a) Standard Form (SF) 1449;
- (b) Continuation of any block from SF 1449, such as—
 - (1) Block 10 if a price evaluation adjustment for small disadvantaged business concerns is applicable (the contracting officer shall indicate the percentage(s) and applicable line item(s)), if an incentive subcontracting clause is used (the contracting officer shall indicate the applicable percentage), or if set aside for emerging small businesses;
 - (2) Block 18B for remittance address;
 - (3) Block 19 for contract line item numbers;
 - (4) Block 20 for schedule of supplies/services; or
 - (5) Block 25 for accounting data;
- (c) Contract clauses—
 - (1) 52.212-4, Contract Terms and Conditions—Commercial Items, by reference (see SF 1449 block 27a);
 - (2) Any addendum to 52.212-4; and
 - (3) 52.212-5, Contract Terms and Conditions Required to Implement Statutes and Executive orders;

- (d) Any contract documents, exhibits or attachments; and
- (e) Solicitation provisions—
 - (1) 52.212-1, Instructions to Offerors—Commercial Items, by reference (see SF 1449, Block 27a);
 - (2) Any addendum to 52.212-1;
 - (3) 52.212-2, Evaluation—Commercial Items, or other description of evaluation factors for award, if used; and
 - (4) 52.212-3, Offeror Representations and Certifications—Commercial Items.

Subpart 12.4—Unique Requirements Regarding Terms and Conditions for Commercial Items

12.401 General.

This subpart provides—

(a) Guidance regarding tailoring of the paragraphs in the clause at 52.212-4, Contract Terms and Conditions—Commercial Items, when the paragraphs do not reflect the customary practice for a particular market; and

(b) Guidance on the administration of contracts for commercial items in those areas where the terms and conditions in 52.212-4 differ substantially from those contained elsewhere in the FAR.

12.402 Acceptance.

(a) The acceptance paragraph in 52.212-4 is based upon the assumption that the Government will rely on the contractor's assurances that the commercial item tendered for acceptance conforms to the contract requirements. The Government inspection of commercial items will not prejudice its other rights under the acceptance paragraph. Additionally, although the paragraph does not address the issue of rejection, the Government always has the right to refuse acceptance of nonconforming items. This paragraph is generally appropriate when the Government is acquiring noncomplex commercial items.

(b) Other acceptance procedures may be more appropriate for the acquisition of complex commercial items or commercial items used in critical applications. In such cases, the contracting officer shall include alternative inspection procedure(s) in an addendum and ensure these procedures and the postaward remedies adequately protect the interests of the Government. The contracting officer must carefully examine the terms and conditions of any express warranty with regard to the effect it may have on the Government's available postaward remedies (see 12.404).

(c) The acquisition of commercial items under other circumstances such as on an "as is" basis may also require acceptance procedures different from those contained in 52.212-4. The contracting officer should consider the effect the specific circumstances will have on the acceptance paragraph as well as other paragraphs of the clause.

12.403 Termination.

(a) *General.* The clause at 52.212-4 permits the Government to terminate a contract for commercial items either for the convenience of the Government or for cause. However, the paragraphs in 52.212-4 entitled “Termination for the Government’s Convenience” and “Termination for Cause” contain concepts which differ from those contained in the termination clauses prescribed in Part 49. Consequently, the requirements of Part 49 do not apply when terminating contracts for commercial items and contracting officers shall follow the procedures in this section. Contracting officers may continue to use Part 49 as guidance to the extent that Part 49 does not conflict with this section and the language of the termination paragraphs in 52.212-4.

(b) *Policy.* The contracting officer should exercise the Government’s right to terminate a contract for commercial items either for convenience or for cause only when such a termination would be in the best interests of the Government. The contracting officer should consult with counsel prior to terminating for cause.

(c) *Termination for cause.* (1) The paragraph in 52.212-4 entitled “Excusable Delay” requires contractors notify the contracting officer as soon as possible after commencement of any excusable delay. In most situations, this requirement should eliminate the need for a show cause notice prior to terminating a contract. The contracting officer shall send a cure notice prior to terminating a contract for a reason other than late delivery.

(2) The Government’s rights after a termination for cause shall include all the remedies available to any buyer in the marketplace. The Government’s preferred remedy will be to acquire similar items from another contractor and to charge the defaulted contractor with any excess procurement costs together with any incidental or consequential damages incurred because of the termination.

(3) When a termination for cause is appropriate, the contracting officer shall send the contractor a written notification regarding the termination. At a minimum, this notification shall—

(i) Indicate the contract is terminated for cause;

(ii) Specify the reasons for the termination;

(iii) Indicate which remedies the Government intends to seek or provide a date by which the Government will inform the contractor of the remedy; and

(iv) State that the notice constitutes a final decision of the contracting officer and that the contractor has the right to appeal under the Disputes clause (see 33.211).

(d) *Termination for the Government’s convenience.* (1) When the contracting officer terminates a contract for commercial items for the Government’s convenience, the contractor shall be paid—

(i) The percentage of the contract price reflecting the percentage of the work performed prior to the notice of the termination, and

(ii) Any charges the contractor can demonstrate directly resulted from the termination. The contractor may demonstrate such charges using its standard record keeping system and is not required to comply with the cost accounting standards or the contract cost principles in Part 31. The Government does not have any right to audit the contractor’s records solely because of the termination for convenience.

(2) Generally, the parties should mutually agree upon the requirements of the termination proposal. The parties must balance the Government’s need to obtain sufficient documentation to support payment to the contractor against the goal of having a simple and expeditious settlement.

12.404 Warranties.

(a) *Implied warranties.* The Government’s post award rights contained in 52.212-4 are the implied warranty of merchantability, the implied warranty of fitness for particular purpose and the remedies contained in the acceptance paragraph.

(1) The implied warranty of merchantability provides that an item is reasonably fit for the ordinary purposes for which such items are used. The items must be of at least average, fair or medium-grade quality and must be comparable in quality to those that will pass without objection in the trade or market for items of the same description.

(2) The implied warranty of fitness for a particular purpose provides that an item is fit for use for the particular purpose for which the Government will use the items. The Government can rely upon an implied warranty of fitness for particular purpose when—

(i) The seller knows the particular purpose for which the Government intends to use the item; and

(ii) The Government relied upon the contractor’s skill and judgment that the item would be appropriate for that particular purpose.

(3) Contracting officers should consult with legal counsel prior to asserting any claim for a breach of an implied warranty.

(b) *Express warranties.* The Federal Acquisition Streamlining Act of 1994 (41 U.S.C. 264 note) requires contracting officers to take advantage of commercial warranties. To the maximum extent practicable, solicitations for commercial items shall require offerors to offer the Government at least the same warranty terms, including offers of extended warranties, offered to the general public in customary commercial practice. Solicitations may specify minimum warranty terms, such as minimum duration, appropriate for the Government’s intended use of the item.

(1) Any express warranty the Government intends to rely upon must meet the needs of the Government. The contracting officer should analyze any commercial warranty to determine if—

- 13.500 General.
- 13.501 Special documentation requirements.

13.000 Scope of part.

This part prescribes policies and procedures for the acquisition of supplies and services, including construction, research and development, and commercial items, the aggregate amount of which does not exceed the simplified acquisition threshold (see 2.101). Subpart 13.5 provides special authority for acquisitions of commercial items exceeding the simplified acquisition threshold but not exceeding \$5,000,000, including options. See Part 12 for policies applicable to the acquisition of commercial items exceeding the micro-purchase threshold. See 36.602-5 for simplified procedures to be used when acquiring architect-engineer services.

13.001 Definitions.

As used in this part—

“Authorized individual” means a person who has been granted authority, in accordance with agency procedures, to acquire supplies and services in accordance with this part.

“Governmentwide commercial purchase card” means a purchase card, similar in nature to a commercial credit card, issued to authorized agency personnel to use to acquire and to pay for supplies and services.

“Imprest fund” means a cash fund of a fixed amount established by an advance of funds, without charge to an appropriation, from an agency finance or disbursing officer to a duly appointed cashier, for disbursement as needed from time to time in making payment in cash for relatively small amounts.

“Purchase order” means an offer by the Government to buy supplies or services, including construction and research and development, upon specified terms and conditions, using simplified acquisition procedures.

“Third party draft” means an agency bank draft, similar to a check, that is used to acquire and to pay for supplies and services. (See Treasury Financial Management Manual, Section 3040.70.)

13.002 Purpose.

The purpose of this part is to prescribe simplified acquisition procedures in order to—

- (a) Reduce administrative costs;

13.003

(b) Improve opportunities for small, small disadvantaged, and women-owned small business concerns to obtain a fair proportion of Government contracts;

(c) Promote efficiency and economy in contracting; and

(d) Avoid unnecessary burdens for agencies and contractors.

13.003 Policy.

(a) Agencies shall use simplified acquisition procedures to the maximum extent practicable for all purchases of supplies or services not exceeding the simplified acquisition threshold (including purchases at or below the micro-purchase threshold). This policy does not apply if an agency can meet its requirement using—

(1) Required sources of supply under Part 8 (*e.g.*, Federal Prison Industries, Committee for Purchase from People Who are Blind or Severely Disabled, and Federal Supply Schedule contracts);

(2) Existing indefinite delivery/indefinite quantity contracts; or

(3) Other established contracts.

(b)(1) Each acquisition of supplies or services that has an anticipated dollar value exceeding \$2,500 and not exceeding \$100,000 is reserved exclusively for small business concerns and shall be set aside (see 19.000 and Subpart 19.5). See 19.502-2 for exceptions.

(2) The contracting officer may set aside for HUBZone small business concerns (see 19.1305) an acquisition of supplies or services that has an anticipated dollar value exceeding \$2,500 and not exceeding the simplified acquisition threshold. The contracting officer's decision not to set aside an acquisition for HUBZone participation below the simplified acquisition threshold is not subject to review under Subpart 19.4.

(3) Each written solicitation under a set-aside shall contain the appropriate provisions prescribed by Part 19. If the solicitation is oral, however, information substantially identical to that in the provision shall be given to potential quoters.

(c) The contracting officer shall not use simplified acquisition procedures to acquire supplies and services if the anticipated award will exceed the simplified acquisition threshold (or \$5,000,000, including options, for acquisitions of commercial items using Subpart 13.5). Do not break down requirements aggregating more than the simplified acquisition threshold (or for commercial items, the threshold in Subpart 13.5) or the micro-purchase threshold into several purchases that are less than the applicable threshold merely to—

(1) Permit use of simplified acquisition procedures; or

(2) Avoid any requirement that applies to purchases exceeding the micro-purchase threshold.

(d) An agency that has specific statutory authority to acquire personal services (see 37.104) may use simplified acquisition procedures to acquire those services.

(e) Agencies shall use the Governmentwide commercial purchase card and electronic purchasing techniques to the maximum extent practicable in conducting simplified acquisitions.

(f) Agencies shall maximize the use of electronic commerce when practicable and cost-effective (see Subpart 4.5). Drawings and lengthy specifications can be provided offline in hard copy or through other appropriate means.

(g) Authorized individuals shall make purchases in the simplified manner that is most suitable, efficient, and economical based on the circumstances of each acquisition. For acquisitions not expected to exceed—

(1) The simplified acquisition threshold for other than commercial items, use any appropriate combination of the procedures in Parts 13, 14, 15, 35, or 36, including the use of Standard Form 1442, Solicitation, Offer, and Award (Construction, Alteration, or Repair), for construction contracts (see 36.701(b)); or

(2) \$5 million for commercial items, use any appropriate combination of the procedures in Parts 12, 13, 14, and 15 (see paragraph (d) of this section).

(h) In addition to other considerations, contracting officers shall—

(1) Promote competition to the maximum extent practicable (see 13.104);

(2) Establish deadlines for the submission of responses to solicitations that afford suppliers a reasonable opportunity to respond (see 5.203);

(3) Consider all quotations or offers that are timely received. For evaluation of quotations or offers received electronically, see 13.106-2(b)(3); and

(4) Use innovative approaches, to the maximum extent practicable, in awarding contracts using simplified acquisition procedures.

13.004 Legal effect of quotations.

(a) A quotation is not an offer and, consequently, cannot be accepted by the Government to form a binding contract. Therefore, issuance by the Government of an order in response to a supplier's quotation does not establish a contract. The order is an offer by the Government to the supplier to buy certain supplies or services upon specified terms and conditions. A contract is established when the supplier accepts the offer.

(b) When appropriate, the contracting officer may ask the supplier to indicate acceptance of an order by notification to the Government, preferably in writing, as defined at 2.101. In other circumstances, the supplier may indicate acceptance by furnishing the supplies or services ordered or

by proceeding with the work to the point where substantial performance has occurred.

(c) If the Government issues an order resulting from a quotation, the Government may (by written notice to the supplier, at any time before acceptance occurs) withdraw, amend, or cancel its offer. (See 13.302-4 for procedures on termination or cancellation of purchase orders.)

13.005 Federal Acquisition Streamlining Act of 1994 list of inapplicable laws.

(a) The following laws are inapplicable to all contracts and subcontracts (if otherwise applicable to subcontracts) at or below the simplified acquisition threshold:

(1) 41 U.S.C. 57(a) and (b) (Anti-Kickback Act of 1986). (Only the requirement for the incorporation of the contractor procedures for the prevention and detection of violations, and the contractual requirement for contractor cooperation in investigations are inapplicable.)

(2) 40 U.S.C. 270a (Miller Act). (Although the Miller Act does not apply to contracts at or below the simplified acquisition threshold, alternative forms of payment protection for suppliers of labor and material (see 28.102) are still required if the contract exceeds \$25,000.)

(3) 40 U.S.C. 327 - 333 (Contract Work Hours and Safety Standards Act—Overtime Compensation).

(4) 41 U.S.C. 701(a)(1) (Section 5152 of the Drug-Free Workplace Act of 1988), except for individuals.

(5) 42 U.S.C. 6962 (Solid Waste Disposal Act). (Only the requirement for providing the estimate of recovered material utilized in the performance of the contract is inapplicable.)

(6) 10 U.S.C. 2306(b) and 41 U.S.C. 254(a) (Contract Clause Regarding Contingent Fees).

(7) 10 U.S.C. 2313 and 41 U.S.C. 254(c) (Authority to Examine Books and Records of Contractors).

(8) 10 U.S.C. 2402 and 41 U.S.C. 253g (Prohibition on Limiting Subcontractor Direct Sales to the United States).

(9) 15 U.S.C. 631 note (HUBZone Act of 1997), except for 15 U.S.C. 657a(b)(2)(B), which is optional for the agencies subject to the requirements of the Act.

(b) The Federal Acquisition Regulatory (FAR) Council will include any law enacted after October 13, 1994, that sets forth policies, procedures, requirements, or restrictions for the acquisition of property or services, on the list set forth in paragraph (a) of this section. The FAR Council may make exceptions when it determines in writing that it is in the best interest of the Government that the enactment should apply to contracts or subcontracts not greater than the simplified acquisition threshold.

(c) The provisions of paragraph (b) of this section do not apply to laws that—

(1) Provide for criminal or civil penalties; or

(2) Specifically state that notwithstanding the language of Section 4101, Public Law 103-355, the enactment will be

applicable to contracts or subcontracts in amounts not greater than the simplified acquisition threshold.

(d) Any individual may petition the Administrator, Office of Federal Procurement Policy (OFPP), to include any applicable provision of law not included on the list set forth in paragraph (a) of this section unless the FAR Council has already determined in writing that the law is applicable. The Administrator, OFPP, will include the law on the list in paragraph (a) of this section unless the FAR Council makes a determination that it is applicable within 60 days of receiving the petition.

13.006 Inapplicable provisions and clauses.

While certain statutes still apply, pursuant to Public Law 103-355, the following provisions and clauses are inapplicable to contracts and subcontracts at or below the simplified acquisition threshold:

(a) 52.203-5, Covenant Against Contingent Fees.

(b) 52.203-6, Restrictions on Subcontractor Sales to the Government.

(c) 52.203-7, Anti-Kickback Procedures.

(d) 52.215-2, Audits and Records—Negotiation.

(e) 52.222-4, Contract Work Hours and Safety Standards Act—Overtime Compensation.

(f) 52.223-6, Drug-Free Workplace, except for individuals.

(g) 52.223-9, Certification and Estimate of Percentage of Recovered Material Content for EPADesignated Items.

Subpart 13.1—Procedures

13.101 General.

(a) In making purchases, contracting officers shall—

(1) Comply with the policy in 7.202 relating to economic purchase quantities, when practicable;

(2) Satisfy the procedures described in Subpart 19.6 with respect to Certificates of Competency before rejecting a quotation, oral or written, from a small business concern determined to be nonresponsible (see Subpart 9.1);

(3) Use United States-owned excess or near-excess foreign currency, if appropriate, in making payments under simplified acquisition procedures (see Subpart 25.3); and

(4) Provide for the inspection of supplies or services as prescribed in 46.404.

(b) In making purchases, contracting officers should—

(1) Include related items (such as small hardware items or spare parts for vehicles) in one solicitation and make award on an “all-or-none” or “multiple award” basis provided suppliers are so advised when quotations or offers are requested;

(2) Incorporate provisions and clauses by reference in solicitations and in awards under requests for quotations, provided the requirements in 52.102 are satisfied;

(3) Make maximum effort to obtain trade and prompt payment discounts (see 14.408-3). Prompt payment discounts shall not be considered in the evaluation of quotations; and

(4) Use bulk funding to the maximum extent practicable. Bulk funding is a system whereby the contracting officer receives authorization from a fiscal and accounting officer to obligate funds on purchase documents against a specified lump sum of funds reserved for the purpose for a specified period of time rather than obtaining individual obligational authority on each purchase document. Bulk funding is particularly appropriate if numerous purchases using the same type of funds are to be made during a given period.

13.102 Source list.

(a) Each contracting office should maintain a source list (or lists, if more convenient). A list of new supply sources may be obtained from the Procurement Marketing and Access Network (PRO-Net) of the Small Business Administration. The list should identify the status of each source (when the status is made known to the contracting office) in the following categories:

- (1) Small business.
- (2) Small disadvantaged business.
- (3) Women-owned small business.

(b) The status information may be used as the basis to ensure that small business concerns are provided the maximum practicable opportunities to respond to solicitations issued using simplified acquisition procedures.

13.103 Use of standing price quotations.

Authorized individuals do not have to obtain individual quotations for each purchase. Standing price quotations may be used if—

- (a) The pricing information is current; and
- (b) The Government obtains the benefit of maximum discounts before award.

13.104 Promoting competition.

The contracting officer shall promote competition to the maximum extent practicable to obtain supplies and services from the source whose offer is the most advantageous to the Government, considering the administrative cost of the purchase.

- (a) The contracting officer shall not—
 - (1) Solicit quotations based on personal preference; or
 - (2) Restrict solicitation to suppliers of well-known and widely distributed makes or brands.

(b) If using simplified acquisition procedures and not using either FACNET or providing access to the notice of proposed contract action through the single, Governmentwide point of entry, maximum practicable competition ordinarily can be obtained by soliciting quotations or offers from sources within the local trade area. Unless the contract action requires

synopsis pursuant to 5.101 and an exception under 5.202 is not applicable, consider solicitation of at least three sources to promote competition to the maximum extent practicable. Whenever practicable, request quotations or offers from two sources not included in the previous solicitation.

13.105 Synopsis and posting requirements.

(a) The contracting officer shall comply with the public display and synopsis requirements of 5.101 and 5.203 unless—

(1)(i) FACNET is used for an acquisition at or below the simplified acquisition threshold; or

(ii) The single, Governmentwide point of entry is used at or below the simplified acquisition threshold for providing widespread public notice of acquisition opportunities and offerors are provided a means of responding to the solicitation electronically; or

(2) An exception in 5.202 applies.

(b) When acquiring commercial items, the contracting officer may use a combined synopsis/solicitation. In such cases, a separate solicitation is not required. The contracting officer must include enough information to permit suppliers to develop quotations or offers.

13.106 Soliciting competition, evaluation of quotations or offers, award and documentation.

13.106-1 Soliciting competition.

(a) *Considerations.* In soliciting competition, the contracting officer shall consider the guidance in 13.104 and the following before requesting quotations or offers:

(1)(i) The nature of the article or service to be purchased and whether it is highly competitive and readily available in several makes or brands, or is relatively noncompetitive.

(ii) An electronic commerce method that employs widespread electronic public notice is not available; and

(iii) The urgency of the proposed purchase.

(iv) The dollar value of the proposed purchase.

(v) Past experience concerning specific dealers' prices.

(2) When soliciting quotations or offers, the contracting officer shall notify potential quoters or offerors of the basis on which award will be made (price alone or price and other factors, *e.g.*, past performance and quality). Contracting officers are encouraged to use best value. Solicitations are not required to state the relative importance assigned to each evaluation factor and subfactor, nor are they required to include subfactors.

(b) *Soliciting from a single source.* (1) For purchases not exceeding the simplified acquisition threshold, contracting officers may solicit from one source if the contracting officer determines that the circumstances of the contract

14.501 General.

14.502 Conditions for use.

14.503 Procedures.

14.503-1 Step one.

14.000 Scope of part.

This part prescribes—

- (a) The basic requirements of contracting for supplies and services (including construction) by sealed bidding;
- (b) The information to be included in the solicitation (invitation for bids);
- (c) Procedures concerning the submission of bids;
- (d) Requirements for opening and evaluating bids and awarding contracts; and
- (e) Procedures for two-step sealed bidding.

Subpart 14.1—Use of Sealed Bidding

14.101 Elements of sealed bidding.

Sealed bidding is a method of contracting that employs competitive bids, public opening of bids, and awards. The following steps are involved:

- (a) *Preparation of invitations for bids.* Invitations must describe the requirements of the Government clearly, accurately, and completely. Unnecessarily restrictive specifications or requirements that might unduly limit the number of bidders are prohibited. The invitation includes all documents (whether attached or incorporated by reference) furnished prospective bidders for the purpose of bidding.
- (b) *Publicizing the invitation for bids.* Invitations must be publicized through distribution to prospective bidders, posting in public places, and such other means as may be appropriate. Publicizing must occur a sufficient time before public opening of bids to enable prospective bidders to prepare and submit bids.
- (c) *Submission of bids.* Bidders must submit sealed bids to be opened at the time and place stated in the solicitation for the public opening of bids.
- (d) *Evaluation of bids.* Bids shall be evaluated without discussions.
- (e) *Contract award.* After bids are publicly opened, an award will be made with reasonable promptness to that responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the Government, considering only price and the price-related factors included in the invitation.

14.102 [Reserved]

14.103 Policy.

14.103-1 General.

- (a) Sealed bidding shall be used whenever the conditions in 6.401(a) are met. This requirement applies to any proposed contract action under Part 6.
- (b) Current lists of bidders shall be maintained in accordance with 14.205.
- (c) Sealed bidding may be used for classified acquisitions (see 4.401) if its use does not violate agency security requirements.

- (d) The policy for pricing modifications of sealed bid contract appears in 15.403-4(a)(1)(iii).

14.103-2 Limitations.

- No awards shall be made as a result of sealed bidding unless—
- (a) Bids have been solicited as required by Subpart 14.2;
 - (b) Bids have been submitted as required by Subpart 14.3;
 - (c) The requirements of 1.602-1(b) and Part 6 have been met; and
 - (d) An award is made to the responsible bidder (see 9.1) whose bid is responsive to the terms of the invitation for bids and is most advantageous to the Government, considering only price and the price related factors included in the invitation, as provided in Subpart 14.4.

14.104 Types of contracts.

Firm-fixed-price contracts shall be used when the method of contracting is sealed bidding, except that fixed-price contracts with economic price adjustment clauses may be used if authorized in accordance with 16.203 when some flexibility is necessary and feasible. Such clauses must afford all bidders an equal opportunity to bid.

14.105 Solicitations for informational or planning purposes.

(See 15.201(e).)

Subpart 14.2—Solicitation of Bids

14.201 Preparation of invitations for bids.

14.201-1 Uniform contract format.

- (a) Contracting officers shall prepare invitations for bids and contracts using the uniform contract format outlined in Table 14-1 to the maximum practicable extent. The use of the format facilitates preparation of the solicitation and contract as well as reference to, and use of, those documents by bidders and contractors. It need not be used for acquisition of the following:
- (1) Construction (see Part 36).
 - (2) Shipbuilding (including design, construction, and conversion), ship overhaul, and ship repair.
 - (3) Subsistence items.
 - (4) Supplies or services requiring special contract forms prescribed elsewhere in this regulation that are inconsistent with the uniform contract format.
 - (5) Firm-fixed-price or fixed-price with economic price adjustment acquisitions that use the simplified contract format (see 14.201-9).
- (b) Information suitable for inclusion in invitations for bids under the uniform contract format shall also be

14.203-2 Dissemination of information concerning invitations for bids.

(a) Procedures concerning display of invitations for bids in a public place, information releases to newspapers and trade journals, paid advertisements, and synopsis in the Commerce Business Daily are set forth in 5.101 and 5.2.

(b) For procedures that apply to publishing notices in the Commerce Business Daily to determine whether commercial sources are available, as prescribed by OMB Circular A-76, see 5.205(d) and 7.303(b).

14.203-3 Master solicitation.

(a) *Definition.* “Master solicitation,” as used in this subsection, means a document containing special clauses and provisions that have been identified as essential for the acquisition of a specific type of supply or service that is acquired repetitively.

(b) *Use.* The master solicitation is provided to potential sources who are requested to retain it for continued and repetitive use. Individual solicitations shall reference the date of the current master solicitation and any changes thereto. Copies of the master solicitation shall be made available on request. Cognizant contract administration activities shall be provided a current copy of the master solicitation.

14.204 Records of invitations for bids and records of bids.

(a) Each contracting office shall retain a record of each invitation that it issues and each abstract or record of bids. Contracting officers shall review and utilize the information available in connection with subsequent acquisitions of the same or similar items.

(b) The file for each invitation shall show the distribution that was made and the date the invitation was issued. The names and addresses of prospective bidders who requested the invitation and were not included on the original solicitation list shall be added to the list and made a part of the record.

14.205 Solicitation mailing lists.**14.205-1 Establishment of lists.**

(a) Solicitation mailing lists shall be established by contracting activities to assure access to adequate sources of supplies and services. This rule need not be followed; however, when (1) the requirements of the contracting office can be obtained through use of simplified acquisition procedures (see Part 13); (2) the requirements are nonrecurring; or (3) electronic commerce methods are used that transmit

solicitations or notices of procurement opportunities automatically to all interested sources. Lists may be established as a central list for use by all contracting offices within the contracting activity, or as local lists maintained by each contracting office.

(b) All eligible and qualified concerns that have submitted solicitation mailing list applications, or that the contracting office considers capable of filling the requirements of a particular acquisition, shall be placed on the appropriate solicitation mailing list. (See also 5.403(b).) Planned producers under the Industrial Preparedness Planning Program shall be included on lists for their planned items. Prospective bidders shall be notified that they have been added to solicitation mailing lists in accordance with agency procedures. The issuance of a solicitation within a reasonable time may be considered appropriate notification. Applicants shall be notified if they do not meet the criteria for placement on the list.

(c) The names of prospective bidders who are furnished invitations in response to their requests shall be added to the list of those initially mailed copies of a particular solicitation, so that they will be furnished copies of any solicitation amendments, etc. However, when it is known that the request was made by a person or an organization that is known not to be a prospective bidder, no entry shall be made on the list.

(d)(1) Standard Form 129, Solicitation Mailing List Application, shall be used for obtaining information needed to establish and maintain lists. Supplemental information, where required, may be obtained as specified in agency implementing regulations.

(2) The application shall be submitted and signed by the supplier, as distinguished from an agent of the supplier. However, suppliers are not precluded from designating, in the Standard Form 129, their agents to receive solicitations.

(3) In order to enable suppliers to indicate readily the items on which they will generally desire to submit bids, there shall be attached to Standard Form 129 forwarded to suppliers for completion, a list of items, or item groups, or an index to such listing of the items, acquired by the contracting activity maintaining the list, which are considered applicable to the supplier's type of business.

(e) Business concerns listed on solicitation mailing lists shall be identified by size in accordance with 19.102. Size status should be established before listing a business concern on a list. Disadvantaged and women-owned business concern designations shall be shown on the list whenever noted on the Standard Form 129 submitted by a particular concern.

14.205-2 Removal of names from solicitation mailing lists.

(a) The name of each concern failing to either (1) submit a bid, (2) respond to a presolicitation notice (see 14.205-4(c)), or (3) otherwise respond to an invitation for bids may be removed from the solicitation mailing list without notice to the concern. However, the removal shall be limited to the items involved in the invitation or notice. When a concern fails to respond to two consecutive invitations or presolicitation notices, its name shall be removed from the list to the extent indicated in this paragraph. However, in individual cases, concerns failing to respond may be retained on a list if retention is in the best interest of the Government. Both actual bids and written requests for retention on the lists shall be deemed to be "responses" to invitations for bids or presolicitation notices. If this procedure results in limited solicitation mailing lists, the contracting officer should request an explanation from the concerns that did not respond.

(b) Concerns that have been debarred from Government contracts or otherwise determined to be ineligible to receive an award shall be removed from solicitation mailing lists to the extent required by the debarment, suspension, or other determination of ineligibility.

14.205-3 Reinstatement on solicitation mailing lists.

Concerns that have been removed from solicitation mailing lists may be reinstated (a) upon written request, (b) by filing a new application on Standard Form 129, or (c) by the submission of a bid. Debarred or suspended firms shall not be reinstated during the period of a debarment or suspension.

14.205-4 Excessively long solicitation mailing lists.

(a) *General.* Solicitation mailing lists should be used to promote competition commensurate with the dollar value of the proposed contract. As much of the solicitation mailing list shall be used as is compatible with efficiency and economy in securing competition. Where the number of bidders on a mailing list is excessive in relation to a specific acquisition, the list may be reduced consistent with this paragraph and paragraphs (b) and (c) of this subsection. Nonetheless, solicitations should be furnished to others upon request, in accordance with 5.102. Also, bids shall not be disregarded merely because the bidder was not formally invited to bid.

(b) *Rotation of lists.* By using different portions of a list for separate acquisitions, solicitation mailing lists may be rotated. However, considerable judgment must be exercised in determining whether the size of the acquisition justifies the rotation. The use of a presolicitation notice (see paragraph (c) of this subsection), time permitting, also should be considered. In rotating a list, the interests of small, small

disadvantaged, and women-owned small businesses (see 19.202-4) shall be considered. Whenever a list is rotated, bids shall be solicited from (1) the previously successful bidder, (2) prospective suppliers who have been added to the solicitation mailing list since the last solicitation, and (3) concerns on the segment of the list selected for use in a particular acquisition. However, the rule does not apply when such action would be precluded by use of a total set-aside (see Part 19).

(c) *Presolicitation notices.* In lieu of initially forwarding complete bid sets, the contracting officer may send presolicitation notices to concerns on the solicitation mailing list. The notice shall (1) specify the final date for receipt of requests for a complete bid set, (2) briefly describe the requirement and furnish other essential information to enable concerns to determine whether they have an interest in the invitation, and (3) notify concerns that, if no bid is to be submitted, they should advise the issuing office in writing if future invitations are desired for the type of supplies or services involved. Drawings, plans, and specifications normally will not be furnished with the presolicitation notice. The return date of the notice must be sufficiently in advance of the mailing date of the invitation for bids to permit an accurate estimate of the number of bid sets required. Bid sets shall be sent to concerns that request them in response to the notice. This procedure is particularly suitable when invitations for bids and solicitation mailing lists are lengthy.

14.205-5 Release of solicitation mailing lists.

(a) Contracting activities shall make the central and local solicitation mailing lists established under this part available to the public in response to written requests made in accordance with agency regulations implementing Subpart 24.2.

(b) When invitations for bids for construction contracts have been issued, trade journals, prospective subcontractors, material suppliers, bidders, and others having a bona fide interest will be supplied upon request with a list of all prospective bidders furnished copies of the plans and specifications. Contracting offices may require written requests and establish appropriate procedures.

14.206 [Reserved]**14.207 Pre-bid conference.**

A pre-bid conference may be used, generally in a complex acquisition, as a means of briefing prospective bidders and explaining complicated specifications and requirements to them as early as possible after the invitation has been issued and before the bids are opened. It shall never be used as a substitute for amending a defective or ambiguous invi-

14.408-4 Economic price adjustment.

(a) *Bidder proposes economic price adjustment.* (1) When a solicitation does not contain an economic price adjustment clause but a bidder proposes one with a ceiling that the price will not exceed, the bid shall be evaluated on the basis of the maximum possible economic price adjustment of the quoted base price.

(2) If the bid is eligible for award, the contracting officer shall request the bidder to agree to the inclusion in the award of an approved economic price adjustment clause (see 16.203) that is subject to the same ceiling. If the bidder will not agree to an approved clause, the award may be made on the basis of the bid as originally submitted.

(3) Bids that contain economic price adjustments with no ceiling shall be rejected unless a clear basis for evaluation exists.

(b) *Government proposes economic price adjustment.* (1) When an invitation contains an economic price adjustment clause and no bidder takes exception to the provisions, bids shall be evaluated on the basis of the quoted prices without the allowable economic price adjustment being added.

(2) When a bidder increases the maximum percentage of economic price adjustment stipulated in the invitation or limits the downward economic price adjustment provisions of the invitation, the bid shall be rejected as nonresponsive.

(3) When a bid indicates deletion of the economic price adjustment clause, the bid shall be rejected as nonresponsive since the downward economic price adjustment provisions are thereby limited.

(4) When a bidder decreases the maximum percentage of economic price adjustment stipulated in the invitation, the bid shall be evaluated at the base price on an equal basis with bids that do not reduce the stipulated ceiling. However, after evaluation, if the bidder offering the lower ceiling is in a position to receive the award, the award shall reflect the lower ceiling.

14.408-5 [Reserved]**14.408-6 Equal low bids.**

(a) Contracts shall be awarded in the following order of priority when two or more low bids are equal in all respects:

(1) Small business concerns that are also labor surplus area concerns.

(2) Other small business concerns.

(3) Other business concerns.

(b) If two or more bidders still remain equally eligible after application of paragraph (a) of this section, award shall be made by a drawing by lot limited to those bidders. If time permits, the bidders involved shall be given an opportunity to attend the drawing. The drawing shall be witnessed by at least three persons, and the contract file shall contain the

names and addresses of the witnesses and the person supervising the drawing.

(c) When an award is to be made by using the priorities under this 14.408-6, the contracting officer shall include a written agreement in the contract that the contractor will perform, or cause to be performed, the contract in accordance with the circumstances justifying the priority used to break the tie or select bids for a drawing by lot.

14.408-7 Documentation of award.

(a) The contracting officer shall document compliance with 14.103-2 in the contract file.

(b) The documentation shall either state that the accepted bid was the lowest bid received, or list all lower bids with reasons for their rejection in sufficient detail to justify the award.

(c) When an award is made after receipt of equal low bids, the documentation shall describe how the tie was broken.

14.408-8 Protests against award.

(See Subpart 33.1, Protests.)

14.409 Information to bidders.**14.409-1 Award of unclassified contracts.**

(a)(1) The contracting officer shall as a minimum (subject to any restrictions in Subpart 9.4)—

(i) Notify each unsuccessful bidder in writing or electronically within three days after contract award, that its bid was not accepted. “Day,” for purposes of the notification process, means calendar day, except that the period will run until a day which is not a Saturday, Sunday, or legal holiday;

(ii) Extend appreciation for the interest the unsuccessful bidder has shown in submitting a bid; and

(iii) When award is made to other than a low bidder, state the reason for rejection in the notice to each of the unsuccessful low bidders.

(2) For acquisitions subject to the Trade Agreements Act or the North American Free Trade Agreement (NAFTA) Implementation Act (see 25.405(e)), agencies shall include in notices given unsuccessful bidders from designated or NAFTA countries—

(i) The dollar amount of the successful bid; and

(ii) The name and address of the successful bidder.

(b) Information included in paragraph (a)(2) of this subsection shall be provided to any unsuccessful bidder upon request except when multiple awards have been made and furnishing information on the successful bids would require so much work as to interfere with normal operations of the contracting office. In such circumstances, only information concerning location of the abstract of offers need be given.

(c) When a request is received concerning an unclassified invitation from an inquirer who is neither a bidder nor a representative of a bidder, the contracting officer should make every effort to furnish the names of successful bidders and, if requested, the prices at which awards were made. However, when such requests require so much work as to interfere with the normal operations of the contracting office, the inquirer will be advised where a copy of the abstract of offers may be seen.

(d) Requests for records shall be governed by agency regulations implementing Subpart 24.2.

14.409-2 Award of classified contracts.

In addition to 14.409-1, if classified information was furnished or created in connection with the solicitation, the contracting officer shall advise the unsuccessful bidders, including any who did not bid, to take disposition action in accordance with agency procedures. The name of the successful bidder and the contract price will be furnished to unsuccessful bidders only upon request. Information regarding a classified award shall not be furnished by telephone.

Subpart 14.5—Two-Step Sealed Bidding

14.501 General.

Two-step sealed bidding is a combination of competitive procedures designed to obtain the benefits of sealed bidding when adequate specifications are not available. An objective is to permit the development of a sufficiently descriptive and not unduly restrictive statement of the Government's requirements, including an adequate technical data package, so that subsequent acquisitions may be made by conventional sealed bidding. This method is especially useful in acquisitions requiring technical proposals, particularly those for complex items. It is conducted in two steps:

(a) Step one consists of the request for, submission, evaluation, and (if necessary) discussion of a technical proposal. No pricing is involved. The objective is to determine the acceptability of the supplies or services offered. As used in this context, the word "technical" has a broad connotation and includes, among other things, the engineering approach, special manufacturing processes, and special testing techniques. It is the proper step for clarification of questions relating to technical requirements. Conformity to the technical requirements is resolved in this step, but not responsibility as defined in 9.1.

(b) Step two involves the submission of sealed priced bids by those who submitted acceptable technical proposals in step one. Bids submitted in step two are evaluated and the awards made in accordance with Subparts 14.3 and 14.4.

14.502 Conditions for use.

(a) Unless other factors require the use of sealed bidding, two-step sealed bidding may be used in preference to negotiation when all of the following conditions are present:

(1) Available specifications or purchase descriptions are not definite or complete or may be too restrictive without technical evaluation, and any necessary discussion, of the technical aspects of the requirement to ensure mutual understanding between each source and the Government.

(2) Definite criteria exist for evaluating technical proposals.

(3) More than one technically qualified source is expected to be available.

(4) Sufficient time will be available for use of the two-step method.

(5) A firm-fixed-price contract or a fixed-price contract with economic price adjustment will be used.

(b) None of the following precludes the use of two-step sealed bidding:

(1) Multi-year contracting.

(2) Government-owned facilities or special tooling to be made available to the successful bidder.

(3) A total small business set-aside (see 19.502-2).

(4) The use of the price evaluation adjustment for small disadvantaged business concerns (see Subpart 19.11).

(5) The use of a set-aside or price evaluation preference for HUBZone small business concerns (see Subpart 19.13).

(6) A first or subsequent production quantity is being acquired under a performance specification.

14.503 Procedures.

14.503-1 Step one.

(a) Requests for technical proposals shall be distributed in accordance with 14.203-1. In addition, the request shall be synopsisized in accordance with Part 5. The request must include, as a minimum, the following:

(1) A description of the supplies or services required.

(2) A statement of intent to use the two-step method.

(3) The requirements of the technical proposal.

(4) The evaluation criteria, to include all factors and any significant subfactors.

(5) A statement that the technical proposals shall not include prices or pricing information.

(6) The date, or date and hour, by which the proposal must be received (see 14.201-6(r)).

(7) A statement that—

(i) In the second step, only bids based upon technical proposals determined to be acceptable, either initially or as a result of discussions, will be considered for awards, and

(ii) Each bid in the second step must be based on the bidder's own technical proposals.

(8) A statement that—

(i) Offerors should submit proposals that are acceptable without additional explanation or information,

(ii) The Government may make a final determination regarding a proposal's acceptability solely on the basis of the proposal as submitted; and

(iii) The Government may proceed with the second step without requesting further information from any offeror; however, the Government may request additional information from offerors of proposals that it considers reasonably susceptible of being made acceptable, and may discuss proposals with their offerors.

(9) A statement that a notice of unacceptability will be forwarded to the offeror upon completion of the proposal evaluation and final determination of unacceptability.

(10) A statement either that only one technical proposal may be submitted by each offeror or that multiple technical proposals may be submitted. When specifications permit different technical approaches, it is generally in the Government's interest to authorize multiple proposals. If multiple proposals are authorized, see 14.201-6(s).

(b) Information on delivery or performance requirements may be of assistance to bidders in determining whether or not to submit a proposal and may be included in the request. The request shall also indicate that the information is not binding on the Government and that the actual delivery or performance requirements will be contained in the invitation issued under step two.

(c) Upon receipt, the contracting officer shall—

(1) Safeguard proposals against disclosure to unauthorized persons;

(2) Accept and handle data marked in accordance with 15.609 as provided in that section; and

(3) Remove any reference to price or cost.

(d) The contracting officer shall establish a time period for evaluating technical proposals. The period may vary with the complexity and number of proposals involved. However, the evaluation should be completed quickly.

(e)(1) Evaluations shall be based on the criteria in the request for proposals but not consideration of responsibility as defined in 9.1, Proposals, shall be categorized as—

(i) Acceptable;

(ii) Reasonably susceptible of being made acceptable; or

(iii) Unacceptable.

(2) Any proposal which modifies, or fails to conform to the essential requirements or specifications of, the request for technical proposals shall be considered nonresponsive and categorized as unacceptable.

(f)(1) The contracting officer may proceed directly with step two if there are sufficient acceptable proposals to ensure adequate price competition under step two, and if further time, effort and delay to make additional proposals

acceptable and thereby increase competition would not be in the Government's interest. If this is not the case, the contracting officer shall request bidders whose proposals may be made acceptable to submit additional clarifying or supplementing information. The contracting office shall identify the nature of the deficiencies in the proposal or the nature of the additional information required. The contracting officer may also arrange discussions for this purpose. No proposal shall be discussed with any offeror other than the submitter.

(2) In initiating requests for additional information, the contracting officer shall fix an appropriate time for bidders to conclude discussions, if any, submit all additional information, and incorporate such additional information as part of their proposals submitted. Such time may be extended in the discretion of the contracting officer. If the additional information incorporated as part of a proposal within the final time fixed by the contracting officer establishes that the proposal is acceptable, it shall be so categorized. Otherwise, it shall be categorized as unacceptable.

(g) When a technical proposal is found unacceptable (either initially or after clarification), the contracting officer shall promptly notify the offeror of the basis of the determination and that a revision of the proposal will not be considered. Upon written request, the contracting officer shall debrief unsuccessful offerors (see 15.505 and 15.506).

(h) Late technical proposals are governed by 15.208 (b) and (c).

(i) If it is necessary to discontinue two-step sealed bidding, the contracting officer shall include a statement of the facts and circumstances in the contract file. Each offeror shall be notified in writing. When step one results in no acceptable technical proposal or only one acceptable technical proposal, the acquisition may be continued by negotiation.

14.503-2 Step two.

(a) Sealed bidding procedures shall be followed except that invitations for bids shall—

(1) Be issued only to those offerors submitting acceptable technical proposals in step one;

(2) Include the provision prescribed in 14.201-6(t);

(3) Prominently state that the bidder shall comply with the specifications and the bidder's technical proposal; and

(4) Not be synopsisized in the Commerce Business Daily as an acquisition opportunity nor publicly posted (see 5.101(a)).

(b) The names of firms that submitted acceptable proposals in step one will be listed in the Commerce Business Daily for the benefit of prospective subcontractors (see 5.207(a)(2)).

- (4) Enter the net cost to be deleted, which is the estimated cost of all deleted work less the cost of deleted work already performed. Column (2) minus Column (3) equals Column (4).
- (5) Enter your estimate for cost of work added by the change. When nonrecurring costs are significant, or when specifically requested to do so by the Contracting Officer, provide a full identification and explanation of them. When any of the costs in this column have already been incurred, describe them on an attached supporting schedule.

(3)	Enter the number of units remaining to be completed under the contract.
(4)	Enter the cumulative contract amount.

- (13) Enter total estimated cost (Total of Columns (11) and (12)).
- (14) Identify the attachment in which the information supporting the specific cost element may be found.

Subpart 15.5—Preaward, Award, and Postaward Notifications, Protests, and Mistakes

(see Subpart 19.11 and 19.1202) and is the apparently successful offeror; or

15.501 Definition.

“Day,” as used in this subpart, has the meaning set forth at 33.101.

15.502 Applicability.

This subpart applies to competitive proposals, as described in 6.102(b), and a combination of competitive procedures, as described in 6.102(c). The procedures in 15.504, 15.506, 15.507, 15.508, and 15.509, with reasonable modification, should be followed for sole source acquisitions and acquisitions described in 6.102(d)(1) and (2).

15.503 Notifications to unsuccessful offerors.

(a) *Preaward notices—(1) Preaward notices of exclusion from competitive range.* The contracting officer shall notify offerors promptly in writing when their proposals are excluded from the competitive range or otherwise eliminated from the competition. The notice shall state the basis for the determination and that a proposal revision will not be considered.

(2) *Preaward notices for small business programs.* (i) In addition to the notice in paragraph (a)(1) of this section, the contracting officer shall notify each offeror in writing prior to award, upon completion of negotiations, determinations of responsibility, and, if necessary, the process in 19.304(d)—

(A) When using a small business set-aside (see Subpart 19.5);

(B) When a small disadvantaged business concern receives a benefit based on its disadvantaged status

(C) When using the HUBZone procedures in 19.1305 or 19.1307.

(ii) The notice shall state—

(A) The name and address of the apparently successful offeror;

(B) That the Government will not consider subsequent revisions of the offeror’s proposal; and

(C) That no response is required unless a basis exists to challenge the small business size status, disadvantaged status, or HUBZone status of the apparently successful offeror.

(iii) The notice is not required when the contracting officer determines in writing that the urgency of the requirement necessitates award without delay or when the contract is entered into under the 8(a) program (see 19.805-2).

(b) *Postaward notices.* (1) Within 3 days after the date of contract award, the contracting officer shall provide written notification to each offeror whose proposal was in the competitive range but was not selected for award (10 U.S.C. 2305(b)(5) and 41 U.S.C. 253b(c)) or had not been previously notified under paragraph (a) of this section. The notice shall include—

(i) The number of offerors solicited;

(ii) The number of proposals received;

(iii) The name and address of each offeror receiving an award;

(iv) The items, quantities, and any stated unit prices of each award. If the number of items or other factors makes listing any stated unit prices impracticable at that time, only the total contract price need be furnished in the notice. However, the items, quantities, and any stated unit prices of each award shall be made publicly available, upon request; and

(v) In general terms, the reason(s) the offeror's proposal was not accepted, unless the price information in paragraph (b)(1)(iv) of this section readily reveals the reason. In no event shall an offeror's cost breakdown, profit, overhead rates, trade secrets, manufacturing processes and techniques, or other confidential business information be disclosed to any other offeror.

(2) Upon request, the contracting officer shall furnish the information described in paragraph (b)(1) of this section to unsuccessful offerors in solicitations using simplified acquisition procedures in Part 13.

(3) Upon request, the contracting officer shall provide the information in paragraph (b)(1) of this section to unsuccessful offerors that received a preaward notice of exclusion from the competitive range.

15.504 Award to successful offeror.

The contracting officer shall award a contract to the successful offeror by furnishing the executed contract or other notice of the award to that offeror.

(a) If the award document includes information that is different than the latest signed proposal, as amended by the offeror's written correspondence, both the offeror and the contracting officer shall sign the contract award.

(b) When an award is made to an offeror for less than all of the items that may be awarded and additional items are being withheld for subsequent award, each notice shall state that the Government may make subsequent awards on those additional items within the proposal acceptance period.

(c) If the Optional Form (OF) 307, Contract Award, Standard Form (SF) 26, Award/Contract, or SF 33, Solicitation, Offer and Award, is not used to award the contract, the first page of the award document shall contain the Government's acceptance statement from Block 15 of that form, exclusive of the Item 3 reference language, and shall contain the contracting officer's name, signature, and date. In addition, if the award document includes information that is different than the signed proposal, as amended by the offeror's written correspondence, the first page shall include the contractor's agreement statement from Block 14 of the OF 307 and the signature of the contractor's authorized representative.

15.505 Preaward debriefing of offerors.

Offerors excluded from the competitive range or otherwise excluded from the competition before award may request a debriefing before award (10 U.S.C. 2305(b)(6)(A) and 41 U.S.C. 253b(f) - (h)).

(a)(1) The offeror may request a preaward debriefing by submitting a written request for debriefing to the contracting officer within 3 days after receipt of the notice of exclusion from the competition.

(2) At the offeror's request, this debriefing may be delayed until after award. If the debriefing is delayed until after award, it shall include all information normally provided in a postaward debriefing (see 15.506(d)). Debriefings delayed pursuant to this paragraph could affect the timeliness of any protest filed subsequent to the debriefing.

(3) If the offeror does not submit a timely request, the offeror need not be given either a preaward or a postaward debriefing. Offerors are entitled to no more than one debriefing for each proposal.

(b) The contracting officer shall make every effort to debrief the unsuccessful offeror as soon as practicable, but may refuse the request for a debriefing if, for compelling reasons, it is not in the best interests of the Government to conduct a debriefing at that time. The rationale for delaying the debriefing shall be documented in the contract file. If the contracting officer delays the debriefing, it shall be provided no later than the time postaward debriefings are provided under 15.506. In that event, the contracting officer shall include the information at 15.506(d) in the debriefing.

(c) Debriefings may be done orally, in writing, or by any other method acceptable to the contracting officer.

(d) The contracting officer should normally chair any debriefing session held. Individuals who conducted the evaluations shall provide support.

(e) At a minimum, preaward debriefings shall include—

(1) The agency's evaluation of significant elements in the offeror's proposal;

(2) A summary of the rationale for eliminating the offeror from the competition; and

(3) Reasonable responses to relevant questions about whether source selection procedures contained in the solicitation, applicable regulations, and other applicable authorities were followed in the process of eliminating the offeror from the competition.

(f) Preaward debriefings shall not disclose—

(1) The number of offerors;

(2) The identity of other offerors;

(3) The content of other offerors' proposals;

(4) The ranking of other offerors;

(5) The evaluation of other offerors; or

(6) Any of the information prohibited in 15.506(e).

(g) An official summary of the debriefing shall be included in the contract file.

15.506 Postaward debriefing of offerors.

(a)(1) An offeror, upon its written request received by the agency within 3 days after the date on which that offeror has received notification of contract award in accordance with 15.503(b), shall be debriefed and furnished the basis for the selection decision and contract award.

(2) To the maximum extent practicable, the debriefing should occur within 5 days after receipt of the written request. Offerors that requested a postaward debriefing in lieu of a preaward debriefing, or whose debriefing was delayed for compelling reasons beyond contract award, also should be debriefed within this time period.

(3) An offeror that was notified of exclusion from the competition (see 15.505(a)), but failed to submit a timely request, is not entitled to a debriefing.

(4)(i) Untimely debriefing requests may be accommodated.

(ii) Government accommodation of a request for delayed debriefing pursuant to 15.505(a)(2), or any untimely debriefing request, does not automatically extend the deadlines for filing protests. Debriefings delayed pursuant to 15.505(a)(2) could affect the timeliness of any protest filed subsequent to the debriefing.

(b) Debriefings of successful and unsuccessful offerors may be done orally, in writing, or by any other method acceptable to the contracting officer.

(c) The contracting officer should normally chair any debriefing session held. Individuals who conducted the evaluations shall provide support.

(d) At a minimum, the debriefing information shall include—

(1) The Government's evaluation of the significant weaknesses or deficiencies in the offeror's proposal, if applicable;

(2) The overall evaluated cost or price (including unit prices) and technical rating, if applicable, of the successful offeror and the debriefed offeror, and past performance information on the debriefed offeror;

(3) The overall ranking of all offerors, when any ranking was developed by the agency during the source selection;

(4) A summary of the rationale for award;

(5) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror; and

(6) Reasonable responses to relevant questions about whether source selection procedures contained in the solicitation, applicable regulations, and other applicable authorities were followed.

(e) The debriefing shall not include point-by-point comparisons of the debriefed offeror's proposal with those of other offerors. Moreover, the debriefing shall not reveal any information prohibited from disclosure by 24.202 or exempt from release under the Freedom of Information Act (5 U.S.C. 552) including—

(1) Trade secrets;

(2) Privileged or confidential manufacturing processes and techniques;

(3) Commercial and financial information that is privileged or confidential, including cost breakdowns, profit, indirect cost rates, and similar information; and

(4) The names of individuals providing reference information about an offeror's past performance.

(f) An official summary of the debriefing shall be included in the contract file.

15.507 Protests against award.

(a) Protests against award in negotiated acquisitions shall be handled in accordance with Part 33. Use of agency protest procedures that incorporate the alternative dispute resolution provisions of Executive Order 12979 is encouraged for both preaward and postaward protests.

(b) If a protest causes the agency, within 1 year of contract award, to—

(1) Issue a new solicitation on the protested contract award, the contracting officer shall provide the information in paragraph (c) of this section to all prospective offerors for the new solicitation; or

(2) Issue a new request for revised proposals on the protested contract award, the contracting officer shall provide the information in paragraph (c) of this section to offerors that were in the competitive range and are requested to submit revised proposals.

(c) The following information will be provided to appropriate parties:

(1) Information provided to unsuccessful offerors in any debriefings conducted on the original award regarding the successful offeror's proposal; and

(2) Other nonproprietary information that would have been provided to the original offerors.

15.508 Discovery of mistakes.

Mistakes in a contractor's proposal that are disclosed after award shall be processed substantially in accordance with the procedures for mistakes in bids at 14.407-4.

15.509 Forms.

Optional Form 307, Contract Award, Standard Form (SF) 26, Award/Contract, or SF 33, Solicitation, Offer and Award, may be used to award negotiated contracts in which the signature of both parties on a single document is appropriate. If these forms are not used, the award document shall incorporate the agreement and award language from the OF 307.

Subpart 15.6—Unsolicited Proposals

15.600 Scope of subpart.

This subpart sets forth policies and procedures concerning the submission, receipt, evaluation, and acceptance or rejection of unsolicited proposals.

15.601 Definitions.

As used in this subpart—

“Advertising material” means material designed to acquaint the Government with a prospective contractor's

present products, services, or potential capabilities, or designed to stimulate the Government's interest in buying such products or services.

“Commercial item offer” means an offer of a commercial item that the vendor wishes to see introduced in the Government's supply system as an alternate or a replacement for an existing supply item. This term does not include innovative or unique configurations or uses of commercial items that are being offered for further development and that may be submitted as an unsolicited proposal.

“Contribution” means a concept, suggestion, or idea presented to the Government for its use with no indication that the source intends to devote any further effort to it on the Government's behalf.

“Unsolicited proposal” means a written proposal for a new or innovative idea that is submitted to an agency on the initiative of the offeror for the purpose of obtaining a contract with the Government, and that is not in response to a request for proposals, Broad Agency Announcement, Small Business Innovation Research topic, Small Business Technology Transfer Research topic, Program Research and Development Announcement, or any other Government-initiated solicitation or program.

15.602 Policy.

It is the policy of the Government to encourage the submission of new and innovative ideas in response to Broad Agency Announcements, Small Business Innovation Research topics, Small Business Technology Transfer Research topics, Program Research and Development Announcements, or any other Government-initiated solicitation or program. When the new and innovative ideas do not fall under topic areas publicized under those programs or techniques, the ideas may be submitted as unsolicited proposals.

15.603 General.

(a) Unsolicited proposals allow unique and innovative ideas or approaches that have been developed outside the Government to be made available to Government agencies for use in accomplishment of their missions. Unsolicited proposals are offered with the intent that the Government will enter into a contract with the offeror for research and development or other efforts supporting the Government mission, and often represent a substantial investment of time and effort by the offeror.

(b) Advertising material, commercial item offers, or contributions, as defined in 15.601, or routine correspondence on technical issues, are not unsolicited proposals.

(c) A valid unsolicited proposal must—

- (1) Be innovative and unique;
- (2) Be independently originated and developed by the offeror;

(3) Be prepared without Government supervision, endorsement, direction, or direct Government involvement;

(4) Include sufficient detail to permit a determination that Government support could be worthwhile and the proposed work could benefit the agency's research and development or other mission responsibilities; and

(5) Not be an advance proposal for a known agency requirement that can be acquired by competitive methods.

(d) Unsolicited proposals in response to a publicized general statement of agency needs are considered to be independently originated.

15.604 Agency points of contact.

(a) Preliminary contact with agency technical or other appropriate personnel before preparing a detailed unsolicited proposal or submitting proprietary information to the Government may save considerable time and effort for both parties (see 15.201). Agencies shall make available to potential offerors of unsolicited proposals at least the following information:

(1) Definition (see 15.601) and content (see 15.605) of an unsolicited proposal acceptable for formal evaluation.

(2) Requirements concerning responsible prospective contractors (see Subpart 9.1), and organizational conflicts of interest (see Subpart 9.5).

(3) Guidance on preferred methods for submitting ideas/concepts to the Government, such as any agency: upcoming solicitations; Broad Agency Announcements; Small Business Innovation Research programs; Small Business Technology Transfer Research programs; Program Research and Development Announcements; or grant programs.

(4) Agency points of contact for information regarding advertising, contributions, and other types of transactions similar to unsolicited proposals.

(5) Information sources on agency objectives and areas of potential interest.

(6) Procedures for submission and evaluation of unsolicited proposals.

(7) Instructions for identifying and marking proprietary information so that it is protected and restrictive legends conform to 15.609.

(b) Only the cognizant contracting officer has the authority to bind the Government regarding unsolicited proposals.

15.605 Content of unsolicited proposals.

Unsolicited proposals should contain the following information to permit consideration in an objective and timely manner:

(a) Basic information including—

(1) Offeror's name and address and type of organization; e.g., profit, nonprofit, educational, small business;

(2) Names and telephone numbers of technical and business personnel to be contacted for evaluation or negotiation purposes;

(3) Identification of proprietary data to be used only for evaluation purposes;

(4) Names of other Federal, State, or local agencies or parties receiving the proposal or funding the proposed effort;

(5) Date of submission; and

(6) Signature of a person authorized to represent and contractually obligate the offeror.

(b) Technical information including—

(1) Concise title and abstract (approximately 200 words) of the proposed effort;

(2) A reasonably complete discussion stating the objectives of the effort or activity, the method of approach and extent of effort to be employed, the nature and extent of the anticipated results, and the manner in which the work will help to support accomplishment of the agency's mission;

(3) Names and biographical information on the offeror's key personnel who would be involved, including alternates; and

(4) Type of support needed from the agency; *e.g.*, facilities, equipment, materials, or personnel resources.

(c) Supporting information including—

(1) Proposed price or total estimated cost for the effort in sufficient detail for meaningful evaluation;

(2) Period of time for which the proposal is valid (a 6-month minimum is suggested);

(3) Type of contract preferred;

(4) Proposed duration of effort;

(5) Brief description of the organization, previous experience, relevant past performance, and facilities to be used;

(6) Other statements, if applicable, about organizational conflicts of interest, security clearances, and environmental impacts; and

(7) The names and telephone numbers of agency technical or other agency points of contact already contacted regarding the proposal.

15.606 Agency procedures.

(a) Agencies shall establish procedures for controlling the receipt, evaluation, and timely disposition of unsolicited proposals consistent with the requirements of this subpart. The procedures shall include controls on the reproduction and disposition of proposal material, particularly data identified by the offeror as subject to duplication, use, or disclosure restrictions.

(b) Agencies shall establish agency points of contact (see 15.604) to coordinate the receipt and handling of unsolicited proposals.

15.606-1 Receipt and initial review.

(a) Before initiating a comprehensive evaluation, the agency contact point shall determine if the proposal—

(1) Is a valid unsolicited proposal, meeting the requirements of 15.603(c);

(2) Is suitable for submission in response to an existing agency requirement (see 15.602);

(3) Is related to the agency mission;

(4) Contains sufficient technical and cost information for evaluation;

(5) Has been approved by a responsible official or other representative authorized to obligate the offeror contractually; and

(6) Complies with the marking requirements of 15.609.

(b) If the proposal meets these requirements, the contact point shall promptly acknowledge receipt and process the proposal.

(c) If a proposal is rejected because the proposal does not meet the requirements of paragraph (a) of this subsection, the agency contact point shall promptly inform the offeror of the reasons for rejection in writing and of the proposed disposition of the unsolicited proposal.

15.606-2 Evaluation.

(a) Comprehensive evaluations shall be coordinated by the agency contact point, who shall attach or imprint on each unsolicited proposal, circulated for evaluation, the legend required by 15.609(d). When performing a comprehensive evaluation of an unsolicited proposal, evaluators shall consider the following factors, in addition to any others appropriate for the particular proposal:

(1) Unique, innovative, and meritorious methods, approaches, or concepts demonstrated by the proposal;

(2) Overall scientific, technical, or socioeconomic merits of the proposal;

(3) Potential contribution of the effort to the agency's specific mission;

(4) The offeror's capabilities, related experience, facilities, techniques, or unique combinations of these that are integral factors for achieving the proposal objectives;

(5) The qualifications, capabilities, and experience of the proposed principal investigator, team leader, or key personnel critical to achieving the proposal objectives; and

(6) The realism of the proposed cost.

(b) The evaluators shall notify the agency point of contact of their recommendations when the evaluation is completed.

15.607 Criteria for acceptance and negotiation of an unsolicited proposal.

(a) A favorable comprehensive evaluation of an unsolicited proposal does not, in itself, justify awarding a

contract without providing for full and open competition. The agency point of contact shall return an unsolicited proposal to the offeror, citing reasons, when its substance—

- (1) Is available to the Government without restriction from another source;
- (2) Closely resembles a pending competitive acquisition requirement;
- (3) Does not relate to the activity's mission; or
- (4) Does not demonstrate an innovative and unique method, approach, or concept, or is otherwise not deemed a meritorious proposal.

(b) The contracting officer may commence negotiations on a sole source basis only when—

- (1) An unsolicited proposal has received a favorable comprehensive evaluation;
- (2) A justification and approval has been obtained (see 6.302-1(a)(2)(i) for research proposals or other appropriate provisions of Subpart 6.3, and 6.303-2(b));
- (3) The agency technical office sponsoring the contract furnishes the necessary funds; and
- (4) The contracting officer has complied with the synopsis requirements of Subpart 5.2.

15.608 Prohibitions.

(a) Government personnel shall not use any data, concept, idea, or other part of an unsolicited proposal as the basis, or part of the basis, for a solicitation or in negotiations with any other firm unless the offeror is notified of and agrees to the intended use. However, this prohibition does not preclude using any data, concept, or idea in the proposal that also is available from another source without restriction.

(b) Government personnel shall not disclose restrictively marked information (see 3.104 and 15.609) included in an unsolicited proposal. The disclosure of such information concerning trade secrets, processes, operations, style of work, apparatus, and other matters, except as authorized by law, may result in criminal penalties under 18 U.S.C. 1905.

15.609 Limited use of data.

(a) An unsolicited proposal may include data that the offeror does not want disclosed to the public for any purpose or used by the Government except for evaluation purposes. If the offeror wishes to restrict the data, the title page must be marked with the following legend:

USE AND DISCLOSURE OF DATA

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this proposal. However, if a contract is awarded to this offeror as a result of—or in connection with—the submission of these data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction

does not limit the Government's right to use information contained in these data if they are obtained from another source without restriction. The data subject to this restriction are contained in Sheets [*insert numbers or other identification of sheets*].

(b) The offeror shall also mark each sheet of data it wishes to restrict with the following legend: Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(c) The agency point of contact shall return to the offeror any unsolicited proposal marked with a legend different from that provided in paragraph (a) of this section. The return letter will state that the proposal cannot be considered because it is impracticable for the Government to comply with the legend and that the agency will consider the proposal if it is resubmitted with the proper legend.

(d) The agency point of contact shall place a cover sheet on the proposal or clearly mark it as follows, unless the offeror clearly states in writing that no restrictions are imposed on the disclosure or use of the data contained in the proposal:

UNSOLICITED PROPOSAL—USE OF DATA LIMITED

All Government personnel must exercise extreme care to ensure that the information in this proposal is not disclosed to an individual who has not been authorized access to such data in accordance with FAR 3.104, and is not duplicated, used, or disclosed in whole or in part for any purpose other than evaluation of the proposal, without the written permission of the offeror. If a contract is awarded on the basis of this proposal, the terms of the contract shall control disclosure and use. This notice does not limit the Government's right to use information contained in the proposal if it is obtainable from another source without restriction. This is a Government notice, and shall not by itself be construed to impose any liability upon the Government or Government personnel for disclosure or use of data contained in this proposal.

(e) The notice in paragraph (d) of this section is used solely as a manner of handling unsolicited proposals that will be compatible with this subpart. However, the use of this notice shall not be used to justify the withholding of a record, nor to improperly deny the public access to a record, where an obligation is imposed on an agency by the Freedom of Information Act, 5 U.S.C. 552, as amended. A prospective offeror should identify trade secrets, commercial or financial information, and privileged or confidential information to the Government (see paragraph (a) of this section).

(f) When an agency receives an unsolicited proposal without any restrictive legend from an educational or non-profit organization or institution, and an evaluation outside the Government is necessary, the agency point of contact shall—

- (1) Attach a cover sheet clearly marked with the legend in paragraph (d) of this section;

(2) Change the beginning of this legend to read "All Government and non-Government personnel"; and

(3) Require any non-Government evaluator to agree in writing that data in the proposal will not be disclosed to others outside the Government.

(g) If the proposal is received with the restrictive legend (see paragraph (a) of this section), the modified cover sheet shall also be used and permission shall be obtained from the offeror before release of the proposal for evaluation by non-Government personnel.

(h) When an agency receives an unsolicited proposal with or without a restrictive legend from other than an edu-

cational or nonprofit organization or institution, and evaluation by Government personnel outside the agency or by experts outside of the Government is necessary, written permission must be obtained from the offeror before release of the proposal for evaluation. The agency point of contact shall—

(1) Clearly mark the cover sheet with the legend in paragraph (d) or as modified in paragraph (f) of this section; and

(2) Obtain a written agreement from any non-Government evaluator stating that data in the proposal will not be disclosed to persons outside the Government.

architect-engineer services using the procedures in this subpart, provided the selection of contractors and placement of orders are consistent with Subpart 36.6.

16.501-1 Definitions.

As used in this subpart—

“Advisory and assistance services” has the same meaning as set forth in 37.201.

“Delivery order contract” means a contract for supplies that does not procure or specify a firm quantity of supplies (other than a minimum or maximum quantity) and that provides for the issuance of orders for the delivery of supplies during the period of the contract.

“Task order contract” means a contract for services that does not procure or specify a firm quantity of services (other than a minimum or maximum quantity) and that provides for the issuance of orders for the performance of tasks during the period of the contract.

16.501-2 General.

(a) There are three types of indefinite-delivery contracts: definite-quantity contracts, requirements contracts, and indefinite-quantity contracts. The appropriate type of indefinite-delivery contract may be used to acquire supplies and/or services when the exact times and/or exact quantities of future deliveries are not known at the time of contract award. Pursuant to 10 U.S.C. 2304d and section 303K of the Federal Property and Administrative Services Act of 1949, requirements contracts and indefinite-quantity contracts are also known as delivery order contracts or task order contracts.

(b) The various types of indefinite-delivery contracts offer the following advantages:

(1) All three types permit—

(i) Government stocks to be maintained at minimum levels ; and

(ii) Direct shipment to users.

(2) Indefinite-quantity contracts and requirements contracts also permit—

(i) Flexibility in both quantities and delivery scheduling; and

(ii) Ordering of supplies or services after requirements materialize.

(3) Indefinite-quantity contracts limit the Government’s obligation to the minimum quantity specified in the contract.

(4) Requirements contracts may permit faster deliveries when production lead time is involved, because contractors are usually willing to maintain limited stocks when the Government will obtain all of its actual purchase requirements from the contractor.

(c) Indefinite-delivery contracts may provide for any appropriate cost or pricing arrangement under Part 16. Cost

or pricing arrangements that provide for an estimated quantity of supplies or services (*e.g.*, estimated number of labor hours) must comply with the appropriate procedures of this subpart.

16.502 Definite-quantity contracts.

(a) *Description.* A definite-quantity contract provides for delivery of a definite quantity of specific supplies or services for a fixed period, with deliveries or performance to be scheduled at designated locations upon order.

(b) *Application.* A definite-quantity contract may be used when it can be determined in advance that—

(1) A definite quantity of supplies or services will be required during the contract period; and

(2) The supplies or services are regularly available or will be available after a short lead time.

16.503 Requirements contracts.

(a) *Description.* A requirements contract provides for filling all actual purchase requirements of designated Government activities for supplies or services during a specified contract period, with deliveries or performance to be scheduled by placing orders with the contractor.

(1) For the information of offerors and contractors, the contracting officer shall state a realistic estimated total quantity in the solicitation and resulting contract. This estimate is not a representation to an offeror or contractor that the estimated quantity will be required or ordered, or that conditions affecting requirements will be stable or normal. The contracting officer may obtain the estimate from records of previous requirements and consumption, or by other means, and should base the estimate on the most current information available.

(2) The contract shall state, if feasible, the maximum limit of the contractor’s obligation to deliver and the Government’s obligation to order. The contract may also specify maximum or minimum quantities that the Government may order under each individual order and the maximum that it may order during a specified period of time.

(b) *Application.* A requirements contract may be appropriate for acquiring any supplies or services when the Government anticipates recurring requirements but cannot predetermine the precise quantities of supplies or services that designated Government activities will need during a definite period.

(c) *Government property furnished for repair.* When a requirements contract is used to acquire work (*e.g.*, repair, modification, or overhaul) on existing items of Government property, the contracting officer shall specify in the Schedule that failure of the Government to furnish such items in the amounts or quantities described in the Schedule as “estimated” or “maximum” will not entitle the contractor

to any equitable adjustment in price under the Government Property clause of the contract.

(d) *Limitations on use of requirements contracts for advisory and assistance services.* (1) Except as provided in paragraph (d)(2) of this section, no solicitation for a requirements contract for advisory and assistance services in excess of three years and \$10,000,000 (including all options) may be issued unless the contracting officer or other official designated by the head of the agency determines in writing that the services required are so unique or highly specialized that it is not practicable to make multiple awards using the procedures in 16.504.

(2) The limitation in paragraph (d)(1) of this section is not applicable to an acquisition of supplies or services that includes the acquisition of advisory and assistance services, if the contracting officer or other official designated by the head of the agency determines that the advisory and assistance services are necessarily incident to, and not a significant component of, the contract.

16.504 Indefinite-quantity contracts.

(a) *Description.* An indefinite-quantity contract provides for an indefinite quantity, within stated limits, of supplies or services to be furnished during a fixed period, with deliveries or performance to be scheduled by placing orders with the contractor. Quantity limits may be expressed in terms of numbers of units or as dollar values.

(1) The contract shall require the Government to order and the contractor to furnish at least a stated minimum quantity of supplies or services. In addition, if ordered, the contractor shall furnish any additional quantities, not to exceed the stated maximum. The contracting officer may obtain the basis for the maximum from records of previous requirements and consumption, or by other means, but the maximum quantity should be realistic and based on the most current information available.

(2) To ensure that the contract is binding, the minimum quantity must be more than a nominal quantity, but it should not exceed the amount that the Government is fairly certain to order.

(3) The contract may also specify maximum or minimum quantities that the Government may order under each task or delivery order and the maximum that it may order during a specific period of time.

(4) In addition to other required provisions and clauses, a solicitation and contract for an indefinite quantity shall—

(i) Specify the period of the contract, including the number of options and the period for which the contract may be extended under each option, if any;

(ii) Specify the total minimum and maximum quantity of supplies or services to be acquired under the contract;

(iii) Include a statement of work, specifications, or other description, that reasonably describes the general scope, nature, complexity, and purpose of the supplies or services to be acquired under the contract in a manner that will enable a prospective offeror to decide whether to submit an offer;

(iv) State the procedures that will be used in issuing orders and, if multiple awards may be made, state the procedures and selection criteria that will be used to provide awardees a fair opportunity to be considered for each order (see 16.505(b)(1));

(v) If multiple awards may be made, include the provision at 52.216-27, Single or Multiple Awards, to notify offerors that more than one contract may be awarded; and

(vi) If an award of a task order contract for advisory and assistance services in excess of three years and \$10,000,000 (including all options) is anticipated, include the provision at 52.216-28, Multiple Awards for Advisory and Assistance Services, unless a determination to make a single award is made under paragraph (c)(2)(i)(A) of this section.

(b) *Application.* An indefinite-quantity contract may be used when the Government cannot predetermine, above a specified minimum, the precise quantities of supplies or services that will be required during the contract period, and it is inadvisable for the Government to commit itself for more than a minimum quantity. An indefinite-quantity contract should be used only when a recurring need is anticipated.

(c) *Multiple award preference—(1) General preference.* Except for indefinite-quantity contracts for advisory and assistance services as provided in paragraph (c)(2) of this section, the contracting officer shall, to the maximum extent practicable, give preference to making multiple awards of indefinite-quantity contracts under a single solicitation for the same or similar supplies or services to two or more sources. In making a determination as to whether multiple awards are appropriate, the contracting officer shall exercise sound business judgment as part of acquisition planning. No separate written determination to make a single award is necessary when the determination is contained in a written acquisition plan or when a class determination has been made in accordance with Subpart 1.7. Multiple awards should not be made if the contracting officer determines that—

(i) Only one contractor is capable of providing performance at the level of quality required because the supplies or services are unique or highly specialized;

(ii) Based on the contracting officer's knowledge of the market, more favorable terms and conditions, including pricing, will be provided if a single award is made;

(iii) The cost of administration of multiple contracts may outweigh any potential benefits from making multiple awards;

19.000 Scope of part.

(a) This part implements the acquisition-related sections of the Small Business Act (15 U.S.C. 631, *et seq.*), applicable sections of the Armed Services Procurement Act (10

U.S.C. 2302, *et seq.*), the Federal Property and Administrative Services Act (41 U.S.C. 252), section 7102 of the Federal Acquisition Streamlining Act of 1994 (Public Law 103-355), 10 U.S.C. 2323, and Executive Order 12138, May 18, 1979. It covers—

(1) The determination that a concern is eligible for participation in the programs identified in this part;

(2) The respective roles of executive agencies and the Small Business Administration (SBA) in implementing the programs;

(3) Setting acquisitions aside for exclusive competitive participation by small business concerns and HUBZone small business concerns, and sole source awards to HUBZone small business concerns;

(4) The certificate of competency program;

(5) The subcontracting assistance program;

(6) The “8(a)” program, under which agencies contract with the SBA for goods or services to be furnished under a subcontract by a small disadvantaged business concern;

(7) The use of women-owned small business concerns;

(8) The use of a price evaluation adjustment for small disadvantaged business concerns, and the use of a price evaluation preference for HUBZone small business concerns; and

(9) The Small Disadvantaged Business Participation Program.

(b) This part, except for Subpart 19.6, applies only inside the United States, its territories and possessions, Puerto Rico, the Trust Territory of the Pacific Islands, and the District of Columbia. Subpart 19.6 applies worldwide.

19.001 Definitions.

“Concern,” as used in this part, means any business entity organized for profit (even if its ownership is in the hands of a nonprofit entity) with a place of business located in the United States and which makes a significant contribution to the U.S. economy through payment of taxes and/or use of American products, material and/or labor, etc. “Concern” includes but is not limited to an individual, partnership, corporation, joint venture, association, or cooperative. For the purpose of making affiliation findings (see 19.101) any business entity, whether organized for profit or not, and any foreign business entity, *i.e.*, any entity located outside the United States, shall be included.

“Fair market price,” as used in this part, means a price based on reasonable costs under normal competitive conditions and not on lowest possible cost (see 19.202-6).

“HUBZone” means a historically underutilized business zone, which is an area located within one or more qualified census tracts, qualified nonmetropolitan counties, or lands within the external boundaries of an Indian reservation.

“HUBZone small business concern” means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the SBA.

“Industry,” as used in this part, means all concerns primarily engaged in similar lines of activity, as listed and described in the Standard Industrial Classification (SIC) Manual.

“Labor surplus area” means a geographical area identified by the Department of Labor in accordance with 20 CFR Part 654, Subpart A, as an area of concentrated unemployment or underemployment or an area of labor surplus.

“Labor surplus area concern” means a concern that together with its first-tier subcontractors will perform substantially in labor surplus areas. Performance is substantially in labor surplus areas if the costs incurred under the contract on account of manufacturing, production, or performance of appropriate services in labor surplus areas exceed 50 percent of the contract price.

“Nonmanufacturer rule” means that a contractor under a small business set-aside or 8(a) contract shall be a small business under the applicable size standard and shall provide either its own product or that of another domestic small business manufacturing or processing concern (see 13 CFR 121.406).

“Small business concern” means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on government contracts, and qualified as a small business under the criteria and size standards in 13 CFR Part 121 (see 19.102). Such a concern is “not dominant in its field of operation” when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

“Small disadvantaged business concern,” as used in this part, means (except for 52.212-3(c)(2) and 52.219-1(b)(2) for general statistical purposes and 52.212-3(c)(7)(ii), 52.219-22(b)(2), and 52.219-23(a) for joint ventures under the price evaluation adjustment for small disadvantaged business concerns) an offeror that represents, as part of its offer, that it is a small business under the size standard applicable to the acquisition; and either—

(1) It has received certification as a small disadvantaged business concern consistent with 13 CFR 124, Subpart B; and

(i) No material change in disadvantaged ownership and control has occurred since its certification;

(ii) Where the concern is owned by one or more disadvantaged individuals, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(iii) It is listed, on the date of its representation, on the register of small disadvantaged business concerns maintained by the Small Business Administration; or

(2) For prime contractors, it has submitted a completed application to the Small Business Administration or a Private Certifier to be certified as a small disadvantaged business concern in accordance with 13 CFR 124, Subpart B, and a decision on that application is pending, and that no material change in disadvantaged ownership and control has occurred since its application was submitted. In this case, a contractor must receive certification as an SDB by the SBA prior to contract award.

“Women-owned small business concern” means a small business concern—

(a) Which is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(b) Whose management and daily business operations are controlled by one or more women.

Subpart 19.1—Size Standards

19.101 Explanation of terms.

“Affiliates.” As used in this subpart, business concerns are affiliates of each other if, directly or indirectly, either one controls or has the power to control the other, or another concern controls or has the power to control both. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships; provided, that restraints imposed by a franchise agreement are not considered in determining whether the franchisor controls or has the power to control the franchisee, if the franchisee has the right to profit from its effort, commensurate with ownership, and bears the risk of loss or failure. Any business entity may be found to be an affiliate, whether or not it is organized for profit or located inside the United States.

(a) *Nature of control.* Every business concern is considered as having one or more parties who directly or indirectly control or have the power to control it. Control may be affirmative or negative and it is immaterial whether it is exercised so long as the power to control exists.

(b) *Meaning of “party or parties.”* The term “party” or “parties” includes, but is not limited to, two or more persons with an identity of interest such as members of the same family or persons with common investments in more than one concern. In determining who controls or has the power

to control a concern, persons with an identity of interest may be treated as though they were one person.

(c) *Control through stock ownership.* (1) A party is considered to control or have the power to control a concern, if the party controls or has the power to control 50 percent or more of the concern's voting stock.

(2) A party is considered to control or have the power to control a concern, even though the party owns, controls, or has the power to control less than 50 percent of the concern's voting stock, if the block of stock the party owns, controls, or has the power to control is large, as compared with any other outstanding block of stock. If two or more parties each owns, controls, or has the power to control, less than 50 percent of the voting stock of a concern, and such minority block is equal or substantially equal in size, and large as compared with any other block outstanding, there is a presumption that each such party controls or has the power to control such concern; however, such presumption may be rebutted by a showing that such control or power to control, in fact, does not exist.

(3) If a concern's voting stock is distributed other than as described above, its management (officers and directors) is deemed to be in control of such concern.

(d) *Stock options and convertible debentures.* Stock options and convertible debentures exercisable at the time or within a relatively short time after a size determination and agreements to merge in the future, are considered as having a present effect on the power to control the concern. Therefore, in making a size determination, such options, debentures, and agreements are treated as though the rights held thereunder had been exercised.

(e) *Voting trusts.* If the purpose of a voting trust, or similar agreement, is to separate voting power from beneficial ownership of voting stock for the purpose of shifting control of or the power to control a concern in order that such concern or another concern may qualify as a small business within the size regulations, such voting trust shall not be considered valid for this purpose regardless of whether it is or is not valid within the appropriate jurisdiction. However, if a voting trust is entered into for a legitimate purpose other than that described above, and it is valid within the appropriate jurisdiction, it may be considered valid for the purpose of a size determination, provided such consideration is determined to be in the best interest of the small business program.

(f) *Control through common management.* A concern may be found as controlling or having the power to control another concern when one or more of the following circumstances are found to exist, and it is reasonable to conclude that under the circumstances, such concern is directing or influencing, or has the power to direct or influence, the operation of such other concern.

(1) *Interlocking management.* Officers, directors, employees, or principal stockholders of one concern serve as a working majority of the board of directors or officers of another concern.

(2) *Common facilities.* One concern shares common office space and/or employees and/or other facilities with another concern, particularly where such concerns are in the same or related industry or field of operation, or where such concerns were formerly affiliated.

(3) *Newly organized concern.* Former officers, directors, principal stockholders, and/or key employees of one concern organize a new concern in the same or a related industry or field operation, and serve as its officers, directors, principal stockholders, and/or key employees, and one concern is furnishing or will furnish the other concern with subcontracts, financial or technical assistance, and/or facilities, whether for a fee or otherwise.

(g) *Control through contractual relationships—(1) Definition of a joint venture for size determination purposes.* A joint venture for size determination purposes is an association of persons and/or concerns with interests in any degree or proportion by way of contract, express or implied, consorting to engage in and carry out a single specific business venture for joint profit, for which purpose they combine their efforts, property, money, skill, or knowledge, but not on a continuing or permanent basis for conducting business generally. A joint venture is viewed as a business entity in determining power to control its management.

(2) *Joint venture—procurement and property sale assistance—*Concerns bidding on a particular procurement or property sale as joint ventures are considered as affiliated and controlling or having the power to control each other with regard to performance of the contract. Moreover, an ostensible subcontractor which is to perform primary or vital requirements of a contract may have a controlling role such to be considered a joint venturer affiliated on the contract with the prime contractor. A joint venture affiliation finding is limited to particular contracts unless the SBA size determination finds general affiliation between the parties.

(3) Where a concern is not considered as being an affiliate of a concern with which it is participating in a joint venture, it is necessary, nevertheless, in computing annual receipts, etc., for the purpose of applying size standards, to include such concern's share of the joint venture receipts (as distinguished from its share of the profits of such venture).

(4) *Franchise and license agreements.* If a concern operates or is to operate under a franchise (or a license) agreement, the following policy is applicable: In determining whether the franchisor controls or has the power to control and, therefore, is affiliated with the franchisee, the restraints imposed on a franchisee by its franchise agreement shall not be considered, provided that the franchisee has the right to profit from its effort and the risk of loss or

failure, commensurate with ownership. Even though a franchisee may not be controlled by the franchisor by virtue of the contractual relationship between them, the franchisee may be controlled by the franchisor or others through common ownership or common management, in which case they would be considered as affiliated.

“Annual receipts.” (a) Annual receipts of a concern which has been in business for 3 or more complete fiscal years means the annual average gross revenue of the concern taken for the last 3 fiscal years. For the purpose of this definition, gross revenue of the concern includes revenues from sales of products and services, interest, rents, fees, commissions and/or whatever other sources derived, but less returns and allowances, sales of fixed assets, interaffiliate transactions between a concern and its domestic and foreign affiliates, and taxes collected for remittance (and if due, remitted) to a third party. Such revenues shall be measured as entered on the regular books of account of the concern whether on a cash, accrual, or other basis of accounting acceptable to the U.S. Treasury Department for the purpose of supporting Federal income tax returns, except when a change in accounting method from cash to accrual or accrual to cash has taken place during such 3-year period, or when the completed contract method has been used.

(1) In any case of change in accounting method from cash to accrual or accrual to cash, revenues for such 3-year period shall, prior to the calculation of the annual average, be restated to the accrual method. In any case, where the completed contract method has been used to account for revenues in such 3-year period, revenues must be restated on an accrual basis using the percentage of completion method.

(2) In the case of a concern which does not keep regular books of accounts, but which is subject to U.S. Federal income taxation, “annual receipts” shall be measured as reported, or to be reported to the U.S. Treasury Department, Internal Revenue Service, for Federal income tax purposes, except that any return based on a change in accounting method or on the completed contract method of accounting must be restated as provided for in the preceding paragraphs.

(b) Annual receipts of a concern that has been in business for less than 3 complete fiscal years means its total receipts for the period it has been in business, divided by the number of weeks including fractions of a week that it has been in business, and multiplied by 52. In calculating total receipts, the definitions and adjustments related to a change of accounting method and the completed contract method of accounting (a) of this section, are applicable.

“Number of employees” is a measure of the average employment of a business concern and means its average employment, including the employees of its domestic and

foreign affiliates, based on the number of persons employed on a full-time, part-time, temporary, or other basis during each of the pay periods of the preceding 12 months. If a business has not been in existence for 12 months, “number of employees” means the average employment of such concern and its affiliates during the period that such concern has been in existence based on the number of persons employed during each of the pay periods of the period that such concern has been in business. If a business has acquired an affiliate during the applicable 12-month period, it is necessary, in computing the applicant's number of employees, to include the affiliate's number of employees during the entire period, rather than only its employees during the period in which it has been an affiliate. The employees of a former affiliate are not included, even if such concern had been an affiliate during a portion of the period.

19.102 Size standards.

(a) The SBA establishes small business size standards on an industry-by-industry basis. (See 13 CFR 121.)

(b) Small business size standards are applied by—

(1) Classifying the product or service being acquired in the industry whose definition, as found in the Standard Industrial Classification (SIC) Manual, best describes the principal nature of the product or service being acquired;

(2) Identifying the size standard SBA established for that industry; and

(3) Specifying the size standard in the solicitation so that offerors can appropriately represent themselves as small or large.

(c) For size standard purposes, a product or service shall be classified in only one industry, whose definition best describes the principal nature of the product or service being acquired even though for other purposes it could be classified in more than one.

(d) When acquiring a product or service that could be classified in two or more industries with different size standards, contracting officers shall apply the size standard for the industry accounting for the greatest percentage of the contract price.

(e) If a solicitation calls for more than one item and allows offers to be submitted on any or all of the items, an offeror must meet the size standard for each item it offers to furnish. If a solicitation calling for more than one item requires offers on all or none of the items, an offeror may qualify as a small business by meeting the size standard for the item accounting for the greatest percentage of the total contract price.

(f) Any concern which submits a bid or offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself

manufacture, is deemed to be a small business when it has no more than 500 employees, and—

(1) Except as provided in subparagraphs (f)(4) through (f)(7) of this section, in the case of Government acquisitions set-aside for small businesses, such nonmanufacturer must furnish in the performance of the contract, the product of a small business manufacturer or producer, which end product must be manufactured or produced in the United States. The term “nonmanufacturer” includes a concern which can manufacture or produce the product referred to in the specific acquisition but does not do so in connection with that acquisition. For size determination purposes there can be only one manufacturer of the end item being procured. The manufacturer of the end item being acquired is the concern which, with its own forces, transforms inorganic or organic substances including raw materials and/or miscellaneous parts or components into such end item. However, see the limitations on subcontracting at 52.219-14 which apply to any small business offeror other than a nonmanufacturer for purposes of set-asides and 8(a) awards.

(2) A concern which purchases items and packages them into a kit is considered to be a nonmanufacturer small business and can qualify as such for a given acquisition if it meets the size qualifications of a small nonmanufacturer for the acquisition, and if more than 50 percent of the total value of the kit and its contents is accounted for by items manufactured by small business.

(3) For the purpose of receiving a Certificate of Competency on an unrestricted acquisition, a small business nonmanufacturer may furnish any domestically produced or manufactured product.

(4) In the case of acquisitions set aside for small business or awarded under section 8(a) of the Small Business Act, when the acquisition is for a specific product (or a product in a class of products) for which the SBA has determined that there are no small business manufacturers or processors in the Federal market, then the SBA may grant a class waiver so that a nonmanufacturer does not have to furnish the product of a small business. For the most current

listing of classes for which SBA has granted a waiver, contact an SBA Office of Government Contracting. A listing is also available on SBA’s Internet Homepage at <http://www.sba.gov/gc>. Contracting officers may request that the SBA waive the nonmanufacturer rule for a particular class of products.

(5) For a specific solicitation, a contracting officer may request a waiver of that part of the nonmanufacturer rule which requires that the actual manufacturer or processor be a small business concern if no known domestic small business manufacturers or processors can reasonably be expected to offer a product meeting the requirements of the solicitation.

(6) Requests for waivers shall be sent to the—

Associate Administrator for Government Contracting
United States Small Business Administration
Mail Code 6250
409 Third Street, SW
Washington, DC 20416.

(7) The SBA provides for an exception to the nonmanufacturer rule where the procurement of a manufactured item processed under the procedures set forth in Part 13 is set aside for small business and where the anticipated cost of the procurement will not exceed \$25,000. In those procurements, the offeror need not supply the end product of a small business concern as long as the product acquired is manufactured or produced in the United States.

(g) The industry size standards are set forth in the following table. The table column labeled “SIC” follows the standard industrial classification code as published by the Government in the Standard Industrial Classification Manual. The Manual is intended to cover the entire field of economic activities. It classifies and defines activities by industry categories and is the source used by SBAs as a guide in defining industries for size standards. The number of employees or annual receipts indicates the maximum allowed for a concern, including its affiliates, to be considered small.

vide overall management and the personnel to perform a variety of related support services in operating a complete facility in or around a specific building, or within another business or Government establishment. Facilities management means furnishing three or more personnel supply services which may include, but are not limited to, secretarial services, typists, telephone answering, reproduction or mimeograph service, mailing service, financial or business management, public relations, conference planning, travel arrangements, word processing, maintaining files and/or libraries, switchboard operation, writers, bookkeeping, minor office equipment maintenance and repair, or use of information systems (not programming).

12 SIC code 8744: (1) If one of the activities of base maintenance, as defined below, can be identified with a separate industry and that activity (or industry) accounts for 50 percent or more of the value of an entire contract, then the proper size standard is that of the particular industry, and not the base maintenance size standard.

(2) “Base Maintenance” requires the performance of three or more separate activities in the areas of service or special trade construction industries. If services are performed, these activities must each be in a separate SIC code including, but not limited to, Janitorial and Custodial Service, Fire Prevention Service, Messenger Service, Commissary Service, Protective Guard Service, and Grounds Maintenance and Landscaping Service. If the contract requires the use of special trade contractors (plumbing, painting, plastering, carpentry, etc.), all such special trade construction activities are considered a single activity and classified as Base Housing Maintenance. Since Base Housing Maintenance is only one activity, two additional activities are required for a contract to be classified as “Base Maintenance.”

13 SIC code 8744: (1) For SBA assistance as a small business concern in the industry of Environmental Remediation Services, other than for Government procurement, a concern must be engaged primarily in furnishing a range of services for the remediation of a contaminated environment to an acceptable condition including, but not limited to, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, containment, remedial action, removal of contaminated materials, storage of contaminated materials and security and site closeouts. If one of such activities accounts for 50 percent or more of a concern’s total revenues, employees, or other related factors, the concern’s primary industry is that of the particular industry and not the Environmental Remediation Services Industry.

(2) For purposes of classifying a Government procurement as Environmental Remediation Services, the general purpose of the procurement must be to restore a contaminated environment and also the procurement must be composed of

activities in three or more separate industries with separate SIC codes or, in some instances (*e.g.*, engineering), smaller sub-components of SIC codes with separate, distinct size standards. These activities may include, but are not limited to, separate activities in industries such as: Heavy Construction; Special Trade Construction; Engineering Services; Architectural Services; Management Services; Refuse Systems; Sanitary Services, Not Elsewhere Classified; Local Trucking Without Storage; Testing Laboratories; and Commercial, Physical and Biological Research. If any activity in the procurement can be identified with a separate SIC code, or component of a code with a separate distinct size standard, and that industry accounts for 50 percent or more of the value of the entire procurement, then the proper size standard is the one for that particular industry, and not the Environmental Remediation Service size standard.

Subpart 19.2—Policies

19.201 General policy.

(a) It is the policy of the Government to provide maximum practicable opportunities in its acquisitions to small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. Such concerns shall also have the maximum practicable opportunity to participate as subcontractors in the contracts awarded by any executive agency, consistent with efficient contract performance. The Small Business Administration (SBA) counsels and assists small business concerns and assists contracting personnel to ensure that a fair proportion of contracts for supplies and services is placed with small business.

(b) The Department of Commerce will determine on an annual basis, by Major Groups as contained in the Standard Industrial Classification (SIC) manual, and region, if any, the authorized small disadvantaged business (SDB) procurement mechanisms and applicable factors (percentages). The Department of Commerce determination shall only affect solicitations that are issued on or after the effective date of the determination. The effective date of the Department of Commerce determination shall be no less than 60 days after its publication date. The Department of Commerce determination shall not affect ongoing acquisitions. The SDB procurement mechanisms are a price evaluation adjustment for SDB concerns (see Subpart 19.11), an evaluation factor or subfactor for participation of SDB concerns (see 19.1202), and monetary subcontracting incentive clauses for SDB concerns (see 19.1203). The Department of Commerce determination shall also include the applicable factors, by SIC Major Group, to be used in the price evaluation adjustment for SDB concerns (see 19.1104). The General Services Administration shall post

the Department of Commerce determination at <http://www.arnet.gov/References/sdbadjustments.htm>. The authorized procurement mechanisms shall be applied consistently with the policies and procedures in this subpart. The agencies shall apply the procurement mechanisms determined by the Department of Commerce. The Department of Commerce, in making its determination, is not limited to the SDB procurement mechanisms identified in this section where the Department of Commerce has found substantial and persuasive evidence of—

(1) A persistent and significant underutilization of minority firms in a particular industry, attributable to past or present discrimination; and

(2) A demonstrated incapacity to alleviate the problem by using those mechanisms.

(c) Heads of contracting activities are responsible for effectively implementing the small business programs within their activities, including achieving program goals. They are to ensure that contracting and technical personnel maintain knowledge of small business program requirements and take all reasonable action to increase participation in their activities' contracting processes by these businesses.

(d) The Small Business Act requires each agency with contracting authority to establish an Office of Small and Disadvantaged Business Utilization (see section (k) of the Small Business Act). Management of the office shall be the responsibility of an officer or employee of the agency who shall, in carrying out the purposes of the Act—

(1) Be known as the Director of Small and Disadvantaged Business Utilization;

(2) Be appointed by the agency head;

(3) Be responsible to and report directly to the agency head or the deputy to the agency head;

(4) Be responsible for the agency carrying out the functions and duties in sections 8, 15, and 31 of the Small Business Act.

(5) Assist small business concerns in obtaining payments under their contracts, late payment, interest penalties, or information on contractual payment provisions;

(6) Have supervisory authority over agency personnel to the extent that their functions and duties relate to sections 8, 15, and 31 of the Small Business Act.

(7) Assign a small business technical advisor to each contracting activity within the agency to which the SBAs assigned a representative (see 19.402)—

(i) Who shall be a full-time employee of the contracting activity, well qualified, technically trained, and familiar with the supplies or services contracted for by the activity; and

(ii) Whose principal duty is to assist the SBA's assigned representative in performing functions and duties relating to sections 8, 15, and 31 of the Small Business Act;

(8) Cooperate and consult on a regular basis with the SBA in carrying out the agency's functions and duties in sections 8, 15, and 31 of the Small Business Act;

(9) Make recommendations in accordance with agency procedures as to whether a particular acquisition should be awarded under Subpart 19.5 as a small business set-aside, under Subpart 19.8 as a Section 8(a) award, or under Subpart 19.13 as a HUBZone set-aside.

(e) Small Business Specialists shall be appointed and act in accordance with agency regulations.

(f)(1) Each agency shall designate, at levels it determines appropriate, personnel responsible for determining whether, in order to achieve the contracting agency's goal for SDB concerns, the use of the SDB mechanism in Subpart 19.11 has resulted in an undue burden on non-SDB firms in one of the major industry groups and regions identified by Department of Commerce following paragraph (b) of this section, or is otherwise inappropriate. Determinations under this subpart are for the purpose of determining future acquisitions and shall not affect ongoing acquisitions. Requests for a determination, including supporting rationale, may be submitted to the agency designee. If the agency designee makes an affirmative determination that the SDB mechanism has an undue burden or is otherwise inappropriate, the determination shall be forwarded through agency channels to the OFPP, which shall review the determination in consultation with the Department of Commerce and the Small Business Administration. At a minimum, the following information should be included in any submittal:

(i) A determination of undue burden or other inappropriate effect, including proposed corrective action.

(ii) The SIC Major Group affected.

(iii) Supporting information to justify the determination, including, but not limited to, dollars and percentages of contracts awarded by the contracting activity under the affected SIC Major Group for the previous two fiscal years and current fiscal year to date for—

(A) Total awards;

(B) Total awards to SDB concerns;

(C) Awards to SDB concerns awarded contracts under the SDB price evaluation adjustment where the SDB concerns would not otherwise have been the successful offeror;

(D) Number of successful and unsuccessful SDB offerors; and

(E) Number of successful and unsuccessful non-SDB offerors.

(iv) A discussion of the pertinent findings, including any peculiarities related to the industry, regions or demographics.

(v) A discussion of other efforts the agency has undertaken to ensure equal opportunity for SDBs in contracting with the agency.

(2) After consultation with OFPP, or if the agency does not receive a response from OFPP within 90 days after notice is provided to OFPP, the contracting agency may limit the use of the SDB mechanism in Subpart 19.11 until the Department of Commerce determines the updated price evaluation adjustment, as required by this section. This limitation shall not apply to solicitations that already have been synopsisized.

19.202 Specific policies.

In order to further the policy in 19.201(a), contracting officers shall comply with the specific policies listed in this section and shall consider recommendations of the agency Director of Small and Disadvantaged Business Utilization, or the Director's designee, as to whether a particular acquisition should be awarded under Subpart 19.5, 19.8, or 19.13. The contracting officer shall document the contract file whenever the Director's recommendations are not accepted.

19.202-1 Encouraging small business participation in acquisitions.

Small business concerns shall be afforded an equitable opportunity to compete for all contracts that they can perform to the extent consistent with the Government's interest. When applicable, the contracting officer shall take the following actions:

(a) Divide proposed acquisitions of supplies and services (except construction) into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement.

(b) Plan acquisitions such that, if practicable, more than one small business concern may perform the work, if the work exceeds the amount for which a surety may be guaranteed by SBA against loss under 15 U.S.C. 694b.

(c) Ensure that delivery schedules are established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government.

(d) Encourage prime contractors to subcontract with small business concerns (see Subpart 19.7).

(e)(1) Provide a copy of the proposed acquisition package to the SBA procurement center representative at least 30 days prior to the issuance of the solicitation if—

(i) The proposed acquisition is for supplies or services currently being provided by a small business and the proposed acquisition is of a quantity or estimated dollar value, the magnitude of which makes it unlikely that small businesses can compete for the prime contract, or

(ii) The proposed acquisition is for construction and seeks to package or consolidate discrete construction

projects and the magnitude of this consolidation makes it unlikely that small businesses can compete for the prime contract.

(2) The contracting officer shall also provide a statement explaining why the—

(i) Proposed acquisition cannot be divided into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement;

(ii) Delivery schedules cannot be established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government;

(iii) Proposed acquisition cannot be structured so as to make it likely that small businesses can compete for the prime contract; or

(iv) Consolidated construction project cannot be acquired as separate discrete projects.

(3) The 30-day notification process shall occur concurrently with other processing steps required prior to the issuance of the solicitation.

(4) If the contracting officer rejects the SBA procurement center representative's recommendation, made in accordance with 19.402(c)(2), the contracting officer shall document the basis for the rejection and notify the SBA procurement center representative in accordance with 19.505.

19.202-2 Locating small business sources.

The contracting officer shall, to the extent practicable, encourage maximum participation by small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in acquisitions by taking the following actions:

(a) Include on mailing lists all established and potential small business sources, including those located in labor surplus areas and HUBZones, if the concerns have submitted acceptable applications or appear from other representations to be qualified small business concerns.

(b) Before issuing solicitations, make every reasonable effort to find additional small business concerns, unless lists are already excessively long and only some of the concerns on the list will be solicited. This effort should include contacting the agency SBA procurement center representative, or if there is none, the SBA.

(c) Publicize solicitations and contract awards in the "Commerce Business Daily" (see Subparts 5.2 and 5.3).

19.202-3 Equal low bids.

In the event of equal low bids (see 14.408-6), awards shall be made first to small business concerns which are also labor surplus area concerns, and second to small business concerns which are not also labor surplus area concerns.

19.202-4 Solicitation.

The contracting officer shall encourage maximum response to solicitations by small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by taking the following actions:

(a) Allow the maximum amount of time practicable for the submission of offers.

(b) Furnish specifications, plans, and drawings with solicitations, or furnish information as to where they may be obtained or examined.

(c) Send solicitations to—

(1) All small business concerns on the solicitation mailing list; or

(2) A pro rata number of small business concerns when less than a complete list is used.

(d) Provide to any small business concern, upon its request, a copy of bid sets and specifications with respect to any contract to be let, the name and telephone number of an agency contact to answer questions related to such prospective contract and adequate citations to each major Federal law or agency rule with which such business concern must comply in performing such contract other than laws or agency rules with which the small business must comply when doing business with other than the Government.

19.202-5 Data collection and reporting requirements.

Agencies shall measure the extent of small business participation in their acquisition programs by taking the following actions:

(a) Require each prospective contractor to represent whether it is a small business, HUBZone small business, small disadvantaged business, or women-owned small business concern (see the provision at 52.219-1, Small Business Program Representations).

(b) Accurately measure the extent of participation by small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in Government acquisitions in terms of the total value of contracts placed during each fiscal year, and report data to the SBA at the end of each fiscal year (see Subpart 4.6).

19.202-6 Determination of fair market price.

(a) The fair market price shall be the price achieved in accordance with the reasonable price guidelines in 15.404-1(b) for—

(1) Total and partial small business set-asides (see Subpart 19.5);

(2) HUBZone set-asides (see Subpart 19.13);

(3) Contracts utilizing the price evaluation adjustment for small disadvantaged business concerns (see Subpart 19.11); and

(4) Contracts utilizing the price evaluation preference for HUBZone small business concerns (see Subpart 19.13).

(b) For 8(a) contracts, both with respect to meeting the requirement at 19.806(b) and in order to accurately estimate the current fair market price, contracting officers shall follow the procedures at 19.807.

Subpart 19.3—Determination of Status as a Small Business, HUBZone Small Business, or Small Disadvantaged Business Concern**19.301 Representation by the offeror.**

(a) To be eligible for award as a small business, an offeror must represent in good faith that it is a small business at the time of its written representation. An offeror may represent that it is a small business concern in connection with a specific solicitation if it meets the definition of a small business concern applicable to the solicitation and has not been determined by the Small Business Administration (SBA) to be other than a small business.

(b) The contracting officer shall accept an offeror's representation in a specific bid or proposal that it is a small business unless (1) another offeror or interested party challenges the concern's small business representation or (2) the contracting officer has a reason to question the representation. Challenges of and questions concerning a specific representation shall be referred to the SBA in accordance with 19.302.

(c) An offeror's representation that it is a small business is not binding on the SBA. If an offeror's small business status is challenged, the SBA will evaluate the status of the concern and make a determination, which will be binding on the contracting officer, as to whether the offeror is a small business. A concern cannot become eligible for a specific award by taking action to meet the definition of a small business concern after the SBA has determined that it is not a small business.

(d) If the SBA determines that the status of a concern as a small business, HUBZone small business, small disadvantaged business, or women-owned small business has been misrepresented in order to obtain a set-aside contract, an 8(a) subcontract, a subcontract that is to be included as part or all of a goal contained in a subcontracting plan, or a prime or subcontract to be awarded as a result, or in furtherance of any other provision of Federal law that specifically references Section 8(d) of the Small Business Act for a definition of program eligibility, the SBA may take action as specified in Section 16(d) of the Act. If the SBA declines to take action, the agency may initiate the process. The SBA's regulations on penalties for misrepresentations and false statements are contained in 13 CFR 124.6.

19.302 Protesting a small business representation.

(a) An offeror, the SBA Government Contracting Area Director having responsibility for the area in which the

headquarters of the protested offeror is located, the SBA Associate Administrator for Government Contracting, or another interested party may protest the small business representation of an offeror in a specific offer.

(b) Any time after offers are opened, the contracting officer may question the small business representation of any offeror in a specific offer by filing a contracting officer's protest (see paragraph (c) below).

(c)(1) Any contracting officer who receives a protest, whether timely or not, or who, as the contracting officer, wishes to protest the small business representation of an offeror, shall promptly forward the protest to the SBA Government Contracting Area Office for the geographical area where the principal office of the concern in question is located.

(2) The protest, or confirmation if the protest was initiated orally, shall be in writing and shall contain the basis for the protest with specific, detailed evidence to support the allegation that the offeror is not small. The SBA will dismiss any protest that does not contain specific grounds for the protest.

(d) In order to affect a specific solicitation, a protest must be timely. SBA's regulations on timeliness are contained in 13 CFR 121.1004. SBA's regulations on timeliness related to protests of disadvantaged status are contained in 13 CFR 124, Subpart B.

(1) To be timely, a protest by any concern or other interested party must be received by the contracting officer (see (d)(1)(i) and (ii) of this section) by the close of business of the 5th business day after bid opening (in sealed bid acquisitions) or receipt of the special notification from the contracting officer that identifies the apparently successful offeror (in negotiated acquisitions) (see 15.503(a)(2)).

(i) A protest may be made orally if it is confirmed in writing either within the 5-day period or by letter postmarked no later than 1 business day after the oral protest.

(ii) A protest may be made in writing if it is delivered to the contracting officer by hand, telegram, or letter postmarked within the 5-day period.

(2) A contracting officer's protest is always considered timely whether filed before or after award.

(3) A protest under a Multiple Award Schedule will be timely if received by SBA at any time prior to the expiration of the contract period, including renewals.

(e) Upon receipt of a protest from or forwarded by the Contracting Office, the SBA will—

(1) Notify the contracting officer and the protester of the date it was received, and that the size of the concern being challenged is under consideration by the SBA; and

(2) Furnish to the concern whose representation is being protested a copy of the protest and a blank SBA Form 355, Application for Small Business Determination, by certified mail, return receipt requested.

(f) Within 3 business days after receiving a copy of the protest and the form, the challenged offeror must file with the SBA a completed SBA Form 355 and a statement answering the allegations in the protest, and furnish evidence to support its position. If the offeror does not submit the required material within the 3 business days or another period of time granted by the SBA, the SBA may assume that the disclosure would be contrary to the offeror's interests.

(g)(1) Within 10 business days after receiving a protest, the challenged offeror's response, and other pertinent information, the SBA will determine the size status of the challenged concern and notify the contracting officer, the protester, and the challenged offeror of its decision by certified mail, return receipt requested.

(2) The SBA Government Contracting Area Director, or designee, will determine the small business status of the questioned bidder or offeror and notify the contracting officer and the bidder or offeror of the determination. Award may be made on the basis of that determination. This determination is final unless it is appealed in accordance with paragraph (i) of this section, and the contracting officer is notified of the appeal before award. If an award was made before the time the contracting officer received notice of the appeal, the contract shall be presumed to be valid.

(h)(1) After receiving a protest involving an offeror being considered for award, the contracting officer shall not award the contract until (i) the SBA has made a size determination or (ii) 10 business days have expired since SBA's receipt of a protest, whichever occurs first; however, award shall not be withheld when the contracting officer determines in writing that an award must be made to protect the public interest.

(2) After the 10-day period has expired, the contracting officer may, when practical, continue to withhold award until the SBA's determination is received, unless further delay would be disadvantageous to the Government.

(3) Whenever an award is made before the receipt of SBA's size determination, the contracting officer shall notify SBA that the award has been made.

(4) If a protest is received that challenges the small business status of an offeror not being considered for award, the contracting officer is not required to suspend contracting action. The contracting officer shall forward the protest to the SBA (see paragraph (c)(1) of this section) with a notation that the concern is not being considered for award, and shall notify the protester of this action.

(i) An appeal from an SBA size determination may be filed by any concern or other interested party whose protest of the small business representation of another concern has been denied by an SBA Government Contracting Area Director, any concern or other interested party that has been adversely affected by a Government Contracting Area Director's decision, or the SBA Associate Administrator for the SBA program involved. The appeal must be filed with the—

Office of Hearings and Appeals
 Small Business Administration
 Suite 5900, 409 3rd Street, SW
 Washington, DC 20416

within the time limits and in strict accordance with the procedures contained in Subpart C of 13 CFR 134. It is within the discretion of the SBA Judge whether to accept an appeal from a size determination. If the Judge decides not to consider such an appeal, the Judge will issue an order denying review and specifying the reasons for the decision. The SBA will inform the contracting officer of its ruling on the appeal. The SBA decision, if received before award, will apply to the pending acquisition. SBA rulings received after award shall not apply to that acquisition.

(j) A protest that is not timely, even though received before award, shall be forwarded to the SBA Government Contracting Area Office (see paragraph (c)(1) of this section), with a notation on it that the protest is not timely. The protester shall be notified that the protest cannot be considered on the instant acquisition but has been referred to SBA for its consideration in any future actions. A protest received by a contracting officer after award of a contract shall be forwarded to the SBA Government Contracting Area Office with a notation that award has been made. The protester shall be notified that the award has been made and that the protest has been forwarded to SBA for its consideration in future actions.

19.303 Determining standard industrial classification codes and size standards.

(a) The contracting officer shall determine the appropriate standard industrial classification code and related small business size standard and include them in solicitations above the micro-purchase threshold.

(b) If different products or services are required in the same solicitation, the solicitation shall identify the appropriate small business size standard for each product or service.

(c) The contracting officer's determination is final unless appealed as follows:

(1) An appeal from a contracting officer's SIC code designation and the applicable size standard must be served and filed within 10 calendar days after the issuance of the initial solicitation. SBA's Office of Hearings and Appeals (OHA) will dismiss summarily an untimely SIC code appeal.

(2)(i) The appeal petition must be in writing and must be addressed to the—

Office of Hearings and Appeals
 Small Business Administration
 Suite 5900, 409 3rd Street, SW
 Washington, DC 20416

(ii) There is no required format for the appeal; however, the appeal must include—

(A) The solicitation or contract number and the name, address, and telephone number of the contracting officer;

(B) A full and specific statement as to why the size determination or SIC code designation is allegedly erroneous and argument supporting the allegation; and

(C) The name, address, telephone number, and signature of the appellant or its attorney.

(3) The appellant must serve the appeal petition upon—

(i) The SBA official who issued the size determination;

(ii) The contracting officer who assigned the SIC code to the acquisition;

(iii) The business concern whose size status is at issue;

(iv) All persons who filed protests; and

(v) SBA's Office of General Counsel.

(4) Upon receipt of a SIC code appeal, OHA will notify the contracting officer by a notice and order of the date OHA received the appeal, the docket number, and Judge assigned to the case. The contracting officer's response to the appeal, if any, must include argument and evidence (see 13 CFR 134), and must be received by OHA within 10 calendar days from the date of the docketing notice and order, unless otherwise specified by the Administrative Judge. Upon receipt of OHA's docketing notice and order, the contracting officer must immediately send to OHA a copy of the solicitation relating to the SIC code appeal.

(5) After close of record, OHA will issue a decision and inform the contracting officer. If OHA's decision is received by the contracting officer before the date the offers are due, the decision shall be final and the solicitation must be amended to reflect the decision, if appropriate. OHA's decision received after the due date of the initial offers shall not apply to the pending solicitation but shall apply to future solicitations of the same products or services.

19.304 Disadvantaged business status.

(a) To be eligible to receive a benefit as a prime contractor based on its disadvantaged status, a concern, at the time of its offer, must either be certified as a small disadvantaged business (SDB) concern or have a completed SDB application pending at the SBA or a Private Certifier (see 19.001).

(b) The contracting officer may accept an offeror's representation that it is an SDB concern for general statistical purposes. The provision at 52.219-1, Small Business Program Representations, or 52.212-3(c)(2), Offeror Representations and Certifications-Commercial Items, is used to collect SDB data for general statistical purposes.

(c) The provision at 52.219-22, Small Disadvantaged Business Status, or 52.212-3(c)(7), Offeror Representations and Certifications-Commercial Items, is used to obtain SDB status when the prime contractor may receive a benefit based

on its disadvantaged status. The mechanisms that may provide benefits on the basis of disadvantaged status as a prime contractor are a price evaluation adjustment for SDB concerns (see Subpart 19.11), and an evaluation factor or subfactor for SDB participation (see 19.1202).

(1) If the apparently successful offeror has represented that it is currently certified as an SDB, the contracting officer may confirm that the concern is listed on the SBA's register by accessing the list at <http://www.sba.gov> or by contacting the SBA's Office of Small Disadvantaged Business Certification and Eligibility.

(2) If the apparently successful offeror has represented that its SDB application is pending at the SBA or a Private Certifier, and its position as the apparently successful offeror is due to the application of the price evaluation adjustment, the contracting officer shall follow the procedure in paragraph (d) of this section.

(d) Notifications to SBA of potential awards to offerors with pending SDB applications.

(1) The contracting officer shall notify the—

Small Business Administration
Assistant Administrator for SDBCE
409 Third Street, SW
Washington, DC 20416.

The notification shall contain the name of the apparently successful offeror, and the names of any other offerors that have represented that their applications for SDB status are pending at the SBA or a Private Certifier and that could receive the award due to the application of a price evaluation adjustment if the apparently successful offeror is determined not to be an SDB by the SBA.

(2) The SBA will, within 15 calendar days after receipt of the notification, determine the disadvantaged status of the apparently successful offeror and, as appropriate, any other offerors referred by the contracting officer and will notify the contracting officer.

(3) If the contracting officer does not receive an SBA determination within 15 calendar days after the SBA's receipt of the notification, the contracting officer shall presume that the apparently successful offeror, and any other offerors referred by the contracting officer, are not disadvantaged, and shall make award accordingly, unless the contracting officer grants an extension to the 15-day response period. No written determination is required for the contracting officer to make award at any point following the expiration of the 15-day response period.

(4) When the contracting officer makes a written determination that award must be made to protect the public interest, the contracting officer may proceed to contract award without notifying SBA or before receiving a determination of SDB status from SBA during the 15-day response period. In both cases, the contracting officer shall presume

that the apparently successful offeror, or any other offeror referred to the SBA whose SDB application is pending, is not an SDB and shall make award accordingly.

19.305 Protesting a representation of disadvantaged business status.

(a) This section applies to protests of a small business concern's disadvantaged status as a prime contractor. Protests of a small business concern's disadvantaged status as a subcontractor are processed under 19.703(a)(2). Protests of a concern's size as a prime contractor are processed under 19.302. Protests of a concern's size as a subcontractor are processed under 19.703(b). An offeror, the contracting officer, or the SBA may protest the apparently successful offeror's representation of disadvantaged status if the concern is eligible to receive a benefit based on its disadvantaged status (see Subpart 19.11 and 19.1202.)

(b) An offeror, excluding an offeror determined by the contracting officer to be non-responsive or outside the competitive range, or an offeror that SBA has previously found to be ineligible for the requirement at issue, may protest the apparently successful offeror's representation of disadvantaged status by filing a protest in writing with the contracting officer. SBA regulations concerning protests are contained in 13 CFR 124, Subpart B. The protest—

(1) Must be filed within the times specified in 19.302(d)(1); and

(2) Must contain specific facts or allegations supporting the basis of protest.

(c) The contracting officer or the SBA may protest in writing a concern's representation of disadvantaged status at any time following bid opening or notification of intended award.

(1) If a contracting officer's protest is based on information provided by a party ineligible to protest directly or ineligible to protest under the timeliness standard, the contracting officer must be persuaded by the evidence presented before adopting the grounds for protest as his or her own.

(2) The SBA may protest a concern's representation of disadvantaged status by filing directly with its Assistant Administrator for Small Disadvantaged Business Certification and Eligibility and notifying the contracting officer.

(d) The contracting officer shall return premature protests to the protestor. A protest is considered to be premature if it is submitted before bid opening or notification of intended award. SBA normally will not consider a postaward protest. SBA may consider a postaward protest in its discretion where it determines that an SDB determination after award is meaningful (*e. g.*, where the contracting officer agrees to terminate the contract if the protest is sustained).

(e) Upon receipt of a protest that is not premature, the contracting officer shall withhold award and forward the protest to—

19.306

Small Business Administration
Assistant Administrator for SDBCE
409 Third Street, SW
Washington, DC 20416.

The contracting officer shall send to SBA—

- (1) The written protest and any accompanying materials;
- (2) The date the protest was received;
- (3) A copy of the protested concern's representation as

a small disadvantaged business, and the date of such representation; and

(4) The date of bid opening or date on which notification of the apparently successful offeror was sent to unsuccessful offerors.

(f) When the contracting officer makes a written determination that award must be made to protect the public interest, award may be made notwithstanding the protest.

(g) The SBA Assistant Administrator for Small Disadvantaged Business Certification and Eligibility will notify the protestor and the contracting officer of the date the protest was received and whether it will be processed or dismissed for lack of timeliness or specificity. For protests that are not dismissed, the SBA will, within 15 working days after receipt of the protest, determine the disadvantaged status of the challenged offeror and will notify the contracting officer, the challenged offeror, and the protestor. Award may be made on the basis of that determination. The determination is final for purposes of the instant acquisition, unless it is appealed and—

(1) The contracting officer receives the SBA's decision on the appeal before award; or

(2) The contracting officer has agreed to terminate the contract, as appropriate, based on the outcome of the appeal (see 13 CFR 124, Subpart B).

(h) If the contracting officer does not receive an SBA determination within 15 working days after the SBA's receipt of the protest, the contracting officer shall presume that the challenged offeror is disadvantaged and may award the contract, unless the SBA requests and the contracting officer grants an extension to the 15-day response period.

(i) An SBA determination may be appealed by—

- (1) The party whose protest has been denied;
- (2) The concern whose status was protested; or
- (3) The contracting officer.

(j) The appeal must be filed with the SBA's Administrator or designee within five working days after receipt of the determination. If the contracting officer receives the SBA's decision on the appeal before award, the decision shall apply to the instant acquisition. If the decision is received after award, it will not apply to the instant acquisition (but see paragraph (g)(2) of this section).

19.306 **Protesting a firm's status as a HUBZone small business concern.**

(a) For sole source acquisitions, the SBA or the contracting officer may protest the apparently successful offeror's HUBZone small business status. For all other acquisitions, an offeror, the contracting officer, or the SBA may protest the apparently successful offeror's qualified HUBZone small business concern status.

(b) Protests relating to whether a qualified HUBZone small business concern is a small business for purposes of any Federal program are subject to the procedures of Subpart 19.3. Protests relating to small business size status for the acquisition and the HUBZone qualifying requirements will be processed concurrently by SBA.

(c) All protests shall be in writing and shall state all specific grounds for the protest. Assertions that a protested concern is not a HUBZone small business concern, without setting forth specific facts or allegations, is insufficient. An offeror shall submit its protest to the contracting officer. The contracting officer and the SBA shall submit their protests to SBA's Associate Administrator for the HUBZone Program (AA/HUB).

(d) An offeror's protest must be received by close of business on the fifth business day after bid opening (in sealed bid acquisitions) or by close of business on the fifth business day after notification by the contracting officer of the apparently successful offeror (in negotiated acquisitions). Any protest received after these time limits is untimely. Any protest received prior to bid opening or notification of intended award, whichever applies, is premature and shall be returned to the protestor.

(e) Except for premature protests, the contracting officer shall forward any protest received, notwithstanding whether the contracting officer believes that the protest is insufficiently specific or untimely, to: AA/HUB, U.S. Small Business Administration, 409 3rd Street, SW, Washington, DC 20416.

(f) SBA will determine the HUBZone status of the protested HUBZone small business concern within 15 business days after receipt of a protest. If SBA does not contact the contracting officer within 15 business days, the contracting officer may award the contract to the apparently successful offeror, unless the contracting officer has granted SBA an extension. The contracting officer may award the contract after receipt of a protest if the contracting officer determines in writing that an award must be made to protect the public interest.

(g) SBA will notify the contracting officer, the protestor, and the protested concern of its determination. The determination is effective immediately and is final unless overturned on appeal by SBA's Associate Deputy Administrator for

Government Contracting and 8(a) Business Development (ADA/GC&8(a)BD).

(h) The protested HUBZone small business concern, the protester, or the contracting officer may file appeals of protest determinations with SBA's ADA/GC&8(a)BD. The ADA/GC&8(a)BD must receive the appeal no later than 5 business days after the date of receipt of the protest determination. SBA will dismiss any appeal received after the 5-day period.

(i) The appeal must be in writing. The appeal must identify the protest determination being appealed and must set forth a full and specific statement as to why the decision is erroneous or what significant fact the AA/HUB failed to consider.

(j) The party appealing the decision must provide notice of the appeal to the contracting officer and either the protested HUBZone small business concern or the original protester, as appropriate. SBA will not consider additional information or changed circumstances that were not disclosed at the time of the AA/HUB's decision or that are based on disagreement with the findings and conclusions contained in the determination.

(k) The ADA/GC&8(a)BD will make its decision within 5 business days of the receipt of the appeal, if practicable, and will base its decision only on the information and documentation in the protest record as supplemented by the appeal. SBA will provide a copy of the decision to the contracting officer, the protester, and the protested HUBZone small business concern. The ADA/GC&8(a)BD's decision is the final decision.

19.307 Solicitation provisions.

(a)(1) The contracting officer shall insert the provision at 52.219-1, Small Business Program Representations, in solicitations exceeding the micro-purchase threshold when the contract is to be performed inside the United States, its territories or possessions, Puerto Rico, the Trust Territory of the Pacific Islands, or the District of Columbia.

(2) The provision shall be used with its Alternate I in solicitations issued by DoD, NASA, or the Coast Guard that are expected to exceed the threshold at 4.601(a).

(3)(i) The provision shall be used with its Alternate II in solicitations issued by the following agencies on or before September 30, 2000:

- (A) Department of Agriculture.
- (B) Department of Defense.
- (C) Department of Energy.
- (D) Department of Health and Human Services.
- (E) Department of Housing and Urban Development.
- (F) Department of Transportation.
- (G) Department of Veterans Affairs.
- (H) Environmental Protection Agency.
- (I) General Services Administration.
- (J) National Aeronautics and Space Administration.

(ii) The provision shall be used with its Alternate II in solicitations issued by all Federal agencies after September 30, 2000.

(b) The contracting officer shall insert the provision at 52.219-22, Small Disadvantaged Business Status, in solicitations that include the clause at 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, or 52.219-25, Small Disadvantaged Business Participation Program—Disadvantaged Status and Reporting. Use the provision with its Alternate I in solicitations for acquisitions for which a price evaluation adjustment for small disadvantaged business concerns is authorized on a regional basis.

(c) When contracting by sealed bidding, the contracting officer shall insert the provision at 52.219-2, Equal Low Bids, in solicitations and contracts when the contract is to be performed inside the United States, its territories or possessions, Puerto Rico, the Trust Territory of the Pacific Islands, or the District of Columbia.

Subpart 19.4—Cooperation with the Small Business Administration

19.401 General.

(a) The Small Business Act is the authority under which the Small Business Administration (SBA) and agencies consult and cooperate with each other in formulating policies to ensure that small business interests will be recognized and protected.

(b) The Director of Small and Disadvantaged Business Utilization serves as the agency focal point for interfacing with SBA.

19.402 Small Business Administration procurement center representatives.

(a) The SBA may assign one or more procurement center representatives to any contracting activity or contract administration office to carry out SBA policies and programs. Assigned SBA procurement center representatives are required to comply with the contracting agency's directives governing the conduct of contracting personnel and the release of contract information. The SBA must obtain for its procurement center representatives security clearances required by the contracting agency.

(b) Upon their request and subject to applicable acquisition and security regulations, contracting officers shall give SBA procurement center representatives access to all reasonably obtainable contract information that is directly pertinent to their official duties.

(c) The duties assigned by SBA to its procurement center representatives include the following:

(1) Reviewing proposed acquisitions to recommend—

(i) The setting aside of selected acquisitions not unilaterally set aside by the contracting officer,

(ii) New qualified small, HUBZone small, small disadvantaged, and women-owned small business sources, and

(iii) Breakout of components for competitive acquisitions.

(2) Reviewing proposed acquisition packages provided in accordance with 19.202-1(e). If the SBA procurement center representative believes that the acquisition, as proposed, makes it unlikely that small businesses can compete for the prime contract, the representative shall recommend any alternate contracting method that the representative reasonably believes will increase small business prime contracting opportunities. The recommendation shall be made to the contracting officer within 15 days after receipt of the package.

(3) Recommending concerns for inclusion on solicitation mailing lists or on a list of concerns to be solicited in a specific acquisition.

(4) Appealing to the chief of the contracting office any contracting officer's determination not to solicit a concern recommended by the SBA for a particular acquisition, when not doing so results in no small business being solicited.

(5) Conducting periodic reviews of the contracting activity to which assigned to ascertain whether it is complying with the small business policies in this regulation.

(6) Sponsoring and participating in conferences and training designed to increase small business participation in the contracting activities of the office.

19.403 Small Business Administration breakout procurement center representative.

(a) The SBA is required by section 403 of Pub. L. 98-577 to assign a breakout procurement center representative to each major procurement center. A major procurement center means a procurement center that, in the opinion of the administrator, purchases substantial dollar amounts of other than commercial items, and which has the potential to incur significant savings as a result of the placement of a breakout procurement representative. The SBA breakout procurement center representative is an advocate for (1) the appropriate use of full and open competition, and (2) the breakout of items, when appropriate and while maintaining the integrity of the system in which such items are used. The SBA breakout procurement center representative is in addition to the SBA procurement center representative (see 19.402). When an SBA breakout procurement center representative is assigned, the SBA is required to assign at least two collocated small business technical advisors. Assigned SBA breakout procurement center representatives and technical advisors are required to comply with the contracting agency's directives governing the conduct of contracting personnel and the release of contract information. The SBA must obtain for its breakout procurement center representa-

tives and technical advisors security clearances required by the contracting agency.

(b) Contracting officers shall comply with 19.402(b) in their relationships with SBA breakout procurement center representatives and SBA small business technical advisors.

(c) The SBA breakout procurement center representative is authorized to—

(1) Attend any provisioning conference or similar evaluation session during which determinations are made as to whether requirements are to be acquired using other than full and open competition and make recommendations with respect to such requirements to the members of such conference or session;

(2) Review, at any time, restrictions on competition previously imposed on items through acquisition method coding or similar procedures and recommend to personnel of the appropriate activity the prompt reevaluation of such limitations;

(3) Review restrictions on competition arising out of restrictions on the rights of the United States in technical data and, when appropriate, recommend that personnel of the appropriate activity initiate a review of the validity of such an asserted restriction;

(4) Obtain from any governmental source, and make available to personnel of the appropriate center, technical data necessary for the preparation of a competitive solicitation package for any item of supply or service previously acquired noncompetitively due to the unavailability of such technical data;

(5) Have access to procurement records and other data of the procurement center commensurate with the level of such representative's approved security clearance classification;

(6) Receive unsolicited engineering proposals and, when appropriate—

(i) Conduct a value analysis of such proposal to determine whether it, if adopted, will result in lower costs to the United States without substantially impeding legitimate acquisition objectives and forward to personnel of the appropriate center recommendations with respect to such proposal; or

(ii) Forward such proposals without analysis to personnel of the center responsible for reviewing them who shall furnish the breakout procurement center representative with information regarding the proposal's disposition;

(7) Review the systems that account for the acquisition and management of technical data within the procurement center to ensure that such systems provide the maximum availability and access to data needed for the preparation of offers to sell to the United States those supplies to which such data pertain which potential offerors are entitled to receive;

(8) Appeal the failure by the procurement center to act favorably on any recommendation made pursuant to subparagraphs (c)(1) through (7) of this section. Such appeal must be in writing and shall be filed and processed in accordance with the appeal procedures set out at 19.505;

(9) Conduct familiarization sessions for contracting officers and other appropriate personnel of the procurement center to which assigned. Such sessions shall acquaint the participants with the duties and objectives of the representative and shall instruct them in the methods designed to further the breakout of items for procurement through full and open competition; and

(10) Prepare and personally deliver an annual briefing and report to the head of the procurement center to which assigned. Such briefing and report shall detail the past and planned activities of the representative and shall contain recommendations for improvement in the operation of the center as may be appropriate. The head of such center shall personally receive the briefing and report and shall, within 60 calendar days after receipt, respond, in writing, to each recommendation made by the representative.

(d) The duties of the SBA small business technical advisors are to assist the SBA breakout procurement center representative in carrying out the activities described in (c)(1) through (7) of this section to assist the SBA procurement center representatives (see FAR 19.402).

Subpart 19.5—Set-Asides for Small Business

19.501 General.

(a) The purpose of small business set-asides is to award certain acquisitions exclusively to small business concerns. A “set-aside for small business” is the reserving of an acquisition exclusively for participation by small business concerns. A small business set-aside may be open to all small businesses. A small business set-aside of a single acquisition or a class of acquisitions may be total or partial.

(b) The determination to make a small business set-aside may be unilateral or joint. A unilateral determination is one that is made by the contracting officer. A joint determination is one that is recommended by the Small Business Administration (SBA) procurement center representative and concurred in by the contracting officer.

(c) For acquisitions exceeding the simplified acquisition threshold, the requirement to set aside an acquisition for HUBZone small business concerns (see 19.1305) takes priority over the requirement to set aside the acquisition for small business concerns.

(d) The contracting officer shall review acquisitions to determine if they can be set aside for small business, giving consideration to the recommendations of agency personnel having cognizance of the agency's small business programs. The contracting officer shall document why a small busi-

ness set-aside is inappropriate when an acquisition is not set aside for small business, unless a HUBZone small business set-aside or HUBZone small business sole source award is anticipated. If the acquisition is set aside for small business based on this review, it is a unilateral set-aside by the contracting officer. Agencies may establish threshold levels for this review depending upon their needs.

(e) At the request of an SBA procurement center representative, the contracting officer shall make available for review at the contracting office (to the extent of the SBA representative's security clearance) all proposed acquisitions in excess of the micro-purchase threshold that have not been unilaterally set aside for small business.

(f) To the extent practicable, unilateral determinations initiated by a contracting officer shall be used as the basis for small business set-asides rather than joint determinations by an SBA procurement center representative and a contracting officer.

(g) All solicitations involving set-asides must specify the applicable small business size standard and product classification (see 19.303).

(h) Except as authorized by law, a contract may not be awarded as a result of a small business set-aside if the cost to the awarding agency exceeds the fair market price.

19.502 Setting aside acquisitions.

19.502-1 Requirements for setting aside acquisitions.

(a) The contracting officer shall set aside an individual acquisition or class of acquisitions for competition among small businesses when—

(1) It is determined to be in the interest of maintaining or mobilizing the Nation's full productive capacity, war or national defense programs; or

(2) Assuring that a fair proportion of Government contracts in each industry category is placed with small business concerns; and the circumstances described in 19.502-2 or 19.502-3(a) exist.

(b) This requirement does not apply to purchases of \$2,500 or less, or purchases from required sources of supply under Part 8 (*e.g.*, Federal Prison Industries, Committee for Purchase from People Who are Blind or Severely Disabled, and Federal Supply Schedule contracts).

19.502-2 Total small business set-asides.

(a) Each acquisition of supplies or services that has an anticipated dollar value exceeding \$2,500, but not over \$100,000, is automatically reserved exclusively for small business concerns and shall be set aside for small business unless the contracting officer determines there is not a reasonable expectation of obtaining offers from two or more responsible small business concerns that are competitive in terms of market prices, quality, and delivery. If the contract-

19.502-3

ing officer does not proceed with the small business set-aside and purchases on an unrestricted basis, the contracting officer shall include in the contract file the reason for this unrestricted purchase. If the contracting officer receives only one acceptable offer from a responsible small business concern in response to a set-aside, the contracting officer should make an award to that firm. If the contracting officer receives no acceptable offers from responsible small business concerns, the set-aside shall be withdrawn and the requirement, if still valid, shall be resolicited on an unrestricted basis. The small business reservation does not preclude the award of a contract with a value not greater than \$100,000 under Subpart 19.8, Contracting with the Small Business Administration, under 19.1006(c), Emerging small business set-aside, or under 19.1305, HUBZone set-aside procedures.

(b) The contracting officer shall set aside any acquisition over \$100,000 for small business participation when there is a reasonable expectation that (1) offers will be obtained from at least two responsible small business concerns offering the products of different small business concerns (but see paragraph (c) of this subsection); and (2) award will be made at fair market prices. Total small business set-asides shall not be made unless such a reasonable expectation exists (but see 19.502-3 as to partial set-asides). Although past acquisition history of an item or similar items is always important, it is not the only factor to be considered in determining whether a reasonable expectation exists. In making R&D small business set-asides, there must also be a reasonable expectation of obtaining from small businesses the best scientific and technological sources consistent with the demands of the proposed acquisition for the best mix of cost, performances, and schedules.

(c) For small business set-asides other than for construction or services, any concern proposing to furnish a product that it did not itself manufacture must furnish the product of a small business manufacturer unless the SBA has granted either a waiver or exception to the nonmanufacturer rule (see 19.102(f)). In industries where the SBA finds that there are no small business manufacturers, it may issue a waiver to the nonmanufacturer rule (see 19.102(f)(4) and (5)). In addition, SBA has excepted procurements processed under simplified acquisition procedures (see Part 13), where the anticipated cost of the procurement will not exceed \$25,000, from the nonmanufacturer rule. Waivers permit small businesses to provide any firm's product. The exception permits small businesses to provide any domestic firm's product. In both of these cases, the contracting officer's determination in paragraph (b)(1) of this subsection or the decision not to set aside a procurement reserved for small business under paragraph (a) of this subsection will be based on the expectation of receiving offers from at least two responsible small businesses, including nonmanufacturers, offering the products of different concerns.

(d) The requirements of this subsection do not apply to acquisitions over \$25,000 during the period when small business set-asides cannot be considered for the four designated industry groups (see 19.1006(b)).

19.502-3 Partial set-asides.

(a) The contracting officer shall set aside a portion of an acquisition, except for construction, for exclusive small business participation when—

- (1) A total set-aside is not appropriate (see 19.502-2);
- (2) The requirement is severable into two or more economic production runs or reasonable lots;
- (3) One or more small business concerns are expected to have the technical competence and productive capacity to satisfy the set-aside portion of the requirement at a fair market price;
- (4) The acquisition is not subject to simplified acquisition procedures; and
- (5) A partial set-aside shall not be made if there is a reasonable expectation that only two concerns (one large and one small) with capability will respond with offers unless authorized by the head of a contracting activity on a case-by-case basis. Similarly, a class of acquisitions, not including construction, may be partially set aside. Under certain specified conditions, partial set-asides may be used in conjunction with multiyear contracting procedures.

(b) When the contracting officer determines that a portion of an acquisition is to be set aside, the requirement shall be divided into a set-aside portion and a non-set-aside portion, each of which shall (1) be an economic production run or reasonable lot and (2) have terms and a delivery schedule comparable to the other. When practicable, the set-aside portion should make maximum use of small business capacity.

(c)(1) The contracting officer shall award the non-set-aside portion using normal contracting procedures.

(2)(i) After all awards have been made on the non-set-aside portion, the contracting officer shall negotiate with eligible concerns on the set-aside portion, as provided in the solicitation, and make award. Negotiations shall be conducted only with those offerors who have submitted responsive offers on the non-set-aside portion. Negotiations shall be conducted with small business concerns in the order of priority as indicated in the solicitation (but see (c)(2)(ii) of this section). The set-aside portion shall be awarded as provided in the solicitation. An offeror entitled to receive the award for quantities of an item under the non-set-aside portion and who accepts the award of additional quantities under the set-aside portion shall not be requested to accept a lower price because of the increased quantities of the award, nor shall negotiation be conducted with a view to obtaining such a lower price based solely upon receipt of award of both portions of the acquisition. This does not pre-

vent acceptance by the contracting officer of voluntary reductions in the price from the low eligible offeror before award, acceptance of voluntary refunds, or the change of prices after award by negotiation of a contract modification.

(ii) If equal low offers are received on the non-set-aside portion from concerns eligible for the set-aside portion, the concern that is awarded the non-set-aside part of the acquisition shall have first priority with respect to negotiations for the set-aside.

19.502-4 Methods of conducting set-asides.

(a) Total small business set-asides may be conducted by using simplified acquisition procedures (see Part 13), sealed bids (see Part 14), or competitive proposals (see Part 15). Partial small business set-asides may be conducted using sealed bids (see Part 14), or competitive proposals (see Part 15).

(b) Except for offers on the non-set-aside portion of partial set-asides, offers received from concerns that do not qualify as small business concerns shall be considered non-responsive and shall be rejected. However, before rejecting an offer otherwise eligible for award because of questions concerning the size representation, an SBA determination must be obtained (see Subpart 19.3).

19.502-5 Insufficient causes for not setting aside an acquisition.

None of the following is, in itself, sufficient cause for not setting aside an acquisition:

(a) A large percentage of previous contracts for the required item(s) has been placed with small business concerns.

(b) The item is on an established planning list under the Industrial Readiness Planning Program. However, a total small business set-aside shall not be made when the list contains a large business Planned Emergency Producer of the item(s) who has conveyed a desire to supply some or all of the required items.

(c) The item is on a Qualified Products List. However, a total small business set-aside shall not be made if the list contains the products of large businesses unless none of the large businesses desire to participate in the acquisition.

(d) A period of less than 30 days is available for receipt of offers.

(e) The acquisition is classified.

(f) Small business concerns are already receiving a fair proportion of the agency's contracts for supplies and services.

(g) A class small business set-aside of the item or service has been made by another contracting activity.

(h) A "brand name or equal" product description will be used in the solicitation.

19.503 Setting aside a class of acquisitions for small business.

(a) A class of acquisitions of selected products or services, or a portion of the acquisitions, may be set aside for exclusive participation by small business concerns if individual acquisitions in the class will meet the criteria in 19.502-1, 19.502-2, or 19.502-3(a). The determination to make a class small business set-aside shall not depend on the existence of a current acquisition if future acquisitions can be clearly foreseen.

(b) The determination to set aside a class of acquisitions for small business may be either unilateral or joint.

(c) Each class small business set-aside determination shall be in writing and must—

(1) Specifically identify the product(s) and service(s) it covers;

(2) Provide that the set-aside does not apply to any acquisition automatically reserved for small business concerns under 19.502-2(a).

(3) Provide that the set-aside applies only to the (named) contracting office(s) making the determination; and

(4) Provide that the set-aside does not apply to any individual acquisition if the requirement is not severable into two or more economic production runs or reasonable lots, in the case of a partial class set-aside.

(d) The contracting officer shall review each individual acquisition arising under a class small business set-aside to identify any changes in the magnitude of requirements, specifications, delivery requirements, or competitive market conditions that have occurred since the initial approval of the class small business set-aside. If there are any changes of such a material nature as to result in probable payment of more than a fair market price by the Government or in a change in the capability of small business concerns to satisfy the requirements, the contracting officer may withdraw or modify (see 19.506(a)) the unilateral or joint set-aside by giving written notice to the SBA procurement center representative (if one is assigned), stating the reasons.

19.504 [Reserved]

19.505 Rejecting Small Business Administration recommendations.

(a) If the contracting officer rejects a recommendation of the SBA procurement center representative or breakout procurement center representative, written notice shall be furnished to the appropriate SBA center representative within 5 working days of the contracting officer's receipt of the recommendation.

(b) The SBA procurement center representative may appeal the contracting officer's rejection to the head of the contracting activity (or designee) within 2 working days

after receiving the notice. The head of the contracting activity (or designee) shall render a decision in writing, and provide it to the SBA representative within 7 working days. Pending issuance of a decision to the SBA procurement center representative, the contracting officer shall suspend action on the acquisition.

(c) If the head of the contracting activity agrees that the contracting officer's rejection was appropriate, the SBA procurement center representative may—

(1) Within 1 working day, request the contracting officer to suspend action on the acquisition until the SBA Administrator appeals to the agency head (see paragraph (f) of this section); and

(2) The SBA shall be allowed 15 working days after making such a written request, within which the Administrator of SBA(i) may appeal to the Secretary of the Department concerned, and (ii) shall notify the contracting officer whether the further appeal has, in fact, been taken. If notification is not received by the contracting officer within the 15-day period, it shall be deemed that the SBA request to suspend contracting action has been withdrawn and that an appeal to the Secretary was not taken.

(d) When the contracting officer has been notified within the 15-day period that the SBA has appealed to the agency head, the head of the contracting activity (or designee) shall forward justification for its decision to the agency head. The contracting officer shall suspend contract action until notification is received that the SBA appeal has been settled.

(e) The agency head shall reply to the SBA within 30 working days after receiving the appeal. The decision of the agency head shall be final.

(f) A request to suspend action on an acquisition need not be honored if the contracting officer determines that proceeding to contract award and performance is in the public interest. The contracting officer shall include in the contract file a statement of the facts justifying the determination, and shall promptly notify the SBA representative of the determination and provide a copy of the justification.

19.506 Withdrawing or modifying small business set-asides.

(a) If, before award of a contract involving a small business set-aside, the contracting officer considers that award would be detrimental to the public interest (*e.g.*, payment of more than a fair market price), the contracting officer may withdraw the small business set-aside determination whether it was unilateral or joint. The contracting officer shall initiate a withdrawal of an individual small business set-aside by giving written notice to the agency small business specialist and the SBA procurement center representative, if one is assigned, stating the reasons. In a similar manner, the contracting officer may modify a unilat-

eral or joint class small business set-aside to withdraw one or more individual acquisitions.

(b) If the agency small business specialist does not agree to a withdrawal or modification, the case shall be promptly referred to the SBA representative (if one is assigned) for review. If an SBA representative is not assigned, disagreements between the agency small business specialist and the contracting officer shall be resolved using agency procedures. However, the procedures are not applicable to automatic dissolutions of small business set-asides (see 19.507) or dissolution of small business set-asides under \$100,000.

(c) The contracting officer shall prepare a written statement supporting any withdrawal or modification of a small business set-aside and include it in the contract file.

19.507 Automatic dissolution of a small business set-aside.

(a) If a small business set-aside acquisition or portion of an acquisition is not awarded, the unilateral or joint determination to set the acquisition aside is automatically dissolved for the unawarded portion of the set-aside. The required supplies and/or services for which no award was made may be acquired by sealed bidding or negotiation, as appropriate.

(b) Before issuing a solicitation for the items called for in a small business set-aside that was dissolved, the contracting officer shall ensure that the delivery schedule is realistic in the light of all relevant factors, including the capabilities of small business concerns.

19.508 Solicitation provisions and contract clauses.

(a)—(b) [Reserved]

(c) The contracting officer shall insert the clause at 52.219-6, Notice of Total Small Business Set-Aside, in solicitations and contracts involving total small business set-asides. The clause at 52.219-6 with its Alternate I will be used when the acquisition is for a product in a class for which the Small Business Administration has waived the nonmanufacturer rule (see 19.102(f)(4) and (5)).

(d) The contracting officer shall insert the clause at 52.219-7, Notice of Partial Small Business Set-Aside, in solicitations and contracts involving partial small business set-asides. The clause at 52.219-7 with its Alternate I will be used when the acquisition is for a product in a class for which the Small Business Administration has waived the nonmanufacturer rule (see 19.102(f)(4) and (5)).

(e) The contracting officer shall insert the clause at 52.219-14, Limitations on Subcontracting, in solicitations and contracts for supplies, services, and construction, if any portion of the requirement is to be set aside for small business and the contract amount is expected to exceed \$100,000.

Subpart 19.6—Certificates of Competency and Determinations of Responsibility

19.601 General.

(a) A Certificate of Competency (COC) is the certificate issued by the Small Business Administration (SBA) stating that the holder is responsible (with respect to all elements of responsibility, including, but not limited to, capability, competency, capacity, credit, integrity, perseverance, tenacity, and limitations on subcontracting) for the purpose of receiving and performing a specific Government contract.

(b) The COC program empowers the Small Business Administration (SBA) to certify to Government contracting officers as to all elements of responsibility of any small business concern to receive and perform a specific Government contract. The COC program does not extend to questions concerning regulatory requirements imposed and enforced by other Federal agencies.

(c) The COC program is applicable to all Government acquisitions. A contracting officer shall, upon determining an apparent successful small business offeror to be nonresponsible, refer that small business to the SBA for a possible COC, even if the next acceptable offer is also from a small business.

(d) When a solicitation requires a small business to adhere to the limitations on subcontracting, a contracting officer's finding that a small business cannot comply with the limitation shall be treated as an element of responsibility and shall be subject to the COC process. When a solicitation requires a small business to adhere to the definition of a nonmanufacturer, a contracting officer's determination that the small business does not comply shall be processed in accordance with Subpart 19.3.

(e) Contracting officers, including those located overseas, are required to comply with this subpart for U.S. small business concerns.

19.602 Procedures.

19.602-1 Referral.

(a) Upon determining and documenting that an apparent successful small business offeror lacks certain elements of responsibility (including, but not limited to, capability, competency, capacity, credit, integrity, perseverance, tenacity, and limitations on subcontracting), the contracting officer shall—

(1) Withhold contract award (see 19.602-3); and

(2) Refer the matter to the cognizant SBA Government Contracting Area Office (Area Office) serving the area in which the headquarters of the offeror is located, in accordance with agency procedures, except that referral is not necessary if the small business concern—

(i) Is determined to be unqualified and ineligible because it does not meet the standard in 9.104-1(g), provided, that the determination is approved by the chief of the contracting office; or

(ii) Is suspended or debarred under Executive Order 11246 or Subpart 9.4.

(b) If a partial set-aside is involved, the contracting officer shall refer to the SBA the entire quantity to which the concern may be entitled, if responsible.

(c) The referral shall include—

(1) A notice that a small business concern has been determined to be nonresponsible, specifying the elements of responsibility the contracting officer found lacking; and

(2) If applicable, a copy of the following:

(i) Solicitation.

(ii) Final offer submitted by the concern whose responsibility is at issue for the procurement.

(iii) Abstract of bids or the contracting officer's price negotiation memorandum.

(iv) Preaward survey.

(v) Technical data package (including drawings, specifications and statement of work).

(vi) Any other justification and documentation used to arrive at the nonresponsibility determination.

(d) For any single acquisition, the contracting officer shall make only one referral at a time regarding a determination of nonresponsibility.

(e) Contract award shall be withheld by the contracting officer for a period of 15 business days (or longer if agreed to by the SBA and the contracting officer) following receipt by the appropriate SBA Area Office of a referral that includes all required documentation.

19.602-2 Issuing or denying a Certificate of Competency (COC).

Within 15 business days (or a longer period agreed to by the SBA and the contracting agency) after receiving a notice that a small business concern lacks certain elements of responsibility, the SBA Area Office will take the following actions:

(a) Inform the small business concern of the contracting officer's determination and offer it an opportunity to apply to the SBA for a COC. (A concern wishing to apply for a COC should notify the SBA Area Office serving the geographical area in which the headquarters of the offeror is located.)

(b) Upon timely receipt of a complete and acceptable application, elect to visit the applicant's facility to review its responsibility.

(1) The COC review process is not limited to the areas of nonresponsibility cited by the contracting officer.

(2) The SBA may, at its discretion, independently evaluate the COC applicant for all elements of responsibility.

ity, but may presume responsibility exists as to elements other than those cited as deficient.

(c) Consider denying a COC for reasons of nonresponsibility not originally cited by the contracting officer.

(d) When the Area Director determines that a COC is warranted (for contracts valued at \$25,000,000 or less), notify the contracting officer and provide the following options:

(1) Accept the Area Director's decision to issue a COC and award the contract to the concern. The COC issuance letter will then be sent, including as an attachment a detailed rationale for the decision; or

(2) Ask the Area Director to suspend the case for one or more of the following purposes:

(i) To permit the SBA to forward a detailed rationale for the decision to the contracting officer for review within a specified period of time.

(ii) To afford the contracting officer the opportunity to meet with the Area Office to review all documentation contained in the case file and to attempt to resolve any issues.

(iii) To submit any information to the SBA Area Office that the contracting officer believes the SBA did not consider (at which time, the SBA Area Office will establish a new suspense date mutually agreeable to the contracting officer and the SBA).

(iv) To permit resolution of an appeal by the contracting agency to SBA Headquarters under 19.602-3. However, there is no contracting officer's appeal when the Area Office proposes to issue a COC valued at \$100,000 or less.

(e) At the completion of the process, notify the concern and the contracting officer that the COC is denied or is being issued.

(f) Refer recommendations for issuing a COC on contracts greater than \$25,000,000 to SBA Headquarters.

19.602-3 Resolving differences between the agency and the Small Business Administration.

(a) *COCs valued between \$100,000 and \$25,000,000.*

(1) When disagreements arise about a concern's ability to perform, the contracting officer and the SBA shall make every effort to reach a resolution before the SBA takes final action on a COC. This shall be done through the complete exchange of information and in accordance with agency procedures. If agreement cannot be reached between the contracting officer and the SBA Area Office, the contracting officer shall request that the Area Office suspend action and refer the matter to SBA Headquarters for review. The SBA Area Office shall honor the request for a review if the contracting officer agrees to withhold award until the review process is concluded. Without an agreement to withhold

award, the SBA Area Office will issue the COC in accordance with applicable SBA regulations.

(2) SBA Headquarters will furnish written notice to the procuring agency's Director, Office of Small and Disadvantaged Business Utilization (OSDBU) or other designated official (with a copy to the contracting officer) that the case file has been received and that an appeal decision may be requested by an authorized official.

(3) If the contracting agency decides to file an appeal, it must notify SBA Headquarters through its procuring agency's Director, OSDBU, or other designated official, within 10 business days (or a time period agreed upon by both agencies) that it intends to appeal the issuance of the COC.

(4) The appeal and any supporting documentation shall be filed by the procuring agency's Director, OSDBU, or other designated official, within 10 business days (or a period agreed upon by both agencies) after SBA Headquarters receives the agency's notification in accordance with paragraph (a)(3) of this subsection.

(5) The SBA Associate Administrator for Government Contracting will make a final determination, in writing, to issue or to deny the COC.

(b) *SBA Headquarters' decisions on COCs valued over \$25,000,000.* (1) Prior to taking final action, SBA Headquarters will contact the contracting agency and offer it the following options:

(i) To request that the SBA suspend case processing to allow the agency to meet with SBA Headquarters personnel and review all documentation contained in the case file; or

(ii) To submit to SBA Headquarters for evaluation any information that the contracting agency believes has not been considered.

(2) After reviewing all available information, the SBA will make a final decision to either issue or deny the COC.

(c) *Reconsideration of a COC after issuance.* (1) The SBA reserves the right to reconsider its issuance of a COC, prior to contract award, if—

(i) The COC applicant submitted false information or omitted materially adverse information; or

(ii) The COC has been issued for more than 60 days (in which case the SBA may investigate the firm's current circumstances).

(2) When the SBA reconsiders and reaffirms the COC, the procedures in subsection 19.602-2 do not apply.

(3) Denial of a COC by the SBA does not preclude a contracting officer from awarding a contract to the referred concern, nor does it prevent the concern from making an offer on any other procurement.

19.602-4 Awarding the contract.

(a) If new information causes the contracting officer to determine that the concern referred to the SBA is actually responsible to perform the contract, and award has not already been made under paragraph (c) of this subsection, the contracting officer shall reverse the determination of nonresponsibility, notify the SBA of this action, withdraw the referral, and proceed to award the contract.

(b) The contracting officer shall award the contract to the concern in question if the SBA issues a COC after receiving the referral. An SBA-certified concern shall not be required to meet any other requirements of responsibility. SBA COC's are conclusive with respect to all elements of responsibility of prospective small business contractors.

(c) The contracting officer shall proceed with the acquisition and award the contract to another appropriately selected and responsible offeror if the SBA has not issued a COC within 15 business days (or a longer period of time agreed to with the SBA) after receiving the referral.

Subpart 19.7—The Small Business Subcontracting Program

19.701 Definitions.

“Commercial plan” means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (*e.g.*, division, plant, or product line).

“Failure to make a good faith effort to comply with the subcontracting plan” means willful or intentional failure to perform in accordance with the requirements of the subcontracting plan, or willful or intentional action to frustrate the plan.

“Individual contract plan” means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

“Master plan” means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

“Small business subcontractor” means any concern that—

(a) In connection with subcontracts of \$10,000 or less, has a number of employees, including its affiliates, that does not exceed 500 persons; and

(b) In connection with subcontracts exceeding \$10,000, has a number of employees or average annual receipts, including its affiliates, that does not exceed the size stan-

dard under 19.102 for the product or service it is providing on the subcontract.

“Subcontract” means any agreement (other than one involving an employer-employee relationship) entered into by a Government prime contractor or subcontractor calling for supplies and/or services required for performance of the contract, contract modification, or subcontract.

19.702 Statutory requirements.

Any contractor receiving a contract for more than the simplified acquisition threshold shall agree in the contract that small business HUBZone small business, small disadvantaged business, and women-owned small business concerns shall have the maximum practicable opportunity to participate in contract performance consistent with its efficient performance. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(a) Except as stated in paragraph (b) of this section, Section 8(d) of the Small Business Act (15 U.S.C. 637(d)) imposes the following requirements regarding subcontracting with small businesses and small business subcontracting plans:

(1) In negotiated acquisitions, each solicitation of offers to perform a contract or contract modification, that individually is expected to exceed \$500,000 (\$1,000,000 for construction) and that has subcontracting possibilities, shall require the apparently successful offeror to submit an acceptable subcontracting plan. If the apparently successful offeror fails to negotiate a subcontracting plan acceptable to the contracting officer within the time limit prescribed by the contracting officer, the offeror will be ineligible for award.

(2) In sealed bidding acquisitions, each invitation for bids to perform a contract or contract modification, that individually is expected to exceed \$500,000 (\$1,000,000 for construction) and that has subcontracting possibilities, shall require the bidder selected for award to submit a subcontracting plan. If the selected bidder fails to submit a plan within the time limit prescribed by the contracting officer, the bidder will be ineligible for award.

(b) Subcontracting plans (see subparagraphs (a)(1) and (2) of this section) are not required—

(1) From small business concerns;

(2) For personal services contracts;

(3) For contracts or contract modifications that will be performed entirely outside of any State, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; or

(4) For modifications to contracts within the general scope of the contract that do not contain the clause at 52.219-8, Utilization of Small Business Concerns (or equivalent prior clauses; *e.g.*, contracts awarded before the enactment of Public Law 95-507).

(c) As stated in 15 U.S.C. 637(d)(8), any contractor or subcontractor failing to comply in good faith with the requirements of the subcontracting plan is in material breach of its contract. Further, 15 U.S.C. 637(d)(4)(F) directs that a contractor's failure to make a good faith effort to comply with the requirements of the subcontracting plan shall result in the imposition of liquidated damages.

(d) As authorized by 15 U.S.C. 637(d)(11), certain costs incurred by a mentor firm in providing developmental assistance to a protégé firm under the Department of Defense Pilot Mentor-Protégé Program, may be credited as subcontract awards to a small disadvantaged business for the purpose of determining whether the mentor firm attains a small disadvantaged business goal under any subcontracting plan entered into with any executive agency. However, the mentor-protégé agreement must have been approved by the—

before developmental assistance costs may be credited against subcontract goals.

19.703 Eligibility requirements for participating in the program.

(a) To be eligible as a subcontractor under the program, a concern must represent itself as a small business, HUBZone small business, small disadvantaged business, or woman-owned small business concern.

(1) To represent itself as a small business, HUBZone small business, or woman-owned small business concern, a concern must meet the appropriate definition in 19.001.

(2) In connection with a subcontract, or a requirement for which the apparently successful offeror received an evaluation credit for proposing one or more SDB subcontractors, the contracting officer or the SBA may protest the disadvantaged status of a proposed subcontractor. Such protests will be processed in accordance with 13 CFR 124.1015 through 124.1022. Other interested parties may submit information to the contracting officer or the SBA in an effort to persuade the contracting officer or the SBA to

initiate a protest. Such protests, in order to be considered timely, must be submitted to the SBA prior to completion of performance by the intended subcontractor.

(b) A contractor acting in good faith may rely on the written representation of its subcontractor regarding the subcontractor's status as a small business, HUBZone small business, or women-owned small business concern. The contractor shall obtain representations of small disadvantaged status from subcontractors through use of a provision substantially the same as paragraph (b)(1)(i) of the provision at 52.219-22, Small Disadvantaged Business Status. A contractor shall confirm that a subcontractor representing itself as a small disadvantaged business concern is listed on the SBA's list of SDBs by accessing the list at <http://www.sba.gov> or by contacting the SBA's Office of Small Disadvantaged Business Certification and Eligibility. The contractor, the contracting officer, or any other interested party can challenge a subcontractor's size status representation by filing a protest, in accordance with 13 CFR 121.1601 through 121.1608. Protests challenging a subcontractor's small disadvantaged business representation shall be filed in accordance with 13 CFR 124.1015 through 124.1022. Protests challenging HUBZone small business concern status shall be filed in accordance with 13 CFR 126.800.

19.704 Subcontracting plan requirements.

(a) Each subcontracting plan required under 19.702(a)(1) and (2) must include—

(1) Separate percentage goals for using small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors;

(2) A statement of the total dollars planned to be subcontracted and a statement of the total dollars planned to be subcontracted to small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns;

(3) A description of the principal types of supplies and services to be subcontracted and an identification of types planned for subcontracting to small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns;

(4) A description of the method used to develop the subcontracting goals;

(5) A description of the method used to identify potential sources for solicitation purposes;

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns;

(7) The name of an individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual;

(8) A description of the efforts the offeror will make to ensure that small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts;

(9) Assurances that the offeror will include the clause at 52.219-8, Utilization of Small Business Concerns (see 19.708(a)), in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of \$500,000 (\$1,000,000 for construction) to adopt a plan that complies with the requirements of the clause at 52.219-9, Small Business Subcontracting Plan (see 19.708(b));

(10) Assurances that the offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;

(iii) Submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and SF 295, Summary Subcontract Report, following the instructions on the forms or as provided in agency regulations; and

(iv) Ensure that its subcontractors agree to submit SF 294 and SF 295; and

(11) A description of the types of records that will be maintained concerning procedures adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and to award subcontracts to them.

(b) Contractors may establish, on a plant or division-wide basis, a master plan (see 19.701) that contains all the elements required by the clause at 52.219-9, Small Business Subcontracting Plan, except goals. Master plans shall be effective for a 3-year period after approval by the contracting officer; however, it is incumbent upon contractors to maintain and update master plans. Changes required to update master plans are not effective until approved by the contracting officer. A master plan, when incorporated in an individual plan, shall apply to that contract throughout the life of the contract.

(c) For multiyear contracts or contracts containing options, the cumulative value of the basic contract and all options is considered in determining whether a subcontracting plan is necessary (see 19.705-2(a)). If a plan is necessary and the offeror is submitting an individual contract plan, the plan shall contain all the elements required by

paragraph (a) of this section and shall contain separate statements and goals for the basic contract and for each option.

(d) A commercial plan (as defined in 19.701) is the preferred type of subcontracting plan for contractors furnishing commercial items. The contractor shall—

(1) Submit the commercial plan to either the first contracting officer awarding a contract subject to the plan during the contractor's fiscal year, or, if the contractor has ongoing contracts with commercial plans, to the contracting officer responsible for the contract with the latest completion date. The contracting officer shall negotiate the commercial plan for the Government. The approved commercial plan shall remain in effect during the contractor's fiscal year for all Government contracts in effect during that period; and

(2) Submit a new commercial plan, 30 working days before the end of the fiscal year, to the contracting officer responsible for the uncompleted Government contract with the latest completion date. The contractor must provide to each contracting officer responsible for an ongoing contract subject to the plan, the identity of the contracting officer that will be negotiating the new plan. When the new commercial plan is approved, the contractor shall provide a copy of the approved plan to each contracting officer responsible for an ongoing contract that is subject to the plan.

19.705 Responsibilities of the contracting officer under the subcontracting assistance program.

19.705-1 General support of the program.

The contracting officer may encourage the development of increased subcontracting opportunities in negotiated acquisition by providing monetary incentives such as payments based on actual subcontracting achievement or award-fee contracting (see the clause at 52.219-10, Incentive Subcontracting Program, and 19.708(c)). This subsection does not apply to SDB subcontracting (see 19.1203). When using any contractual incentive provision based upon rewarding the contractor monetarily for exceeding goals in the subcontracting plan, the contracting officer must ensure that (a) the goals are realistic and (b) any rewards for exceeding the goals are commensurate with the efforts the contractor would not have otherwise expended. Incentive provisions should normally be negotiated after reaching final agreement with the contractor on the subcontracting plan.

19.705-2 Determining the need for a subcontracting plan.

The contracting officer shall take the following actions to determine whether a proposed contractual action requires a subcontracting plan:

(a) Determine whether the proposed contractual action will meet the dollar threshold in 19.702(a)(1) or (2). If the action includes options or similar provisions, include their value in determining whether the threshold is met.

(b) Determine whether subcontracting possibilities exist by considering relevant factors such as—

(1) Whether firms engaged in the business of furnishing the types of items to be acquired customarily contract for performance of part of the work or maintain sufficient in-house capability to perform the work; and

(2) Whether there are likely to be product prequalification requirements.

(c) If it is determined that there are no subcontracting possibilities, the determination must be approved at a level above the contracting officer and placed in the contract file.

(d) In solicitations for negotiated acquisitions, the contracting officer may require the submission of subcontracting plans with initial offers, or at any other time prior to award. In determining when subcontracting plans should be required, as well as when and with whom plans should be negotiated, the contracting officer shall consider the integrity of the competitive process, the goal of affording maximum practicable opportunity for small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns to participate, and the burden placed on offerors.

19.705-3 Preparing the solicitation.

The contracting officer shall provide the Small Business Administration's (SBA's) resident procurement center representative, if any, a reasonable period of time to review any solicitation requiring submission of a subcontracting plan and to submit advisory findings before the solicitation is issued.

19.705-4 Reviewing the subcontracting plan.

The contracting officer shall review the subcontracting plan for adequacy, ensuring that the required information, goals, and assurances are included (see 19.704).

(a) No detailed standards apply to every subcontracting plan. Instead, the contracting officer must consider each plan in terms of the circumstances of the particular acquisition, including—

(1) Previous involvement of small business concerns as prime contractors or subcontractors in similar acquisitions;

(2) Proven methods of involving small business concerns as subcontractors in similar acquisitions; and

(3) The relative success of methods the contractor intends to use to meet the goals and requirements of the plan, as evidenced by records maintained by contractors.

(b) If, under a sealed bid solicitation, a bidder submits a plan that does not cover each of the 11 required elements

(see 19.704), the contracting officer shall advise the bidder of the deficiency and request submission of a revised plan by a specific date. If the bidder does not submit a plan that incorporates the required elements within the time allotted, the bidder shall be ineligible for award. If the plan, although responsive, evidences the bidder's intention not to comply with its obligations under the clause at 52.219-8, Utilization of Small Business Concerns, the contracting officer may find the bidder nonresponsible.

(c) In negotiated acquisitions, the contracting officer shall determine whether the plan is acceptable based on the negotiation of each of the 11 elements of the plan (see 19.704). Subcontracting goals should be set at a level that the parties reasonably expect can result from the offeror expending good faith efforts to use small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors to the maximum practicable extent. The contracting officer shall take particular care to ensure that the offeror has not submitted unreasonably low goals to minimize exposure to liquidated damages and to avoid the administrative burden of substantiating good faith efforts. Additionally, particular attention should be paid to the identification of steps that, if taken, would be considered a good faith effort. No goal should be negotiated upward if it is apparent that a higher goal will significantly increase the Government's cost or seriously impede the attainment of acquisition objectives. An incentive subcontracting clause (see 52.219-10, Incentive Subcontracting Program), may be used when additional and unique contract effort, such as providing technical assistance, could significantly increase subcontract awards to small business, HUBZone small business, or women-owned small business concerns.

(d) In determining the acceptability of a proposed subcontracting plan, the contracting officer should take the following actions:

(1) Obtain information available from the cognizant contract administration office, as provided for in 19.706(a), and evaluate the offeror's past performance in awarding subcontracts for the same or similar products or services to small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If information is not available on a specific type of product or service, evaluate the offeror's overall past performance and consider the performance of other contractors on similar efforts.

(2) In accordance with 15 U.S.C. 637(d)(4)(F)(iii), ensure that the goals offered are attainable in relation to—

(i) The subcontracting opportunities available to the contractor, commensurate with the efficient and economical performance of the contract;

(ii) The pool of eligible subcontractors available to fulfill the subcontracting opportunities; and

(iii) The actual performance of such contractor in fulfilling the subcontracting goals specified in prior plans.

(3) Ensure that the subcontracting goals are consistent with the offeror's cost or pricing data or information other than cost or pricing data.

(4) Evaluate the offeror's make-or-buy policy or program to ensure that it does not conflict with the offeror's proposed subcontracting plan and is in the Government's interest. If the contract involves products or services that are particularly specialized or not generally available in the commercial market, consider the offeror's current capacity to perform the work and the possibility of reduced subcontracting opportunities.

(5) Evaluate subcontracting potential, considering the offeror's make-or-buy policies or programs, the nature of the supplies or services to be subcontracted, the known availability of small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in the geographical area where the work will be performed, and the potential contractor's long-standing contractual relationship with its suppliers.

(6) Advise the offeror of available sources of information on potential small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors, as well as any specific concerns known to be potential subcontractors. If the offeror's proposed goals are questionable, the contracting officer shall emphasize that the information should be used to develop realistic and acceptable goals.

(7) Obtain advice and recommendations from the SBA procurement center representative (if any) and the agency small business specialist.

19.705-5 Awards involving subcontracting plans.

(a) In making an award that requires a subcontracting plan, the contracting officer shall be responsible for the following:

(1) Consider the contractor's compliance with the subcontracting plans submitted on previous contracts as a factor in determining contractor responsibility.

(2) Assure that a subcontracting plan was submitted when required.

(3) Notify the SBA resident procurement center representative of the opportunity to review the proposed contract (including the plan and supporting documentation). The notice shall be issued in sufficient time to provide the representative a reasonable time to review the material and submit advisory recommendations to the contracting officer. Failure of the representative to respond in a reasonable period of time shall not delay contract award.

(4) Determine any fee that may be payable if an incentive is used in conjunction with the subcontracting plan.

(5) Ensure that an acceptable plan is incorporated into and made a material part of the contract.

(b) Letter contracts and similar undefinitized instruments, which would otherwise meet the requirements of 19.702(a)(1) and (2), shall contain at least a preliminary basic plan addressing the requirements of 19.704 and in such cases require the negotiation of the final plan within 90 days after award or before definitization, whichever occurs first.

19.705-6 Postaward responsibilities of the contracting officer.

After a contract or contract modification containing a subcontracting plan is awarded, the contracting officer who approved the plan is responsible for the following:

(a) Notifying the SBA of the award by sending a copy of the award document to the Area Director, Office of Government Contracting, in the SBA area office where the contract will be performed.

(b) Forwarding a copy of each commercial plan and any associated approvals to the Area Director, Office of Government Contracting, in the SBA area office where the contractor's headquarters is located.

(c) Giving to the assigned SBA resident procurement center representative (if any) a copy of—

(1) Any subcontracting plan submitted in response to a sealed bid solicitation; and

(2) The final negotiated subcontracting plan that was incorporated into a negotiated contract or contract modification.

(d) Notifying the SBA resident procurement center representative of the opportunity to review subcontracting plans in connection with contract modifications.

(e) Forwarding a copy of each plan, or a determination that there is no requirement for a subcontracting plan, to the cognizant contract administration office.

(f) Initiating action to assess liquidated damages in accordance with 19.705-7 upon a recommendation by the administrative contracting officer or receipt of other reliable evidence to indicate that such action is warranted.

(g) Taking action to enforce the terms of the contract upon receipt of a notice under 19.706(f).

19.705-7 Liquidated damages.

(a) Maximum practicable utilization of small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors in Government contracts is a matter of national interest with both social and economic benefits. When a contractor fails to make a good faith effort to comply with a subcontracting plan, these objectives are not achieved, and 15 U.S.C. 637(d)(4)(F) directs that liquidated damages shall be paid by the contractor.

(b) The amount of damages attributable to the contractor's failure to comply shall be an amount equal to the actual dollar amount by which the contractor failed to achieve each subcontracting goal.

(c) If, at completion of the basic contract or any option, or in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, a contractor has failed to meet its subcontracting goals, the contracting officer shall review all available information for an indication that the contractor has not made a good faith effort to comply with the plan. If no such indication is found, the contracting officer shall document the file accordingly. If the contracting officer decides in accordance with paragraph (d) of this subsection that the contractor failed to make a good faith effort to comply with its subcontracting plan, the contracting officer shall give the contractor written notice specifying the failure, advising the contractor of the possibility that the contractor may have to pay to the Government liquidated damages, and providing a period of 15 working days (or longer period as necessary) within which to respond. The notice shall give the contractor an opportunity to demonstrate what good faith efforts have been made before the contracting officer issues the final decision, and shall further state that failure of the contractor to respond may be taken as an admission that no valid explanation exists.

(d) In determining whether a contractor failed to make a good faith effort to comply with its subcontracting plan, a contracting officer must look to the totality of the contractor's actions, consistent with the information and assurances provided in its plan. The fact that the contractor failed to meet its subcontracting goals does not, in and of itself, constitute a failure to make a good faith effort. For example, notwithstanding a contractor's diligent effort to identify and solicit offers from small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, factors such as unavailability of anticipated sources or unreasonable prices may frustrate achievement of the contractor's goals. However, when considered in the context of the contractor's total effort in accordance with its plan, the following, though not all inclusive, may be considered as indicators of a failure to make a good faith effort: a failure to attempt to identify, contact, solicit, or consider for contract award small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns; a failure to designate and maintain a company official to administer the subcontracting program and monitor and enforce compliance with the plan; a failure to submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, or SF 295, Summary Subcontract Report, in accordance with the instructions on the forms or as provided in agency regulations; a failure to maintain records or otherwise demonstrate procedures adopted to comply with the plan; or the adoption

of company policies or procedures that have as their objectives the frustration of the objectives of the plan.

(e) If, after consideration of all the pertinent data, the contracting officer finds that the contractor failed to make a good faith effort to comply with its subcontracting plan, the contracting officer shall issue a final decision to the contractor to that effect and require the payment of liquidated damages in an amount stated. The contracting officer's final decision shall state that the contractor has the right to appeal under the clause in the contract entitled Disputes.

(f) With respect to commercial plans approved under the clause at 52.219-9, Small Business Subcontracting Plan, the contracting officer that approved the plan shall—

(1) Perform the functions of the contracting officer under this subsection on behalf of all agencies with contracts covered by the commercial plan;

(2) Determine whether or not the goals in the commercial plan were achieved and, if they were not achieved, review all available information for an indication that the contractor has not made a good faith effort to comply with the plan, and document the results of the review;

(3) If a determination is made to assess liquidated damages, in order to calculate and assess the amount of damages, the contracting officer shall ask the contractor to provide—

(i) Contract numbers for the Government contracts subject to the plan;

(ii) The total Government sales during the contractor's fiscal year; and

(iii) The amount of payments made under the Government contracts subject to that plan that contributed to the contractor's total sales during the contractor's fiscal year; and

(4) When appropriate, assess liquidated damages on the Government's behalf, based on the pro rata share of subcontracting attributable to the Government contracts. For example: The contractor's total actual sales were \$50 million and its actual subcontracting was \$20 million. The Government's total payments under contracts subject to the plan contributing to the contractor's total sales were \$5 million, which accounted for 10 percent of the contractor's total sales. Therefore, the pro rata share of subcontracting attributable to the Government contracts would be 10 percent of \$20 million, or \$2 million. To continue the example, if the contractor failed to achieve its small business goal by 1 percent, the liquidated damages would be calculated as 1 percent of \$2 million, or \$20,000. The contracting officer shall make similar calculations for each category of small business where the contractor failed to achieve its goal and the sum of the dollars for all of the categories equals the amount of the liquidated damages to be assessed. A copy of the contracting officer's final decision assessing liquidated

damages shall be provided to other contracting officers with contracts subject to the commercial plan.

(g) Liquidated damages shall be in addition to any other remedies that Government may have.

(h) Every contracting officer with a contract that is subject to a commercial plan shall include in the contract file a copy of the approved plan and a copy of the final decision assessing liquidating damages, if applicable.

19.706 Responsibilities of the cognizant administrative contracting officer.

The administrative contracting officer is responsible for assisting in evaluating subcontracting plans, and for monitoring, evaluating, and documenting contractor performance under the clause prescribed in 19.708(b) and any subcontracting plan included in the contract. The contract administration office shall provide the necessary information and advice to support the contracting officer, as appropriate, by furnishing—

(a) Documentation on the contractor's performance and compliance with subcontracting plans under previous contracts;

(b) Information on the extent to which the contractor is meeting the plan's goals for subcontracting with eligible small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns;

(c) Information on whether the contractor's efforts to ensure the participation of small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns are in accordance with its subcontracting plan;

(d) Information on whether the contractor is requiring its subcontractors to adopt similar subcontracting plans;

(e) Immediate notice if, during performance, the contractor is failing to meet its commitments under the clause prescribed in 19.708(b) or the subcontracting plan;

(f) Immediate notice and rationale if, during performance, the contractor is failing to comply in good faith with the subcontracting plan; and

(g) Immediate notice that performance under a contract is complete, that the goals were or were not met, and, if not met, whether there is any indication of a lack of a good faith effort to comply with the subcontracting plan.

19.707 The Small Business Administration's role in carrying out the program.

(a) Under the program, the SBA may—

(1) Assist both Government agencies and contractors in carrying out their responsibilities with regard to subcontracting plans;

(2) Review (within 5 working days) any solicitation that meets the dollar threshold in 19.702(a)(1) or (2) before the solicitation is issued;

(3) Review (within 5 working days) before execution any negotiated contractual document requiring a subcontracting plan, including the plan itself, and submit recommendations to the contracting officer, which shall be advisory in nature; and

(4) Evaluate compliance with subcontracting plans, either on a contract-by-contract basis, or, in the case of contractors having multiple contracts, on an aggregate basis.

(b) The SBA is not authorized to—

(1) Prescribe the extent to which any contractor or subcontractor shall subcontract,

(2) Specify concerns to which subcontracts will be awarded, or

(3) Exercise any authority regarding the administration of individual prime contracts or subcontracts.

19.708 Contract clauses.

(a) The contracting officer shall insert the clause at 52.219-8, Utilization of Small Business Concerns, in solicitations and contracts when the contract amount is expected to be over the simplified acquisition threshold unless—

(1) A personal services contract is contemplated (see 37.104); or

(2) The contract, together with all its subcontracts, is to be performed entirely outside of any State, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(b)(1) The contracting officer shall, when contracting by negotiation, insert the clause at 52.219-9, Small Business Subcontracting Plan, in solicitations and contracts that offer subcontracting possibilities, are expected to exceed \$500,000 (\$1,000,000 for construction of any public facility), and are required to include the clause at 52.219-8, Utilization of Small Business Concerns, unless the acquisition is set aside or is to be accomplished under the 8(a) program. When contracting by sealed bidding rather than by negotiation, the contracting officer shall use the clause with its Alternate I. When contracting by negotiation, and subcontracting plans are required with initial proposals as provided for in 19.705-2(d), the contracting officer shall use the clause with its Alternate II.

(2) The contracting officer shall insert the clause at 52.219-16, Liquidated Damages—Subcontracting Plan, in all solicitations and contracts containing the clause at 52.219-9, Small Business Subcontracting Plan, or the clause with its Alternate I or II.

(c)(1) The contracting officer may, when contracting by negotiation, insert in solicitations and contracts a clause substantially the same as the clause at 52.219-10, Incentive Subcontracting Program, when a subcontracting plan is required (see 19.702), and inclusion of a monetary incentive is, in the judgment of the contracting officer, necessary to increase subcontracting opportunities for small business,

HUBZone small business, and women-owned small business concerns, and is commensurate with the efficient and economical performance of the contract; unless the conditions in paragraph (c)(3) of this section are applicable. The contracting officer may vary the terms of the clause as specified in paragraph (c)(2) of this section.

(2) Various approaches may be used in the development of small business, HUBZone small business, and women-owned small business concerns' subcontracting incentives. They can take many forms, from a fully quantified schedule of payments based on actual subcontract achievement to an award-fee approach employing subjective evaluation criteria (see paragraph (c)(3) of this section). The incentive should not reward the contractor for results other than those that are attributable to the contractor's efforts under the incentive subcontracting program.

(3) As specified in paragraph (c)(2) of this section, the contracting officer may include small business, HUBZone small business, and women-owned small business subcontracting as one of the factors to be considered in determining the award fee in a cost-plus-award-fee contract; in such cases, however, the contracting officer shall not use the clause at 52.219-10, Incentive Subcontracting Program.

Subpart 19.8—Contracting with the Small Business Administration (The 8(a) Program)

19.800 General.

(a) Section 8(a) of the Small Business Act (15 U.S.C. 637(a)) established a program that authorizes the Small Business Administration (SBA) to enter into all types of contracts with other agencies and let subcontracts for performing those contracts to firms eligible for program participation. The SBA's subcontractors are referred to as "8(a) contractors."

(b) Contracts may be awarded to the SBA for performance by eligible 8(a) firms on either a sole source or competitive basis.

(c) When, acting under the authority of the program, the SBA certifies to an agency that the SBA is competent and responsible to perform a specific contract, the contracting officer is authorized, in the contracting officer's discretion, to award the contract to the SBA based upon mutually agreeable terms and conditions.

(d) Before deciding to set aside an acquisition in accordance with Subpart 19.5 or 19.13, the contracting officer should review the acquisition for offering under the 8(a) Program. In making this decision, contracting officers in participating agencies (see 19.1302) are advised that SBA will give first priority to HUBZone 8(a) concerns.

19.801 [Reserved]

19.802 Selecting concerns for the 8(a) Program.

Selecting concerns for the 8(a) Program is the responsibility of the SBA and is based on the criteria established in 13 CFR 124.101-113.

19.803 Selecting acquisitions for the 8(a) Program.

Through their cooperative efforts, the SBA and an agency match the agency's requirements with the capabilities of 8(a) concerns to establish a basis for the agency to contract with the SBA under the program. Selection is initiated in one of three ways—

(a) The SBA advises an agency contracting activity through a search letter of an 8(a) firm's capabilities and asks the agency to identify acquisitions to support the firm's business plans. In these instances, the SBA will provide at least the following information in order to enable the agency to match an acquisition to the firm's capabilities:

- (1) Identification of the concern and its owners.
- (2) Background information on the concern, including any and all information pertaining to the concern's technical ability and capacity to perform.
- (3) The firm's present production capacity and related facilities.
- (4) The extent to which contracting assistance is needed in the present and the future, described in terms that will enable the agency to relate the concern's plans to present and future agency requirements.

(5) If construction is involved, the request shall also include the following:

- (i) The concern's capabilities in and qualifications for accomplishing various categories of maintenance, repair, alteration, and construction work in specific categories such as mechanical, electrical, heating and air conditioning, demolition, building, painting, paving, earth work, waterfront work, and general construction work.
- (ii) The concern's capacity in each construction category in terms of estimated dollar value (*e.g.*, electrical, up to \$100,000).

(b) The SBA identifies a specific requirement for a particular 8(a) firm or firms and asks the agency contracting activity to offer the acquisition to the 8(a) Program for the firm(s). In these instances, in addition to the information in paragraph (a) of this section, the SBA will provide—

- (1) A clear identification of the acquisition sought; *e.g.*, project name or number;
- (2) A statement as to how any additional needed facilities will be provided in order to ensure that the firm will be fully capable of satisfying the agency's requirements;
- (3) If construction, information as to the bonding capability of the firm(s); and
- (4) Either—
 - (i) If sole source request—

(A) The reasons why the firm is considered suitable for this particular acquisition; *e.g.*, previous contracts for the same or similar supply or service; and

(B) A statement that the firm is eligible in terms of SIC code, business support levels, and business activity targets; or

(ii) If competitive, a statement that at least two 8(a) firms are considered capable of satisfying the agency's requirements and a statement that the firms are also eligible in terms of the SIC code, business support levels, and business activity targets. If requested by the contracting activity, SBA will identify at least two such firms and provide information concerning the firms' capabilities.

(c) Agencies may also review other proposed acquisitions for the purpose of identifying requirements which may be offered to the SBA. Where agencies independently, or through the self marketing efforts of an 8(a) firm, identify a requirement for the 8(a) Program, they may offer on behalf of a specific 8(a) firm, for the 8(a) Program in general, or for 8(a) competition (but see 19.800(d)).

19.804 Evaluation, offering, and acceptance.

19.804-1 Agency evaluation.

In determining the extent to which a requirement should be offered in support of the 8(a) Program, the agency should evaluate—

(a) Its current and future plans to acquire the specific items or work that 8(a) contractors are seeking to provide, identified in terms of—

(1) Quantities required or the number of construction projects planned; and

(2) Performance or delivery requirements, including required monthly production rates, when applicable;

(b) Its current and future plans to acquire items or work similar in nature and complexity to that specified in the business plan;

(c) Problems encountered in previous acquisitions of the items or work from the 8(a) contractors and/or other contractors;

(d) The impact of any delay in delivery;

(e) Whether the items or work have previously been acquired using small business set-asides; and

(f) Any other pertinent information about known 8(a) contractors, the items, or the work. This includes any information concerning the firms' capabilities. When necessary, the contracting agency shall make an independent review of the factors in 19.803(a) and other aspects of the firms' capabilities which would ensure the satisfactory performance of the requirement being considered for commitment to the 8(a) Program.

19.804-2 Agency offering.

(a) After completing its evaluation, the agency shall notify the SBA of the extent of its plans to place 8(a) contracts with the SBA for specific quantities of items or work. The notification must identify the time frames within which prime contract and subcontract actions must be completed in order for the agency to meet its responsibilities. The notification must also contain the following information applicable to each prospective contract:

(1) A description of the work to be performed or items to be delivered, and a copy of the statement of work, if available.

(2) The estimated period of performance.

(3) The SIC code that applies to the principal nature of the acquisition.

(4) The anticipated dollar value of the requirement, including options, if any.

(5) Any special restrictions or geographical limitations on the requirement (for construction and services include the location of the work to be performed).

(6) Any special capabilities or disciplines needed for contract performance.

(7) The type of contract anticipated.

(8) The acquisition history, if any, of the requirement including the names and addresses of any small business contractors which have performed this requirement during the previous 24 months.

(9) A statement that no solicitation for this specific acquisition has been issued as a small business set-aside or a small disadvantaged business set-aside, and that no other public communication (such as a notice in the Commerce Business Daily) has been made evidencing the contracting agency's clear intention to set aside the acquisition for small business or small disadvantaged business.

(10) Identification of any particular 8(a) concern designated for consideration, including a brief justification, such as—

(i) The 8(a) concern, through its own efforts, marketed the requirement and caused it to be reserved for the 8(a) Program; or

(ii) The acquisition is a follow-on or renewal contract and the nominated concern is the incumbent.

(11) Bonding requirements, if applicable.

(12) Identification of all known 8(a) concerns, including HUBZone 8(a) concerns, that have expressed an interest in this specific requirement as a result of self-marketing, response to sources sought, or publication of advanced acquisition requirements.

(13) Identification of all SBA district or regional offices which have asked for the acquisition for the 8(a) Program.

(14) A recommendation, if appropriate, as to whether the acquisition should be competitive or sole source.

(15) Any other pertinent and reasonably available data.

(b)(1) An agency offering a construction requirement should submit it to the SBA District Office for the geographical area where the work is to be performed.

(2) Sole source requirements, other than construction, should be forwarded directly to the district office that services the nominated firm. If the contracting officer is not nominating a specific firm, the offering letter should be forwarded to the district office servicing the geographical area in which the contracting office is located.

(c) All requirements for 8(a) competition, other than construction, should be forwarded to the district office servicing the geographical area in which the contracting office is located. All requirements for 8(a) construction competition should be forwarded to the district office servicing the geographical area in which all or the major portion of the construction is to be performed. All requirements, including construction, shall be synopsisized in the Commerce Business Daily. For construction, the synopsis shall include the geographical area of the competition set forth in the SBA's acceptance letter.

19.804-3 SBA acceptance.

(a) Upon receipt of the contracting agency's offer, the SBA will determine whether to accept the requirement for the 8(a) Program. The SBA's decision whether to accept the requirement will be transmitted to the contracting agency in writing within 15 working days of receipt of the offer, unless the SBA requests, and the contracting agency grants, an extension.

(b) If the acquisition is accepted as a sole source, the SBA will advise the contracting activity of the 8(a) firm selected for negotiation. Generally, the SBA will accept a contracting activity's recommended source.

19.804-4 Repetitive acquisitions.

In order for repetitive acquisitions to be awarded through the 8(a) Program, there must be separate offers and acceptances. This allows the SBA to revalidate a firm's eligibility, to evaluate the suitability of each acquisition as a competitive 8(a), and to determine whether the requirement should continue under the 8(a) Program.

19.805 Competitive 8(a).

19.805-1 General.

(a) Except as provided in paragraph (b) of this subsection, an acquisition offered to the SBA under the 8(a) Program shall be awarded on the basis of competition limited to eligible 8(a) firms if—

(1) There is a reasonable expectation that at least two eligible and responsible 8(a) firms will submit offers and that award can be made at a fair market price; and

(2) The anticipated award price of the contract, including options, will exceed \$5,000,000 for acquisitions assigned manufacturing standard industrial classification (SIC) codes and \$3,000,000 for all other acquisitions.

(b) Where an acquisition exceeds the competitive threshold, the SBA may accept the requirement for a sole source 8(a) award if—

(1) There is not a reasonable expectation that at least two eligible and responsible 8(a) firms will submit offers at a fair market price; or

(2) The SBA determines that an 8(a) concern owned and controlled by an economically disadvantaged Indian tribe is eligible and responsible and needs the acquisition for its business development.

(c) A proposed 8(a) requirement with an estimated value exceeding the applicable competitive threshold amount shall not be divided into several requirements for lesser amounts in order to use 8(a) sole source procedures for award to a single firm.

(d) The SBA Associate Administrator for Minority Small Business and Capital Ownership Development (AA/MSB&COD) may approve an agency recommendation for a competitive 8(a) award below the competitive thresholds. Such recommendations will be approved only on a limited basis and will be primarily granted where technical competitions are appropriate or where a large number of responsible 8(a) firms are available for competition. In determining whether a recommendation to compete below the threshold will be approved, AA/MSB&COD will, in part, consider the extent to which the requesting agency is supporting the 8(a) Program on a noncompetitive basis. Agency recommendations for competition below the threshold may be included in the offering letter or may be submitted by separate correspondence to the SBA Headquarters.

19.805-2 Procedures.

(a) Competitive 8(a) acquisitions shall be conducted by contracting agencies by using sealed bids (see Part 14) or competitive proposals (see Part 15).

(b) Offers shall be solicited from those sources identified in accordance with the SBA instructions provided under 19.804-3.

(c) The SBA will determine the eligibility of the firms for award of the contract. Eligibility will be determined by the SBA as of the time of submission of initial offers which include price. Eligibility is based on Section 8(a) Program criteria.

(1) In sealed bid acquisitions, upon receipt of offers, the contracting officer will provide the SBA a copy of the

solicitation, the estimated fair market price, and a list of offerors ranked in the order of their standing for award (*i.e.*, first low, second low, etc.) with the total evaluated price for each offer, differentiating between basic requirements and any options. The SBA will consider the eligibility of the first low offeror. If the first low offeror is not determined to be eligible, the SBA will consider the eligibility of the next low offeror until an eligible offeror is identified. The SBA will determine the eligibility of the firms and advise the contracting officer within 5 working days after its receipt of the list of bidders. Once eligibility has been established by the SBA, the successful offeror will be determined by the contracting activity in accordance with normal contracting procedures.

(2) In negotiated acquisition, the SBA will determine eligibility when the successful offeror has been established by the agency and the contract transmitted for signature unless a referral has been made under 19.809, in which case the SBA will determine eligibility at that point.

(d) In any case in which a firm is determined to be ineligible, the SBA will notify the firm of that determination.

(e) The eligibility of an 8(a) firm for a competitive 8(a) award may not be challenged or protested by another 8(a) firm or any other party as part of a solicitation or proposed contract award. Any party with information concerning the eligibility of an 8(a) firm to continue participation in the 8(a) Program may submit such information to the SBA in accordance with 13 CFR 124.111(c).

19.806 Pricing the 8(a) contract.

(a) The contracting officer shall price the 8(a) contract in accordance with Subpart 15.4. If required by Subpart 15.4, the SBA shall obtain certified cost or pricing data from the 8(a) contractor. If the SBA requests audit assistance to determine the reasonableness of the proposed price in a sole source acquisition, the contracting activity shall furnish it to the extent it is available.

(b) An 8(a) contract, sole source or competitive, may not be awarded if the price of the contract results in a cost to the contracting agency which exceeds a fair market price.

(c) If requested by the SBA, the contracting officer shall make available the data used to estimate the fair market price.

(d) The negotiated contract price and the estimated fair market price are subject to the concurrence of the SBA. In the event of a disagreement between the contracting officer and the SBA, the SBA may appeal in accordance with 19.810.

19.807 Estimating fair market price.

(a) The contracting officer shall estimate the fair market price of the work to be performed by the 8(a) contractor.

(b) In estimating the fair market price for an acquisition other than those covered in paragraph (c) of this section, the

contracting officer shall use cost or price analysis and consider commercial prices for similar products and services, available in-house cost estimates, data (including cost or pricing data) submitted by the SBA or the 8(a) contractor, and data obtained from any other Government agency.

(c) In estimating a fair market price for a repeat purchase, the contracting officer shall consider recent award prices for the same items or work if there is comparability in quantities, conditions, terms, and performance times. The estimated price should be adjusted to reflect differences in specifications, plans, transportation costs, packaging and packing costs, and other circumstances. Price indices may be used as guides to determine the changes in labor and material costs. Comparison of commercial prices for similar items may also be used.

19.808 Contract negotiation.

19.808-1 Sole source.

(a) The SBA is responsible for initiating negotiations with the agency within the time established by the agency. If the SBA does not initiate negotiations within the agreed time and the agency cannot allow additional time, the agency may, after notifying the SBA, proceed with the acquisition from other sources.

(b) The SBA should participate, whenever practicable, in negotiating the contracting terms. When mutually agreeable, the SBA may authorize the contracting activity to negotiate directly with the 8(a) contractor. Whether or not direct negotiations take place, the SBA is responsible for approving the resulting contract before award.

19.808-2 Competitive.

In competitive 8(a) acquisitions subject to Part 15, the contracting officer conducts negotiations directly with the competing 8(a) firms.

19.809 Preaward considerations.

The contracting officer should request a preaward survey of the 8(a) contractor whenever considered useful. If the results of the preaward survey or other information available to the contracting officer raise substantial doubt as to the firm's ability to perform, the contracting officer should refer the matter to the SBA for its consideration in deciding whether SBA should certify that it is competent and responsible to perform. This is not a referral for Certificate of Competency consideration under Subpart 19.6. Within 15 working days of the receipt of the referral or a longer period agreed to by the SBA and the contracting activity, the SBA local district office that services the 8(a) firm will advise the contracting officer as to the SBA's willingness to certify its competency to perform the contract using the 8(a) concern in question as its subcontractor. The contracting officer

shall proceed with the acquisition and award the contract to another appropriately selected 8(a) offeror if the SBA has not certified its competency within 15 working days (or a longer mutually agreeable period).

19.810 SBA appeals.

(a) The following matters may be submitted by the SBA Administrator for determination to the agency head if the SBA and the contracting officer fail to agree on them:

(1) The decision not to make a particular acquisition available for award under the 8(a) Program.

(2) The terms and conditions of a particular sole source acquisition to be awarded under the 8(a) Program.

(3) The estimated fair market price.

(b) Notification of a proposed referral to the agency head by the SBA must be received by the contracting officer within 5 working days after the SBA is formally notified of the contracting officer's decision. The SBA shall provide the agency Director for Small and Disadvantaged Business Utilization a copy of this notification. The SBA must provide the request for determination to the agency head within 20 working days of the SBA's receipt of the adverse decision. Pending issuance of a decision by the agency head, the contracting officer shall suspend action on the acquisition. Action on the acquisition need not be suspended if the contracting officer makes a written determination that urgent and compelling circumstances which significantly affect the interests of the United States will not permit waiting for a decision.

(c) If the SBA appeal is denied, the decision of the agency head shall specify the reasons for the denial, including the reasons why the selected firm was determined incapable of performance, if appropriate. The decision shall be made a part of the contract file.

19.811 Preparing the contracts.

19.811-1 Sole source.

(a) The contract to be awarded by the agency to the SBA shall be prepared in accordance with agency procedures and in the same detail as would be required in a contract with a business concern. The contracting officer shall use the Standard Form 26 as the award form, except for construction contracts, in which case the Standard Form 1442 shall be used as required in 36.701(b).

(b) The agency shall prepare the contract that the SBA will award to the 8(a) contractor in accordance with agency procedures, as if the agency were awarding the contract directly to the 8(a) contractor, except for the following:

(1) The award form shall cite 41 U.S.C. 253(c)(5) or 10 U.S.C. 2304(c)(5) (as appropriate) as the authority for use of other than full and open competition.

(2) Appropriate clauses shall be included, as necessary, to reflect that the contract is between the SBA and the 8(a) contractor.

(3) The following items shall be inserted by the SBA:

(i) The SBA contract number.

(ii) The effective date.

(iii) The typed name of the SBA's contracting officer.

(iv) The signature of the SBA's contracting officer.

(v) The date signed.

(4) The SBA will obtain the signature of the 8(a) contractor prior to signing and returning the prime contract to the contracting officer for signature. The SBA will make every effort to obtain signatures and return the contract, and any subsequent bilateral modification, to the contracting officer within a maximum of 10 working days.

(c) Except in procurements where the SBA will make advance payments to its 8(a) contractor, the agency contracting officer may, as an alternative to the procedures in paragraphs (a) and (b) of this subsection, use a single contract document for both the prime contract between the agency and the SBA and its 8(a) contractor. The single contract document shall contain the information in paragraphs (b) (1), (2), and (3) of this subsection. Appropriate blocks on the Standard Form (SF) 26 or 1442 will be asterisked and a continuation sheet appended which includes the following:

(1) Agency acquisition office, prime contract number, name of agency contracting officer and lines for signature, date signed, and effective date.

(2) The SBA office, the SBA contract number, name of the SBA contracting officer, and lines for signature and date signed.

(3) Name and lines for the 8(a) subcontractor's signature and date signed.

19.811-2 Competitive.

(a) The contract will be prepared in accordance with 14.408-1(d), except that appropriate blocks on the Standard Form 26 or 1442 will be asterisked and a continuation sheet appended which includes the following:

(1) The agency contracting activity, prime contract number, name of agency contracting officer, and lines for signature, date signed, and effective date.

(2) The SBA office, the SBA subcontract number, name of the SBA contracting officer and lines for signature and date signed.

(b) The process for obtaining signatures shall be as specified in 19.811-1(b)(4).

19.811-3 Contract clauses.

(a) The contracting officer shall insert the clause at 52.219-11, Special 8(a) Contract Conditions, in contracts

between the SBA and the agency when the acquisition is accomplished using the procedures of 19.811-1(a) and (b).

(b) The contracting officer shall insert the clause at 52.219-12, Special 8(a) Subcontract Conditions, in contracts between the SBA and its 8(a) contractor when the acquisition is accomplished using the procedures of 19.811-1(a) and (b).

(c) The contracting officer shall insert the clause at 52.219-17, Section 8(a) Award, in competitive solicitations and contracts when the acquisition is accomplished using the procedures of 19.805 and in sole source awards which utilize the alternative procedure in 19.811-1(c).

(d) The contracting officer shall insert the clause at 52.219-18, Notification of Competition Limited to Eligible 8(a) Concerns, in competitive solicitations and contracts when the acquisition is accomplished using the procedures of 19.805.

(1) The clause at 52.219-18 with its Alternate I will be used when competition is to be limited to 8(a) concerns within one or more specific SBA districts pursuant to 19.804-2.

(2) The clause at 52.219-18 with its Alternate II will be used when the acquisition is for a product in a class for which the Small Business Administration has waived the nonmanufacturer rule (see 19.102(f)(4) and (5)).

(e) The contracting officer shall insert the clause at 52.219-14, Limitations on Subcontracting, in any solicitation and contract resulting from this subpart.

19.812 Contract administration.

(a) The contracting officer shall assign contract administration functions, as required, based on the location of the 8(a) contractor (see DoD Directory of Contract Administration Services Components (DoD 4105.59-H)).

(b) The agency shall distribute copies of the contract(s) in accordance with Part 4. All contracts and modifications, if any, shall be distributed to both the SBA and the firm in accordance with the timeframes set forth in 4.201.

(c) To the extent consistent with the contracting activity's capability and resources, 8(a) contractors furnishing requirements shall be afforded production and technical assistance, including, when appropriate, identification of causes of deficiencies in their products and suggested corrective action to make such products acceptable.

(d) Section 407 of Public Law 100-656 requires that an 8(a) contract be terminated for convenience if the 8(a) concern to which it was awarded transfers ownership or control of the firm, unless the Administrator of the SBA, on a non-delegable basis, waives the requirement for contract termination. The Administrator may waive the termination requirement only if certain conditions exist. Moreover, a waiver of the statutory requirement for termination is permitted only if the 8(a) firm's request for waiver is made to

the SBA prior to the actual relinquishment of ownership or control. The clauses in the contract entitled "Special 8(a) Contract Conditions" and "Special 8(a) Subcontract Conditions" require the SBA and the 8(a) subcontractor to notify the contracting officer when ownership of the firm is being transferred. When the contracting officer receives information that an 8(a) contractor is planning to transfer ownership or control to another firm, action must be taken immediately to preserve the option of waiving the termination requirement. The contracting officer should determine the timing of the proposed transfer and its effect on contract performance and mission support. If the contracting officer determines that the SBA does not intend to waive the termination requirement, and termination of the contract would severely impair attainment of the agency's program objectives or mission, the contracting officer should immediately notify the SBA in writing that the agency is requesting a waiver. Within 15 business days thereafter, or such longer period as agreed to by the agency and the SBA, the agency head shall either confirm or withdraw the request for waiver. Unless a waiver is approved by the SBA, the contracting officer shall terminate the contract for convenience upon receipt of a written request by the SBA. This statutory requirement for a convenience termination does not affect the Government's right to terminate for default if the cause for termination of an 8(a) contract is other than the transfer of ownership or control.

Subpart 19.9 [Reserved]

Subpart 19.10—Small Business Competitiveness Demonstration Program

19.1001 General.

The Small Business Competitiveness Demonstration Program was established by the Small Business Competitiveness Demonstration Program Act of 1988, Public Law 100-656 (15 U.S.C. 644 note). Pursuant to the Small Business Reauthorization Act (Public Law 105-135), the Small Business Competitiveness Demonstration Program has been extended indefinitely. The program is implemented by an OFPP Policy Directive and Test Plan, dated August 31, 1989, as amended on April 16, 1993, which remains in effect until supplemented or revised to reflect the statutory changes in Public Law 105-135. Pursuant to Section 713(a) of Public Law 100-656, the requirements of the FAR that are inconsistent with the program procedures are waived. The program consists of two major components—

(a) Unrestricted competition in four designated industry groups; and

(b) Enhanced small business participation in 10 agency targeted industry categories.

19.1002**19.1002 Definition.**

“Emerging small business,” as used in this subpart, means a small business concern whose size is no greater than 50 percent of the numerical size standard applicable to the standard industrial classification code assigned to a contracting opportunity.

19.1003 Purpose.

The purpose of the Program is to—

(a) Assess the ability of small businesses to compete successfully in certain industry categories without competition being restricted by the use of small business set-asides. This portion of the program is limited to the four designated industry groups listed in section 19.1005.

(b) Measure the extent to which awards are made to a new category of small businesses known as emerging small businesses (ESB's), and to provide for certain acquisitions to be reserved for ESB participation only. This portion of the program is also limited to the four designated industry groups listed in section 19.1005.

(c) Expand small business participation in 10 targeted industry categories through continued use of set-aside procedures, increased management attention, and specifically tailored acquisition procedures, as implemented through agency procedures.

19.1004 Participating agencies.

The following agencies have been identified as participants in the demonstration program:

The Department of Agriculture.

The Department of Defense, except the National Imagery and Mapping Agency.

The Department of Energy.

The Department of Health and Human Services.

The Department of the Interior.

The Department of Transportation.

The Department of Veterans Affairs.

The Environmental Protection Agency.

The General Services Administration.

The National Aeronautics and Space Administration.

19.1005 Applicability.

(a) *Designated industry groups.* (1) Construction under standard industrial classification (SIC) codes that comprise Major Groups 15, 16, and 17 (excluding dredging—Federal Procurement Data System (FPDS) service codes Y216 and Z216).

(2) Refuse systems and related services including portable sanitation services, under SIC code 4212 or 4953, limited to FPDS service code S205.

(3) Architectural and engineering services (including surveying and mapping) under SIC codes 7389, 8711, 8712, or 8713, which are awarded under the qualification-based

selection procedures required by 40 U.S.C. 541 *et seq.* (see Subpart 36.6) (limited to FPDS service codes C111 through C216, C219, T002, T004, T008, T009, T014, and R404).

(4) Nonnuclear ship repair (including overhauls and conversions) performed on nonnuclear propelled and non-propelled ships under SIC code 3731, limited to FPDS service codes J998 (repair performed east of the 108th meridian) and J999 (repair performed west of the 108th meridian).

(b) *Targeted industry categories.* Each participating agency, in consultation with the Small Business Administration, shall designate its own targeted industry categories for enhanced small business participation.

19.1006 Procedures.

(a) *General.* (1) All solicitations shall include the applicable SIC code and size standards.

(2) The face of each award made pursuant to the program shall contain a statement that the award is being issued pursuant to the Small Business Competitiveness Demonstration Program.

(b) *Designated industry groups.* (1) Solicitations for acquisitions in any of the four designated industry groups that have an anticipated dollar value greater than \$25,000 shall not be considered for small business set-asides under Subpart 19.5 (however, see paragraphs (b)(2) and (c)(1) of this section). Acquisitions in the designated industry groups shall continue to be considered for placement under the 8(a) Program (see Subpart 19.8) and the HUBZone Program (see Subpart 19.13).

(2) Agencies may reinstate the use of small business set-asides as necessary to meet their assigned goals, but only within organizational unit(s) that failed to meet the small business participation goal.

(c) *Emerging small business set-aside.* (1) All acquisitions in the four designated industry groups with an estimated value equal to or less than the emerging small business reserve amount established by the Office of Federal Procurement Policy shall be set aside for ESB's; provided that the contracting officer determines that there is a reasonable expectation of obtaining offers from two or more responsible ESB's that will be competitive in terms of market price, quality, and delivery. If no such reasonable expectation exists, the contracting officer shall—

(i) For acquisitions \$25,000 or less, proceed in accordance with Subpart 19.5; or

(ii) For acquisitions over \$25,000, proceed in accordance with paragraph (b) of this section.

(2) If the contracting officer proceeds with the ESB set-aside and receives a quotation from only one ESB at a reasonable price, the contracting officer shall make the award. If there is no quote from an ESB, or the quote is not at a reasonable price, then the contracting officer shall can-

cel the ESB set-aside and proceed in accordance with paragraph (c)(1) (i) or (ii) of this section.

(3) When using other than simplified acquisition procedures for ESB set-asides, the clause at 52.219-14, Limitations on Subcontracting, shall be placed in all solicitations and resulting contracts.

(d) To expand small business participation in the targeted industry categories, each participating agency will develop and implement a time-phased strategy with incremental goals, including reporting on goal attainment. To the extent practicable, provisions that encourage and promote teaming and joint ventures shall be considered. These provisions should permit small business firms to effectively compete for contracts that individual small businesses would be ineligible to compete for because of lack of production capacity or capability.

19.1007 Solicitation provisions.

(a) The contracting officer shall insert in full text the provision at 52.219-19, Small Business Concern Representation for the Small Business Competitiveness Demonstration Program, in all solicitations in the four designated industry groups.

(b) The contracting officer shall insert in full text the provision at 52.219-20, Notice of Emerging Small Business Set-Aside, in all solicitations for emerging small businesses in accordance with 19.1006(c).

(c) The contracting officer shall insert in full text the provision at 52.219-21, Small Business Size Representation for Targeted Industry Categories under the Small Business Competitiveness Demonstration Program, in all solicitations issued in each of the targeted industry categories under the Small Business Competitiveness Demonstration Program that are expected to result in a contract award in excess of \$25,000.

Subpart 19.11—Price Evaluation Adjustment for Small Disadvantaged Business Concerns

19.1101 General.

A price evaluation adjustment for small disadvantaged business concerns shall be applied as determined by the Department of Commerce (see 19.201(b)). Joint ventures may qualify provided the requirements set forth in 13 CFR 124.1002(f) are met.

19.1102 Applicability.

(a) The price evaluation adjustment shall be used in competitive acquisitions.

(b) The price evaluation adjustment shall not be used in acquisitions that—

- (1) Are less than or equal to the simplified acquisition threshold;

- (2) Are awarded pursuant to the 8(a) Program;
- (3) Are set aside for small business concerns; or
- (4) Are set aside for HUBZone small business concerns.

19.1103 Procedures.

(a) Give offers from small disadvantaged business concerns a price evaluation adjustment by adding the factor determined by the Department of Commerce to all offers, except—

(1) Offers from small disadvantaged business concerns that have not waived the evaluation adjustment; or, if a price evaluation adjustment for small disadvantaged business concerns is authorized on a regional basis, offers from small disadvantaged business concerns, whose address is in such a region, that have not waived the evaluation adjustment;

(2) Otherwise successful offers of eligible products under the Trade Agreements Act when the acquisition equals or exceeds the dollar threshold in 25.402;

(3) Otherwise successful offers where application of the factor would be inconsistent with a Memorandum of Understanding or other international agreement with a foreign government;

(4) For DOD, NASA, and Coast Guard acquisitions, otherwise successful offers from historically black colleges and universities or minority institutions; or

(5) For DOD acquisitions, otherwise successful offers of qualifying country end products (see DFARS 225.000-70 and 252.225-7001).

(b) Apply the factor on a line item basis or apply it to any group of items on which award may be made. Add other evaluation factors such as transportation costs or rent-free use of Government facilities to the offers before applying the price evaluation adjustment.

(c) Do not evaluate offers using the price evaluation adjustment when it would cause award, as a result of this adjustment, to be made at a price that exceeds fair market price by more than the factor as determined by the Department of Commerce (see 19.202-6(a)).

19.1104 Solicitation provisions and contract clauses.

The contracting officer shall insert the clause at 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, in solicitations and contracts when the circumstances in 19.1101 and 19.1102 apply. If a price evaluation adjustment is authorized on a regional basis, the clause shall be included in the solicitation even if the place of performance is outside an authorized region. The contracting officer shall insert the authorized price evaluation adjustment factor. The clause shall be used with its Alternate I when the contracting officer determines that there are no small disadvantaged business manufactur-

19.1201

ers that can meet the requirements of the solicitation. The clause shall be used with its Alternate II when a price evaluation adjustment is authorized on a regional basis.

Subpart 19.12—Small Disadvantaged Business Participation Program

19.1201 General.

This subpart addresses the evaluation of the extent of participation of small disadvantaged business (SDB) concerns in performance of contracts in the Standard Industrial Classification (SIC) Major Groups as determined by the Department of Commerce (see 19.201(b)), and to the extent authorized by law. Two mechanisms are addressed in this subpart—

- (a) An evaluation factor or subfactor for the participation of SDB concerns in performance of the contract; and
- (b) An incentive subcontracting program for SDB concerns.

19.1202 Evaluation factor or subfactor.

19.1202-1 General.

The extent of participation of SDB concerns in performance of the contract, in the SIC Major Groups as determined by the Department of Commerce, and to the extent authorized by law, shall be evaluated consistent with this section. Participation in performance of the contract includes joint ventures, teaming arrangements, and subcontracts. Credit under the evaluation factor or subfactor is not available to SDB concerns that receive a price evaluation adjustment under Subpart 19.11. If an SDB concern waives the price evaluation adjustment at Subpart 19.11, participation in performance of that contract includes the work expected to be performed by the SDB concern at the prime contract level.

19.1202-2 Applicability.

(a) Except as provided in paragraph (b) of this subsection, the extent of participation of SDB concerns in performance of the contract in the authorized SIC Major Groups shall be evaluated in competitive, negotiated acquisitions expected to exceed \$500,000 (\$1,000,000 for construction).

(b) The extent of participation of SDB concerns in performance of the contract in the authorized SIC Major Groups (see paragraph (a) of this subsection) shall not be evaluated in—

- (1) Small business set-asides (see Subpart 19.5) and HUBZone set-asides (see Subpart 19.13);
- (2) 8(a) acquisitions (see Subpart 19.8);

(3) Negotiated acquisitions where the lowest price technically acceptable source selection process is used (see 15.101-2); or

(4) Contract actions that will be performed entirely outside of any State, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

19.1202-3 Considerations in developing an evaluation factor or subfactor.

In developing an SDB participation evaluation factor or subfactor, agencies may consider—

- (a) The extent to which SDB concerns are specifically identified;
- (b) The extent of commitment to use SDB concerns (for example, enforceable commitments are to be weighted more heavily than non-enforceable ones);
- (c) The complexity and variety of the work SDB concerns are to perform;
- (d) The realism of the proposal;
- (e) Past performance of offerors in complying with subcontracting plan goals for SDB concerns and monetary targets for SDB participation; and
- (f) The extent of participation of SDB concerns in terms of the value of the total acquisition.

19.1202-4 Procedures.

(a) The solicitation shall describe the SDB participation evaluation factor or subfactor. The solicitation shall require offerors to provide, with their offers, targets, expressed as dollars and percentages of total contract value, in each of the applicable, authorized SIC Major Groups, and a total target for SDB participation by the contractor, including joint venture partners, and team members, and a total target for SDB participation by subcontractors. The solicitation shall require an SDB offeror that waives the SDB price evaluation adjustment in the clause at 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, to provide with its offer a target for the work that it intends to perform as the prime contractor. The solicitation shall state that any targets will be incorporated into and become part of any resulting contract. Contractors with SDB participation targets shall be required to report SDB participation.

(b) When an evaluation includes an SDB participation evaluation factor or subfactor that considers the extent to which SDB concerns are specifically identified, the SDB concerns considered in the evaluation shall be listed in the contract, and the contractor shall be required to notify the contracting officer of any substitutions of firms that are not SDB concerns.

19.1203 Incentive subcontracting with small disadvantaged business concerns.

The contracting officer may encourage increased subcontracting opportunities in the SIC Major Groups as determined by the Department of Commerce for SDB concerns in negotiated acquisitions by providing monetary incentives (see the clause at 52.219-26, Small Disadvantaged Business Participation Program—Incentive Subcontracting, and 19.1204(c)). Monetary incentives shall be based on actual achievement as compared to proposed monetary targets for SDB subcontracting. The incentive subcontracting program is separate and distinct from the establishment, monitoring, and enforcement of SDB subcontracting goals in a subcontracting plan.

19.1204 Solicitation provisions and contract clauses.

(a) The contracting officer may insert a provision substantially the same as the provision at 52.219-24, Small Disadvantaged Business Participation Program—Targets, in solicitations that consider the extent of participation of SDB concerns in performance of the contract. The contracting officer may vary the terms of this provision consistent with the policies in 19.1202-4.

(b) The contracting officer shall insert the clause at 52.219-25, Small Disadvantaged Business Participation Program—Disadvantaged Status and Reporting, in solicitations and contracts that consider the extent of participation of SDB concerns in performance of the contract.

(c) The contracting officer may, when contracting by negotiation, insert in solicitations and contracts containing the clause at 52.219-25, Small Disadvantaged Business Participation Program—Disadvantaged Status and Reporting, a clause substantially the same as the clause at 52.219-26, Small Disadvantaged Business Participation Program—Incentive Subcontracting, when authorized (see 19.1203). The contracting officer may include an award fee provision in lieu of the incentive; in such cases, however, the contracting officer shall not use the clause at 52.219-26.

Subpart 19.13—Historically Underutilized Business Zone (HUBZone) Program**19.1301 General.**

(a) The Historically Underutilized Business Zone (HUBZone) Act of 1997 (15 U.S.C. 631 note) created the HUBZone Program (sometimes referred to as the “HUBZone Empowerment Contracting Program”).

(b) The purpose of the HUBZone Program is to provide Federal contracting assistance for qualified small business concerns located in historically underutilized business zones, in an effort to increase employment opportunities, investment, and economic development in those areas.

19.1302 Applicability.

(a) Until September 30, 2000, the procedures in this subpart apply only to acquisitions made by the following Federal agencies:

- (1) Department of Agriculture.
- (2) Department of Defense.
- (3) Department of Energy.
- (4) Department of Health and Human Services.
- (5) Department of Housing and Urban Development.
- (6) Department of Transportation.
- (7) Department of Veterans Affairs.
- (8) Environmental Protection Agency.
- (9) General Services Administration.
- (10) National Aeronautics and Space Administration.

(b) On or after September 30, 2000, the procedures in this subpart will apply to all Federal agencies that employ one or more contracting officers.

19.1303 Status as a qualified HUBZone small business concern.

(a) Status as a qualified HUBZone small business concern is determined by the Small Business Administration (SBA) in accordance with 13 CFR part 126.

(b) If the SBA determines that a concern is a qualified HUBZone small business concern, it will issue a certification to that effect and will add the concern to the List of Qualified HUBZone Small Business Concerns on its Internet website at <http://www.sba.gov/hubzone>. The concern must appear on the list to be a HUBZone small business concern.

(c) A joint venture (see 19.101) may be considered a HUBZone small business if the business entity meets all the criteria in 13 CFR 126.616.

(d) Except for construction or services, any HUBZone small business concern (nonmanufacturer) proposing to furnish a product that it did not itself manufacture must furnish the product of a HUBZone small business concern manufacturer to receive a benefit under this subpart.

19.1304 Exclusions.

This subpart does not apply to—

(a) Requirements that can be satisfied through award to—

- (1) Federal Prison Industries, Inc. (see Subpart 8.6);

or

(2) Javits-Wagner-O'Day Act participating non-profit agencies for the blind or severely disabled (see Subpart 8.7);

(b) Orders under indefinite delivery contracts (see Subpart 16.5);

(c) Orders against Federal Supply Schedules (see Subpart 8.4);

(d) Requirements currently being performed by an 8(a) participant or requirements SBA has accepted for perfor-

19.1305

mance under the authority of the 8(a) Program, unless SBA has consented to release the requirements from the 8(a) Program;

(e) Requirements that do not exceed the micro-purchase threshold; or

(f) Requirements for commissary or exchange resale items.

19.1305 HUBZone set-aside procedures.

(a) A participating agency contracting officer shall set aside acquisitions exceeding the simplified acquisition threshold for competition restricted to HUBZone small business concerns when the requirements of paragraph (b) of this section can be satisfied. The contracting officer shall consider HUBZone set-asides before considering HUBZone sole source awards (see 19.1306) or small business set-asides (see Subpart 19.5).

(b) To set aside an acquisition for competition restricted to HUBZone small business concerns, the contracting officer must have a reasonable expectation that—

(1) Offers will be received from two or more HUBZone small business concerns; and

(2) Award will be made at a fair market price.

(c) A participating agency may set aside acquisitions exceeding the micro-purchase threshold but not exceeding the simplified acquisition threshold, for competition restricted to HUBZone small business concerns at the sole discretion of the contracting officer, provided the requirements of paragraph (b) of this section can be satisfied.

(d) If the contracting officer receives only one acceptable offer from a qualified HUBZone small business concern in response to a set aside, the contracting officer should make an award to that concern. If the contracting officer receives no acceptable offers from HUBZone small business concerns, the HUBZone set-aside shall be withdrawn and the requirement, if still valid, set aside for small business concerns, as appropriate (see Subpart 19.5).

(e) The procedures at 19.202-1 and, except for acquisitions not exceeding the simplified acquisition threshold, at 19.402 apply to this section. When the SBA intends to appeal a contracting officer's decision to reject a recommendation of the SBA procurement center representative to set aside an acquisition for competition restricted to HUBZone small business concerns, the SBA procurement center representative shall notify the contracting officer, in writing, of its intent within 5 working days of receiving the contracting officer's notice of rejection. Upon receipt of notice of SBA's intent to appeal, the contracting officer shall suspend action on the acquisition unless the head of the contracting activity makes a written determination that urgent and compelling circumstances, which significantly affect the interests of the Government, exist. Within 15 working days of SBA's notification to the contracting offi-

cer, SBA shall file its formal appeal with the head of the contracting activity, or that agency may consider the appeal withdrawn. The head of the contracting activity shall reply to SBA within 15 working days of receiving the appeal. The decision of the head of the contracting activity shall be final.

19.1306 HUBZone sole source awards.

(a) A participating agency contracting officer may award contracts to HUBZone small business concerns on a sole source basis without considering small business set-asides (see Subpart 19.5), provided—

(1) Only one HUBZone small business concern can satisfy the requirement;

(2) The anticipated price of the contract, including options, will not exceed—

(i) \$5,000,000 for a requirement within the Standard Industrial Classification (SIC) codes for manufacturing; or

(ii) \$3,000,000 for a requirement within any other SIC code;

(3) The requirement is not currently being performed by a non-HUBZone small business concern;

(4) The acquisition is greater than the simplified acquisition threshold (see Part 13);

(5) The HUBZone small business concern has been determined to be a responsible contractor with respect to performance; and

(6) Award can be made at a fair and reasonable price.

(b) The SBA has the right to appeal the contracting officer's decision not to make a HUBZone sole source award.

19.1307 Price evaluation preference for HUBZone small business concerns.

(a) The price evaluation preference for HUBZone small business concerns shall be used in acquisitions conducted using full and open competition. The preference shall not be used—

(1) In acquisitions expected to be less than or equal to the simplified acquisition threshold;

(2) Where price is not a selection factor so that a price evaluation preference would not be considered (*e.g.*, Architect/Engineer acquisitions);

(3) Where all fair and reasonable offers are accepted (*e.g.*, the award of multiple award schedule contracts).

(b) The contracting officer shall give offers from HUBZone small business concerns a price evaluation preference by adding a factor of 10 percent to all offers, except—

(1) Offers from HUBZone small business concerns that have not waived the evaluation preference;

(2) Otherwise successful offers from small business concerns;

(3) Otherwise successful offers of eligible products under the Trade Agreements Act when the acquisition equals or exceeds the dollar threshold in 25.402; and

(4) Otherwise successful offers where application of the factor would be inconsistent with a Memorandum of Understanding or other international agreement with a foreign government (see agency supplement).

(c) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors, such as transportation costs or rent-free use of Government facilities, shall be added to the offer to establish the base offer before adding the factor of 10 percent.

(d) A concern that is both a HUBZone small business concern and a small disadvantaged business concern shall receive the benefit of both the HUBZone small business price evaluation preference and the small disadvantaged business price evaluation adjustment (see Subpart 19.11).

Each applicable price evaluation preference or adjustment shall be calculated independently against an offeror's base offer. These individual preference and adjustment amounts shall both be added to the base offer to arrive at the total evaluated price for that offer.

19.1308 Contract clauses.

(a) The contracting officer shall insert the clause 52.219-3, Notice of Total HUBZone Set-Aside, in solicitations and contracts for acquisitions that are set aside for HUBZone small business concerns under 19.1305 or 19.1306.

(b) The contracting officer shall insert the clause at 52.219-4, Notice of Price Evaluation Preference for HUBZone Small Business Concerns, in solicitations and contracts for acquisitions conducted using full and open competition. The clause shall not be used in acquisitions that do not exceed the simplified acquisition threshold.

(a) As authorized by the Act, the Secretary of Labor has issued rulings and interpretations concerning the administration of the Act (see 41 CFR 50-206). The substance of certain rulings and interpretations is as follows:

(1) If a contract for \$10,000 or less is subsequently modified to exceed \$10,000, the contract becomes subject to the Act for work performed after the date of the modification.

(2) If a contract for more than \$10,000 is subsequently modified by mutual agreement to \$10,000 or less, the contract is not subject to the Act for work performed after the date of the modification.

(3) If a contract awarded to a prime contractor contains a provision whereby the prime contractor is made an agent of the Government, the prime contractor is required to include the stipulations of the Act in contracts in excess of \$10,000 awarded for and on behalf of the Government for supplies that are to be used in the construction and equipment of Government facilities.

(4) If a contract subject to the Act is awarded to a contractor operating Government-owned facilities, the stipulations of the Act affect the employees of that contractor the same as employees of contractors operating privately owned facilities.

(5) Indefinite-delivery contracts, including basic ordering agreements and blanket purchase agreements, are subject to the Act unless it can be determined in advance that the aggregate amount of all orders estimated to be placed thereunder for 1 year after the effective date of the agreement will not exceed \$10,000. A determination shall be made annually thereafter if the contract or agreement is extended, and the contract or agreement modified if necessary.

22.802 General.

(a) Executive Order 11246, as amended, sets forth the Equal Opportunity clause and requires that all agencies—

(1) Include this clause in all nonexempt contracts and subcontracts (see 22.807); and

(2) Act to ensure compliance with the clause and the regulations of the Secretary of Labor to promote the full realization of equal employment opportunity for all persons, regardless of race, color, religion, sex, or national origin.

(b) No contract or modification involving new acquisition shall be entered into, and no subcontract shall be approved by a contracting officer, with a person who has been found ineligible by the Deputy Assistant Secretary for reasons of noncompliance with the requirements of E.O. 11246.

(c) No contracting officer or contractor shall contract for supplies or services in a manner so as to avoid applicability of the requirements of E.O. 11246.

(d) Contractor disputes related to compliance with its obligation shall be handled according to the rules, regulations, and relevant orders of the Secretary of Labor (see 41 CFR 60-1.1).

22.803 Responsibilities.

(a) The Secretary of Labor is responsible for the—

(1) Administration and enforcement of prescribed parts of E.O. 11246; and

(2) Adoption of rules and regulations and the issuance of orders necessary to achieve the purposes of E.O. 11246.

(b) The Secretary of Labor has delegated authority and assigned responsibility to the Deputy Assistant Secretary for carrying out the responsibilities assigned to the Secretary by E.O. 11246, except for the issuance of rules and regulations of a general nature.

(c) The head of each agency is responsible for ensuring that the requirements of this subpart are carried out within the agency, and for cooperating with and assisting the OFCCP in fulfilling its responsibilities.

(d) In the event the applicability of E.O. 11246 and implementing regulations is questioned, the contracting officer shall forward the matter to the Deputy Assistant Secretary, through agency channels, for resolution.

22.804 Affirmative action programs.

22.804-1 Nonconstruction.

Except as provided in 22.807, each nonconstruction prime contractor and each subcontractor with 50 or more employees and either a contract or subcontract of \$50,000 or more, or Government bills of lading that in any 12-month period total, or can reasonably be expected to total, \$50,000 or more, is required to develop a written affirmative action program for each of its establishments. Each contractor and subcontractor shall develop its written affirmative action programs within 120 days from the commencement of its first such Government contract, subcontract, or Government bill of lading.

22.804-2 Construction.

(a) Construction contractors that hold a nonexempt (see 22.807) Government construction contract are required to meet—

(1) The contract terms and conditions citing affirmative action requirements applicable to covered geographical areas or projects; and

(2) Applicable requirements of 41 CFR 60-1 and 60-4.

(b) Each agency shall maintain a listing of covered geographical areas that are subject to affirmative action requirements that specify goals for minorities and women in covered construction trades. Information concerning, and additions to, this listing will be provided to the principally affected contracting officers in accordance with agency procedures. Any contracting officer contemplating a construction project in excess of \$10,000 within a geographic area not known to be covered by specific affirmative action goals shall request instructions on the most current information from the OFCCP regional office, or as otherwise specified in agency regulations, before issuing the solicitation.

(c) Contracting officers shall give written notice to the OFCCP regional office within 10 working days of award of a construction contract subject to these affirmative action requirements. The notification shall include the name,

22.805

address, and telephone number of the contractor; employer identification number; dollar amount of the contract; estimated starting and completion dates of the contract; the contract number; and the geographical area in which the contract is to be performed. When requested by the OFCCP regional office, the contracting officer shall arrange a conference among contractor, contracting activity, and compliance personnel to discuss the contractor's compliance responsibilities.

22.805 Procedures.

(a) *Preaward clearances for contracts and subcontracts of \$10 million or more (excluding construction).* (1) Except as provided in paragraphs (a)(4) and (a)(8) of this section, if the estimated amount of the contract or subcontract is \$10 million or more, the contracting officer shall request clearance from the appropriate OFCCP regional office before—

- (i) Award of any contract, including any indefinite delivery contract or letter contract; or
- (ii) Modification of an existing contract for new effort that would constitute a contract award.

(2) Preaward clearance for each proposed contract and for each proposed first-tier subcontract of \$10 million or more shall be requested by the contracting officer directly from the OFCCP regional office(s). Verbal requests shall be confirmed by letter or facsimile transmission.

(3) When the contract work is to be performed outside the United States with employees recruited within the United States, the contracting officer shall send the request for a preaward clearance to the OFCCP regional office serving the area where the proposed contractor's corporate home or branch office is located in the United States, or the corporate location where personnel recruiting is handled, if different from the contractor's corporate home or branch office. If the proposed contractor has no corporate office or location within the United States, the preaward clearance request action should be based on the location of the recruiting and training agency in the United States.

(4) The contracting officer does not need to request a preaward clearance if—

- (i) The specific proposed contractor is listed in OFCCP's National Preaward Registry via the Internet at <http://www.dol-esa.gov/preaward/>;
- (ii) The projected award date is within 24 months of the proposed contractor's Notice of Compliance completion date in the Registry; and
- (iii) The contracting officer documents the Registry review in the contract file.

(5) The contracting officer shall include the following information in the preaward clearance request:

(i) Name, address, and telephone number of the prospective contractor and of any corporate affiliate at which work is to be performed.

(ii) Name, address, and telephone number of each proposed first-tier subcontractor with a proposed subcontract estimated at \$10 million or more.

(iii) Anticipated date of award.

(iv) Information as to whether the contractor and first-tier subcontractors have previously held any Government contracts or subcontracts.

(v) Place or places of performance of the prime contract and first-tier subcontracts estimated at \$10 million or more, if known.

(vi) The estimated dollar amount of the contract and each first-tier subcontract, if known.

(6) The contracting officer shall allow as much time as feasible before award for the conduct of necessary compliance evaluation by OFCCP. As soon as the apparently successful offeror can be determined, the contracting officer shall process a preaward clearance request in accordance with agency procedures, assuring, if possible, that the preaward clearance request is submitted to the OFCCP regional office at least 30 days before the proposed award date.

(7) Within 15 days of the clearance request, OFCCP will inform the awarding agency of its intention to conduct a preaward compliance evaluation. If OFCCP does not inform the awarding agency within that period of its intention to conduct a preaward compliance evaluation, clearance shall be presumed and the awarding agency is authorized to proceed with the award. If OFCCP informs the awarding agency of its intention to conduct a preaward compliance evaluation, OFCCP shall be allowed an additional 20 days after the date that it so informs the awarding agency to provide its conclusions. If OFCCP does not provide the awarding agency with its conclusions within that period, clearance shall be presumed and the awarding agency is authorized to proceed with the award.

(8) If the procedures specified in paragraphs (a)(6) and (a)(7) of this section would delay award of an urgent and critical contract beyond the time necessary to make award or beyond the time specified in the offer or extension thereof, the contracting officer shall immediately inform the OFCCP regional office of the expiration date of the offer or the required date of award and request clearance be provided before that date. If the OFCCP regional office advises that a preaward evaluation cannot be completed by the required date, the contracting officer shall submit written justification for the award to the head of the contracting activity, who, after informing the OFCCP regional office, may then approve the award without the preaward clearance. If an award is made under this authority, the contracting officer shall immediately request a postaward evaluation from the OFCCP regional office.

(9) If, under the provisions of paragraph (a)(8) of this section, a postaward evaluation determines the contractor to be in noncompliance with E.O. 11246, the Deputy Assistant Secretary may authorize the use of the enforcement procedures at 22.809 against the noncomplying contractor.

(b) *Furnishing posters.* The contracting officer shall furnish to the contractor appropriate quantities of the poster entitled "Equal Employment Opportunity Is The Law." These shall be obtained in accordance with agency procedures.

22.806 Inquiries.

(a) An inquiry from a contractor regarding status of its compliance with E.O. 11246, or rights of appeal to any of the actions in 22.809, shall be referred to the OFCCP regional office.

(b) Labor union inquiries regarding the revision of a collective bargaining agreement in order to comply with E.O. 11246 shall be referred to the Deputy Assistant Secretary.

22.807 Exemptions.

(a) Under the following exemptions, all or part of the requirements of E.O. 11246 may be excluded from a contract subject to E.O. 11246:

(1) *National security.* The agency head may determine that a contract is essential to the national security and that the award of the contract without complying with one or more of the requirements of this subpart is necessary to the national security. Upon making such a determination, the agency shall notify the Deputy Assistant Secretary in writing within 30 days.

(2) *Specific contracts.* The Deputy Assistant Secretary may exempt an agency from requiring the inclusion of one or more of the requirements of E.O. 11246 in any contract if the Deputy Assistant Secretary deems that special circumstances in the national interest so require. Groups or categories of contracts of the same type may also be exempted if the Deputy Assistant Secretary finds it impracticable to act upon each request individually or if group exemptions will contribute to convenience in the administration of E.O. 11246.

(b) The following exemptions apply even though a contract or subcontract contains the Equal Opportunity clause:

(1) *Transactions of \$10,000 or less.* The Equal Opportunity clause is required to be included in prime contracts and subcontracts by 22.802(a). Individual prime contracts or subcontracts of \$10,000 or less are exempt from application of the Equal Opportunity clause, unless the aggregate value of all prime contracts or subcontracts awarded to a contractor in any 12-month period exceeds, or can reasonably be expected to exceed, \$10,000. (Note: Government bills of lading, regardless of amount, are not exempt.)

(2) *Work outside the United States.* Contracts are exempt from the requirements of E.O. 11246 for work performed outside the United States by employees who were not recruited within the United States.

(3) *Contracts with State or local governments.* The requirements of E.O. 11246 in any contract with a State or local government (or any agency, instrumentality, or subdivision thereof) shall not be applicable to any agency, instrumentality, or subdivision of such government that does not participate in work on or under the contract.

(4) *Work on or near Indian reservations.* It shall not be a violation of E.O. 11246 for a contractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation in connection with employment opportunities on or near an Indian reservation. This applies to that area where a person seeking employment could reasonably be expected to commute to and from in the course of a work day. Contractors extending such a preference shall not, however, discriminate among Indians on the basis of religion, sex, or tribal affiliation, and the use of such preference shall not excuse a contractor from complying with E.O. 11246, rules and regulations of the Secretary of Labor, and applicable clauses in the contract.

(5) *Facilities not connected with contracts.* The Deputy Assistant Secretary may exempt from the requirements of E.O. 11246 any of a contractor's facilities that the Deputy Assistant Secretary finds to be in all respects separate and distinct from activities of the contractor related to performing the contract, provided, that the Deputy Assistant Secretary also finds that the exemption will not interfere with, or impede the effectiveness of, E.O. 11246.

(6) *Indefinite-quantity contracts.* With respect to indefinite-quantity contracts and subcontracts, the Equal Opportunity clause applies unless the contracting officer has reason to believe that the amount to be ordered in any year under the contract will not exceed \$10,000. The applicability of the Equal Opportunity clause shall be determined by the contracting officer at the time of award for the first year, and annually thereafter for succeeding years, if any. Notwithstanding the above, the Equal Opportunity clause shall be applied to the contract whenever the amount of a single order exceeds \$10,000. Once the Equal Opportunity clause is determined to be applicable, the contract shall continue to be subject to such clause for its duration regardless of the amounts ordered, or reasonably expected to be ordered, in any year.

(c) To request an exemption under paragraph (a)(2) or (b)(5) of this section, the contracting officer shall submit, under agency procedures, a detailed justification for omitting all, or part of, the requirements of E.O. 11246. Requests for exemptions under paragraph (a)(2) or (b)(5) of this section shall be submitted to the Deputy Assistant Secretary for approval.

(d) The Deputy Assistant Secretary may withdraw the exemption for a specific contract, or group of contracts, if the Deputy Assistant Secretary deems that such action is necessary and appropriate to achieve the purposes of E.O. 11246. Such withdrawal shall not apply—

- (1) To contracts awarded before the withdrawal; or
- (2) To any sealed bid contract (including restricted sealed bidding), unless the withdrawal is made more than 10 days before the bid opening date.

22.808 Complaints.

Complaints received by the contracting officer alleging violation of the requirements of E.O. 11246 shall be referred immediately to the OFCCP regional office. The complainant shall be advised in writing of the referral. The contractor that is the subject of a complaint shall not be advised in any manner or for any reason of the complainant's name, the nature of the complaint, or the fact that the complaint was received.

22.809 Enforcement.

Upon the written direction of the Deputy Assistant Secretary, one or more of the following actions, as well as administrative sanctions and penalties, may be exercised against contractors found to be in violation of E.O. 11246, the regulations of the Secretary of Labor, or the applicable contract clauses:

- (a) Publication of the names of the contractor or its unions.
- (b) Cancellation, termination, or suspension of the contractor's contracts or portion thereof.
- (c) Debarment from future Government contracts, or extensions or modifications of existing contracts, until the contractor has established and carried out personnel and employment policies in compliance with E.O. 11246 and the regulations of the Secretary of Labor.
- (d) Referral by the Deputy Assistant Secretary of any matter arising under E.O. 11246 to the Department of Justice or to the Equal Employment Opportunity Commission (EEOC) for the institution of appropriate civil or criminal proceedings.

22.810 Solicitation provisions and contract clauses.

- (a) When a contract is contemplated that will include the clause at 52.222-26, Equal Opportunity, the contracting officer shall insert—
 - (1) The clause at 52.222-21, Prohibition of Segregated Facilities, in the solicitation and contract; and
 - (2) The provision at 52.222-22, Previous Contracts and Compliance Reports, in the solicitation.
- (b) The contracting officer shall insert the provision at 52.222-23, Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity for Construction, in

solicitations for construction when a contract is contemplated that will include the clause at 52.222-26, Equal Opportunity, and the amount of the contract is expected to be in excess of \$10,000.

(c) The contracting officer shall insert the provision at 52.222-24, Preaward On-Site Equal Opportunity Compliance Evaluation, in solicitations other than those for construction when a contract is contemplated that will include the clause at 52.222-26, Equal Opportunity, and the amount of the contract is expected to be \$10 million or more.

(d) The contracting officer shall insert the provision at 52.222-25, Affirmative Action Compliance, in solicitations, other than those for construction, when a contract is contemplated that will include the clause at 52.222-26, Equal Opportunity.

(e) The contracting officer shall insert the clause at 52.222-26, Equal Opportunity, in solicitations and contracts (see 22.802) unless the contract is exempt from all of the requirements of E.O. 11246 (see 22.807(a)). If the contract is exempt from one or more, but not all, of the requirements of E.O. 11246, the contracting officer shall use the clause with its Alternate I.

(f) The contracting officer shall insert the clause at 52.222-27, Affirmative Action Compliance Requirements for Construction, in solicitations and contracts for construction that will include the clause at 52.222-26, Equal Opportunity, when the amount of the contract is expected to be in excess of \$10,000.

(g) The contracting officer shall insert the clause at 52.222-29, Notification of Visa Denial, in contracts that will include the clause at 52.222-26, Equal Opportunity, if the contractor is required to perform in or on behalf of a foreign country.

Subpart 22.9—Nondiscrimination Because of Age

22.901 Policy.

Executive Order 11141, February 12, 1964 (29 FR 2477), states that the Government policy is as follows:

- (a) Contractors and subcontractors shall not, in connection with employment, advancement, or discharge of employees, or the terms, conditions, or privileges of their employment, discriminate against persons because of their age except upon the basis of a bona fide occupational qualification, retirement plan, or statutory requirement.
- (b) Contractors and subcontractors, or persons acting on their behalf, shall not specify in solicitations or advertisements for employees to work on Government contracts, a maximum age limit for employment unless the specified maximum age limit is based upon a bona fide occupational qualification, retirement plan, or statutory requirement.

(c) Agencies will bring this policy to the attention of contractors. The use of contract clauses is not required.

22.902 Handling complaints.

Agencies shall bring complaints regarding a contractor's compliance with this policy to that contractor's attention (in writing, if appropriate), stating the policy, indicating that the contractor's compliance has been questioned, and requesting that the contractor take any appropriate steps that may be necessary to comply.

Subpart 22.10—Service Contract Act of 1965, as Amended

22.1000 Scope of subpart.

This subpart prescribes policies and procedures implementing the provisions of the Service Contract Act of 1965, as amended (41 U.S.C. 351, *et seq.*), the applicable provisions of the Fair Labor Standards Act of 1938, as amended (29 U.S.C. 201, *et seq.*), and related Secretary of Labor regulations and instructions (29 CFR Parts 4, 6, 8, and 1925).

22.1001 Definitions.

“Act” or “Service Contract Act,” as used in this subpart, means the Service Contract Act of 1965, as amended.

“Agency labor advisor” means an individual responsible for advising contracting agency officials on Federal contract labor matters.

“Contractor,” as used in this subpart, includes a subcontractor at any tier whose subcontract is subject to the provisions of the Act.

“Multiple year contracts,” as used in this subpart, means contracts having a term of more than 1 year regardless of fiscal year funding. The term includes multiyear contracts (see 17.103).

“Notice,” as used in this subpart, means Standard Form (SF) 98, “Notice of Intention to Make a Service Contract and Response to Notice,” and SF 98a, “Attachment A.” The term “Notice” is always capitalized in this subpart when it means Standard Forms 98 and 98a.

“Service contract,” as used in this subpart, means any Government contract, the principal purpose of which is to furnish services in the United States through the use of service employees, except as exempted under section 7 of the Act (41 U.S.C. 356; see 22.1003-3 and 22.1003-4), or any subcontract at any tier thereunder. See 22.1003-5 and 29 CFR 4.130 for a partial list of services covered by the Act.

“Service employee” means any person engaged in the performance of a service contract other than any person employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in Part 541 of

Title 29, *Code of Federal Regulations*. The term “service employee” includes all such persons regardless of any contractual relationship that may be alleged to exist between a contractor or subcontractor and such persons.

“United States,” as used in this subpart, includes any State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, Outer Continental Shelf Lands as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, *et seq.*), American Samoa, Guam, Northern Mariana Islands, Wake Island, and Johnston Island but does not include any other territory under U.S. jurisdiction or any U.S. base or possession within a foreign country.

“Wage and Hour Division” means the unit in the Employment Standards Administration of the Department of Labor to which is assigned functions of the Secretary of Labor under the Act.

“Wage determination” means a determination of minimum wages or fringe benefits made under sections 2(a) or 4(c) of the Act (41 U.S.C. 351(a) or 353(c)) applicable to the employment in a given locality of one or more classes of service employees.

22.1002 Statutory requirements.

22.1002-1 General.

Service contracts over \$2,500 shall contain mandatory provisions regarding minimum wages and fringe benefits, safe and sanitary working conditions, notification to employees of the minimum allowable compensation, and equivalent Federal employee classifications and wage rates. Under 41 U.S.C. 353(d), service contracts may not exceed 5 years.

22.1002-2 Wage determinations based on prevailing rates.

Contractors performing on service contracts in excess of \$2,500 to which no predecessor contractor's collective bargaining agreement applies shall pay their employees at least the wages and fringe benefits found by the Department of Labor to prevail in the locality or, in the absence of a wage determination, the minimum wage set forth in the Fair Labor Standards Act.

22.1002-3 Wage determinations based on collective bargaining agreements.

(a) Successor contractors performing on contracts in excess of \$2,500 for substantially the same services performed in the same locality must pay wages and fringe benefits (including accrued wages and benefits and prospective increases) at least equal to those contained in any bona fide collective bargaining agreement entered into under the

predecessor contract. This requirement is self-executing and is not contingent upon incorporating a wage determination or the wage and fringe benefit terms of the predecessor contractor's collective bargaining agreement in the successor contract. This requirement will not apply if the Secretary of Labor determines—

(1) After a hearing, that the wages and fringe benefits are substantially at variance with those which prevail for services of a similar character in the locality; or

(2) That the wages and fringe benefits are not the result of arm's length negotiations.

(b) Paragraphs in this Subpart 22.10 which deal with this statutory requirement and the Department of Labor's implementing regulations are 22.1008-3, concerning applicability of this requirement and the forwarding of a collective bargaining agreement with a Notice (SF 98, 98a); 22.1010, concerning notification to contractors and bargaining representatives of procurement dates; 22.1012-3, explaining when a collective bargaining agreement will not apply due to late receipt by the contracting officer; and 22.1013 and 22.1021, explaining when the application of a collective bargaining agreement can be challenged due to a variance with prevailing rates or lack of arm's length bargaining.

22.1002-4 Application of the Fair Labor Standards Act minimum wage.

No contractor or subcontractor holding a service contract for any dollar amount shall pay any of its employees working on the contract less than the minimum wage specified in section 6(a)(1) of the Fair Labor Standards Act (29 U.S.C. 206).

22.1003 Applicability.

22.1003-1 General.

This Subpart 22.10 applies to all Government contracts, the principal purpose of which is to furnish services in the United States through the use of service employees, except as exempted in 22.1003-3 and 22.1003-4 of this section, or any subcontract at any tier thereunder. This subpart does not apply to individual contract requirements for services in contracts not having as their principal purpose the furnishing of services. The nomenclature, type, or particular form of contract used by contracting agencies is not determinative of coverage.

22.1003-2 Geographical coverage of the Act.

The Act applies to service contracts performed in the United States (see 22.1001). The Act does not apply to contracts performed outside the United States.

22.1003-3 Statutory exemptions.

The Act does not apply to—

(a) Any contract for construction, alteration, or repair of public buildings or public works, including painting and decorating;

(b) Any work required to be done in accordance with the provisions of the Walsh-Healey Public Contracts Act (41 U.S.C. 35-45);

(c) Any contract for transporting freight or personnel by vessel, aircraft, bus, truck, express, railroad, or oil or gas pipeline where published tariff rates are in effect;

(d) Any contract for furnishing services by radio, telephone, telegraph, or cable companies subject to the Communications Act of 1934;

(f) Any employment contract providing for direct services to a Federal agency by an individual or individuals; or

(g) Any contract for operating postal contract stations for the U.S. Postal Service.

22.1003-4 Administrative limitations, variations, tolerances, and exemptions.

(a) The Secretary of Labor may provide reasonable limitations and may make rules and regulations allowing reasonable variations, tolerances, and exemptions to and from any or all provisions of the Act other than section 10 (41 U.S.C. 358). These will be made only in special circumstances where it has been determined that the limitation, variation, tolerance, or exemption is necessary and proper in the public interest or to avoid the serious impairment of Government business, and is in accord with the remedial purpose of the Act to protect prevailing labor standards (41 U.S.C. 353(b)). See 29 CFR 4.123 for a listing of administrative exemptions, tolerances, and variations. Requests for limitations, variances, tolerances, and exemptions from the Act shall be submitted in writing through contracting channels and the agency labor advisor to the Wage and Hour Administrator.

(b) In addition to the statutory exemptions cited in 22.1003-3 of this subsection, the Secretary of Labor has exempted the following types of contracts from all provisions of the Act:

(1) Contracts entered into by the United States with common carriers for the carriage of mail by rail, air (except air

Subpart 26.1—Indian Incentive Program

26.100 Scope of subpart.

This subpart implements 25 U.S.C. 1544, which provides an incentive to prime contractors that use Indian organizations and Indian-owned economic enterprises as subcontractors.

26.101 Definitions.

As used in this subpart—

“Indian” means any person who is a member of any Indian tribe, band, group, pueblo, or community which is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs (BIA) in accordance with 25 U.S.C. 1452(c) and any “Native” as defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601).

“Indian organization” means the governing body of any Indian tribe or entity established or recognized by the governing body of an Indian tribe for the purposes of 25 U.S.C., chapter 17.

“Indian-owned economic enterprise” means any Indian-owned (as determined by the Secretary of the Interior)

commercial, industrial, or business activity established or organized for the purpose of profit, provided that Indian ownership shall constitute not less than 51 percent of the enterprise.

“Indian tribe” means any Indian tribe, band, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act, which is recognized by the Federal Government as eligible for services from BIA in accordance with 25 U.S.C. 1452(c).

“Interested party” means a prime contractor or an actual or prospective offeror whose direct economic interest would be affected by the award of a subcontract or by the failure to award a subcontract.

26.102 Policy.

Indian organizations and Indian-owned economic enterprises shall have the maximum practicable opportunity to participate in performing contracts awarded by Federal agencies. In fulfilling this requirement, the Indian Incentive Program allows an incentive payment equal to 5 percent of the amount paid to a subcontractor in performing the contract, if the contract so authorizes and the subcontractor is an Indian organization or Indian-owned economic enterprise.

26.103 Procedures.

(a) Contracting officers and prime contractors, acting in good faith, may rely on the self-certification of an Indian organization or Indian-owned economic enterprise as to its eligibility, unless an interested party challenges its status or the contracting officer has independent reason to question that status.

(b) In the event of a challenge to the self-certification of a subcontractor, the contracting officer shall refer the matter to the—

U.S. Department of the Interior
Bureau of Indian Affairs (BIA)
Attn: Chief, Division of Contracting and Grants
Administration
1849 C Street, NW
MS-2626-MIB
Washington, DC 20240-4000.

The BIA will determine the eligibility and notify the contracting officer.

26.104

(c) The BIA will acknowledge receipt of the request from the contracting officer within 5 working days. Within 45 additional working days, BIA will advise the contracting officer, in writing, of its determination.

(d) The contracting officer will notify the prime contractor upon receipt of a challenge.

(1) To be considered timely, a challenge shall—

(i) Be in writing;

(ii) Identify the basis for the challenge;

(iii) Provide detailed evidence supporting the claim; and

(iv) Be filed with and received by the contracting officer prior to award of the subcontract in question.

(2) If the notification of a challenge is received by the prime contractor prior to award, it shall withhold award of the subcontract pending the determination by BIA, unless the prime contractor determines, and the contracting officer agrees, that award must be made in order to permit timely performance of the prime contract.

(3) Challenges received after award of the subcontract shall be referred to BIA, but the BIA determination shall have prospective application only.

(e) If the BIA determination is not received within the prescribed time period, the contracting officer and the prime contractor may rely on the self-certification of the subcontractor.

(f) Subject to the terms and conditions of the contract and the availability of funds, contracting officers shall authorize an incentive payment of 5 percent of the amount paid to the subcontractor. Contracting officers shall seek funding in accordance with agency procedures.

26.104 Contract clause.

(a) Contracting officers in the Department of Defense shall insert the clause at 52.226-1, Utilization of Indian Organizations and Indian-Owned Economic Enterprises, in solicitations and contracts that contain the clause at 52.219-9, Small Business Subcontracting Plan.

(b) Contracting officers in civilian agencies may insert the clause at 52.226-1, Utilization of Indian Organizations and Indian-Owned Economic Enterprises, in solicitations and contracts if—

(1) In the opinion of the contracting officer, subcontracting possibilities exist for Indian organizations or Indian-owned economic enterprises; and

(2) Funds are available for any increased costs as described in paragraph (c)(2) of the clause at 52.226-1.

Subpart 26.2—Disaster or Emergency Assistance Activities**26.200 Scope of subpart.**

This subpart implements 42 U.S.C. 5150, which provides a preference for local organizations, firms, and individuals when contracting for major disaster or emergency assistance activities (see 6.302-5).

26.201 Policy.

(a) When contracting under this subpart for major disaster or emergency assistance activities, such as debris clearance, distribution of supplies, or reconstruction, preference shall be given, to the extent feasible and practicable, to those organizations, firms, or individuals residing or doing business primarily in the area affected by such major disaster or emergency.

(b) The authority to provide preference under this subpart applies only to those acquisitions, including those which do not exceed the simplified acquisition threshold, conducted during the term of a major disaster or emergency declaration made by the President of the United States under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121, *et seq.*).

Subpart 26.3—Historically Black Colleges and Universities and Minority Institutions**26.300 Scope of subpart.**

(a) This subpart implements Executive Order 12928 of September 16, 1994, which promotes participation of Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs) in Federal procurement.

(b) This subpart does not pertain to contracts performed entirely outside the United States, its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands.

26.301 Definitions.

As used in this subpart—

“Historically Black College or University” means an institution determined by the Secretary of Education to meet the requirements of 34 CFR 608.2. For DoD, NASA, and the Coast Guard, the term also includes any nonprofit research institution that was an integral part of such a college or university before November 14, 1986.

“Minority Institution” means an institution of higher education meeting the requirements of Section 1046(3) of the Higher Education Act of 1965 (20 U.S.C. 1135d-5(3)) which, for the purpose of this subpart, includes a Hispanic-

(1) If the request states that an agency clause is required and the work to be performed under the contract is not severable and is funded wholly or in part by the agency, then that agency clause and no other patent rights clause shall be included in the contract.

(2) If the request states that an agency clause is required, and the work to be performed under the contract is severable and is only in part for the requesting agency, then the work which is on behalf of the requesting agency shall be identified in the contract, and the agency clause shall be made applicable to that portion. In such situations, the remaining portion of the work (for the agency awarding the contract) shall likewise be identified and the appropriate patent rights clause (if required) shall be made applicable to that remaining portion.

(3) If the request states that an agency clause is not required in any resulting contract, then the appropriate patent rights clause shall be used, if a patent rights clause is required.

(b) Where use of the specified clause, or any modification, waiver, or omission of the Government's rights under any provisions therein, requires a written determination, the reporting of such determination, or a deviation, if any such acts are required in accordance with 27.303(d)(2), it shall be the responsibility of the requesting agency to make such determination, submit the required reports, and obtain such deviations, in consultation with the contracting agency, unless otherwise agreed between the contracting and requesting agencies. However, a deviation to a specified clause of the requesting agency shall not be made without prior approval of that agency.

(c) The requesting agency may require, and provide instructions regarding, the forwarding or handling of any invention disclosures or other reporting requirements of the specified clauses. Normally the requesting agency shall be responsible for the handling of any disclosed inventions, including the filing of patent applications where the Government receives title, and the custody, control, and licensing thereof, unless provided otherwise in the instructions or other agreements with the contracting agency.

27.304-3 Contracts for construction work or architect-engineer services.

(a) If a solicitation or contract for construction work or architect-engineer services has as a purpose the performance of experimental, developmental, or research work or test and evaluation studies involving such work and calls for, or can be expected to involve, the design of a Government facility or of novel structures, machines, products, materials, processes, or equipment (including construction equipment), it shall include a patent rights clause selected in accordance with the policies and procedures of this Subpart 27.3.

(b) A solicitation or contract for construction work or architect-engineer services that calls for or can be expected to involve only "standard types of construction" to be built by previously developed equipment, methods, and processes shall not include a patent rights clause. The term "standard types of construction" means construction in which the distinctive features, if any, in all likelihood will amount to no more than—

(1) Variations in size, shape, or capacity of otherwise structurally orthodox and conventionally acting structures or structural groupings; or

(2) Purely artistic or esthetic (as distinguished from functionally significant) architectural configurations and designs of both structural and nonstructural members or groupings, which may or may not be sufficiently novel or meritorious to qualify for design protection under the design patent or copyright laws.

27.304-4 Subcontracts.

(a) The policies and procedures covered by this subpart apply to all contracts at any tier. Hence, a contractor awarding a subcontract and a subcontractor awarding a lower-tier subcontract that has as a purpose the conduct of experimental, developmental, or research work is required to determine the appropriate patent rights clause to be included that is consistent with these policies and procedures. Generally, the clause at either 52.227-11, 52.227-12, or 52.227-13 is to be used and will be so specified in the patent rights clause contained in the higher-tier contract, but the contracting officer may direct the use of a particular patent rights clause in any lower-tier contract in accordance with the policies and procedures of this subpart. For instance, when the clause at 52.227-13 is in the prime contract because the work is to be performed overseas, any subcontract with a nonprofit organization would contain the clause at 52.227-11.

(b) Whenever a prime contractor or a subcontractor considers the inclusion of a particular clause in a subcontract to be inappropriate or a subcontractor refuses to accept the proffered clause, the matter shall be resolved by the agency contracting officer in consultation with counsel.

(c) It is Government policy that contractors shall not use their ability to award subcontracts as economic leverage to acquire rights for themselves in inventions resulting from subcontracts.

27.304-5 Appeals.

(a) The agency official initially authorized to take any of the following actions shall provide the contractor with a written statement of the basis for the action at the time the action is taken, including any relevant facts that were relied upon in taking the action:

(1) A refusal to grant an extension to the invention disclosure period under subparagraph (c)(4) of the clauses at 52.227-11 and 52.227-12.

(2) A request for a conveyance of title to the Government under 27.302(d)(1)(i) through (v).

(3) A refusal to grant a waiver under 27.302(g), Preference for U.S. Industry.

(4) A refusal to approve an assignment under 27.304-1(h)(1).

(5) A refusal to approve an extension of the exclusive license period under 27.304-1(h)(2).

(b) Each agency shall establish and publish procedures under which any of the agency actions listed in paragraph (a) above may be appealed to the head of the agency or designee. Review at this level shall consider both the factual and legal basis for the action and its consistency with the policy and objectives of 35 U.S.C. 200-206 and this subpart.

(c) Appeals procedures established under paragraph (b) of this subsection shall include administrative due process procedures and standards for fact-finding at least comparable to those set forth in 37 CFR Part 401.6(e)-(g) whenever there is a dispute as to the factual basis for an agency request for a conveyance of title under 27.302(d)(1)(i) through (v) including any dispute as to whether or not an invention is a subject invention.

(d) To the extent that any of the actions described in paragraph (a) above are subject to appeal under the Contract Disputes Act, the procedures under that Act will satisfy the requirements of paragraphs (b) and (c) above.

27.305 Administration of patent rights clauses.

27.305-1 Patent rights follow-up.

(a) It is important that the Government and the contractor know and exercise their rights in inventions conceived or first actually reduced to practice in the course of or under Government contracts in order to ensure their expeditious availability to the public and to enable the Government, the contractor, and the public to avoid unnecessary payment of royalties and to defend themselves against claims and suits for patent infringement. To attain these ends, contracts having a patent rights clause should be so administered that—

(1) Inventions are identified, disclosed, and reported as required by the contract, and elections are made;

(2) The rights of the Government in such inventions are established;

(3) Where patent protection is appropriate, patent applications are timely filed and prosecuted by contractors or by the Government;

(4) The rights of the Government in filed patent applications are documented by formal instruments such as licenses or assignments; and

(5) Expeditious commercial utilization of such inventions is achieved.

(b) If a subject invention is made under funding agreements of more than one agency, at the request of the contractor or on their own initiative, the agencies shall designate one agency as responsible for administration of the rights of the Government in the invention.

27.305-2 Follow-up by contractor.

(a) *Contractor procedures.* If required by the applicable clause, the contractor shall establish and maintain effective procedures to ensure its patent rights obligations are met and that subject inventions are timely identified and disclosed, and when appropriate, patent applications are filed.

(b) *Contractor reports.* Contractors shall submit all reports required by the patent rights clause to the contracting officer or other representative designated for such purpose in the contract. Agencies may, in their implementing instructions, provide specific forms for use on an optional basis for such reporting.

27.305-3 Follow-up by Government.

(a) Agencies shall maintain appropriate follow-up procedures to protect the Government's interest and to check that subject inventions are identified and disclosed, and when appropriate, patent applications are filed, and that the Government's rights therein are established and protected. Follow-up activities for contracts that include a clause referenced in 27.304-2 shall be coordinated with the appropriate agency.

(b) The contracting officer administering the contract (or other representative specifically designated in the contract for such purpose) is responsible for receiving invention disclosures, reports, confirmatory instruments, notices, requests, and other documents and information submitted by the contractor pursuant to a patent rights clause. If the contractor fails to furnish documents or information as called for by the clause within the time required, the contracting officer shall promptly request the contractor to supply the required documents or information and, if the failure persists, shall take appropriate action to secure compliance. Invention disclosures, reports, confirmatory instruments, notices, requests, and other documents and information relating to patent rights clauses shall be promptly furnished by the contracting officer administering the contract (or other designee) to the procuring agency or contracting activity for which the procurement was made for appropriate action.

(c) Contracting activities shall establish appropriate procedures to detect and correct failures by the contractor to comply with its obligations under the patent rights clauses, such as failures to disclose and report subject inventions, both during and after contract performance. Ordinarily a

vide insurance for certain types of perils (e.g., workers' compensation). Insurance is mandatory also when commingling of property, type of operation, circumstances of ownership, or condition of the contract make it necessary for the protection of the Government. The minimum amounts of insurance required by this regulation (see 28.307-2) may be reduced when a contract is to be performed outside the United States, its possessions, and Puerto Rico. When more than one agency is involved, the agency responsible for review and approval of a contractor's insurance program shall coordinate with other interested agencies before acting on significant insurance matters.

(c) Contractors awarded nonpersonal services contracts for health care services are required to maintain medical liability insurance and indemnify the Government for liability producing acts or omissions by the contractor, its employees and agents (see 37.400).

28.302 Notice of cancellation or change.

When the Government requires the contractor to provide insurance coverage, the policies shall contain an endorsement that any cancellation or material change in the coverage adversely affecting the Government's interest shall not be effective unless the insurer or the contractor gives written notice of cancellation or change as required by the contracting officer. When the coverage is provided by self-insurance, the contractor shall not change or decrease the coverage without the administrative contracting officer's prior approval (see 28.308(c)).

28.303 Insurance against loss of or damage to Government property.

When the Government requires or approves insurance to cover loss of or damage to Government property (see 45.103, Responsibility and liability for Government property), it may be provided by specific insurance policies or by inclusion of the risks in the contractor's existing policies. The policies shall disclose the Government's interest in the property.

28.304 Risk-pooling arrangements.

Agencies may establish risk-pooling arrangements. These arrangements are designed to use the services of the insurance industry for safety engineering and the handling of claims at minimum cost to the Government. The agency responsible shall appoint a single manager or point of contact for each arrangement.

28.305 Overseas workers' compensation and war-hazard insurance.

(a) "Public-work contract," as used in this subpart, means any contract for a fixed improvement or for any other

project, fixed or not, for the public use of the United States or its allies, involving construction, alteration, removal, or repair, including projects or operations under service contracts and projects in connection with the national defense or with war activities, dredging, harbor improvements, dams, roadways, and housing, as well as preparatory and ancillary work in connection therewith at the site or on the project.

(b) The Defense Base Act (42 U.S.C. 1651, *et seq.*) extends the Longshoremen's and Harbor Workers' Compensation Act (33 U.S.C. 901) to various classes of employees working outside the United States, including those engaged in performing—

(1) Public-work contracts; or

(2) Contracts approved or financed under the Foreign Assistance Act of 1961 (Pub. L. 87-195) other than—

(i) Contracts approved or financed by the Development Loan Fund (unless the Secretary of Labor, acting upon the recommendation of a department or agency, determines that such contracts should be covered); or

(ii) Contracts exclusively for materials or supplies.

(c) When the Defense Base Act applies (see 42 U.S.C. 1651, *et seq.*) to these employees, the benefits of the Longshoremen's and Harbor Workers' Compensation Act are extended through operation of the War Hazards Compensation Act (42 U.S.C. 1701, *et seq.*) to protect the employees against the risk of war hazards (injury, death, capture, or detention). When, by means of an insurance policy or a self-insurance program, the contractor provides the workers' compensation coverage required by the Defense Base Act, the contractor's employees automatically receive war-hazard risk protection.

(d) When the agency head recommends a waiver to the Secretary of Labor, the Secretary may waive the applicability of the Defense Base Act to any contract, subcontract, work location, or classification of employees.

(e) If the Defense Base Act is waived for some or all of the contractor's employees, the benefits of the War Hazards Compensation Act are automatically waived with respect to those employees for whom the Defense Base Act is waived. For those employees, the contractor shall provide workers' compensation coverage against the risk of work injury or death and assume liability toward the employees and their beneficiaries for war-hazard injury, death, capture, or detention. The contract shall provide either that the costs of this liability or the reasonable costs of insurance against this liability shall be allowed as a cost under the contract.

28.306 Insurance under fixed-price contracts.

(a) *General.* Although the Government is not ordinarily concerned with the contractor's insurance coverage if the contract is a fixed-price contract, in special circumstances agencies may specify insurance requirements under fixed-

28.307

price contracts. Examples of such circumstances include the following:

(1) The contractor is, or has a separate operation, engaged principally in Government work.

(2) Government property is involved.

(3) The work is to be performed on a Government installation.

(4) The Government elects to assume risks for which the contractor ordinarily obtains commercial insurance.

(b) *Work on a Government installation.* (1) When the clause at 52.228-5, Insurance—Work on a Government Installation, is required to be included in a fixed-price contract by 28.310, the coverage specified in 28.307 is the minimum insurance required and shall be included in the contract Schedule or elsewhere in the contract. The contracting officer may require additional coverage and higher limits.

(2) When the clause at 52.228-5, Insurance—Work on a Government Installation, is not required by 28.310 but is included because the contracting officer considers it to be in the Government's interest to do so, any of the types of insurance specified in 28.307 may be omitted or the limits may be lowered, if appropriate.

28.307 Insurance under cost-reimbursement contracts.

Cost-reimbursement contracts (and subcontracts, if the terms of the prime contract are extended to the subcontract) ordinarily require the types of insurance listed in 28.307-2, with the minimum amounts of liability indicated. (See 28.308 for self-insurance.)

28.307-1 Group insurance plans.

(a) *Prior approval requirement.* Under cost-reimbursement contracts, before buying insurance under a group insurance plan, the contractor must submit the plan for approval, in accordance with agency regulations. Any change in benefits provided under an approved plan that can reasonably be expected to increase significantly the cost to the Government requires similar approval.

(b) *Premium refunds or credits.* The plan shall provide for the Government to share in any premium refunds or credits paid or otherwise allowed to the contractor. In determining the extent of the Government's share in any premium refunds or credits, any special reserves and other refunds to which the contractor may be entitled in the future shall be taken into account.

28.307-2 Liability.

(a) *Workers' compensation and employer's liability.* Contractors are required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under

those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers. (See 28.305(c) for treatment of contracts subject to the Defense Base Act.)

(b) *General liability.* (1) The contracting officer shall require bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence.

(2) Property damage liability insurance shall be required only in special circumstances as determined by the agency.

(c) *Automobile liability.* The contracting officer shall require automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

(d) *Aircraft public and passenger liability.* When aircraft are used in connection with performing the contract, the contracting officer shall require aircraft public and passenger liability insurance. Coverage shall be at least \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.

(e) *Vessel liability.* When contract performance involves use of vessels, the contracting officer shall require, as determined by the agency, vessel collision liability and protection and indemnity liability insurance.

28.308 Self-insurance.

(a) When it is anticipated that 50 percent or more of the self-insurance costs to be incurred at a segment (see 31.001) of a contractor's business will be allocable to negotiated Government contracts, and the self-insurance costs at the segment for the contractor's fiscal year are expected to be \$200,000 or more, the contractor shall submit, in writing, information on its proposed self-insurance program to the administrative contracting officer and obtain that official's approval of the program. The submission shall be by seg-

exceed the last approved contribution rate except when approved by the contracting officer based upon justification provided by the contractor. When no contribution was made in the previous year for an existing ESOP, or when a new ESOP is first established, and the contractor proposes to make a contribution in the current year, the contribution rate shall be subject to the contracting officer's approval.

(C) When a plan or agreement exists wherein the liability for the contribution can be compelled for a specific year, the expense associated with that liability is assignable only to that period. Any portion of the contribution not funded by the time set for filing of the Federal income tax return for that year or any extension thereof shall not be allowable in subsequent years.

(D) When a plan or agreement exists wherein the liability for the contribution cannot be compelled, the amount contributed for any year is assignable to that year provided the amount is funded by the time set for filing of the Federal income tax return for that year.

(E) When the contribution is in the form of stock, the value of the stock contribution shall be limited to the fair market value of the stock on the date that title is effectively transferred to the trust. Cash contributions shall be allowable only when the contractor furnishes evidence satisfactory to the contracting officer demonstrating that stock purchases by the ESOP are or will be at a fair market price; *e.g.*, makes arrangements with the trust permitting the contracting officer to examine purchases of stock by the trust to determine that prices paid are at fair market value. When excessive prices are paid, the amount of the excess will be credited to the same indirect cost pools that were charged for the ESOP contributions in the year in which the stock purchase occurs. However, when the trust purchases the stock with borrowed funds which will be repaid over a period of years by cash contributions from the contractor to the trust, the excess price over fair market value shall be credited to the indirect cost pools pro rata over the period of years during which the contractor contributes the cash used by the trust to repay the loan. When the fair market value of unissued stock or stock of a closely held corporation is not readily determinable, the valuation will be made on a case-by-case basis taking into consideration the guidelines for valuation used by the IRS.

(ii) Amounts contributed to an ESOP arising from either—

(A) An additional investment tax credit (see 1975 Tax Reduction Act—TRASOP's); or

(B) A payroll-based tax credit (see Economic Recovery Tax Act of 1981) are unallowable.

(iii) The requirements of subdivision (j)(3)(ii) of this subsection are applicable to Employee Stock Ownership Plans.

(k) *Deferred compensation other than pensions.* (1) Deferred compensation is an award given by an employer to

compensate an employee in a future cost accounting period or periods for services rendered in one or more cost accounting periods before the date of receipt of compensation by the employee. Deferred compensation does not include the amount of year-end accruals for salaries, wages, or bonuses that are paid within a reasonable period of time after the end of a cost accounting period. Subject to 31.205-6(a), deferred awards are allowable when they are based on current or future services. Awards made in periods subsequent to the period when the work being remunerated was performed are not allowable.

(2) The costs of deferred awards shall be measured, allocated, and accounted for in compliance with the provisions of 48 CFR 9904.415, Accounting for the Cost of Deferred Compensation.

(3) Deferred compensation payments to employees under awards made before the effective date of 48 CFR 9904.415 are allowable to the extent they would have been allowable under prior acquisition regulations.

(l) *Compensation incidental to business acquisitions.* The following costs are unallowable:

(1) Payments to employees under agreements in which they receive special compensation, in excess of the contractor's normal severance pay practice, if their employment terminates following a change in the management control over, or ownership of, the contractor or a substantial portion of its assets.

(2) Payments to employees under plans introduced in connection with a change (whether actual or prospective) in the management control over, or ownership of, the contractor or a substantial portion of its assets in which those employees receive special compensation, which is contingent upon the employee remaining with the contractor for a specified period of time.

(m) *Fringe benefits.* (1) Fringe benefits are allowances and services provided by the contractor to its employees as compensation in addition to regular wages and salaries. Fringe benefits include, but are not limited to, the cost of vacations, sick leave, holidays, military leave, employee insurance, and supplemental unemployment benefit plans. Except as provided otherwise in Subpart 31.2, the costs of fringe benefits are allowable to the extent that they are reasonable and are required by law, employer-employee agreement, or an established policy of the contractor.

(2) That portion of the cost of company-furnished automobiles that relates to personal use by employees (including transportation to and from work) is unallowable regardless of whether the cost is reported as taxable income to the employees (see 31.205-46(f)).

(n) *Employee rebate and purchase discount plans.* Rebates and purchase discounts, in whatever form, granted to employees on products or services produced by the contractor or affiliates are unallowable.

(o) *Postretirement benefits other than pensions (PRB).*
 (1) PRB covers all benefits, other than cash benefits and life insurance benefits paid by pension plans, provided to employees, their beneficiaries, and covered dependents during the period following the employees' retirement. Benefits encompassed include, but are not limited to, postretirement health care; life insurance provided outside a pension plan; and other welfare benefits such as tuition assistance, day care, legal services, and housing subsidies provided after retirement.

(2) To be allowable, PRB costs must be reasonable and incurred pursuant to law, employer-employee agreement, or an established policy of the contractor. In addition, to be allowable, PRB costs must also be calculated in accordance with paragraphs (o)(2)(i), (ii), or (iii) of this section.

(i) *Cash basis.* Cost recognized as benefits when they are actually provided, must be paid to an insurer, provider, or other recipient for current year benefits or premiums.

(ii) *Terminal funding.* If a contractor elects a terminal-funded plan, it does not accrue PRB costs during the working lives of employees. Instead, it accrues and pays the entire PRB liability to an insurer or trustee in a lump sum upon the termination of employees (or upon conversion to such a terminal-funded plan) to establish and maintain a fund or reserve for the sole purpose of providing PRB to retirees. The lump sum is allowable if amortized over a period of 15 years.

(iii) *Accrual basis.* Accrual costing other than terminal funding must be measured and assigned according to Generally Accepted Accounting Principles and be paid to an insurer or trustee to establish and maintain a fund or reserve for the sole purpose of providing PRB to retirees. The accrual must also be calculated in accordance with generally accepted actuarial principles and practices as promulgated by the Actuarial Standards Board.

(3) To be allowable, costs must be funded by the time set for filing the Federal income tax return or any extension thereof. PRB costs assigned to the current year, but not funded or otherwise liquidated by the tax return time, shall not be allowable in any subsequent year.

(4) Increased PRB costs caused by delay in funding beyond 30 days after each quarter of the year to which they are assignable are unallowable.

(5) Costs of postretirement benefits in subdivision (o)(2)(iii) of this subsection attributable to past service ("transition obligation") as defined in Financial Accounting Standards Board Statement 106, paragraph 110, are allowable subject to the following limitation: The allowable amount of such costs assignable to a contractor fiscal year cannot exceed the amount of such costs which would be assigned to that contractor fiscal year under the delayed recognition methodology described in paragraphs 112 and 113 of Statement 106.

(6) The Government shall receive an equitable share of any amount of previously funded PRB costs which revert or inure to the contractor. Such equitable share shall reflect the Government's previous participation in PRB costs through those contracts for which certified cost or pricing data were required or which were subject to Subpart 31.2.

(p) *Limitation on allowability of compensation for certain contractor personnel.* (1) Costs incurred after January 1, 1998, for compensation of a senior executive in excess of the benchmark compensation amount determined applicable for the contractor fiscal year by the Administrator, Office of Federal Procurement Policy (OFPP), under Section 39 of the OFPP Act (41 U.S.C. 435) are unallowable (10 U.S.C. 2324(e)(1)(P) and 41 U.S.C. 256(e)(1)(P)). This limitation is the sole statutory limitation on allowable senior executive compensation costs incurred after January 1, 1998, under new or previously existing contracts. This limitation applies whether or not the affected contracts were previously subject to a statutory limitation on such costs.

(2) As used in this paragraph:

(i) "Compensation" means the total amount of wages, salary, bonuses, deferred compensation (see paragraph (k) of this subsection), and employer contributions to defined contribution pension plans (see paragraphs (j)(5) and (j)(8) of this subsection), for the fiscal year, whether paid, earned, or otherwise accruing, as recorded in the contractor's cost accounting records for the fiscal year.

(ii) "Senior executive" means—

(A) The Chief Executive Officer (CEO) or any individual acting in a similar capacity at the contractor's headquarters;

(B) The four most highly compensated employees in management positions at the contractor's headquarters, other than the CEO; and

(C) If the contractor has intermediate home offices or segments that report directly to the contractor's headquarters, the five most highly compensated employees in management positions at each such intermediate home office or segment.

(iii) "Fiscal year" means the fiscal year established by the contractor for accounting purposes.

(iv) "Contractor's headquarters" means the highest organizational level from which executive compensation costs are allocated to Government contracts.

31.205-7 Contingencies.

(a) "Contingency," as used in this subpart, means a possible future event or condition arising from presently known or unknown causes, the outcome of which is indeterminable at the present time.

(b) Costs for contingencies are generally unallowable for historical costing purposes because such costing deals with costs incurred and recorded on the contractor's books.

However, in some cases, as for example, terminations, a contingency factor may be recognized when it is applicable to a past period to give recognition to minor unsettled factors in the interest of expediting settlement.

(c) In connection with estimates of future costs, contingencies fall into two categories:

(1) Those that may arise from presently known and existing conditions, the effects of which are foreseeable within reasonable limits of accuracy; *e.g.*, anticipated costs of rejects and defective work. Contingencies of this category are to be

included in the estimates of future costs so as to provide the best estimate of performance cost.

(2) Those that may arise from presently known or unknown conditions, the effect of which cannot be measured so precisely as to provide equitable results to the contractor and to the Government; *e.g.*, results of pending litigation. Contingencies of this category are to be excluded from cost estimates under the several items of cost, but should be disclosed separately (including the basis upon which the contingency is computed) to facilitate the negotiation of

[The next page is 31-21.]

(d) The designated billing office and designated payment office shall annotate each contract financing request with the date a proper request was received in their respective offices.

32.907 Interest penalties.

32.907-1 Late invoice payment.

(a) An interest penalty shall be paid automatically by the designated payment office, without request from the contractor, when all of the following conditions, if applicable, have been met:

(1) A proper invoice was received by the designated billing office.

(2) A receiving report or other Government documentation authorizing payment was processed, and there was no disagreement over quantity, quality, or contractor compliance with any contract requirement.

(3) In the case of a final invoice, the payment amount is not subject to further contract settlement actions between the Government and the contractor.

(4) The designated payment office paid the contractor after the due date.

(b) The interest penalty computation shall not include—

(1) The time taken by the Government to notify the contractor of a defective invoice, unless it exceeds the periods prescribed in 32.905(e);

(2) The time taken by the contractor to correct the invoice. If the designated billing office failed to notify the contractor of a defective invoice within the periods prescribed in 32.905(e), the due date on the corrected invoice will be adjusted by subtracting from such date the number of days taken beyond the prescribed notification of defects period. Any interest penalty owed the contractor will be based on this adjusted due date; and

(3) The period between the date of an attempted electronic funds transfer and the date the contractor furnishes correct electronic funds transfer data; provided the Government notifies the contractor of the defective data within 7 days after the Government receives notice that the transfer could not be completed because of defective data.

(c) An interest penalty shall be paid automatically by the designated payment office, without request from the contractor, if a discount for prompt payment is taken improperly. The interest penalty shall be calculated on the amount of discount taken for the period beginning with the first day after the end of the discount period through the date when the contractor is paid.

(d) The interest penalty shall be at the rate established by the Secretary of the Treasury under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date, except where the interest penalty is prescribed by other governmental authority (e.g., tariffs). The rate in effect on the day after the due date shall remain fixed

during the period for which an interest penalty is calculated. This rate is referred to as the “Renegotiation Board Interest Rate,” and it is published in the *Federal Register* semiannually on or about January 1 and July 1. Information concerning this interest rate can be obtained from the:

Department of the Treasury
Financial Management Service
Washington, DC 20227

Telephone (202) 874-6995.

Interest calculations shall be based upon a 360-day year. The interest penalty shall accrue daily on the invoice principal payment amount approved by the Government until the payment date of such approved principal amount; and will be compounded in 30-day increments inclusive from the first day after the due date through the payment date. That is, interest accrued at the end of any 30-day period will be added to the approved invoice principal payment amount and will be subject to interest penalties if not paid in the succeeding 30-day period. The interest penalty amount, the interest rate, and the period for which the interest penalty was computed, will be stated separately by the designated payment office on the check, in accompanying remittance advice, or, for an electronic funds transfer, by an appropriate electronic or other remittance advice. Adjustments will be made by the designated payment office for errors in calculating interest penalties.

(e) Interest penalties under the Prompt Payment Act will not continue to accrue—

(1) After the filing of a claim for such penalties under the clause at 52.233-1, Disputes, or

(2) For more than 1 year. Interest penalties of less than \$1.00 need not be paid.

(f) Interest penalties are not required on payment delays due to disagreement between the Government and contractor over the payment amount, or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the Disputes clause.

(g)(1) For contracts awarded on or after October 1, 1989, a penalty amount (calculated in accordance with subparagraph (g)(3) of this section) shall be paid, in addition to the interest penalty amount, only if the contractor—

(i) Is owed an interest penalty of \$1 or more;

(ii) Is not paid the interest penalty within 10 days after the date the invoice amount is paid; and

(iii) Makes a written demand to the designated payment office for additional penalty payment in accordance with subparagraph (g)(2) of this section, postmarked not later than 40 days after the date the invoice amount is paid.

(2)(i) Contractors shall support written demands for additional penalty payments with the following data. No additional data shall be required. Contractors shall—

(A) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(B) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(C) State that payment of the principal has been received, including the date of receipt.

(ii) Demands must be postmarked on or before the 40th day after payment was made, except that—

(A) If the postmark is illegible or nonexistent, the demand must have been received and annotated with the date of receipt by the designated payment office on or before the 40th day after payment was made; or

(B) If the postmark is illegible or nonexistent and the designated payment office fails to make the required annotation, the demand's validity will be determined by the date the contractor has placed on the demand; provided such date is no later than the 40th day after payment was made.

(3)(i) The additional penalty shall be equal to 100 percent of any original late payment interest penalty except—

(A) The additional penalty shall not exceed \$5,000;

(B) The additional penalty shall never be less than \$25; and

(C) No additional penalty is owed if the amount of the underlying interest penalty is less than \$1.

(ii) If the interest penalty ceases to accrue in accordance with the limits stated in subparagraphs (e)(1) and (e)(2) of this section, the amount of the additional penalty shall be calculated on the amount of interest penalty that would have accrued in the absence of these limits, but shall not exceed the limits specified in subdivision (g)(3)(i) of this subsection.

(iii) For determining the maximum and minimum additional penalties, the test shall be the interest penalty due on each separate payment made for each separate contract. The maximum and minimum additional penalty shall not be based upon individual invoices unless the invoices are paid separately. Where payments are consolidated for disbursing purposes, the maximum and minimum additional penalty determination shall be made separately for each contract therein.

(iv) The additional penalty does not apply to payments regulated by other Government regulations (*e.g.*, payments under utility contracts subject to tariffs and regulation).

32.907-2 Late contract financing payment.

No interest penalty shall be paid to the contractor as a result of delayed contract financing payments.

32.908 Contract clauses.

(a) The contracting officer shall insert the clause at 52.232-26, Prompt Payment for Fixed-Price Architect-Engineer Contracts, in solicitations and contracts that contain the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts.

(1) As authorized in 32.905(b)(4), the contracting officer may modify the date in subdivision (a)(4)(i) of the clause to specify a period longer than 7 days for constructive acceptance or constructive approval, if required to afford the Government a practicable opportunity to inspect and test the supplies furnished or evaluate the services performed.

(2) If applicable, as authorized in 32.906(a) and only as permitted by agency policies and procedures, the contracting officer may insert in paragraph (b) of the clause a period shorter than 30 days (but not less than 7 days) for making contract financing payments.

(3) As provided in 32.904, agency policies and procedures may authorize amendment of paragraphs (a)(1)(i) and (ii) of the clause to insert a period shorter than 30 days (but not less than 7 days) for making contract invoice payments.

(b) The contracting officer shall insert the clause at 52.232-27, Prompt Payment for Construction Contracts, in all solicitations and contracts for construction (see Part 36).

(1) As authorized in 32.905(c)(1)(i), the contracting officer may modify the date in subdivision (a)(1)(i)(A) of the clause to specify a period longer than 14 days if required to afford the Government a reasonable opportunity to adequately inspect the work and to determine the adequacy of the Contractor's performance under the contract.

(2) As authorized in 32.905(c)(1)(v), the contracting officer may modify the date in subdivision (a)(4)(i) of the clause to specify a period longer than 7 days for constructive acceptance or constructive approval if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or evaluate the services performed.

(3) If applicable, as authorized in 32.906(a) and only as permitted by agency policies and procedures, the contracting officer may insert in paragraph (b) of the clause a period shorter than 30 days (but not less than 7 days) for making contract financing payments.

(c) The contracting officer shall insert the clause at 52.232-25, Prompt Payment, in all other solicitations and contracts (including contracts at or below the simplified acquisition threshold), except where the clause at 52.212-4, Contract Terms and Conditions—Commercial Items, applies, and except as indicated in 32.901.

(1) As authorized in 32.905(a)(1)(ii), the contracting officer may modify the date in subdivision (a)(5)(i) of the clause to specify a period longer than 7 days for constructive acceptance, if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or to evaluate the services performed, except in the case of a con-

tract for the purchase of a commercial item as defined in 2.101, including a brand-name commercial item for authorized resale (e.g., commissary items).

(2) As authorized in 32.906(a) and only as permitted by agency policies and procedures, the contracting officer may insert in paragraph (b) of the clause a period shorter than 30 days (but not less than 7 days) for making contract financing payments.

(3) As provided in 32.904, agency policies and procedures may authorize amendment of paragraphs (a)(1)(i) and (ii) of the clause to insert a period shorter than 30 days (but not less than 7 days) for making contract invoice payments.

32.909 Contractor inquiries.

Questions concerning delinquent payments should be directed to the designated billing office or designated payment office. If a question involves a disagreement in payment amount or timing, it should be directed to the contracting officer for resolution. The contracting officer shall coordinate within appropriate contracting channels and seek the advice of other offices as may be necessary to resolve disagreements. Small business concerns may obtain additional assistance related to payment issues, late payment interest penalties, and information on the Prompt Payment Act, by contacting the Agency's local representative from the Office of Small and Disadvantaged Business Utilization.

Subpart 32.10—Performance-Based Payments

32.1000 Scope of subpart.

This subpart provides policy and procedures for performance-based payments under non-commercial purchases pursuant to Subpart 32.1. This subpart does not apply to—

- (a) Payments under cost-reimbursement contracts;
- (b) Contracts for architect-engineer services or construction, or for shipbuilding or ship conversion, alteration, or repair, when the contracts provide for progress payments based upon a percentage or stage of completion;
- (c) Contracts for research or development; or
- (d) Contracts awarded through sealed bid or competitive negotiation procedures.

32.1001 Policy.

(a) Performance-based payments are contract financing payments that are not payment for accepted items.

(b) Performance-based payments are fully recoverable, in the same manner as progress payments, in the event of default. Except as provided in 32.1003(c), performance-based payments shall not be used when other forms of contract financing are provided.

(c) For Government accounting purposes, performance-based payments should be treated like progress payments based on costs under Subpart 32.5.

(d) Performance-based payments are contract financing payments and, therefore, are not subject to the interest-penalty provisions of prompt payment (see Subpart 32.9). However, these payments shall be made in accordance with the agency's policy for prompt payment of contract financing payments.

(e) Performance-based payments are the preferred financing method when the contracting officer finds them practical, and the contractor agrees to their use.

32.1002 Bases for performance-based payments.

Performance-based payments may be made on any of the following bases—

- (a) Performance measured by objective, quantifiable methods;
- (b) Accomplishment of defined events; or
- (c) Other quantifiable measures of results.

32.1003 Criteria for use.

Performance-based payments shall be used only if the following conditions are met:

- (a) The contracting officer and offeror are able to agree on the performance-based payment terms;
- (b) The contract is a definitized fixed-price type contract (but see 32.1005(b)); and
- (c) The contract does not provide for other methods of contract financing, except that advance payments in accordance with Subpart 32.4, or guaranteed loans in accordance with Subpart 32.3 may be used.

32.1004 Procedure.

Performance-based payments may be made either on a whole contract or on a deliverable item basis, unless otherwise prescribed by agency regulations. Financing payments to be made on a whole contract basis are applicable to the entire contract, and not to specific deliverable items. Financing payments to be made on a deliverable item basis are applicable to a specific individual deliverable item. (A deliverable item for these purposes is a separate item with a distinct unit price. Thus, a contract line item for 10 airplanes, with a unit price of \$1,000,000 each, has ten deliverable items—the separate planes. A contract line item for 1 lot of 10 airplanes, with a lot price of \$10,000,000, has only one deliverable item—the lot.)

(a) *Establishing performance bases.* (1) The basis for performance-based payments may be either specifically described events (e.g., milestones) or some measurable criterion of performance. Each event or performance criterion that will trigger a finance payment shall be an integral and necessary part of contract performance and shall be identified in the contract, along with a description of what constitutes successful performance of the event or attainment of the performance criterion. The signing of contracts or modifications, the exercise of options, or other such actions shall not be events or criteria for performance-based payments. An event need not

be a critical event in order to trigger a payment, but successful performance of each such event or performance criterion shall be readily verifiable.

(2) Events or criteria may be either severable or cumulative. The successful completion of a severable event or criterion is independent of the accomplishment of any other event or criterion. Conversely, the successful accomplishment of a cumulative event or criterion is dependent upon the previous accomplishment of another event. A contract may provide for more than one series of severable and/or cumulative performance events or criteria performed in parallel. The following shall be included in the contract:

(i) The contract shall not permit payment for a cumulative event or criterion until the dependent event or criterion has been successfully completed.

(ii) Severable events or criteria shall be specifically identified in the contract.

(iii) The contract shall identify which events or criteria are preconditions for the successful achievement of each cumulative event or criterion.

(iv) If payment of performance-based finance amounts is on a deliverable item basis, each event or performance criterion shall be part of the performance necessary for that deliverable item and shall be identified to a specific contract line item or subline item.

(b) *Establishing performance-based finance payment amounts.* (1) The contracting officer shall establish a complete, fully defined schedule of events or performance criteria and payment amounts when negotiating contract terms. If a contract action significantly affects the price, or event or performance criterion, the contracting officer responsible for pricing the contract modification shall adjust the performance-based payment schedule appropriately.

(2) Total performance-based payments shall not exceed 90 percent of the contract price if on a whole contract basis, or 90 percent of the delivery item price if on a delivery item basis. The amount of each performance-based payment shall be specifically stated either as a dollar amount or as a percentage of a specifically identified price (*e.g.*, contract price, or unit price of the deliverable item). The payment of contract financing has a cost to the Government in terms of interest paid by the Treasury to borrow funds to make the payment. Because the contracting officer has wide discretion as to the timing and amount of the performance-based payments, the contracting officer must ensure that the total contract price is fair and reasonable, all factors (including the financing costs to the Treasury of the performance-based payments) considered. Performance-based payment amounts may be established on any rational basis determined by the contracting officer, or agency procedures, which may include (but are not limited to)—

(i) Engineering estimates of stages of completion;

(ii) Engineering estimates of hours or other measures of effort to be expended in performance of an event or achievement of a performance criterion; or

(iii) The estimated projected cost of performance of particular events.

(3) When subsequent contract modifications are issued, the performance-based payment schedule shall be adjusted as necessary to reflect the actions required by those contract modifications.

(c) *Instructions for multiple appropriations.* If there is more than one appropriation account (or subaccount) funding payments on the contract, the contracting officer shall provide instructions to the Government payment office for distribution of financing payments to the respective funds accounts. Distribution instructions must be consistent with the contract's liquidation provisions.

(d) *Liquidating performance-based finance payments.* Performance-based amounts shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payments. The contracting officer shall specify the liquidation rate or designated dollar amount in the contract. The method of liquidation shall ensure complete liquidation no later than final payment.

(1) If the performance-based payments are established on a delivery item basis, the liquidation amount for each line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount.

(2) If the performance-based finance payments are on a whole contract basis, liquidation shall be by predesignated liquidation amounts or liquidation percentages.

32.1005 Contract clauses.

(a) If performance-based contract financing will be provided, the contracting officer shall insert the clause at 52.232-32, Performance-Based Payments, in the solicitation and contract with the description of the basis for payment and liquidation as required in 32.1004.

(b) In solicitations for undefinitized contracts, the contracting officer may include the clause at 52.232-32, Performance-Based Payments, with a provision that the clause is not effective until the contract is definitized and the performance-based payment schedule is included in the contract.

32.1006 Agency approvals.

The contracting officer shall obtain such approvals as are required by agency regulations.

32.1007 Administration and payment of performance-based payments.

(a) *Responsibility.* The contracting officer responsible for administration of the contract shall be responsible for review and approval of performance-based payments.

contracts also are excluded from the requirements of this subpart. However, good management practices and contract administration techniques should be used regardless of the contracting method.

37.503 Agency-head responsibilities.

The agency head or designee should ensure that—

(a) Requirements for services are clearly defined and appropriate performance standards are developed so that the agency's requirements can be understood by potential offerors and that performance in accordance with contract terms and conditions will meet the agency's requirements;

(b) Service contracts are awarded and administered in a manner that will provide the customer its supplies and services within budget and in a timely manner;

(c) Specific procedures are in place before contracting for services to ensure compliance with OFPP Policy Letters 92-1, Inherently Governmental Functions, 91-2, Service Contracting, and 89-1, Conflicts of Interest Policies Applicable to Consultants; and

(d) Strategies are developed and necessary staff training is initiated to ensure effective implementation of the policies in 37.102.

37.504 Contracting officials' responsibilities.

Contracting officials should ensure that "best practices" techniques are used when contracting for services and in contract management and administration (see OFPP Policy Letter 93-1).

Subpart 37.6—Performance-Based Contracting

37.600 Scope of subpart.

This subpart prescribes policies and procedures for use of performance-based contracting methods. It implements OFPP Policy Letter 91-2, Service Contracting.

37.601 General.

Performance-based contracting methods are intended to ensure that required performance quality levels are achieved and that total payment is related to the degree that services performed meet contract standards. Performance-based contracts—

(a) Describe the requirements in terms of results required rather than the methods of performance of the work;

(b) Use measurable performance standards (*i.e.*, terms of quality, timeliness, quantity, etc.) and quality assurance surveillance plans (see 46.103(a) and 46.401(a));

(c) Specify procedures for reductions of fee or for reductions to the price of a fixed-price contract when services are not performed or do not meet contract requirements (see 46.407); and

(d) Include performance incentives where appropriate.

37.602 Elements of performance-based contracting.

37.602-1 Statements of work.

(a) Generally, statements of work shall define requirements in clear, concise language identifying specific work to be accomplished. Statements of work must be individually tailored to consider the period of performance, deliverable items, if any, and the desired degree of performance flexibility (see 11.105). In the case of task order contracts, the statement of work for the basic contract need only define the scope of the overall contract (see 16.504(a)(4)(iii)). The statement of work for each task issued under a task order contract shall comply with paragraph (b) of this subsection. To achieve the maximum benefits of performance-based contracting, task order contracts should be awarded on a multiple award basis (see 16.504(c) and 16.505(b)).

(b) When preparing statements of work, agencies shall, to the maximum extent practicable—

(1) Describe the work in terms of "what" is to be the required output rather than either "how" the work is to be accomplished or the number of hours to be provided (see 11.002(a)(2) and 11.101);

(2) Enable assessment of work performance against measurable performance standards;

(3) Rely on the use of measurable performance standards and financial incentives in a competitive environment to encourage competitors to develop and institute innovative and cost-effective methods of performing the work; and

(4) Avoid combining requirements into a single acquisition that is too broad for the agency or a prospective contractor to manage effectively.

37.602-2 Quality assurance.

Agencies shall develop quality assurance surveillance plans when acquiring services (see 46.103 and 46.401(a)). These plans shall recognize the responsibility of the contractor (see 46.105) to carry out its quality control obligations and shall contain measurable inspection and acceptance criteria corresponding to the performance standards contained in the statement of work. The quality assurance surveillance plans shall focus on the level of performance required by the statement of work, rather than the methodology used by the contractor to achieve that level of performance.

37.602-3 Selection procedures.

Agencies shall use competitive negotiations when appropriate to ensure selection of services that offer the best value to the Government, cost and other factors considered (see 15.304).

37.602-4 Contract type.

Contract types most likely to motivate contractors to perform at optimal levels shall be chosen (see Subpart 16.1 and, for research and development contracts, see 35.006). To the maximum extent practicable, performance incentives, either positive or negative or both, shall be incorporated into the contract to encourage contractors to increase efficiency and maximize performance (see Subpart 16.4). These incentives shall correspond to the specific performance standards in the quality assurance surveillance plan and shall be capable of being measured objectively. Fixed-price contracts are generally appropriate for services

that can be defined objectively and for which the risk of performance is manageable (see Subpart 16.1).

37.602-5 Follow-on and repetitive requirements.

When acquiring services that previously have been provided by contract, agencies shall rely on the experience gained from the prior contract to incorporate performance-based contracting methods to the maximum extent practicable. This will facilitate the use of fixed-price contracts for such requirements for services. (See 7.105 for requirement to address performance-based contracting strategies in acquisition plans. See also 16.104(k).)

* * * * *

request should include a suspense date and should identify any information needed by the contracting officer.

(b) The responsible audit agency may decline requests for services on a case-by-case basis, if resources of the audit agency are inadequate to accomplish the tasks. Declinations shall be in writing.

42.103 Contract audit services directory.

(a) DCAA maintains and distributes the Directory of Federal Contract Audit Offices. The directory identifies cognizant audit offices and the contractors over which they have cognizance. Changes to audit cognizance shall be provided to DCAA so that the directory can be updated.

(b) Agencies may obtain a copy of the directory or information concerning cognizant audit offices by contacting the—

Defense Contract Audit Agency
ATTN: CMO
Publications Officer

Suite 2135
Fort Belvoir, VA 22060-6219.

Subpart 42.2—Contract Administration Services

42.201 Contract administration responsibilities.

(a) For each contract assigned for administration, the contract administration office (CAO) (see 2.101) shall—

(1) Perform the functions listed in 42.302(a) to the extent that they apply to the contract, except for the functions specifically withheld;

(2) Perform the functions listed in 42.302(b) only when and to the extent specifically authorized by the contracting officer; and

(3) Request supporting contract administration under 42.202(e) and (f) when it is required.

(b) The Defense Logistics Agency, Defense Contract Management Command, Fort Belvoir, Virginia, and other agencies offer a wide variety of contract administration and support services.

42.202 Assignment of contract administration.

(a) *Delegating functions.* As provided in agency procedures, contracting officers may delegate contract administration or specialized support services, either through interagency agreements or by direct request to the cognizant CAO listed in the Federal Directory of Contract Administration Services Components. The delegation should include—

(1) The name and address of the CAO designated to perform the administration (this information also shall be entered in the contract);

(2) Any special instructions, including any functions withheld or any specific authorization to perform functions listed in 42.302(b);

(3) A copy of the contract to be administered; and

(4) Copies of all contracting agency regulations or directives that are—

(i) Incorporated into the contract by reference; or

(ii) Otherwise necessary to administer the contract, unless copies have been provided previously.

(b) *Special instructions.* As necessary, the contracting officer also shall advise the contractor (and other activities as appropriate) of any functions withheld from or additional functions delegated to the CAO.

(c) *Delegating additional functions.* For individual contracts or groups of contracts, the contracting office may delegate to the CAO functions not listed in 42.302, provided that—

(1) Prior coordination with the CAO ensures the availability of required resources;

(2) In the case of authority to issue orders under provisioning procedures in existing contracts and under basic ordering agreements for items and services identified in the schedule, the head of the contracting activity or designee approves the delegation; and

(3) The delegation does not require the CAO to undertake new or follow-on acquisitions.

(d) *Rescinding functions.* The contracting officer at the requesting agency may rescind or recall a delegation to administer a contract or perform a contract administration function, except for functions pertaining to cost accounting standards and negotiation of forward pricing rates and indirect cost rates (also see 42.003). The requesting agency must coordinate with the ACO to establish a reasonable transition period prior to rescinding or recalling the delegation.

(e) *Secondary delegations of contract administration.* (1) A CAO that has been delegated administration of a contract under paragraph (a) or (c) of this section, or a contracting office retaining contract administration, may request supporting contract administration from the CAO cognizant of the contractor location where performance of specific contract administration functions is required. The request shall—

(i) Be in writing;

(ii) Clearly state the specific functions to be performed; and

(iii) Be accompanied by a copy of pertinent contractual and other necessary documents.

(2) The prime contractor is responsible for managing its subcontracts. The CAO's review of subcontracts is normally limited to evaluating the prime contractor's management of the subcontracts (see Part 44). Therefore,

42.203

supporting contract administration shall not be used for sub-contracts unless—

- (i) The Government otherwise would incur undue cost;
- (ii) Successful completion of the prime contract is threatened; or
- (iii) It is authorized under paragraph (f) of this section or elsewhere in this regulation.

(f) *Special surveillance.* For major system acquisitions (see Part 34), the contracting officer may designate certain high risk or critical subsystems or components for special surveillance in addition to requesting supporting contract administration. This surveillance shall be conducted in a manner consistent with the policy of requesting that the cognizant CAO perform contract administration functions at a contractor's facility (see 42.002).

(g) *Refusing delegation of contract administration.* An agency may decline a request for contract administration services on a case-by-case basis if resources of the agency are inadequate to accomplish the tasks. Declinations shall be in writing.

42.203 Contract administration services directory.

The Defense Contract Management Command (DCMC) maintains and distributes the Federal Directory of Contract Administration Services Components. The directory lists the names and telephone numbers of those DCMC and other agency offices that offer contract administration services within designated geographic areas and at specified contractor plants. Federal agencies may obtain a free copy of the directory on disk by writing to—

Subpart 42.3—Contract Administration Office Functions

42.301 General.

When a contract is assigned for administration under Subpart 42.2, the contract administration office (CAO) shall perform contract administration functions in accordance with 48 CFR Chapter 1, the contract terms, and, unless otherwise agreed to in an interagency agreement (see 42.002), the applicable regulations of the servicing agency.

42.302 Contract administration functions.

(a) The following contract administration functions are normally delegated to a CAO. The contracting officer may retain any of these functions, except those in paragraphs (a)(5), (a)(9), and (a)(11) of this section, unless the contracting officer has been designated to perform these functions by the cognizant Federal agency (see 42.001).

- (1) Review the contractor's compensation structure.
- (2) Review the contractor's insurance plans.
- (3) Conduct post-award orientation conferences.
- (4) Review and evaluate contractors' proposals under Subpart 15.4 and, when negotiation will be accomplished by the contracting officer, furnish comments and recommendations to that officer.
- (5) Negotiate forward pricing rate agreements (see 15.407-3).
- (6) Negotiate advance agreements applicable to treatment of costs under contracts currently assigned for administration (see 31.109).
- (7) Determine the allowability of costs suspended or disapproved as required (see Subpart 42.8), direct the suspension or disapproval of costs when there is reason to believe they should be suspended or disapproved, and approve final vouchers.
- (8) Issue Notices of Intent to Disallow or not Recognize Costs (see Subpart 42.8).
- (9) Establish final indirect cost rates and billing rates for those contractors meeting the criteria for contracting officer determination in Subpart 42.7.
- (10) Attempt to resolve issues in controversy, using ADR procedures when appropriate (see Subpart 33.2); prepare findings of fact and issue decisions under the Disputes clause on matters in which the administrative contracting officer (ACO) has the authority to take definitive action.
- (11) In connection with Cost Accounting Standards (see 30.601 and 48 CFR Chapter 99 (FAR Appendix))—
 - (i) Determine the adequacy of the contractor's disclosure statements;
 - (ii) Determine whether disclosure statements are in compliance with Cost Accounting Standards and Part 31;
 - (iii) Determine the contractor's compliance with Cost Accounting Standards and disclosure statements, if applicable; and
 - (iv) Negotiate price adjustments and execute supplemental agreements under the Cost Accounting Standards clauses at 52.230-2, 52.230-3, 52.230-4, 52.230-5, and 52.230-6.
- (12) Review and approve or disapprove the contractor's requests for payments under the progress payments or performance-based payments clauses.

(4) Subcontracts are proposed on a cost-reimbursement, time-and-materials, or labor-hour basis.

44.203 Consent limitations.

(a) The contracting officer's consent to a subcontract or approval of the contractor's purchasing system does not constitute a determination of the acceptability of the subcontract terms or price, or of the allowability of costs, unless the consent or approval specifies otherwise.

(b) Contracting officers shall not consent to—

(1) Cost-reimbursement subcontracts if the fee exceeds the fee limitations of 16.301-3;

(2) Subcontracts providing for payment on a cost-plus-a-percentage-of-cost basis;

(3) Subcontracts obligating the contracting officer to deal directly with the subcontractor;

(4) Subcontracts that make the results of arbitration, judicial determination, or voluntary settlement between the prime contractor and subcontractor binding on the Government; or

(5) Repetitive or unduly protracted use of cost-reimbursement, time-and-materials, or labor-hour subcontracts (contracting officers should follow the principles of 16.103(c)).

(c) Contracting officers should not refuse consent to a subcontract merely because it contains a clause giving the subcontractor the right of indirect appeal to an agency board of contract appeals if the subcontractor is affected by a dispute between the Government and the prime contractor. Indirect appeal means assertion by the subcontractor of the prime contractor's right to appeal or the prosecution of an appeal by the prime contractor on the subcontractor's behalf. The clause may also provide that the prime contractor and subcontractor shall be equally bound by the contracting officer's or board's decision. The clause may not attempt to obligate the contracting officer or the appeals board to decide questions that do not arise between the Government and the prime contractor or that are not cognizable under the clause at 52.233-1, Disputes.

44.204 Contract clauses.

(a)(1) The contracting officer shall insert the clause at 52.244-2, Subcontracts, in solicitations and contracts when contemplating—

(i) A cost-reimbursement contract;

(ii) A letter contract that exceeds the simplified acquisition threshold;

(iii) A fixed-price contract that exceeds the simplified acquisition threshold under which unpriced contract actions (including unpriced modifications or unpriced delivery orders) are anticipated;

(iv) A time-and-materials contract that exceeds the simplified acquisition threshold; or

(v) A labor-hour contract that exceeds the simplified acquisition threshold.

(2) If a cost-reimbursement contract is contemplated—

(i) For the Department of Defense, the Coast Guard, and the National Aeronautics and Space Administration, the contracting officer shall use the clause with its Alternate I; or

(ii) For civilian agencies other than the Coast Guard and the National Aeronautics and Space Administration, the contracting officer shall use the clause with its Alternate II.

(3) Use of this clause is not required in—

(i) Fixed-price architect-engineer contracts; or

(ii) Contracts for mortuary services, refuse services, or shipment and storage of personal property, when an agency-prescribed clause on approval of subcontractors' facilities is required.

(b) The contracting officer may insert the clause at 52.244-4, Subcontractors and Outside Associates and Consultants (Architect-Engineer Services), in fixed-price architect-engineer contracts.

(c) The contracting officer shall, when contracting by negotiation, insert the clause at 52.244-5, Competition in Subcontracting, in solicitations and contracts when the contract amount is expected to exceed the simplified acquisition threshold, unless—

(1) A firm-fixed-price contract, awarded on the basis of adequate price competition or whose prices are set by law or regulation, is contemplated; or

(2) A time-and-materials, labor-hour, or architect-engineer contract is contemplated.

Subpart 44.3—Contractors' Purchasing Systems Reviews

44.301 Objective.

The objective of a contractor purchasing system review (CPSR) is to evaluate the efficiency and effectiveness with which the contractor spends Government funds and complies with Government policy when subcontracting. The review provides the administrative contracting officer (ACO) a basis for granting, withholding, or withdrawing approval of the contractor's purchasing system.

44.302 Requirements.

(a) The ACO shall determine the need for a CPSR based on, but not limited to, the past performance of the contractor, and the volume, complexity and dollar value of subcontracts. If a contractor's sales to the Government (excluding competitively awarded firm-fixed-price and competitively awarded fixed-price with economic price adjustment contracts and sales of commercial items pursuant to Part 12) are expected to exceed \$25 million during

44.303

the next 12 months, perform a review to determine if a CPSR is needed. Sales include those represented by prime contracts, subcontracts under Government prime contracts, and modifications. Generally, a CPSR is not performed for a specific contract. The head of the agency responsible for contract administration may raise or lower the \$25 million review level if it is considered to be in the Government's best interest.

(b) Once an initial determination has been made under paragraph (a) of this section, at least every three years the ACO shall determine whether a purchasing system review is necessary. If necessary, the cognizant contract administration office will conduct a purchasing system review.

44.303 Extent of review.

A CPSR requires an evaluation of the contractor's purchasing system. Unless segregation of subcontracts is impracticable, this evaluation shall not include subcontracts awarded by the contractor exclusively in support of Government contracts that are competitively awarded firm-fixed-price, competitively awarded fixed-price with economic price adjustment, or awarded for commercial items pursuant to Part 12. The considerations listed in 44.202-2 for consent evaluation of particular subcontracts also shall be used to evaluate the contractor's purchasing system, including the contractor's policies, procedures, and performance under that system. Special attention shall be given to—

- (a) The degree of price competition obtained;
- (b) Pricing policies and techniques, including methods of obtaining accurate, complete, and current cost or pricing data and certification as required;
- (c) Methods of evaluating subcontractor responsibility, including the contractor's use of the List of Parties Excluded from Federal Procurement and Nonprocurement Programs (see 9.404) and, if the contractor has subcontracts with parties on the list, the documentation, systems, and procedures the contractor has established to protect the Government's interests (see 9.405-2);
- (d) Treatment accorded affiliates and other concerns having close working arrangements with the contractor;
- (e) Policies and procedures pertaining to small business concerns, including small disadvantaged and women-owned small business concerns;
- (f) Planning, award, and postaward management of major subcontract programs;
- (g) Compliance with Cost Accounting Standards in awarding subcontracts;
- (h) Appropriateness of types of contracts used (see 16.103); and
- (i) Management control systems, including internal audit procedures, to administer progress payments to subcontractors.

44.304 Surveillance.

(a) The ACO shall maintain a sufficient level of surveillance to ensure that the contractor is effectively managing its purchasing program.

(b) Surveillance shall be accomplished in accordance with a plan developed by the ACO with the assistance of subcontracting, audit, pricing, technical, or other specialists as necessary. The plan should cover pertinent phases of a contractor's purchasing system (preaward, postaward, performance, and contract completion) and pertinent operations that affect the contractor's purchasing and subcontracting. The plan should also provide for reviewing the effectiveness of the contractor's corrective actions taken as a result of previous Government recommendations. Duplicative reviews of the same areas by CPSR and other surveillance monitors should be avoided.

44.305 Granting, withholding, or withdrawing approval.**44.305-1 Responsibilities.**

The cognizant ACO is responsible for granting, withholding, or withdrawing approval of a contractor's purchasing system. The ACO shall—

- (a) Approve a purchasing system only after determining that the contractor's purchasing policies and practices are efficient and provide adequate protection of the Government's interests; and
- (b) Promptly notify the contractor in writing of the granting, withholding, or withdrawal of approval.

44.305-2 Notification.

(a) The notification granting system approval shall include—

- (1) Identification of the plant or plants covered by the approval;
- (2) The effective date of approval; and
- (3) A statement that system approval—
 - (i) Applies to all Federal Government contracts at that plant to the extent that cross-servicing arrangements exist;
 - (ii) Waives the contractual requirement for advance notification in fixed-price contracts, but not for cost-reimbursement contracts;
 - (iii) Waives the contractual requirement for consent to subcontracts in fixed-price contracts and for specified subcontracts in cost-reimbursement contracts but not for those subcontracts, if any, selected for special surveillance and identified in the contract Schedule; and
 - (iv) May be withdrawn at any time at the ACO's discretion.

(b) In exceptional circumstances, consent to certain subcontracts or classes of subcontracts may be required even though the contractor's purchasing system has been

(d) Implement any specific written instructions from the contracting office;

(e) Report to the contracting office any defects observed in design or technical requirements, including contract quality requirements; and

(f) Recommend any changes necessary to the contract, specifications, instructions, or other requirements that will provide more effective operations or eliminate unnecessary costs (see 46.103(c)).

46.105 Contractor responsibilities.

(a) The contractor is responsible for carrying out its obligations under the contract by—

(1) Controlling the quality of supplies or services;

(2) Tendering to the Government for acceptance only those supplies or services that conform to contract requirements;

(3) Ensuring that vendors or suppliers of raw materials, parts, components, subassemblies, etc., have an acceptable quality control system; and

(4) Maintaining substantiating evidence, when required by the contract, that the supplies or services conform to contract quality requirements, and furnishing such information to the Government as required.

(b) The contractor may be required to provide and maintain an inspection system or program for the control of quality that is acceptable to the Government (see 46.202).

(c) The control of quality by the contractor may relate to, but is not limited to—

(1) Manufacturing processes, to ensure that the product is produced to, and meets, the contract's technical requirements;

(2) Drawings, specifications, and engineering changes, to ensure that manufacturing methods and operations meet the contract's technical requirements;

(3) Testing and examination, to ensure that practices and equipment provide the means for optimum evaluation of the characteristics subject to inspection;

(4) Reliability and maintainability assessment (life, endurance, and continued readiness);

(5) Fabrication and delivery of products, to ensure that only conforming products are tendered to the Government;

(6) Technical documentation, including drawings, specifications, handbooks, manuals, and other technical publications;

(7) Preservation, packaging, packing, and marking; and

(8) Procedures and processes for services to ensure that services meet contract performance requirements.

(d) The contractor is responsible for performing all inspections and test required by the contract except those

specifically reserved for performance by the Government (see 46.201(c)).

Subpart 46.2—Contract Quality Requirements

46.201 General.

(a) The contracting officer shall include in the solicitation and contract the appropriate quality requirements. The type and extent of contract quality requirements needed depends on the particular acquisition and may range from inspection at time of acceptance to a requirement for the contractor's implementation of a comprehensive program for controlling quality.

(b) As feasible, solicitations and contracts may provide for alternative, but substantially equivalent, inspection methods to obtain wide competition and low cost. The contracting officer may also authorize contractor-recommended alternatives when in the Government's interest and approved by the activity responsible for technical requirements.

(c) Although contracts generally make contractors responsible for performing inspection before tendering supplies to the Government, there are situations in which contracts will provide for specialized inspections to be performed solely by the Government. Among situations of this kind are—

(1) Tests that require use of specialized test equipment or facilities not ordinarily available in suppliers' plants or commercial laboratories (*e.g.*, ballistic testing of ammunition, unusual environmental tests, and simulated service tests); and

(2) Contracts that require Government testing for first article approval (see Subpart 9.3).

(d) Except as otherwise specified by the contract, required contractor testing may be performed in the contractor's or subcontractor's laboratory or testing facility, or in any other laboratory or testing facility acceptable to the Government.

46.202 Types of contract quality requirements.

Contract quality requirements fall into four general categories, depending on the extent of quality assurance needed by the Government for the acquisition involved.

46.202-1 Contracts for commercial items.

When acquiring commercial items (see Part 12), the Government shall rely on contractors' existing quality assurance systems as a substitute for Government inspection and testing before tender for acceptance unless customary market practices for the commercial item being acquired include in-process inspection. Any in-process inspection by

46.202-2

the Government shall be conducted in a manner consistent with commercial practice.

46.202-2 Government reliance on inspection by contractor.

(a) Except as specified in (b) of this section, the Government shall rely on the contractor to accomplish all inspection and testing needed to ensure that supplies or services acquired at or below the simplified acquisition threshold conform to contract quality requirements before they are tendered to the Government (see 46.301).

(b) The Government shall not rely on inspection by the contractor if the contracting officer determines that the Government has a need to test the supplies or services in advance of their tender for acceptance, or to pass judgment upon the adequacy of the contractor's internal work processes. In making the determination, the contracting officer shall consider—

- (1) The nature of the supplies and services being purchased and their intended use;
- (2) The potential losses in the event of defects;
- (3) The likelihood of uncontested replacement or correction of defective work; and
- (4) The cost of detailed Government inspection.

46.202-3 Standard inspection requirements.

(a) Standard inspection requirements are contained in the clauses prescribed in 46.302 through 46.308, and 46.310, and in the product and service specifications that are included in solicitations and contracts.

(b) The clauses referred to in (a) of this section—

- (1) Require the contractor to provide and maintain an inspection system that is acceptable to the Government;
- (2) Give the Government the right to make inspections and tests while work is in process; and
- (3) Require the contractor to keep complete, and make available to the Government, records of its inspection work.

46.202-4 Higher-level contract quality requirements.

(a) Requiring compliance with higher-level quality standards is appropriate in solicitations and contracts for complex or critical items (see 46.203(b) and (c)) or when the technical requirements of the contract require—

- (1) Control of such things as work operations, in-process controls, and inspection; or
- (2) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(b) When the contracting officer, in consultation with technical personnel, finds it is in the Government's interest to require that higher-level quality standards be maintained, the contracting officer shall use the clause prescribed at

46.311. The contracting officer shall indicate in the clause which higher-level quality standards will satisfy the Government's requirement. Examples of higher-level quality standards are ISO 9001, 9002, or 9003; ANSI/ASQC Q9001, Q9002, or Q9003; QS-9000; AS-9000; ANSI/ASQC E4; and ANSI/ASME NQA-1.

46.203 Criteria for use of contract quality requirements.

The extent of contract quality requirements, including contractor inspection, required under a contract shall usually be based upon the classification of the contract item (supply or service) as determined by its technical description, its complexity, and the criticality of its application.

(a) *Technical description.* Contract items may be technically classified as—

- (1) Commercial (described in commercial catalogs, drawings, or industrial standards; see Part 2); or
- (2) Military-Federal (described in Government drawings and specifications).

(b) *Complexity.* (1) Complex items have quality characteristics, not wholly visible in the end item, for which contractual conformance must be established progressively through precise measurements, tests, and controls applied during purchasing, manufacturing, performance, assembly, and functional operation either as an individual item or in conjunction with other items.

(2) Noncomplex items have quality characteristics for which simple measurement and test of the end item are sufficient to determine conformance to contract requirements.

(c) *Criticality.* (1) A critical application of an item is one in which the failure of the item could injure personnel or jeopardize a vital agency mission. A critical item may be either peculiar, meaning it has only one application, or common, meaning it has multiple applications.

(2) A noncritical application is any other application. Noncritical items may also be either peculiar or common.

Subpart 46.3—Contract Clauses**46.301 Contractor inspection requirements.**

The contracting officer shall insert the clause at 52.246-1, Contractor Inspection Requirements, in solicitations and contracts for supplies or services when the contract amount is expected to be at or below the simplified acquisition threshold and (a) inclusion of the clause is necessary to ensure an explicit understanding of the contractor's inspection responsibilities, or (b) inclusion of the clause is required under agency procedures. The clause shall not be used if the contracting officer has made the determination specified in 46.202-2(b).

46.302 Fixed-price supply contracts.

The contracting officer shall insert the clause at 52.246-2, Inspection of Supplies—Fixed-Price, in solicitations and contracts for supplies, or services that involve the furnishing of supplies, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold and inclusion of the clause is in the Government's interest. If a fixed-price incentive contract is contemplated, the contracting officer shall use the clause with its Alternate I. If a fixed-ceiling-price contract with retroactive price redetermination is contemplated, the contracting officer shall use the clause with its Alternate II.

46.303 Cost-reimbursement supply contracts.

The contracting officer shall insert the clause at 52.246-3, Inspection of Supplies—Cost-Reimbursement, in solicitations and contracts for supplies, or services that involve the furnishing of supplies, when a cost-reimbursement contract is contemplated.

46.304 Fixed-price service contracts.

The contracting officer shall insert the clause at 52.246-4, Inspection of Services—Fixed-Price, in solicitations and contracts for services, or supplies that involve the furnishing of services, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold and inclusion is in the Government's interest.

46.305 Cost-reimbursement service contracts.

The contracting officer shall insert the clause at 52.246-5, Inspection of Services—Cost Reimbursement, in solicitations and contracts for services, or supplies that involve the furnishing of services, when a cost-reimbursement contract is contemplated.

46.306 Time-and-material and labor-hour contracts.

The contracting officer shall insert the clause at 52.246-6, Inspection—Time-and-Material and Labor-Hour, in solicitations and contracts when a time-and-material contract or a labor-hour contract is contemplated. If Government inspection and acceptance are to be performed at the contractor's plant, the contracting officer shall use the clause with its Alternate I.

46.307 Fixed-price research and development contracts.

(a) The contracting officer shall insert the clause at 52.246-7, Inspection of Research and Development—Fixed-Price, in solicitations and contracts for research and development when—

- (1) The primary objective of the contract is the delivery of end items other than designs, drawings, or reports,
- (2) A fixed-price contract is contemplated, and
- (3) The contract amount is expected to exceed the simplified acquisition threshold; unless use of the clause is impractical and the clause prescribed in 46.309 is considered to be more appropriate.

(b) The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold, and its use is in the Government's interest.

46.308 Cost-reimbursement research and development contracts.

The contracting officer shall insert the clause at 52.246-8, Inspection of Research and Development—Cost-Reimbursement, in solicitations and contracts for research and development when (a) the primary objective of the contract is the delivery of end items other than designs, drawings, or reports, and (b) a cost-reimbursement contract is contemplated; unless use of the clause is impractical and the clause prescribed in 46.309 is considered to be more appropriate. If it is contemplated that the contract will be on a no-fee basis, the contracting officer shall use the clause with its Alternate I.

46.309 Research and development contracts (short form).

The contracting officer shall insert the clause at 52.246-9, Inspection of Research and Development (Short Form), in solicitations and contracts for research and development when the clause prescribed in 46.307 or the clause prescribed in 46.308 is not used.

46.310 Facilities contracts.

The contracting officer shall insert the clause at 52.246-10, Inspection of Facilities, in solicitations and contracts when a facilities contract is contemplated.

46.311 Higher-level contract quality requirement.

The contracting officer shall insert the clause at 52.246-11, Higher-Level Contract Quality Requirement, in solicitations and contracts when the inclusion of a higher-level contract quality requirement is appropriate (see 46.202-4).

46.312**46.312 Construction contracts.**

The contracting officer shall insert the clause at 52.246-12, Inspection of Construction, in solicitations and contracts for construction when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold, and its use is in the Government's interest.

46.313 Contracts for dismantling, demolition, or removal of improvements.

The contracting officer shall insert the clause at 52.246-13, Inspection—Dismantling, Demolition, or Removal of Improvements, in solicitations and contracts for dismantling, demolition, or removal of improvements.

46.314 Transportation contracts.

The contracting officer shall insert the clause at 52.246-14, Inspection of Transportation, in solicitations and contracts for freight transportation services (including local drayage) by rail, motor (including bus), domestic freight forwarder, and domestic water carriers (including inland, coastwise, and intercoastal). The contracting officer shall not use the clause for the acquisition of transportation services by domestic or international air carriers or by international ocean carriers, or to freight services provided under bills of lading or to those negotiated for reduced rates under 49 U.S.C. 10721(b)(1). (See Part 47, Transportation.)

46.315 Certificate of conformance.

The contracting officer shall insert the clause at 52.246-15, Certificate of Conformance, in solicitations and contracts for supplies or services when the conditions in 46.504 apply.

46.316 Responsibility for supplies.

The contracting officer shall insert the clause at 52.246-16, Responsibility for Supplies, in solicitations and contracts for (a) supplies, (b) services involving the furnishing of supplies, or (c) research and development, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is not expected to exceed the simplified acquisition threshold and inclusion of the clause is authorized under agency procedures.

Subpart 46.4—Government Contract Quality Assurance**46.401 General.**

(a) Government contract quality assurance shall be performed at such times (including any stage of manufacture or performance of services) and places (including subcontractors' plants) as may be necessary to determine that the supplies or services conform to contract requirements. Quality assurance surveillance plans should be prepared in conjunction with the preparation of the statement of work. The plans should specify—

- (1) All work requiring surveillance; and
- (2) The method of surveillance.

(b) Each contract shall designate the place or places where the Government reserves the right to perform quality assurance.

(c) If the contract provides for performance of Government quality assurance at source, the place or places of performance may not be changed without the authorization of the contracting officer.

(d) If a contract provides for delivery and acceptance at destination and the Government inspects the supplies at a place other than destination, the supplies shall not ordinarily be reinspected at destination, but should be examined for quantity, damage in transit, and possible substitution or fraud.

(e) Government inspection shall be performed by or under the direction or supervision of Government personnel.

(f) Government inspection shall be documented on an inspection or receiving report form or commercial shipping document/packing list, under agency procedures (see Subpart 46.6).

(g) Agencies may prescribe the use of inspection approval or disapproval stamps to identify and control supplies and material that have been inspected for conformance with contract quality requirements.

46.402 Government contract quality assurance at source.

Agencies shall perform contract quality assurance, including inspection, at source if—

(a) Performance at any other place would require uneconomical disassembly or destructive testing;

(b) Considerable loss would result from the manufacture and shipment of unacceptable supplies, or from the delay in making necessary corrections;

(c) Special required instruments, gauges, or facilities are available only at source;

(d) Performance at any other place would destroy or require the replacement of costly special packing and packaging;

(e) Government inspection during contract performance is essential; or

(f) It is determined for other reasons to be in the Government's interest.

46.403 Government contract quality assurance at destination.

(a) Government contract quality assurance that can be performed at destination is normally limited to inspection of the supplies or services. Inspection shall be performed at destination under the following circumstances—

(1) Supplies are purchased off-the-shelf and require no technical inspection;

(2) Necessary testing equipment is located only at destination;

(3) Perishable subsistence supplies purchased within the United States, except that those supplies destined for overseas shipment will normally be inspected for condition and quantity at points of embarkation;

(4) Brand name products purchased for authorized resale through commissaries or similar facilities (however, supplies destined for direct overseas shipment may be accepted by the contracting officer or an authorized representative on the basis of a tally sheet evidencing receipt of shipment signed by the port transportation officer or other designated official at the transshipment point);

(5) The products being purchased are processed under direct control of the National Institutes of Health or the Food and Drug Administration of the Department of Health and Human Services;

(6) The contract is for services performed at destination; or

(7) It is determined for other reasons to be in the Government's interest.

(b) Overseas inspection of supplies shipped from the United States shall not be required except in unusual circumstances, and then only when the contracting officer determines in advance that inspection can be performed or makes necessary arrangements for its performance.

46.404 Government contract quality assurance for acquisitions at or below the simplified acquisition threshold.

(a) In determining the type and extent of Government contract quality assurance to be required for contracts at or below the simplified acquisition threshold, the contracting officer shall consider the criticality of application of the

supplies or services, the amount of possible losses, and the likelihood of uncontested replacement of defective work (see 46.202-2).

(b) When the conditions in 46.202-2(b) apply, the following policies shall govern:

(1) Unless a special situation exists, the Government shall inspect contracts at or below the simplified acquisition threshold at destination and only for type and kind; quantity; damage; operability (if readily determinable); and preservation, packaging, packing, and marking, if applicable.

(2) Special situations may require more detailed quality assurance and the use of a standard inspection or higher-level contract quality requirement. These situations include those listed in 46.402 and contracts for items having critical applications.

(3) Detailed Government inspection may be limited to those characteristics that are special or likely to cause harm to personnel or property. When repetitive purchases of the same item are made from the same manufacturer with a history of defect-free work, Government inspection may be reduced to a periodic check of occasional purchases.

46.405 Subcontracts.

(a) Government contract quality assurance on subcontracted supplies or services shall be performed only when required in the Government's interest. The primary purpose is to assist the contract administration office cognizant of the prime contractor's plant in determining the conformance of subcontracted supplies or services with contract requirements or to satisfy one or more of the factors included in (b) of this section. It does not relieve the prime contractor of any responsibilities under the contract. When appropriate, the prime contractor shall be requested to arrange for timely Government access to the subcontractor facility.

(b) The Government shall perform quality assurance at the subcontract level when—

(1) The item is to be shipped from the subcontractor's plant to the using activity and inspection at source is required;

(2) The conditions for quality assurance at source are applicable (see 46.402);

(3) The contract specifies that certain quality assurance functions, which can be performed only at the subcontractor's plant, are to be performed by the Government; or

(4) It is otherwise required by the contract or determined to be in the Government's interest.

(c) Supplies or services for which certificates, records, reports, or similar evidence of quality are available at the

prime contractor's plant shall not be inspected at the subcontractor's plant, except occasionally to verify this evidence or when required under (b) of this section.

(d) All oral and written statements and contract terms and conditions relating to Government quality assurance actions at the subcontract level shall be worded so as not to—

(1) Affect the contractual relationship between the prime contractor and the Government, or between the prime contractor and the subcontractor;

(2) Establish a contractual relationship between the Government and the subcontractor; or

(3) Constitute a waiver of the Government's right to accept or reject the supplies or services.

46.406 Foreign governments.

Government contract quality assurance performed for foreign governments or international agencies shall be administered according to the foreign policy and security objectives of the United States. Such support shall be furnished only when consistent with or required by legislation, executive orders, or agency policies concerning mutual international programs.

46.407 Nonconforming supplies or services.

(a) Contracting officers should reject supplies or services not conforming in all respects to contract requirements (see 46.102). In those instances where deviation from this policy is found to be in the Government's interest, such supplies or services may be accepted only as authorized in this section.

(b) Contractors ordinarily shall be given an opportunity to correct or replace nonconforming supplies or services when this can be accomplished within the required delivery schedule. Unless the contract specifies otherwise (as may be the case in some cost-reimbursement contracts), correction or replacement shall be without additional cost to the Government. Subparagraph (e)(2) of the clause at 52.246-2, Inspection of Supplies—Fixed-Price, reserves to the Government the right to charge the contractor the cost of Government reinspection and retests because of prior rejection.

(c)(1) In situations not covered by paragraph (b) of this section, the contracting officer shall ordinarily reject supplies or services when the nonconformance is critical or major. However, there may be circumstances (*e.g.*, reasons of economy or urgency) when acceptance of such supplies or services is determined by the contracting officer to be in the Government's interest. The contracting officer shall make this determination based upon—

(i) Advice of the technical activity that the material is safe to use, and will perform its intended purpose;

(ii) Information regarding the nature and extent of the nonconformance;

(iii) A request from the contractor for acceptance of the supplies or services (if feasible);

(iv) A recommendation for acceptance or rejection, with supporting rationale; and

(v) The contract adjustment considered appropriate, including any adjustment offered by the contractor.

(2) The cognizant contract administration office, or other Government activity directly involved, shall furnish this data to the contracting officer in writing, except that in urgent cases it may be furnished orally and later confirmed in writing. Before making a decision to accept, the contracting officer shall obtain the concurrence of the activity responsible for the technical requirements of the contract and, where health factors are involved, of the responsible health official of the agency concerned.

(d) If the nonconformance is minor, the cognizant contract administration office may make the determination to accept or reject, except where this authority is withheld by the contracting office of the contracting activity. To assist in making this determination, the contract administration office may establish a joint contractor-contract administrative office review group. Acceptance of supplies and services with critical or major nonconformances is outside the scope of the review group.

(e) Contracting officers shall discourage the repeated tender of nonconforming supplies or services, including those with only minor nonconformances, by appropriate action, such as rejection and documenting the contractor's performance record.

(f) Each contract under which supplies or services with critical or major nonconformances are accepted as authorized in paragraph (c) of this section shall be modified to provide for an equitable price reduction or other consideration. For services, the contracting officer can consider identifying the value of the individual work requirements or tasks (subdivisions) that may be subject to price or fee reduction. This value may be used to determine an equitable adjustment for nonconforming services. However, when supplies or services involving minor nonconformances are accepted, the contract shall not be modified unless—

(1) It appears that the savings to the contractor in fabricating the nonconforming supplies or performing the nonconforming services will exceed the cost to the Government of processing the modification, or

(2) The Government's interests otherwise require a contract modification.

(g) Notices of rejection shall include the reasons for rejection and be furnished promptly to the contractor.

EQUAL LOW BIDS (OCT 1995)

If the bidder wishes to be considered for this priority, the bidder must identify, in the following space, the LSA in which the costs to be incurred on account of manufacturing or production (by the bidder or the first-tier subcontractors) amount to more than 50 percent of the contract price.

(c) Failure to identify the labor surplus areas as specified in paragraph (b) of this provision will preclude the bidder from receiving priority consideration. If the bidder is awarded a contract as a result of receiving priority consideration under this provision and would not have otherwise received award, the bidder shall perform the contract or cause the contract to be performed in accordance with the obligations of an LSA concern.

(End of provision)

52.219-3 Notice of Total HUBZone Set-Aside.

(2) Supplies (other than acquisition from a non-manufacturer of the supplies), at least 50 percent of the cost of manufacturing, excluding the cost of materials, will be performed by the concern or other HUBZone small business concerns;

(e) A HUBZone small business concern nonmanufacturer agrees to furnish in performing this contract only end items manufactured or produced by HUBZone small business manufacturer concerns. This paragraph does not apply in connection with construction or service contracts.

(End of clause)

52.219-4 Notice of Price Evaluation Preference for HUBZone Small Business Concerns.

(iv) Otherwise successful offers where application of the factor would be inconsistent with a Memorandum of Understanding or other international agreement with a foreign government.

(2) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors described in the solicitation shall be applied before application of the factor.

(3) A concern that is both a HUBZone small business concern and a small disadvantaged business concern will receive the benefit of both the HUBZone small business price evaluation preference and the small disadvantaged business price evaluation adjustment (see FAR clause 52.219-23). Each applicable price evaluation preference or adjustment shall be calculated independently against an offeror's base offer. These individual preference amounts shall be added together to arrive at the total evaluated price for that offer.

(c) *Waiver of evaluation preference.* A HUBZone small business concern may elect to waive the evaluation preference, in which case the factor will be added to its offer for

evaluation purposes. The agreements in paragraph (d) of this clause do not apply if the offeror has waived the evaluation preference.

(f) A HUBZone small business concern nonmanufacturer agrees to furnish in performing this contract only end items manufactured or produced by HUBZone small business manufacturer concerns. This paragraph does not apply in connection with construction or service contracts.

(End of clause)

52.219-5 [Reserved]

52.219-6 Notice of Total Small Business Set-Aside.

As prescribed in 19.508(c), insert the following clause:

NOTICE OF TOTAL SMALL BUSINESS SET-ASIDE (JUL 1996)

(a) *Definition.* "Small business concern," as used in this clause, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(b) *General.* (1) Offers are solicited only from small business concerns. Offers received from concerns that are not small business concerns shall be considered nonresponsive and will be rejected.

(2) Any award resulting from this solicitation will be made to a small business concern.

If this procurement is processed under simplified acquisition procedures and the total amount of this contract does not exceed \$25,000, a small business concern may furnish the product of any domestic firm. This paragraph does not apply in connection with construction or service contracts.

(End of clause)

Alternate 1 (Oct 1995). When the acquisition is for a product in a class for which the Small Business Administration has determined that there are no small business manufacturers or processors in the Federal market in accordance with 19.502-2(c), delete paragraph (c).

52.219-7 Notice of Partial Small Business Set-Aside.

As prescribed in 19.508(d), insert the following clause:

NOTICE OF PARTIAL SMALL BUSINESS SET-ASIDE (JUL 1996)

(a) *Definitions.* "Small business concern", as used in this clause, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(b) *General.* (1) A portion of this requirement, identified elsewhere in this solicitation, has been set aside for award to one or more small business concerns.

(2) Offers on the non-set-aside portion will be evaluated first and award will be made on that portion in accordance with the provisions of this solicitation.

(3) The set-aside portion will be awarded at the highest unit price(s) in the contract(s) for the non-set-aside portion, adjusted to reflect transportation and other costs appropriate for the selected contractor(s).

(4) The contractor(s) for the set-aside portion will be selected from among the small business concerns that submitted responsive offers on the non-set-aside portion. Negotiations will be conducted with the concern that submitted the lowest responsive offer on the non-set-aside portion. If the negotiations are not successful or if only part

of the set-aside portion is awarded to that concern, negotiations will be conducted with the concern that submitted the second-lowest responsive offer on the non-set-aside portion. This process will continue until a contract or contracts are awarded for the entire set-aside portion.

(5) The Government reserves the right to not consider token offers or offers designed to secure an unfair advantage over other offerors eligible for the set-aside portion.

(c) *Agreement.* For the set-aside portion of the acquisition, a small business concern submitting an offer in its own name agrees to furnish, in performing the contract, only end items manufactured or produced by small business concerns in the United States. The term "United States" includes its territories and possessions, the Commonwealth of Puerto Rico, the trust territory of the Pacific Islands, and the District of Columbia. This paragraph does not apply in connection with construction or service contracts.

(End of clause)

Alternate 1 (Oct 1995). When the acquisition is for a product in a class for which the Small Business Administration has determined that there are no small business manufacturers or processors in the Federal market in accordance with 19.502-2(c), delete paragraph (c).

52.219-8 Utilization of Small Business Concerns.

As prescribed in 19.708(a), insert the following clause:

UTILIZATION OF SMALL BUSINESS CONCERNS (JAN 1999)

(a) It is the policy of the United States that small business concerns, HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women.

(b) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor

further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Contractor's compliance with this clause.

(c) *Definitions.* As used in this contract—

(1) "Small business concern" means a small business as defined pursuant to section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto.

(2) "HUBZone small business concern" means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.

(3) "Small business concern owned and controlled by socially and economically disadvantaged individuals" means a small business concern that represents, as part of its offer, that it meets the definition of a small disadvantaged business concern in 13 CFR 124.1002.

(4) "Small business concern owned and controlled by women" means a small business concern—

(i) Which is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(ii) Whose management and daily business operations are controlled by one or more women; and

(d) Contractors acting in good faith may rely on written representations by their subcontractors regarding their status as a small business concern, a HUBZone small business concern, a small business concern owned and controlled by socially and economically disadvantaged individuals, or a small business concern owned and controlled by women.

(End of clause)

52.219-9 Small Business Subcontracting Plan.

As prescribed in 19.708(b), insert the following clause:

SMALL BUSINESS SUBCONTRACTING PLAN (JAN 1999)

(a) This clause does not apply to small business concerns.

(b) *Definitions.* As used in this clause—

"Commercial item" means a product or service that satisfies the definition of commercial item in section 2.101 of the Federal Acquisition Regulation.

"Commercial plan" means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (e.g., division, plant, or product line).

"Individual contract plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master plan" means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

(c) The offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, HUBZone small business concerns, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the offeror ineligible for award of a contract.

(d) The offeror's subcontracting plan shall include the following:

(1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, HUBZone small business, small disadvantaged

business, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs.

(2) A statement of—

(i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns;

(iii) Total dollars planned to be subcontracted to HUBZone small business concerns;

(iv) Total dollars planned to be subcontracted to small disadvantaged business concerns; and

(v) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to—

(i) Small business concerns;

(ii) HUBZone small business concerns;

(iii) Small disadvantaged business concerns; and

(iv) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.*, existing company source lists, the Procurement Marketing and Access Network (PRO-Net) of the Small Business Administration (SBA), the list of certified small disadvantaged business concerns of the SBA, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in PRO-Net as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small and women-owned small business source list. A firm shall rely on the information contained in SBA's list of small disadvantaged business concerns as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small disadvantaged business source list. Use of PRO-Net and/or the SBA list of small disadvantaged business concerns as its source lists does not relieve a firm of its responsibilities (*e.g.*, outreach, assistance, counseling, publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals,

and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

(i) Small business concerns;

(ii) HUBZone small business concerns;

(iii) Small disadvantaged business concerns; and

(iv) Women-owned small business concerns.

(7) The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the offeror will make to assure that small business, HUBZone small business, small disadvantaged business and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of \$500,000 (\$1,000,000 for construction of any public facility) to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;

(iii) Submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or SF 295, Summary Subcontract Report, in accordance with the instructions on the forms or as provided in agency regulations and in paragraph (j) of this clause; and

(iv) Ensure that its subcontractors agree to submit SF 294 and SF 295.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.*, PRO-Net), guides, and other data that identify small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than \$100,000, indicating—

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether HUBZone small business concerns were solicited and, if not, why not;

(C) Whether small disadvantaged business concerns were solicited and, if not, why not;

(D) Whether women-owned small business concerns were solicited and, if not, why not; and

(E) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact—

(A) Trade associations;

(B) Business development organizations; and

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, and women-owned small business sources.

(v) Records of internal guidance and encouragement provided to buyers through—

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, HUBZone small, small disadvantaged, or

women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(f) A master plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided—

(1) The master plan has been approved;

(2) The offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Commercial plans are also preferred for subcontractors that provide commercial items under a prime contract, whether or not the prime contractor is supplying a commercial item.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) The failure of the Contractor or subcontractor to comply in good faith with—

(1) The clause of this contract entitled "Utilization Of Small Business Concerns;" or

(2) An approved plan required by this clause, shall be a material breach of the contract.

(j) The Contractor shall submit the following reports:

(1) *Standard Form 294, Subcontracting Report for Individual Contracts*. This report shall be submitted to the Contracting Officer semiannually and at contract completion. The report covers subcontract award data related to this contract. This report is not required for commercial plans.

(2) *Standard Form 295, Summary Subcontract Report*. This report encompasses all the contracts with the awarding agency. It must be submitted semi-annually for contracts with the Department of Defense and annually for contracts with civilian agencies. If the reporting activity is covered by a commercial plan, the reporting activity must report annually all subcontract awards under that plan. All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a breakout, in the Contractor's format, of subcontract awards, in whole

52.219-10

dollars, to small disadvantaged business concerns by Standard Industrial Classification (SIC) Major Group. For a commercial plan, the Contractor may obtain from each of its subcontractors a predominant SIC Major Group and report all awards to that subcontractor under its predominant SIC Major Group.

(End of clause)

Alternate I (Jan 1999). When contracting by sealed bidding rather than by negotiation, substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The apparent low bidder, upon request by the Contracting Officer, shall submit a subcontracting plan, where applicable, that separately addresses subcontracting with small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the bidder is submitting an individual contract plan, the plan must separately address subcontracting with small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be submitted within the time specified by the Contracting Officer. Failure to submit the subcontracting plan shall make the bidder ineligible for the award of a contract.

Alternate II (Jan 1999). As prescribed in 19.708(b)(1), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) Proposals submitted in response to this solicitation shall include a subcontracting plan that separately addresses subcontracting with small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate a subcontracting plan shall make the offeror ineligible for award of a contract.

52.219-10 Incentive Subcontracting Program.

As prescribed in 19.708(c)(1), insert the following clause:

INCENTIVE SUBCONTRACTING PROGRAM (JAN 1999)

(a) Of the total dollars it plans to spend under subcontracts, the Contractor has committed itself in its subcontracting plan to try to award certain percentages to small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, respectively.

(b) If the Contractor exceeds its subcontracting goals for small business, HUBZone small business and women-owned small business concerns in performing this contract, it will receive _____ [insert the appropriate number between 0 and 10] percent of the dollars in excess of each goal in the plan, unless the Contracting Officer determines that the excess was not due to the Contractor's efforts (e.g., a subcontractor cost overrun caused the actual subcontract amount to exceed that estimated in the subcontracting plan, or the award of subcontracts that had been planned but had not been disclosed in the subcontracting plan during contract negotiations). Determinations made under this paragraph are not subject to the Disputes clause.

(c) If this is a cost-plus-fixed-fee contract, the sum of the fixed fee and the incentive fee earned under this contract may not exceed the limitations in 15.404-4 of the Federal Acquisition Regulation.

(End of clause)

(b) That in the event SBA does not award a subcontract for all or a part of the work hereunder, this contract may be terminated either in whole or in part without cost to either party.

the subcontract for default or for the convenience of the Government.

(d) That payments to be made under any subcontract awarded under this contract will be made directly to the subcontractor by the _____ [*insert name of contracting agency*].

(End of clause)

(4) That it will notify the _____ [*insert name of contracting agency*] Contracting Officer in writing immediately upon entering an agreement (either oral or written) to transfer all or part of its stock or other ownership interest to any other party.

(c) Payments, including any progress payments under this subcontract, will be made directly to the subcontractor by the _____ [*insert name of contracting agency*].

(End of clause)

52.219-13 [Reserved]

52.219-14 Limitations on Subcontracting.

(b) If the Contractor exceeds its total monetary target for subcontracting to small disadvantaged business concerns in the authorized SIC Major Groups, it will receive _____ [Contracting Officer to insert the appropriate number between 0 and 10] percent of the dollars in excess of the monetary target, unless the Contracting Officer determines that the excess was not due to the

Contractor's efforts (e.g., a subcontractor cost overrun caused the actual subcontract amount to exceed that estimated in the offer, or the excess was caused by the award of subcontracts that had been planned but had not been disclosed in the offer during contract negotiations). Determinations made under this paragraph are not subject to the Disputes clause of this contract.

(c) If this is a cost-plus-fixed-fee contract, the sum of the fixed fee and the incentive fee earned under this contract may not exceed the limitations in subsection 15.404-4 of the Federal Acquisition Regulation.

If the Contractor performs construction work in a geographical area located outside of the covered area, the Contractor shall apply the goals established for the geographical area where the work is actually performed. Goals are published periodically in the *Federal Register* in notice form, and these notices may be obtained from any Office of Federal Contract Compliance Programs office.

(c) The Contractor's compliance with Executive Order 11246, as amended, and the regulations in 41 CFR 60-4 shall be based on (1) its implementation of the Equal Opportunity clause, (2) specific affirmative action obligations required by the clause entitled "Affirmative Action Compliance Requirements for Construction," and (3) its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade. The Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor, or from project to project, for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, Executive Order 11246, as amended, and the regulations in 41 CFR 60-4. Compliance with the goals will be measured against the total work hours performed.

(d) The Contractor shall provide written notification to the Deputy Assistant Secretary for Federal Contract Compliance, U.S. Department of Labor, within 10 working days following award of any construction subcontract in excess of \$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the—

- (1) Name, address, and telephone number of the subcontractor;
- (2) Employer's identification number of the subcontractor;
- (3) Estimated dollar amount of the subcontract;
- (4) Estimated starting and completion dates of the subcontract; and

(e) As used in this Notice, and in any contract resulting from this solicitation, the "covered area" is _____
[Contracting Officer shall insert description of the geo-

graphical areas where the contract is to be performed, giving the state, county, and city].

(End of provision)

52.222-24 Preaward On-Site Equal Opportunity Compliance Evaluation.

As prescribed in 22.810(c), insert the following provision:

PREAWARD ON-SITE EQUAL OPPORTUNITY COMPLIANCE EVALUATION (FEB 1999)

If a contract in the amount of \$10 million or more will result from this solicitation, the prospective Contractor and its known first-tier subcontractors with anticipated subcontracts of \$10 million or more shall be subject to a preaward compliance evaluation by the Office of Federal Contract Compliance Programs (OFCCP), unless, within the preceding 24 months, OFCCP has conducted an evaluation and found the prospective Contractor and subcontractors to be in compliance with Executive Order 11246.

(End of provision)

52.222-25 Affirmative Action Compliance.

As prescribed in 22.810(d), insert the following provision:

AFFIRMATIVE ACTION COMPLIANCE (APR 1984)

The offeror represents that—

(a) It has developed and has on file, has not developed and does not have on file, at each establishment, affirmative action programs required by the rules and regulations of the Secretary of Labor (41 CFR 60-1 and 60-2); or

(b) It has not previously had contracts subject to the written affirmative action programs requirement of the rules and regulations of the Secretary of Labor.

(End of provision)

52.222-26 Equal Opportunity.

As prescribed in 22.810(e), insert the following clause:

EQUAL OPPORTUNITY (FEB 1999)

(a) If, during any 12-month period (including the 12 months preceding the award of this contract), the Contractor has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of \$10,000, the Contractor shall comply with subparagraphs

(b)(1) through (11) of this clause. Upon request, the

Contractor shall provide information necessary to determine the applicability of this clause.

(b) During performance of this contract, the Contractor agrees as follows:

(1) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. However, it shall not be a violation of this clause for the Contractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5.

(2) The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to—

- (i) Employment;
- (ii) Upgrading;
- (iii) Demotion;
- (iv) Transfer;
- (v) Recruitment or recruitment advertising;
- (vi) Layoff or termination;
- (vii) Rates of pay or other forms of compensation; and

(viii) Selection for training, including apprenticeship.

(3) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.

(4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(5) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.

(6) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.

(7) The Contractor shall furnish to the contracting agency all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. The Contractor shall also file Standard Form 100 (EEO-1), or any successor form, as prescribed in

41 CFR part 60-1. Unless the Contractor has filed within the 12 months preceding the date of contract award, the Contractor shall, within 30 days after contract award, apply to either the regional Office of Federal Contract Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.

(8) The Contractor shall permit access to its premises, during normal business hours, by the contracting agency or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Contractor shall permit the Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.

(9) If the OFCCP determines that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as provided in Executive Order 11246, as amended; in the rules, regulations, and orders of the Secretary of Labor; or as otherwise provided by law.

(10) The Contractor shall include the terms and conditions of subparagraphs (b)(1) through (11) of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.

(11) The Contractor shall take such action with respect to any subcontract or purchase order as the Contracting Officer may direct as a means of enforcing these terms and conditions, including sanctions for non-compliance, provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

(c) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1.

(End of clause)

Alternate I (Feb 1999). As prescribed in 22.810(e), add the following as a preamble to the clause:

NOTICE: The following terms of this clause are waived for this contract: _____ [*Contracting Officer shall list terms*].

52.222-27 Affirmative Action Compliance Requirements for Construction.

As prescribed in 22.810(f), insert the following clause:

AFFIRMATIVE ACTION COMPLIANCE REQUIREMENTS FOR CONSTRUCTION (FEB 1999)

(a) *Definitions.* "Covered area," as used in this clause, means the geographical area described in the solicitation for this contract.

"Deputy Assistant Secretary," as used in this clause, means the Deputy Assistant Secretary for Federal Contract Compliance, U.S. Department of Labor, or a designee

"Employer's identification number," as used in this clause, means the Federal Social Security number used on the employer's quarterly Federal tax return, U.S. Treasury Department Form 941.

"Minority," as used in this clause, means—

(1) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

(2) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands);

(3) Black (all persons having origins in any of the black African racial groups not of Hispanic origin); and

(4) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race).

(b) If the Contractor, or a subcontractor at any tier, subcontracts a portion of the work involving any construction trade, each such subcontract in excess of \$10,000 shall include this clause and the Notice containing the goals for minority and female participation stated in the solicitation for this contract.

(c) If the Contractor is participating in a Hometown Plan (41 CFR 60-4) approved by the U.S. Department of Labor in a covered area, either individually or through an association, its affirmative action obligations on all work in the plan area (including goals) shall comply with the plan for those trades that have unions participating in the plan. Contractors must be able to demonstrate participation in, and compliance with, the provisions of the plan. Each Contractor or subcontractor participating in an approved plan is also required to comply with its obligations under the Equal Opportunity clause, and to make a good faith effort to achieve each goal under the plan in each trade in which it

has employees. The overall good-faith performance by other Contractors or subcontractors toward a goal in an approved plan does not excuse any Contractor's or subcontractor's failure to make good-faith efforts to achieve the plan's goals.

(d) The Contractor shall implement the affirmative action procedures in subparagraphs (g)(1) through (16) of this clause. The goals stated in the solicitation for this contract are expressed as percentages of the total hours of employment and training of minority and female utilization that the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for the geographical area where that work is actually performed. The Contractor is expected to make substantially uniform progress toward its goals in each craft.

(e) Neither the terms and conditions of any collective bargaining agreement, nor the failure by a union with which the Contractor has a collective bargaining agreement, to refer minorities or women shall excuse the Contractor's obligations under this clause, Executive Order 11246, as amended, or the regulations thereunder.

(f) In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

(g) The Contractor shall take affirmative action to ensure equal employment opportunity. The evaluation of the Contractor's compliance with this clause shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully and implement affirmative action steps at least as extensive as the following:

(1) Ensure a working environment free of harassment, intimidation, and coercion at all sites and in all facilities where the Contractor's employees are assigned to work. The Contractor, if possible, will assign two or more women to each construction project. The Contractor shall ensure that foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at these sites or facilities.

(2) Establish and maintain a current list of sources for minority and female recruitment. Provide written notification to minority and female recruitment sources and

community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.

(3) Establish and maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant, referrals of minorities or females from unions, recruitment sources, or community organizations, and the action taken with respect to each individual. If an individual was sent to the union hiring hall for referral and not referred back to the Contractor by the union or, if referred back, not employed by the Contractor, this shall be documented in the file, along with whatever additional actions the Contractor may have taken.

(4) Immediately notify the Deputy Assistant Secretary when the union or unions with which the Contractor has a collective bargaining agreement has not referred back to the Contractor a minority or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

(5) Develop on-the-job training opportunities and/or participate in training programs for the area that expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under subparagraph (g)(2) of this clause.

(6) Disseminate the Contractor's equal employment policy by—

(i) Providing notice of the policy to unions and to training, recruitment, and outreach programs, and requesting their cooperation in assisting the Contractor in meeting its contract obligations;

(ii) Including the policy in any policy manual and in collective bargaining agreements;

(iii) Publicizing the policy in the company newspaper, annual report, etc.;

(iv) Reviewing the policy with all management personnel and with all minority and female employees at least once a year; and

(v) Posting the policy on bulletin boards accessible to employees at each location where construction work is performed.

(7) Review, at least annually, the Contractor's equal employment policy and affirmative action obligations with all employees having responsibility for hiring, assignment, layoff, termination, or other employment decisions. Conduct review of this policy with all on-site supervisory personnel before initiating construction work at a job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

(8) Disseminate the Contractor's equal employment policy externally by including it in any advertising in the news media, specifically including minority and female news media. Provide written notification to, and discuss this policy with, other Contractors and subcontractors with which the Contractor does or anticipates doing business.

(9) Direct recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students, and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than 1 month before the date for acceptance of applications for apprenticeship or training by any recruitment source, send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

(10) Encourage present minority and female employees to recruit minority persons and women. Where reasonable, provide after-school, summer, and vacation employment to minority and female youth both on the site and in other areas of the Contractor's workforce.

(11) Validate all tests and other selection requirements where required under 41 CFR 60-3.

(12) Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities. Encourage these employees to seek or to prepare for, through appropriate training, etc., opportunities for promotion.

(13) Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment-related activities to ensure that the Contractor's obligations under this contract are being carried out.

(14) Ensure that all facilities and company activities are nonsegregated except that separate or single-user rest rooms and necessary dressing or sleeping areas shall be provided to assure privacy between the sexes.

(15) Maintain a record of solicitations for subcontracts for minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

(16) Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's equal employment policy and affirmative action obligations.

(h) The Contractor is encouraged to participate in voluntary associations that may assist in fulfilling one or more of the affirmative action obligations contained in subparagraphs (g)(1) through (16) of this clause. The efforts of a contractor association, joint contractor-union, contractor-community, or similar group of which the contractor is a

member and participant may be asserted as fulfilling one or more of its obligations under subparagraphs (g)(1) through (16) of this clause, provided, the Contractor—

(1) Actively participates in the group;

(2) Makes every effort to ensure that the group has a positive impact on the employment of minorities and women in the industry;

(3) Ensures that concrete benefits of the program are reflected in the Contractor's minority and female workforce participation;

(4) Makes a good-faith effort to meet its individual goals and timetables; and

(5) Can provide access to documentation that demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply is the Contractor's, and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

(i) A single goal for minorities and a separate single goal for women shall be established. The Contractor is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and nonminority. Consequently, the Contractor may be in violation of Executive Order 11246, as amended, if a particular group is employed in a substantially disparate manner.

(j) The Contractor shall not use goals or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

(k) The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts under Executive Order 11246, as amended.

(l) The Contractor shall carry out such sanctions and penalties for violation of this clause and of the Equal Opportunity clause, including suspension, termination, and cancellation of existing subcontracts, as may be imposed or ordered under Executive Order 11246, as amended, and its implementing regulations, by the OFCCP. Any failure to carry out these sanctions and penalties as ordered shall be a violation of this clause and Executive Order 11246, as amended.

(m) The Contractor in fulfilling its obligations under this clause shall implement affirmative action procedures at least as extensive as those prescribed in paragraph (g) of this clause, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of Executive Order 11246, as amended, the implementing regulations, or this clause, the Deputy Assistant Secretary shall take action as prescribed in 41 CFR 60-4.8.

(n) The Contractor shall designate a responsible official to—

(1) Monitor all employment-related activity to ensure that the Contractor's equal employment policy is being carried out;

(2) Submit reports as may be required by the Government; and

(3) Keep records that shall at least include for each employee the name, address, telephone number, construction trade, union affiliation (if any), employee identification number, social security number, race, sex, status (*e.g.*, mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; *however*, to the degree that existing records satisfy this requirement, separate records are not required to be maintained.

(o) Nothing contained herein shall be construed as a limitation upon the application of other laws that establish different standards of compliance or upon the requirements for the hiring of local or other area residents (*e.g.*, those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

(End of clause)

52.222-28 [Reserved].

52.222-29 Notification of Visa Denial.

As prescribed in 22.810(g), insert the following clause:

NOTIFICATION OF VISA DENIAL (FEB 1999)

It is a violation of Executive Order 11246, as amended, for a Contractor to refuse to employ any applicant or not to assign any person hired in the United States, on the basis that the individual's race, color, religion, sex, or national origin is not compatible with the policies of the country where the work is to be performed or for whom the work will be performed (41 CFR 60-1.10). The Contractor agrees to notify the U.S. Department of State, Assistant Secretary, Bureau of Political-Military Affairs (PM), 2201 C Street NW, Room 7325, Washington, DC 20520, and the U.S. Department of Labor, Deputy Assistant Secretary for Federal Contract Compliance, when it has knowledge of any employee or potential employee being denied an entry visa to a country in which the Contractor is required to perform this contract, and it believes the denial is attributable to the race, color, religion, sex, or national origin of the employee or potential employee.

(End of clause)

52.222-30—52.222-34 [Reserved]

52.222-35 Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era.

As prescribed in 22.1308(a)(1), insert the following clause:

AFFIRMATIVE ACTION FOR DISABLED VETERANS AND VETERANS OF THE VIETNAM ERA (APR 1998)

(a) *Definitions.* As used in this clause—

“All employment openings” includes all positions except executive and top management, those positions that will be filled from within the contractor's organization, and positions lasting 3 days or less. This term includes full-time employment, temporary employment of more than 3 days' duration, and part-time employment.

“Appropriate office of the State employment service system” means the local office of the Federal-State national system of public employment offices with assigned responsibility to serve the area where the employment opening is to be filled, including the District of Columbia, Guam, the Commonwealth of Puerto Rico, and the Virgin Islands.

“Positions that will be filled from within the Contractor's organization” means employment openings for which no consideration will be given to persons outside the Contractor's organization (including any affiliates, subsidiaries, and parent companies) and includes any openings that the Contractor proposes to fill from regularly established “recall” lists. The exception does not apply to a particular opening once an employer decides to consider applicants outside of its organization.

“Veteran of the Vietnam era” means a person who—

(1) Served on active duty for a period of more than 180 days, any part of which occurred between August 5, 1964, and May 7, 1975, and was discharged or released therefrom with other than a dishonorable discharge; or

(2) Was discharged or released from active duty for a service-connected disability if any part of such active duty was performed between August 5, 1964, and May 7, 1975.

(b) *General.* (1) Regarding any position for which the employee or applicant for employment is qualified, the Contractor shall not discriminate against the individual because the individual is a disabled veteran or a veteran of the Vietnam era. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled veterans and veterans of the Vietnam era without discrimination based upon their disability or veterans' status in all employment practices such as—

(i) Employment;

(ii) Upgrading;
 (iii) Demotion or transfer;
 (iv) Recruitment;
 (v) Advertising;
 (vi) Layoff or termination;
 (vii) Rates of pay or other forms of compensation; and
 (viii) Selection for training, including apprenticeship.

(2) The Contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor (Secretary) issued under the Vietnam Era Veterans' Readjustment Assistance Act of 1972 (the Act), as amended.

(c) *Listing openings.* (1) The Contractor agrees to list all employment openings existing at contract award or occurring during contract performance, at an appropriate office of the State employment service system in the locality where the opening occurs. These openings include those occurring at any Contractor facility, including one not connected with performing this contract. An independent corporate affiliate is exempt from this requirement.

(2) State and local government agencies holding Federal contracts of \$10,000 or more shall also list all employment openings with the appropriate office of the State employment service.

(3) The listing of employment openings with the State employment service system is required at least concurrently with using any other recruitment source or effort and involves the obligations of placing a bona fide job order, including accepting referrals of veterans and non-veterans. This listing does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Contractor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.

(4) Whenever the Contractor becomes contractually bound to the listing terms of this clause, it shall advise the State employment service system, in each State where it has establishments, of the name and location of each hiring location in the State. As long as the Contractor is contractually bound to these terms and has so advised the State system, it need not advise the State system of subsequent contracts. The Contractor may advise the State system when it is no longer bound by this contract clause.

(d) *Applicability.* This clause does not apply to the listing of employment openings that occur and are filled outside the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands.

(e) *Postings.* (1) The Contractor agrees to post employment notices stating—

(i) The Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled veterans and veterans of the Vietnam era; and

(ii) The rights of applicants and employees.

(2) These notices shall be posted in conspicuous places that are available to employees and applicants for employment. They shall be in a form prescribed by the Deputy Assistant Secretary for Federal Contract Compliance Programs, Department of Labor (Deputy Assistant Secretary), and provided by or through the Contracting Officer.

(3) The Contractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of the Act, and is committed to take affirmative action to employ, and advance in employment, qualified disabled veterans and veterans of the Vietnam era.

(f) *Noncompliance.* If the Contractor does not comply with the requirements of this clause, appropriate actions may be taken under the rules, regulations, and relevant orders of the Secretary issued pursuant to the Act.

(g) *Subcontracts.* The Contractor shall include the terms of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary. The Contractor shall act as specified by the Deputy Assistant Secretary to enforce the terms, including action for noncompliance.

(End of clause)

Alternate I (Apr 1984). As prescribed in 22.1308(a)(2), add the following as a preamble to the clause:

NOTICE: The following term(s) of this clause are waived for this contract: _____ [List term(s)].

(b) *Postings.* (1) The Contractor agrees to post employment notices stating—

(i) The Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified individuals with disabilities; and

(ii) The rights of applicants and employees.

(2) These notices shall be posted in conspicuous places that are available to employees and applicants for employment. The Contractor shall ensure that applicants and employees with disabilities are informed of the contents of the notice (*e.g.*, the Contractor may have the notice read to a visually disabled individual, or may lower the posted notice so that it might be read by a person in a wheelchair). The notices shall be in a form prescribed by the Deputy Assistant Secretary for Federal Contract Compliance of the U.S. Department of Labor (Deputy Assistant Secretary) and shall be provided by or through the Contracting Officer.

NOTICE: The following term(s) of this clause are waived for this contract: _____ [*List term(s)*].

52.222-37 Employment Reports on Disabled Veterans and Veterans of the Vietnam Era.

As prescribed in 22.1308(b), insert the following clause:

EMPLOYMENT REPORTS ON DISABLED VETERANS AND VETERANS OF THE VIETNAM ERA (JAN 1999)

(a) Unless the Contractor is a State or local government agency, the Contractor shall report at least annually, as required by the Secretary of Labor, on—

(1) The number of disabled veterans and the number of veterans of the Vietnam era in the workforce of the contractor by job category and hiring location; and

(2) The total number of new employees hired during the period covered by the report, and of that total, the number of disabled veterans, and the number of veterans of the Vietnam era.

(b) The above items shall be reported by completing the form entitled “Federal Contractor Veterans’ Employment Report VETS-100.”

(c) Reports shall be submitted no later than September 30 of each year beginning September 30, 1988.

(d) The employment activity report required by paragraph (a)(2) of this clause shall reflect total hires during the most recent 12-month period as of the ending date selected for the employment profile report required by paragraph (a)(1) of this clause. Contractors may select an ending date:

(1) As of the end of any pay period during the period January through March 1st of the year the report is due, or

(e) The count of veterans reported according to paragraph (a) of this clause shall be based on voluntary disclosure. Each Contractor subject to the reporting requirements at 38 U.S.C. 4212 shall invite all disabled veterans and veterans of the Vietnam era who wish to benefit under the affirmative action program at 38 U.S.C. 4212 to identify themselves to the Contractor. The invitation shall state that the information is voluntarily provided; that the information will be kept confidential; that disclosure or refusal to provide the information will not subject the applicant or employee to any adverse treatment; and that the information will be used only in

accordance with the regulations promulgated under 38 U.S.C. 4212.

Land methods of transportation by regulated common carrier are the normal means of transportation used by the Government for shipment within the United States (excluding Alaska and Hawaii). Accordingly, for the purpose of evaluating offers, only these methods will be considered in establishing the cost of transportation between offeror's shipping point and destination (tentative or firm, whichever is applicable) in the United States (excluding Alaska and Hawaii). This transportation cost will be added to the offer price in determining the overall cost of the supplies to the Government. When tentative destinations are indicated, they will be used only for evaluation purposes, the Government having the right to use any other means of transportation or any other destination at the time of shipment.

(End of provision)

52.247-48 F.o.b. Destination—Evidence of Shipment.

As prescribed in 47.305-4(c), insert the following clause:

(End of provision)

52.247-50 No Evaluation of Transportation Costs.

As prescribed in 47.305-5(c)(1), insert the following provision in solicitations when exact destinations are not known and it is impractical to establish tentative or general delivery places for the purpose of evaluating transportation costs:

NO EVALUATION OF TRANSPORTATION COSTS (APR 1984)

Costs of transporting supplies to be delivered under this contract will not be an evaluation factor for award.

(End of provision)

52.247-51 Evaluation of Export Offers.

As prescribed in 47.305-6(e), insert the following provision:

EVALUATION OF EXPORT OFFERS (FEB 1995)

(a) *Port handling and ocean charges—other than DOD water terminals.* Port handling and ocean charges in tariffs on file with the Bureau of Domestic Regulation, Federal Maritime Commission, or other appropriate regulatory authorities as of the date of bid opening (or the closing date specified for receipt of offers) and which will be effective for the date of the expected initial shipment will be used in the evaluation of offers.

(b) *F.o.b. origin, transportation under Government bill of lading.* (1) Offers shall be evaluated and awards made on the basis of the lowest laid down cost to the Government at the overseas port of discharge, via methods and ports compatible with required delivery dates and conditions affecting transportation known at the time of evaluation. Included in this evaluation, in addition to the f.o.b. origin price of the item, shall be the inland transportation costs from the point of origin in the United States to the port of loading, port handling charges at the port of loading, and ocean shipping costs from the United States port of loading (see paragraph (d) of this clause) to the overseas port of discharge. The Government may designate the mode of routing of shipment and may load from other than those ports specified for evaluation purposes.

(2) Offers shall be evaluated on the basis of shipment through one of the ports set forth in paragraph (d) of this clause to the overseas port of discharge. Evaluation shall be made on the basis of shipment through the port that will result in the lowest cost to the Government.

(3) Ports of loading shall be considered as destinations within the meaning of the term "f.o.b. destination" as that term is used in the F.o.b. Origin clause of this contract.

(c) *F.o.b. port of loading with inspection and acceptance at origin*—(1) F.o.b. port of loading with inspection and acceptance at origin. Offers shall be evaluated on the basis of the lowest laid down cost to the Government at the overseas port of discharge via methods compatible with required delivery dates and conditions affecting transportation known at the time of evaluation. Included in this evaluation, in addition to the price to the United States port of loading (see paragraph (c)(2) of this clause), shall be the port handling charges at the port of loading and the ocean shipping cost from the port of loading (see paragraph (d) of this clause) to the overseas port of discharge.

(2) Unless offers are applicable only to f.o.b. origin delivery under Government bills of lading (see paragraph (b) above), offerors shall designate below at least one of the ports of loading listed in paragraph (d) of this clause as their place of delivery. Failure to designate at least one of the ports as the point to which delivery will be made by the Contractor may render the offer nonresponsive.

PLACE OF DELIVERY: _____
 [Offerors insert at least one of the ports listed in paragraph (d) of this clause.]

(d) *Ports of loading for evaluation of offers.* Terminals to be used by the Government in evaluating offers are as follows: (For the information of the offerors, ocean and port handling charges are set forth if the terminal named is a DOD water terminal.)

PORTS/TERMINALS OF LOADING	COMBINED OCEAN AND PORT HANDLING CHARGES TO (INDICATE COUNTRY)	UNIT OF MEASURE: I.E. METRIC TON, MEASUREMENT TON, CUBIC FOOT, ETC.
_____	_____	_____
_____	_____	_____
_____	_____	_____

(e) *Ports of loading nominated by offeror.* The ports of loading named in paragraph (d) of this clause are considered by the Government to be appropriate for this solicitation due to their compatibility with methods and facilities required to handle the cargo and types of vessels and to meet the required overseas delivery dates. Notwithstanding the foregoing, offerors may nominate additional ports of loading that the offeror considers to be more favorable to the Government. The Government may disregard such nominated ports if, after considering the quantity and nature of the supplies concerned, the requisite cargo handling capability,

the available sailings on U.S.-flag vessels, and other pertinent transportation factors, it determines that use of the nominated ports is not compatible with the required overseas delivery date. United States Great Lakes ports of loading may be considered in the evaluation of offer only for those items scheduled in this provision for delivery during the ice-free or navigable period as proclaimed by the authorities of the St. Lawrence Seaway (normal period is between April 15 and November 30 annually). All ports named, including those nominated by offerors and determined to be eligible as provided in this provision, shall be considered in evaluating all offers received in order to establish the lowest laid down cost to the Government at the overseas port of discharge. All determinations shall be based on availability of ocean services by U.S.-flag vessels only. Additional U.S. port(s) of loading nominated by offeror, if any: _____

(f) *Price basis.* Offeror shall indicate whether prices are based on—

- Paragraph (b), f.o.b. origin, transportation by GBL to port listed in paragraph (d);
- Paragraph (c), f.o.b. destination (i.e., a port listed in paragraph (d));
- Paragraph (e), f.o.b. origin, transportation by GBL to port nominated in paragraph (e); and/or
- Paragraph (e), f.o.b. destination (i.e., a port nominated in paragraph (e)).

(End of provision)

Alternate I (Feb 1995). When the CONUS ports of export are DOD water terminals, delete paragraph (a) from the basic provision and substitute for it the following paragraph (a):

(a) *Port handling and ocean charges—DOD water terminals.* The port handling and ocean charges are set forth in paragraph (d) of this provision for the information of offerors and are current as of the time of issuance of the solicitation. For evaluation of offers, the Government will use the port handling and ocean charges made available by the Directorate of International Traffic, Military Traffic Management Command rate information letters, on file as of the date of bid opening (or the closing date specified for receipt of offers) and which will be effective for the date of the expected initial shipment.

Alternate II (Apr 1984). When offers are solicited on an f.o.b. origin only basis, delete paragraphs (c) and (f) from the basic provision, but do not redesignate the ensuing paragraphs. Add the following basic paragraph (g) to the provision:

(g) Paragraphs (c) and (f) have been deleted but ensuing paragraphs have not been redesignated.

53.001 Definitions.

“Exception,” as used in this part, means an approved departure from the established design, content, printing specifications, or conditions for use of any standard form.

Subpart 53.1—General

53.100 Scope of subpart.

This subpart contains requirements and information generally applicable to the forms prescribed in this regulation.

53.101 Requirements for use of forms.

The requirements for use of the forms prescribed or referenced in this part are contained in Parts 1 through 52, where the subject matter applicable to each form is addressed. The specific location of each requirement is identified in Subpart 53.2.

53.102 Current editions.

The form prescriptions in Subpart 53.2 and the illustrations in Subpart 53.3 contain current edition dates. Contracting officers shall use the current editions unless otherwise authorized under this regulation.

53.103 Exceptions.

Agencies shall not—

- (a) Alter a standard form prescribed by this regulation; or
- (b) Use for the same purpose any form other than the standard form prescribed by this regulation without receiving in advance an exception to the form.

53.104 Overprinting.

Standard and optional forms (obtained as required by 53.107) may be overprinted with names, addresses, and other uniform entries that are consistent with the purpose of the form and that do not alter the form in any way. Exception approval for overprinting is not needed.

53.105 Computer generation.

(a) Agencies may computer-generate the Standard and Optional Forms prescribed in the FAR without exception approval (see 53.103), provided—

- (1) The form is in an electronic format that complies with Federal Information Processing Standard Number 161; or
- (2) There is no change to the name, content, or sequence of the data elements, and the form carries the Standard or Optional Form number and edition date.

(b) The forms prescribed by this Part may be computer generated by the public. Unless prohibited by agency regulations, forms prescribed by agency FAR supplements may also be computer generated by the public. Computer generated forms shall either comply with Federal Information

Processing Standard Number 161 or shall retain the name, content, or sequence of the data elements, and shall carry the Standard or Optional Form or agency number and edition date (see 53.111).

53.106 Special construction and printing.

Contracting offices may request exceptions (see 53.103) to standard forms for special construction and printing. Examples of common exceptions are as follows:

STANDARD FORMS	SPECIAL CONSTRUCTION AND PRINTING
(a) SF 18—	(1) With vertical lines omitted (for listing of supplies and services, unit, etc.); (2) As reproducible masters; and/or (3) In carbon interleaved pads or sets.
(b) SF’s 26, 30, 33, 1447—	As die-cut stencils or reproducible masters.
(c) SF 44—	(1) With serial numbers and contracting office name and address; and/or (2) On special weight of paper and with the type of construction, number of sets per book, 2 and number of parts per set as specified by the contracting officer. (Executive agencies may supplement the administrative instructions on the inside front cover of the book.)
(d) SF 1442—	(1) As die-cut stencils or reproducible masters; and/or (2) With additional wording as required by the executive agency. (However, the sequence and wording of the items appearing on the prescribed form should not be altered.

53.107 Obtaining forms.

(a) Executive agencies shall obtain standard and optional forms from the General Services Administration (GSA) by using GSA Supply Catalog—Office Products (see 41 CFR 101-26.302). Standard forms adapted for computer preparation (see 53.105) or with special construction and printing (see 53.106) that are not available from GSA may be ordered directly from the Government Printing Office (GPO).

(b) Contractors and other parties may obtain standard and optional forms from the Superintendent of Documents,

(d) *SF 1447 (5/88 Ed.), Solicitation/Contract*. SF 1447 is prescribed for use in soliciting supplies or services and for awarding contracts that result from the bids. It shall be used when the simplified contract format is used (see 14.201-9) and may be used in place of the SF 26 or SF 33 with other solicitations and awards. Agencies may prescribe additional detailed instructions for use of the form.

(e) *SF 129 (Rev. 12/96), Solicitation Mailing List Application*. SF 129 is prescribed for use in establishing and maintaining lists of potential sources, as specified in 14.205-1(d).

(f) *SF 1409 (Rev. 9/88), Abstract of Offers, and SF 1410 (9/88), Abstract of Offers—Continuation*. SF 1409 and SF 1410 are prescribed for use in recording bids, as specified in 14.403(a).

(g) *OF 17 (Rev. 12/93), Offer Label*. OF 17 may be furnished with each invitation for bids to facilitate identification and handling of bids, as specified in 14.202-3(b).

(h) *OF 336 (Rev. 3/86), Continuation Sheet*. OF 336 may be used as a continuation sheet in solicitations, as specified in 14.201-2(b).

53.215 Contracting by negotiation.

53.215-1 Solicitation and receipt of proposals.

The following forms are prescribed, as stated in the following paragraphs, for use in contracting by negotiation (except for construction, architect-engineer services, or acquisitions made using simplified acquisition procedures):

(a) *SF 26 (Rev. 4/85), Award/Contract*. SF 26, prescribed in 53.214(a), may be used in entering into negotiated contracts in which the signature of both parties on a single document is appropriate, as specified in 15.509(b).

(b) *SF 30 (Rev. 10/83), Amendment of Solicitation/Modification of Contract*. SF 30, prescribed in 53.243, may be used for amending requests for proposals and for amending requests for information, as specified in 15.210(b).

(c) *SF 33 (Rev. 9/97), Solicitation, Offer and Award*. SF 33, prescribed in 53.214(c), may be used in connection with the solicitation and award of negotiated contracts. Award of such contracts may be made by either OF 307, SF 33, or SF 26, as specified in 53.214(c) and 15.509. Pending issuance of a new edition of the form, the reference in “block 1” should be amended to read “15 CFR 700” and in the Caution statement of “block 9” revise 52.215-10 to read 52.215-1.

(d) *OF 17 (Rev. 12/93), Offer Label*. OF 17 may be furnished with each request for proposals to facilitate identification and handling of proposals, as specified in 15.210(c).

(e) *OF 307 (Rev. 9/97), Contract Award*. OF 307 may be used to award negotiated contracts as specified in 15.509(a).

GENERAL INSTRUCTIONS

1. This report is not required from small businesses.

2. This report is not required for commercial items for which a commercial plan has been approved, nor from large businesses in the Department of Defense (DOD) **Test Program for Negotiation of Comprehensive Subcontracting Plans**. The Summary Subcontract Report (SF 295) is required for contractors operating under one of these two conditions and should be submitted to the Government in accordance with the instructions on that form.

3. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), and HUBZone Small Business (HUBZone SB) concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).

4. This report is required for each contract containing a subcontracting plan and must be submitted to the administrative contracting officer (ACO) or contracting officer if no ACO is assigned, semi-annually during contract performance for the periods ended March 31st and September 30th. **A separate report is required for each contract at contract completion.** Reports are due 30 days after the close of each reporting period unless otherwise directed by the contracting officer. **Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or since the previous report.**

5. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.

6. **Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.**

7. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. **Credit cannot be taken for awards made to lower tier subcontractors.**

SPECIFIC INSTRUCTIONS

BLOCK 2: For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and; (8) Company affiliation.

BLOCK 4: Check only one. Note that all subcontract award data reported on this form represents activity since the inception of the contract through the date indicated in this block.

BLOCK 5: Check whether this report is a "Regular," "Final," and/or "Revised" report. **A "Final" report should be checked only if the contractor has completed the contract or subcontract reported in Block 7.** A "Revised" report is a change to a report previously submitted for the same period.

BLOCK 6: Identify the department or agency administering the majority of subcontracting plans.

BLOCK 7: Indicate whether the reporting contractor is submitting this report as a prime contractor or subcontractor and the prime contract or subcontract number.

BLOCK 8: Enter the name and address of the Federal department or agency awarding the contract or the prime contractor awarding the subcontract.

BLOCK 9: Check the appropriate block to indicate whether indirect costs are included in the dollar amounts in blocks 10a through 14. **To ensure comparability between the goal and actual columns, the contractor may include indirect costs in the actual column only if the subcontracting plan included indirect costs in the goal.**

BLOCKS 10a through 14: Under "Current Goal," enter the dollar and percent goals in each category (SB, SDB, WOSB, and HUBZone SB) from the subcontracting plan approved for this contract. (If the original goals agreed upon at contract award have been revised as a result of contract

modifications, enter the original goals in Block 15. The amounts entered in Blocks 10a through 14 should reflect the revised goals.) Under "Actual Cumulative," enter actual subcontract achievements (dollar and percent) from the inception of the contract through the date of the report shown in Block 4. In cases where indirect costs are included, the amounts should include both direct awards and an appropriate prorated portion of indirect awards.

BLOCK 10a: Report all subcontracts awarded to SBs including subcontracts to SDBs, WOSBs, and HUBZone SBs. **For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.**

BLOCK 10b: Report all subcontracts awarded to large businesses (LBs).

BLOCK 10c: Report on this line the total of all subcontracts awarded under this contract (the sum of lines 10a and 10b).

BLOCKS 11 through 14: Each of these items is a subcategory of Block 10a. **Note that in some cases the same dollars may be reported in more than one block (e. g., SDBs owned by women).**

BLOCK 11: Report all subcontracts awarded to SDBs (including women-owned and HUBZone SB SDBs). For DOD, NASA, and Coast Guard contracts, include subcontract awards to HBCUs and MIs.

BLOCK 12: Report all subcontracts awarded to Women-Owned firms (including SDBs and HUBZone SBs owned by women).

BLOCK 13 (For contracts with DoD, NASA, and Coast Guard): Report all subcontracts with HBCUs/MIs. Complete the column under "Current Goal" only when the subcontracting plan establishes a goal.

BLOCK 14: Report all subcontracts awarded to HUBZone SBs (including women-owned and SDB HUBZone SBs).

BLOCK 15: Enter a short narrative explanation if (a) SB, SDB, WOSB, or HUBZone SB accomplishments fall below that which would be expected using a straight-line projection of goals through the period of contract performance; or (b) if this is a final report, any one of the three goals was not met.

DEFINITIONS

1. Commercial item means a product or service that satisfies the definition of commercial item in Section 2.101 of the Federal Acquisition Regulation.

2. Commercial plan means a subcontracting plan, including goals, that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (e.g., division, plant, or product line).

3. Subcontract means a contract, purchase order, amendment, or other legal obligation executed by the prime contractor/subcontractor calling for supplies or services required for the performance of the original contract or subcontract.

4. Direct Subcontract Awards are those that are identified with the performance of one or more specific Government contract(s).

5. Indirect costs are those which, because of incurrence for common or joint purposes, are not identified with specific Government contracts; these awards are related to Government contract performance but remain for allocation after direct awards have been determined and identified to specific Government contracts.

DISTRIBUTION OF THIS REPORT

For the Awarding Agency or Contractor:

The original copy of this report should be provided to the contracting officer at the agency or contractor identified in Block 8. For contracts with DOD, a copy should also be provided to the Defense Logistics Agency (DLA) at the cognizant Defense Contract Management Area Operations (DCMAO) office.

For the Small Business Administration (SBA):

GENERAL INSTRUCTIONS

1. This report is not required from small businesses.
2. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), and HUBZone Small Business (HUBZone SB) concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).
3. This report must be submitted semi-annually (for the six months ended March 31st and the twelve months ended September 30th) for contracts with the Department of Defense (DOD) and annually (for the twelve months ended September 30th) for contracts with civilian agencies, except for contracts covered by an approved Commercial Plan (see special instructions in right-hand column). Reports are due 30 days after the close of each reporting period.
4. This report may be submitted on a corporate, company, or subdivision (e.g., plant or division operating on a separate profit center) basis, unless otherwise directed by the agency awarding the contract.
5. If a prime contractor/subcontractor is performing work for more than one Federal agency, a separate report shall be submitted to each agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$500,000 (over \$1,000,000 for construction of a public facility) and contains a subcontracting plan. (Note that DOD is considered to be a single agency; see next instruction.)
6. For DOD, a consolidated report should be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DOD prime contractors. However, DOD contractors involved in construction and related maintenance and repair must submit a separate report for each DOD component.
7. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.
8. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.
9. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors.
10. See special instructions in right-hand column for Commercial Plans.

SPECIFIC INSTRUCTIONS

BLOCK 2: For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and (8) Company affiliation.

BLOCK 4: Check only one. Note that March 31 represents the six months from October 1st and that September 30th represents the twelve months from October 1st. Enter the year of the reporting period.

BLOCK 5: Check whether this report is a "Regular," "Final," and/or "Revised" report. A "Final" report should be checked only if the contractor has completed all the contracts containing subcontracting plans awarded by the agency to which it is reporting. A "Revised" report is a change to a report previously submitted for the same period.

BLOCK 6: Identify the department or agency administering the majority of subcontracting plans.

BLOCK 7: This report encompasses all contracts with the Federal Government for the agency to which it is submitted, including subcontracts received from other large businesses that have contracts with the same agency. Indicate in this block whether the contractor is a prime contractor, subcontractor, or both (check only one).

BLOCK 8: Check only one. Check "Commercial Plan" only if this report is under an approved Commercial Plan. For a Commercial Plan, the contractor must specify the percentage of dollars in Blocks 10a through 14 attributable to the agency to which this report is being submitted.

BLOCK 9: Identify the major product or service lines of the reporting organization.

BLOCKS 10a through 14: These entries should include all subcontract awards resulting from contracts or subcontracts, regardless of dollar amount, received from the agency to which this report is submitted. If reporting as a subcontractor, report all subcontracts awarded under prime contracts. Amounts should include both direct awards and an appropriate prorated portion of indirect awards. (The indirect portion is based on the percentage of work being performed for the organization to which the report is being submitted in relation to other work being performed by the prime contractor/subcontractor.) Do not include awards made in support of commercial business unless "Commercial" is checked in Block 8 (see Special Instructions for Commercial Plans in right hand column).

Report only those dollars subcontracted this fiscal year for the period indicated in Block 4.

BLOCK 10a: Report all subcontracts awarded to SBs including subcontracts to SDBs, WOSBs, and HUBZone SBs. For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.

BLOCK 10b: Report all subcontracts awarded to large businesses (LBs).

BLOCK 10c: Report on this line the grand total of all subcontracts (the sum of lines 10a and 10b).

BLOCKS 11 and 14: Each of these items is a subcategory of Block 10a. Note that in some cases the same dollars may be reported in more than one block (e.g., SDBs owned by women); likewise subcontracts to HBCUs or MIs should be reported on both Block 11 and 13.

BLOCK 11: Report all subcontracts awarded to SDBs (including women-owned and HUBZone SB SDBs). For DOD, NASA, and Coast Guard contracts, include subcontract awards to HBCUs and MIs.

BLOCK 12: Report all subcontracts awarded to Women-Owned Small Business firms (including SDBs and HUBZone SBs owned by women).

BLOCK 13 (For contracts with DOD, NASA, and Coast Guard): Enter the dollar value of all subcontracts with HBCUs/MIs.

BLOCK 14: Report all subcontracts awarded to HUBZone SBs (including women-owned and SDB HUBZone SBs).

2. The annual report submitted by reporting organizations that have an approved company-wide annual subcontracting plan for commercial items shall include all subcontracting activity under commercial plans in effect during the year and shall be submitted in addition to the required reports for other-than-commercial items, if any.
3. Enter in Blocks 10a through 14 the total of all subcontract awards under the contractor's Commercial Plan. Show in Block 8 the percentage of this total that is attributable to the agency to which this report is being submitted. This report must be submitted to each agency from which contracts for commercial items covered by an approved Commercial Plan were received.

3. Subcontract means a contract, purchase order, amendment, or other legal obligation executed by the prime contractor/subcontractor calling for supplies or services required for the performance of the original contract or subcontract.
4. Direct Subcontract Awards are those that are identified with the performance of one or more specific Government contract(s).

GENERAL INSTRUCTIONS

1. This report is not required from small businesses.

2. This report is not required for commercial items for which a commercial plan has been approved, nor from large businesses in the Department of Defense (DOD) **Test Program for Negotiation of Comprehensive Subcontracting Plans**. The Summary Subcontract Report (SF 295) is required for contractors operating under one of these two conditions and should be submitted to the Government in accordance with the instructions on that form.

3. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), and HUBZone Small Business (HUBZone SB) concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).

4. This report is required for each contract containing a subcontracting plan and must be submitted to the administrative contracting officer (ACO) or contracting officer if no ACO is assigned, semi-annually during contract performance for the periods ended March 31st and September 30th. **A separate report is required for each contract at contract completion.** Reports are due 30 days after the close of each reporting period unless otherwise directed by the contracting officer. **Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or since the previous report.**

5. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.

6. **Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.**

7. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. **Credit cannot be taken for awards made to lower tier subcontractors.**

SPECIFIC INSTRUCTIONS

BLOCK 2: For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and; (8) Company affiliation.

BLOCK 4: Check only one. Note that all subcontract award data reported on this form represents activity since the inception of the contract through the date indicated in this block.

BLOCK 5: Check whether this report is a "Regular," "Final," and/or "Revised" report. **A "Final" report should be checked only if the contractor has completed the contract or subcontract reported in Block 7.** A "Revised" report is a change to a report previously submitted for the same period.

BLOCK 6: Identify the department or agency administering the majority of subcontracting plans.

BLOCK 7: Indicate whether the reporting contractor is submitting this report as a prime contractor or subcontractor and the prime contract or subcontract number.

BLOCK 8: Enter the name and address of the Federal department or agency awarding the contract or the prime contractor awarding the subcontract.

BLOCK 9: Check the appropriate block to indicate whether indirect costs are included in the dollar amounts in blocks 10a through 14. **To ensure comparability between the goal and actual columns, the contractor may include indirect costs in the actual column only if the subcontracting plan included indirect costs in the goal.**

BLOCKS 10a through 14: Under "Current Goal," enter the dollar and percent goals in each category (SB, SDB, WOSB, and HUBZone SB) from the subcontracting plan approved for this contract. (If the original goals agreed upon at contract award have been revised as a result of contract

modifications, enter the original goals in Block 15. The amounts entered in Blocks 10a through 14 should reflect the revised goals.) Under "Actual Cumulative," enter actual subcontract achievements (dollar and percent) from the inception of the contract through the date of the report shown in Block 4. In cases where indirect costs are included, the amounts should include both direct awards and an appropriate prorated portion of indirect awards.

BLOCK 10a: Report all subcontracts awarded to SBs including subcontracts to SDBs, WOSBs, and HUBZone SBs. **For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.**

BLOCK 10b: Report all subcontracts awarded to large businesses (LBs).

BLOCK 10c: Report on this line the total of all subcontracts awarded under this contract (the sum of lines 10a and 10b).

BLOCKS 11 through 14: Each of these items is a subcategory of Block 10a. **Note that in some cases the same dollars may be reported in more than one block (e. g., SDBs owned by women).**

BLOCK 11: Report all subcontracts awarded to SDBs (including women-owned and HUBZone SB SDBs). For DOD, NASA, and Coast Guard contracts, include subcontract awards to HBCUs and MIs.

BLOCK 12: Report all subcontracts awarded to Women-Owned firms (including SDBs and HUBZone SBs owned by women).

BLOCK 13 (For contracts with DoD, NASA, and Coast Guard): Report all subcontracts with HBCUs/MIs. Complete the column under "Current Goal" only when the subcontracting plan establishes a goal.

BLOCK 14: Report all subcontracts awarded to HUBZone SBs (including women-owned and SDB HUBZone SBs).

BLOCK 15: Enter a short narrative explanation if (a) SB, SDB, WOSB, or HUBZone SB accomplishments fall below that which would be expected using a straight-line projection of goals through the period of contract performance; or (b) if this is a final report, any one of the three goals was not met.

DEFINITIONS

1. Commercial item means a product or service that satisfies the definition of commercial item in Section 2.101 of the Federal Acquisition Regulation.

2. Commercial plan means a subcontracting plan, including goals, that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (e.g., division, plant, or product line).

3. Subcontract means a contract, purchase order, amendment, or other legal obligation executed by the prime contractor/subcontractor calling for supplies or services required for the performance of the original contract or subcontract.

4. Direct Subcontract Awards are those that are identified with the performance of one or more specific Government contract(s).

5. Indirect costs are those which, because of incurrence for common or joint purposes, are not identified with specific Government contracts; these awards are related to Government contract performance but remain for allocation after direct awards have been determined and identified to specific Government contracts.

DISTRIBUTION OF THIS REPORT

For the Awarding Agency or Contractor:

The original copy of this report should be provided to the contracting officer at the agency or contractor identified in Block 8. For contracts with DOD, a copy should also be provided to the Defense Logistics Agency (DLA) at the cognizant Defense Contract Management Area Operations (DCMAO) office.

For the Small Business Administration (SBA):

GENERAL INSTRUCTIONS

1. This report is not required from small businesses.
2. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), and HUBZone Small Business (HUBZone SB) concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).
3. This report must be submitted semi-annually (for the six months ended March 31st and the twelve months ended September 30th) for contracts with the Department of Defense (DOD) and annually (for the twelve months ended September 30th) for contracts with civilian agencies, except for contracts covered by an approved Commercial Plan (see special instructions in right-hand column). Reports are due 30 days after the close of each reporting period.
4. This report may be submitted on a corporate, company, or subdivision (e.g., plant or division operating on a separate profit center) basis, unless otherwise directed by the agency awarding the contract.
5. If a prime contractor/subcontractor is performing work for more than one Federal agency, a separate report shall be submitted to each agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$500,000 (over \$1,000,000 for construction of a public facility) and contains a subcontracting plan. (Note that DOD is considered to be a single agency; see next instruction.)
6. For DOD, a consolidated report should be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DOD prime contractors. However, DOD contractors involved in construction and related maintenance and repair must submit a separate report for each DOD component.
7. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.
8. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.
9. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors.
10. See special instructions in right-hand column for Commercial Plans.

SPECIFIC INSTRUCTIONS

BLOCK 2: For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and (8) Company affiliation.

BLOCK 4: Check only one. Note that March 31 represents the six months from October 1st and that September 30th represents the twelve months from October 1st. Enter the year of the reporting period.

BLOCK 5: Check whether this report is a "Regular," "Final," and/or "Revised" report. A "Final" report should be checked only if the contractor has completed all the contracts containing subcontracting plans awarded by the agency to which it is reporting. A "Revised" report is a change to a report previously submitted for the same period.

BLOCK 6: Identify the department or agency administering the majority of subcontracting plans.

BLOCK 7: This report encompasses all contracts with the Federal Government for the agency to which it is submitted, including subcontracts received from other large businesses that have contracts with the same agency. Indicate in this block whether the contractor is a prime contractor, subcontractor, or both (check only one).

BLOCK 8: Check only one. Check "Commercial Plan" only if this report is under an approved Commercial Plan. For a Commercial Plan, the contractor must specify the percentage of dollars in Blocks 10a through 14 attributable to the agency to which this report is being submitted.

BLOCK 9: Identify the major product or service lines of the reporting organization.

BLOCKS 10a through 14: These entries should include all subcontract awards resulting from contracts or subcontracts, regardless of dollar amount, received from the agency to which this report is submitted. If reporting as a subcontractor, report all subcontracts awarded under prime contracts. Amounts should include both direct awards and an appropriate prorated portion of indirect awards. (The indirect portion is based on the percentage of work being performed for the organization to which the report is being submitted in relation to other work being performed by the prime contractor/subcontractor.) Do not include awards made in support of commercial business unless "Commercial" is checked in Block 8 (see Special Instructions for Commercial Plans in right hand column).

Report only those dollars subcontracted this fiscal year for the period indicated in Block 4.

BLOCK 10a: Report all subcontracts awarded to SBs including subcontracts to SDBs, WOSBs, and HUBZone SBs. For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.

BLOCK 10b: Report all subcontracts awarded to large businesses (LBs).

BLOCK 10c: Report on this line the grand total of all subcontracts (the sum of lines 10a and 10b).

BLOCKS 11 and 14: Each of these items is a subcategory of Block 10a. Note that in some cases the same dollars may be reported in more than one block (e.g., SDBs owned by women); likewise subcontracts to HBCUs or MIs should be reported on both Block 11 and 13.

BLOCK 11: Report all subcontracts awarded to SDBs (including women-owned and HUBZone SB SDBs). For DOD, NASA, and Coast Guard contracts, include subcontract awards to HBCUs and MIs.

BLOCK 12: Report all subcontracts awarded to Women-Owned Small Business firms (including SDBs and HUBZone SBs owned by women).

BLOCK 13 (For contracts with DOD, NASA, and Coast Guard): Enter the dollar value of all subcontracts with HBCUs/MIs.

BLOCK 14: Report all subcontracts awarded to HUBZone SBs (including women-owned and SDB HUBZone SBs).
